NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance from the American Rescue Plan (ARP) Act in the month of July 2021 for the Coronavirus Disease 2019 (COVID-19) recovery and the cumulative financial activity since the state began receiving funding in May 2021.

In March 2021, Congress passed the ARP Act signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities for the COVID-19 recovery. The funding received by or made available to Missouri state government agencies will help pay for the state's recovery from the COVID-19 pandemic and provides (1) state and local recovery aid, (2) temporary additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs when the state implements Medicaid expansion, (3) funding for elementary and secondary schools and institutions of higher education, and (4) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. A large part of the funding authorized in this legislation will be sent directly to local government entities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In July, the state spent \$408 from federal ARP Act assistance (Appendix A). Through the end of July, the state has received \$132 million and spent \$13.8 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name of the State Auditor.

Federal ARP Act Funding for COVID-19 Recovery

July 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the American Rescue Plan (ARP) Act of 2021 (Public Law 117-2, H.R.1319) signed into law in March 2021. Under the act, the state has also been awarded as of July 31, 2021, approximately \$10.48 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. The following sections discuss the amount and funding purpose of significant award sources.

State and local fiscal recovery funding

Of the awarded amounts, \$2.69 billion is for state fiscal recovery funding and \$2.473 billion is for local fiscal recovery funding. The local government recovery funding is \$1.192 billion for counties, \$831 million for cities with a population generally of 50,000 or more, and \$450 million for other local jurisdictions with populations generally below 50,000. The award also includes \$196.7 million from the Coronavirus Capital Projects Fund for the state.

These funds may be used to cover eligible costs incurred during the period that begins on March 3, 2021, and ends on December 31, 2024, as long as the award funds for the obligations incurred by December 31, 2024, are expended by December 31, 2026. Costs for projects incurred prior to March 3, 2021, are not eligible.

This funding can be used for the following purposes:

- Respond to the COVID-19 emergency and address its economic effects, including through aid to households, small businesses, nonprofit organizations, and industries such as tourism and hospitality. For example household assistance could be for rent, mortgage, or utility costs incurred by the household prior to March 3, 2021, provided that state did not incur the cost of providing such assistance prior to March 3, 2021. Funds may be used for vaccine incentive and back to work incentive programs.
- Provide premium pay to essential employees or grants to their employers. Premium pay cannot exceed \$13 per hour or \$25,000 per worker. Federal interim rules emphasize the need for recipients to prioritize premium pay for lower income workers. Premium pay that would increase a worker's total pay above 150 percent of the greater of the state or county average annual wage requires specific justification for how it responds to the needs of these workers. Recipients may provide premium pay retrospectively for work performed at any time since the start of the COVID-19 public health emergency. Such premium pay must be "in addition to" wages and remuneration already received and the obligation

Federal ARP Act Funding for COVID-19 Recovery
July 2021
Executive Summary

to provide such pay must not have been incurred by the recipient prior to March 3, 2021.

- Provide government services affected by a revenue reduction resulting from COVID-19. The federal government gives recipients broad latitude to use funds for the provision of government services to the extent of reduction in revenue. The calculation of lost revenue begins with the recipient's revenue in the last full fiscal year prior to the COVID-19 public health emergency and includes the 12-month period ending December 31, 2020, but use of funds for government services must be forward looking for costs incurred by the recipient after March 3, 2021.
- Make investments in water, sewer, and broadband infrastructure. Recipients may use awarded funds to cover costs incurred for eligible projects planned or started prior to March 3, 2021, provided that the project costs covered by the funds were incurred after March 3, 2021.

Counties and cities with populations primarily greater than 50,000 will receive their funding directly from the federal government. Other jurisdictions with populations primarily less than 50,000 will receive their funding distribution through the state and cannot receive more than 75 percent of their budget as of January 27, 2020. The state will have to distribute funds within 30 days of receiving them, subject to possible approved extensions. States that miss the deadline and any extensions would have to return any undistributed funds.

The funds will primarily be distributed in two distributions, with half delivered no later than 60 days after the date on which the state or local government receiving funding directly from the federal government submits the required certification form, and the remainder no earlier than a year later.

State and local governments cannot use the funds towards pensions or to offset revenue resulting from a tax cut enacted since March 3, 2021. They can transfer funds to private nonprofit groups, public benefit corporations involved in passenger or cargo transportation, and special-purpose units of state or local governments.

The state and cities and counties with populations of more than 250,000 residents have to file a Recovery Plan Performance Report by August 31, 2021, with the federal government and annually thereafter by the end of July. Each Recovery Plan Performance Report must be posted on the public-facing website of the recipient by the same date the recipient submits the report to the Department of the Treasury.

By January 31, 2022, the state and cities and counties receiving funding directly from the federal government also have to file a Project and Expenditure Report and then thereafter 30 days after the end of each quarter.

Other jurisdictions receiving their distribution from the state must file that report by April 30, 2022, but only annually thereafter.

Medicaid (MO HealthNet) funding

For Medicaid Federal Medical Assistance Percentage (FMAP) ¹ funding the act:

- Provides a temporary (for 2 years after implementation) 5 percent FMAP increase for states that enact the Affordable Care Act's Medicaid expansion. Missouri's voter-enacted Medicaid expansion is scheduled to begin accepting applications in October 2021.
- Increases the federal FMAP by 10 percent for state expenditures on home and community based services for 4 fiscal quarters if certain requirements are met. In September, the state received approval from the federal government for its projected spending plan to enhance, expand, and strengthen home and community-based services related to the increased FMAP.
- Provides an 85 percent FMAP for the first 3 years that a state covers mobile crisis intervention services for mental health or substance use disorders, expiring after 5 years.

The act also eliminates the cap on the rebate amount manufacturers are required to pay Medicaid on covered drugs, starting in 2024.

Education funding

The Department of Elementary and Secondary Education will receive \$1.96 billion from the act. At least 90 percent of that funding must be distributed to local school districts. The districts must reserve at least 20 percent of that funding to address learning loss. The department will also receive \$68.6 million for distribution to non-public schools. The funding will remain available through September 30, 2023.

Public and private institutions of higher education will receive \$627 million from the act. At least 50 percent of the allocated funding received must be spent on emergency financial aid for students. The funding will remain available through September 30, 2023.

¹ Another federal act in early 2020 provides Missouri a 6.2 percent FMAP increase beginning January 1, 2020, for MO HealthNet and other applicable programs. That increase remains available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. The state had an FMAP percentage of approximately 66 percent prior to that act. The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to the 2020 increase.

Federal ARP Act Funding for COVID-19 Recovery
July 2021
Executive Summary

Spending status

In July, the state spent \$408 from federal ARP Act assistance (Appendix A). Through the end of July, the state has received \$132 million and spent \$13.8 million from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C.

¹ This fund is used by the Department of Economic Development (DED) to support the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief for Renters and Landlords Program in Missouri). It was established in fiscal year 2021 primarily for spending federal COVID-19 assistance from another federal act; however, in June 2021 the DED made a one-time use of the fund to receipt \$107,860,096 in ARP Act awards due to grant drawdown and budgetary timing challenges.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of New Madrid County

We have conducted follow-up work on certain audit report findings contained in Report No. 2020-115, *New Madrid County* (rated as Poor), issued in December 2020, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the county about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by county officials and held discussions with county officials to verify the status of implementation for the recommendations. This report is a summary of the results of this follow-up work, which was substantially completed during July and August 2021.

Nicole R. Galloway, CPA
State Auditor

New Madrid County

Follow-Up Report on Audit Findings

Status of Findings

1. Payroll Controls and Procedures	Controls and procedures were not adequate to ensure state payroll tax withholdings and related reports were properly remitted to the Department of Revenue (DOR). In addition, other payroll controls and procedures needed improvement.
1.1 Payroll taxes	Monthly reports and state payroll tax withholdings totaling \$382,047 were not received by the DOR for 62 months, starting in April 2013, and resulted in the county paying \$51,333 in interest costs.
Recommendation	The County Clerk ensure state payroll tax withholdings are remitted and monthly reports are filed timely with the DOR as required by state law.
Status	Implemented The County Clerk has begun performing documented reviews to ensure state payroll tax withholdings are remitted and monthly reports are filed timely with the DOR.
1.2 Segregation of duties	The County Clerk had not adequately segregated payroll duties and no one performed an independent or supervisory review of detailed payroll records.
Recommendation	The County Clerk segregate payroll duties or ensure documented supervisory reviews of detailed payroll records are performed.
Status	In Progress In February 2021, the Deputy County Clerk/Payroll Clerk began supervising, training, and reviewing payroll work performed by a new deputy, but these reviews were not documented. The Deputy County Clerk/Payroll Clerk left employment in May 2021. The County Clerk indicated independent reviews of payroll transactions and related reports prepared by the new deputy continued to be performed by the Deputy County Clerk/Accounts Payable Clerk; however, these reviews were not documented. The County Clerk indicated he plans to start performing documented reviews of payroll records in October 2021.
1.3 Personnel policies and leave balances	County officials did not always follow established written personnel policies regarding vacation and sick leave, and had not established personnel policies addressing the use of compensatory time used in excess of available balances.
Recommendation	The County Clerk and the County Commission ensure compliance with personnel policies, review and update personnel policies as necessary, and discontinue allowing employees to carry negative leave balances.

New Madrid County
Follow-up Report on Audit Findings
Status of Findings

Status

Not Implemented

The County Clerk indicated he verbally communicated to each county official that any negative leave balances needed to be resolved as soon as possible, but believes review of leave balances is the responsibility of each officeholder. No changes have occurred to the county's personnel policies. Our review of the leave summary report determined 5 employees had negative leave balances at June 30, 2021. One of the 5 employees was a new employee hired in February 2021. The County Clerk indicated he authorized the advance (not yet earned) leave for that employee, but it was not documented as required by the county's personnel policy.

1.4 Timesheet calculations
and overtime

The County Clerk's office did not ensure timesheet calculations prepared by other officials were accurate and did not compensate some employees for overtime in compliance with its overtime policy. Some employees were paid overtime or earned compensatory time when hours worked were less than 40 hours for the week, which is not required by the Fair Labor Standards Act (FLSA).

Recommendation

The County Clerk ensure the accuracy of timesheet calculations. The County Clerk and County Commission should ensure compliance with personnel policies and FLSA requirements.

Status

Not Implemented

The County Clerk is not ensuring the accuracy of timesheet calculations or ensuring compliance with the personnel policies and the FLSA requirements. The County Clerk indicated he and the County Commission had some discussions with the Sheriff. However, the County Clerk believes timesheet calculations are the responsibility of each officeholder.

2. County Controls and
Procedures

Controls and procedures over county disbursements, outstanding checks, and the County Treasurer's financial activity needed improvement.

2.1 Disbursements

The County Commission's review and approval process for disbursements was not documented. In addition, the signature stamp containing the signatures of both the County Clerk and County Treasurer was not adequately controlled.

Recommendation

The County Commission document review and approval of all disbursements and establish controls over the use of and access to its approval stamp. In addition, the County Clerk and County Treasurer should establish controls over the use of and access to the signature stamp.

New Madrid County
Follow-up Report on Audit Findings
Status of Findings

Status	Implemented The County Commission is now documenting review and approval on each invoice presented for payment. The County Treasurer and County Clerk now have separate signature stamps. During the absence of either officeholder, one will give the other access to his stamp and initial when using that stamp. Our review of check images on the May 2021 bank statement noted the signature stamp use had been initialed.
2.2 Outstanding checks	The County Treasurer had not established procedures to routinely follow up on outstanding checks and Automated Clearing House (ACH) transactions in the County Treasurer's bank account.
Recommendation	The County Treasurer establish procedures to routinely investigate outstanding checks and ACH transactions. Old outstanding checks should be voided and reissued to payees that can be readily located. If payees cannot be located, the monies should be disposed of in accordance with state law.
Status	Implemented The County Treasurer implemented procedures to investigate and resolve outstanding checks and ACH transactions. Our review of the outstanding check/ACH transaction list as of April 30, 2021, identified no old outstanding checks.
2.3 Review of activity	Neither the County Clerk nor the County Commission adequately reviewed the financial activities of the County Treasurer.
Recommendation	The County Clerk and County Commission perform documented reviews of bank reconciliations and monthly settlements prepared by the County Treasurer.
Status	Implemented The County Clerk indicated he and the County Commission are reviewing and signing the monthly bank reconciliations and monthly settlements prepared by the County Treasurer. Our review of the April 2021 bank reconciliation and monthly settlement reports noted the County Clerk and County Commissioners had signed these documents.
3. Sheriff's Controls and Procedures	Controls and procedures in the Sheriff's office needed improvement.
3.1 Segregation of duties	The Sheriff had not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting and bank records.

New Madrid County
Follow-up Report on Audit Findings
Status of Findings

Recommendation

The Sheriff segregate accounting duties or ensure adequate independent or supervisory reviews of detailed accounting and bank records are performed and documented.

Status

Partially Implemented

The Sheriff and Deputy Sheriff document their review of detailed accounting records on the monthly excel spreadsheet that lists the receipt slips and checks issued. The Sheriff indicated he and the Deputy Sheriff also perform reviews of monthly bank reconciliations prepared by the Office Manager, but these reviews are not documented.

**3.2 Bank reconciliations
and liabilities**

The Office Manager did not prepare bank reconciliations or maintain a running book balance for the Sheriff's bank account. In addition, monthly lists of liabilities were not prepared to reconcile to the available cash balances.

Recommendation

The Sheriff ensure monthly bank reconciliations are performed, a running book balance is maintained, and lists of liabilities are prepared and reconciled to the available cash balance monthly. Any differences should be promptly investigated and resolved.

Status

In Progress

The Office Manager now prepares monthly bank reconciliations and maintains a running book balance. An excel spreadsheet serves as a list of liabilities; however, it does not include liabilities from prior months. Office personnel are currently investigating the unidentified balance of \$445 in the account as of June 30, 2021, and hope to have it resolved by the end of 2021.

**3.3 Receipting, recording,
and depositing**

Receipt slips were not issued for inmate transportation reimbursements. The method of payment was not always indicated on receipt slips issued. As a result, the composition of receipts could not be reconciled to the composition of deposits. In addition, receipts were not always deposited timely and prior to the related disbursements being made.

Recommendation

The Sheriff issue receipts slips for all monies received, indicate the method of payment on all receipt slips, and reconcile the composition of receipts to the composition of deposits. In addition, ensure all monies are deposited timely and prior to the related disbursements.

Status

Implemented

The Office Manager now issues receipt slips for all payments received, indicates the method of payment on each receipt slip, and reconciles the composition of receipts to the composition of deposits. In addition, deposits are now made timely and prior to the related disbursements.

New Madrid County
Follow-up Report on Audit Findings
Status of Findings

3.4 Inmate transportation
reimbursement

The Sheriff did not have controls and procedures in place to ensure collection of amounts billed for inmate transportation reimbursement or transmittal of amounts received.

Recommendation

The Sheriff establish procedures to ensure collection of inmate transportation reimbursements and transmittal of payments received.

Status

Partially Implemented

The Sheriff's office has begun recording all payments received on a monthly excel spreadsheet that also documents when disbursements or transmittals to the County Treasurer occur. The Office Manager maintains electronic files of all documentation related to inmate transportation reimbursement billings and payments received, but could not easily determine the total amount outstanding without going through these documents. No one independent of the billing and collection process reconciles these documents to ensure collection of all amounts billed.

4.1 Prosecuting Attorney's
Controls and Procedures
- Segregation of duties

The Prosecuting Attorney had not adequately segregated accounting duties or performed supervisory reviews of accounting records, including adjustments to defendants accounts, and transmittals to victims and the County Treasurer.

Recommendation

The Prosecuting Attorney segregate accounting duties or ensure adequate independent or supervisory reviews of accounting records are performed and documented. In addition, the Prosecuting Attorney should require a supervisory review and approval for all accounting adjustments.

Status

Partially Implemented

Accounting duties have not been segregated and supervisory reviews of accounting records still are not performed. The Prosecuting Attorney has begun reviewing and approving all accounting adjustments.

5. Tax Maintenance
Fund

A \$40,000 transfer made from the Tax Maintenance Fund to the General Revenue Fund in 2019 was not in compliance with uses allowed by state law. Documentation was not provided to support most of the amount transferred.

Recommendation

The County Collector ensure disbursements from the Tax Maintenance Fund are in compliance with statutory provisions, and the County Commission reimburse the Tax Maintenance Fund for the improper transfer. In addition, the County Collector should maintain documentation to support all transfers made from the Tax Maintenance Fund.

New Madrid County
Follow-up Report on Audit Findings
Status of Findings

Status	Implemented
	No transfers from the Tax Maintenance Fund have been made since 2019. On January 29, 2021, county officials transferred \$40,000 from the General Revenue Fund to reimburse the Tax Maintenance Fund.
6. County Clerk's Controls and Procedures	The County Clerk did not account for the numerical sequence of receipt slip numbers to ensure monies received had been properly recorded and transmitted. Checks were not restrictively endorsed when received.
Recommendation	The County Clerk account for the numerical sequence of receipt slip numbers, and restrictively endorse checks at the time of receipt.
Status	Implemented
	The County Clerk is now accounting for the numerical sequence of receipt slip numbers during his review of the monthly fee report. This report has been updated to include the receipt slip number for each receipt, and the County Clerk compares it to the receipt slip book to ensure all receipts are recorded and transmitted. The County Clerk indicated checks are now restrictively endorsed upon receipt.
7. Electronic Data Security	Controls over county computers were not sufficient. As a result, county records were not adequately protected and were susceptible to unauthorized access or loss of data.
7.1 User accounts	The County Clerk had not fully established controls for maintaining user accounts for accessing system resources. As a result, accounts assigned to former employees were not always removed timely.
Recommendation	The County Commission work with other county officials to ensure user access is promptly deleted following termination of employment.
Status	Not Implemented
	The County Clerk has not implemented controls to promptly remove user access upon termination. The email account for the former Deputy County Clerk/Payroll Clerk who left employment in May 2021 was not deleted until September 2, 2021, after our inquiry.
7.2 Passwords and user identification	The County Assessor, County Clerk, Sheriff, and Recorder of Deeds were not required to change passwords periodically. Officials and employees in the offices of the Recorder of Deeds, Sheriff, and Public Administrator were not required to have a minimum number of characters in the passwords. The County Assessor and his employees shared the user identification and password for certain computers in his office.

New Madrid County
Follow-up Report on Audit Findings
Status of Findings

Recommendation

The County Commission work with other county officials to require confidential passwords for each employee that contain a minimum number of characters, and are periodically changed to prevent unauthorized access to county computers and data.

Status

Partially Implemented

The County Assessor indicated passwords are now changed every couple of months and office personnel no longer share user identifications and passwords for computers in his office. The County Clerk indicated he is still working with the system vendor to implement periodic password changes. The Sheriff indicated he now requires employees in his office to change passwords every couple of months and for the passwords to contain a minimum number of characters. The Recorder of Deeds indicated she is not planning to implement this recommendation. The Public Administrator indicated the password for her computer now requires a minimum number of characters.

8. Sunshine Law

Minutes of County Commission meetings did not contain sufficient detail of actions taken and were not signed by the County Commissioners to indicate their approval.

Recommendation

The County Commission ensure meeting minutes include all necessary information and are signed by the preparer and the County Commission.

Status

Implemented

We reviewed the meeting minutes from May and June 2021. The minutes were signed by the County Commissioners and included information related to discussions and the actions taken.

**10. Senate Bill 40 Board
Cash Reserves**

The Senate Bill 40 Board had accumulated a significant cash reserve without any specific plans for its use.

Recommendation

The Senate Bill 40 Board work with the County Commission to evaluate funding needs and consider reducing the property tax levy. If plans have been made for expending the accumulated cash balance, such plans should be set forth publicly in the budget document.

Status

In Progress

The Senate Bill 40 Board increased planned expenditures in the 2021 budget in several areas after Board members identified some uses for the cash reserves. The Board Secretary indicated the Board is working with the County Disability Resource Office to identify other funding needs in the county and if needed will reevaluate the levy in future years.

Nicole Galloway, CPA

Missouri State Auditor

City of St. Louis

Office of Sheriff

Report No. 2021-091

October 2021

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of the City of St. Louis - Office of Sheriff

Land Tax Sales	Sheriff's office personnel do not prepare lists of liabilities of money held to be distributed to the appropriate office or individual and do not attempt to reconcile liabilities to the balance in the Land Auction Sales Fund. The Sheriff does not have adequate procedures to follow up on properties sold that have not gone through the required court confirmation hearing.
Real Estate Levy Auctions	The Sheriff has not adequately segregated bidding and/or auctioneer duties for real estate levy auctions and auction documentation is not sufficient.
Property Room	The Sheriff's office has not established adequate controls and procedures over seized property.
Accounting Controls and Procedures	Sheriff's office personnel do not prepare budgets for the Commission, Revolving Conceal and Carry Weapon, and Process Server Funds. Office personnel do not prepare a monthly list of liabilities for the general business bank account, and consequently, liabilities are not agreed to the reconciled bank balance. Office personnel do not restrictively endorse checks and money orders upon receipt.
Electronic Communication	The Sheriff has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Sheriff
City of St. Louis, Missouri

We have audited certain operations of the City of St. Louis Office of Sheriff in fulfillment of our duties under Section 29.200.3, RSMo. The State Auditor initiated audits of the City of St. Louis in response to a formal request from the Board of Aldermen. The city engaged KPMG LLP, Certified Public Accountants (CPAs), to audit the city's financial statements for the year ended June 30, 2020. To minimize duplication of effort, we reviewed the CPA firm's report. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2020. The objectives of our audit were to:

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

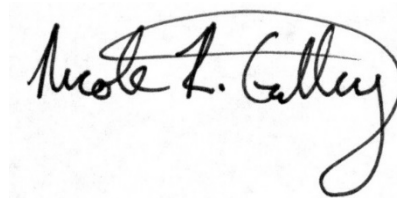

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the City of St. Louis Office of Sheriff.

Additional audits of various officials and departments of the City of St. Louis are in process, and any additional findings and recommendations will be included in subsequent reports.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

City of St. Louis - Office of Sheriff

Management Advisory Report

State Auditor's Findings

1. Land Tax Sales

Procedures for land tax sale proceeds need improvement. All transactions regarding receipts and disbursements for land tax sales are handled by the Sheriff's office through the city's Land Auction Sales Fund. Land auction sales totaled approximately \$1.2 million in the fiscal year ended June 30, 2020. The fund balance was approximately \$1.8 million at June 30, 2020.

The city forecloses on properties with taxes that have been unpaid for 3 years, and after the foreclosure judgement has become final, the Collector of Revenue sends the sheriff a list of foreclosed properties that may be sold at auction. The Sheriff's office is responsible for conducting each auction, collecting the proceeds from each sale, transmitting it to the City Treasurer, maintaining an accounting of all previously auctioned properties, and requesting applicable disbursements.

1.1 Fund liabilities

Office personnel do not prepare lists of liabilities of money held to be distributed to the appropriate office or individual and do not attempt to reconcile liabilities to the balance in the Land Auction Sales Fund.

We requested a list of liabilities as of June 30, 2020, but office personnel could not generate and/or provide this list. Office personnel indicated they were not aware of the need to perform this procedure or how to prepare such a list.

Without a regular comparison of liabilities to the available fund balance, the Sheriff has no assurance cash is sufficient to meet liabilities, ensure accounting records are accurate and in balance, and errors are identified and corrected timely.

1.2 Auction sales not confirmed

The Sheriff does not have adequate procedures to follow up on properties sold that have not gone through the required court confirmation hearing. Until the hearing is held, the sale proceeds may not be distributed and, therefore, the taxes, costs, accrued interest, and fees are not paid out. Also, without court confirmation, a Sheriff's deed transferring ownership of the property cannot be issued and the property will remain in the name of the previous owner. Office personnel indicated it is generally the buyer's responsibility to initiate the request for a confirmation hearing and the office does not have the statutory authority to request hearings. We noted many confirmation hearings occur up to 2 years following the sale. As of June 30, 2020, the Land Auction Sales Fund balance included \$431,834 from sales conducted between calendar years 2014 and 2019 that have not been confirmed by the courts. According to the Sheriff's records, no court hearings occurred for any of these sales.

Section 92.840, RSMo, of the Municipal Land Reutilization Law requires the court to hold the confirmation hearing upon its own motion or upon motion of any interested party after the Sheriff's sale, but does not require the hearing

City of St. Louis - Office of Sheriff
Management Advisory Report - State Auditor's Findings

to be held within a certain time period. Office personnel indicated many buyers decide they do not want to own the purchased property for various reasons, and these buyers will request the court set aside the sale and their money returned. When this occurs, the properties are put up for sale again in a future sale.

In response to a similar finding in the prior audit, the Sheriff's office started sending out sale acknowledgment letters and reminder letters. However, office personnel do not periodically report to the courts those properties needing hearings and wait more than 2 years before contacting the Collector of Revenue. As a result, problems continue to exist and there remains a significant backlog of sales that have not been confirmed or set aside.

By improving procedures to identify sold properties pending a court confirmation hearing and providing that information to the courts and the Collector of Revenue more timely, the Sheriff's office would likely expedite the distribution of sale proceeds to the appropriate parties.

Similar conditions previously
reported

Similar conditions were noted in our prior audit report. In the *Follow-Up Report on Audit Findings City of St. Louis - Office of Sheriff*, Report No. 2018-129, released in December 2018, office officials indicated the previous recommendations had been implemented; however, we found that corrective action taken was not always effective and problems continue to exist.

Recommendations

The Sheriff:

- 1.1 Ensure monthly lists of liabilities for the Land Auction Sales Fund are prepared and reconciled to the fund balance. Any differences should be promptly investigated and resolved.
- 1.2 Continue to develop additional procedures for following up on property sales pending court confirmation and identify ways to expedite this process.

Auditee's Response

- 1.1 *The Sheriff's office will create an Excel spreadsheet with total income after the completion of the tax sale that is sent to the city Treasurer's office on the 10th of each month. We will keep a running total of all expenditure vouchers and fees that we use. The list of parcels sold is from the Access Fees Tab and includes, but is not limited to the fields Purchase Amount, Collectors Fee, Title/Publication Fee, Sheriff Notice Fee, Recording Fee, Sheriff Posting Fee, Sheriff Commission, Sheriff Excess Commission, and Excess Purchase Amount. This will serve as a list of liabilities that can be reconciled to the fund balance.*

City of St. Louis - Office of Sheriff
Management Advisory Report - State Auditor's Findings

1.2 *As noted by the auditors, there is not a certain time frame for confirmations to be completed. The Sheriff's office will need to work with the city's Land Reutilization Authority and look into this further to determine possible solutions.*

2. Real Estate Levy Auctions

The Sheriff has not adequately segregated bidding and/or auctioneer duties for real estate levy auctions and auction documentation is not sufficient. The office holds court ordered real estate auctions to settle and collect on default judgements originated by creditors against individuals. The real estate is advertised for 30 days and auctioned off to the highest bidder with no reserve price. The Sheriff's office collected approximately \$76,000 from real estate levy auction sales during the year ended June 30, 2020.

The same employee processes the auction transaction including acting as the auctioneer and recording the final amount of each bid and there is no supervisory review of the process. This employee records the winning bids by hand writing the bid information on blank paper and does not submit those pages or any other supporting documentation to the cashier to support the payments received and that each property went to the highest bidder. Office personnel indicated the lack of segregation of duties is a result of limited staffing.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of conducting the auction (actively accepting bids) and recording the final bid amounts. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed bidding records are essential. Sufficient documentation of real estate levy auctions is necessary to allow for an independent or supervisory review and ensure appropriate amounts are recorded and collected.

Recommendation

The Sheriff segregate the auction duties to the extent possible or ensure documented independent or supervisory reviews are performed. In addition, the Sheriff should ensure adequate documentation is prepared and maintained for real estate levy auction sales.

Auditee's Response

The Sheriff's office has created a "Sheriff Sale Information Form" that requires all the information needed on the previous and new owners. We now have 2 deputies conduct the Sheriff's levy auction sale. The deputies and the new purchaser ride separate elevators up to the 8th floor to provide office personnel the information needed to prepare the deed. The supervisor signs the form after the deputies enter the information.

3. Property Room

The Sheriff's office has not established adequate controls and procedures over seized property.

City of St. Louis - Office of Sheriff
Management Advisory Report - State Auditor's Findings

The office receives and stores evidentiary property related to pending and adjudicated cases; all items are received from the St. Louis Metropolitan Police Department (SLMPD) for cases with a warrant issued. The SLMPD and the Circuit Attorney may obtain evidence from the Sheriff's property room if needed for investigative or other judicial purposes. Office personnel track evidence in a database using the complaint number assigned by the SLMPD. When office personnel submit a formal request, the Circuit Attorney's office (CAO) seeks authorization from the circuit court to destroy or donate items no longer needed or to return items to the owner.

We identified the following concerns:

- We haphazardly¹ selected 25 items from the seized property databases and 25 items from the property room to perform a test. We noted that for 10 of the 50 (20 percent) evidence items tested, the item could not be located or the location documented in the databases did not correspond to the actual location in the property room. As a result, for the items tested, there is no assurance the evidence received is accurately accounted for and maintained. Office personnel subsequently located the missing items or provided documentation showing the property had been destroyed by court order.
- The office does not have a formal plan and/or schedule for performing a physical inventory of seized property. Office personnel indicated they have been selecting small areas at a time and comparing the physical inventory to the seized property records but have not formalized this process to account for all seized property. They indicated records are updated accordingly when errors are identified.
- The office does not always retain documentation (e.g. listings of items) supporting submissions to the CAO when requesting the disposal of seized property.

Considering the often sensitive nature of seized property, adequate internal controls are essential and would significantly reduce the risk of loss, theft, or misuse of the property. Periodic physical inventories should be performed with the results compared to inventory records to ensure seized property is accounted for properly. Retention of records is necessary to ensure the validity of transactions and provide an audit trail. Section 109.270, RSMo, provides that all records made or received by an official in the course of the official's public duties are public property and are not to be disposed of except as provided by law.

¹ Due to the nature of the sample, the results cannot be projected to the population.

City of St. Louis - Office of Sheriff
Management Advisory Report - State Auditor's Findings

A similar condition was noted in our prior audit report. In the *Follow-Up Report on Audit Findings City of St. Louis - Office of Sheriff*, Report No. 2018-129, released in December 2018, officials indicated the previous recommendation was in progress; however, we found that corrective action planned and taken was not always effective and problems continue to exist.

Recommendation

The Sheriff implement a formal process for performing physical inventories of seized property. The process should include a schedule that will allow for inventorying all seized property over a period of time and any differences should be investigated and resolved. Also, the Sheriff should implement procedures to ensure documentation associated with seized property is retained in accordance with state law.

Auditee's Response

The property room supervisor will create a process for performing physical inventories. This will include a schedule that will allow us to inventory all items in a timely manner. Documentation will be noted on each shelf that has been inventoried.

The property room personnel will ensure that documentation of any request made by the Sheriff's office of the Circuit Attorney's office, either by letter or email, will be maintained.

4. Accounting Controls and Procedures

Accounting procedures and controls need improvement. Office personnel collected payments for fees, land sale transactions and related fees, prisoner transport reimbursement, civil paper service fees, conceal and carry weapon (CCW) permits, and other fees totaling approximately \$1.5 million for the year ending June 30, 2020.

4.1 Budgets

Sheriff's office personnel do not prepare budgets for the Commission, Revolving CCW, and Process Server Funds. Preparing budgets allows management the ability to monitor revenues, disbursements, and available fund balance. Office personnel indicated they were unaware budgets needed to be prepared for these funds, and stated that budgeting these funds would be difficult due to large variations in revenues and expenditures each year. Comptroller's office personnel agreed the funds are not budgeted but indicated they are included in the Annual Comprehensive Financial Report as special revenue funds.

Preparing a budget for public funds aids in the fiscal management of the city funds; provides a means to effectively monitor actual costs, revenues, and cash balances; and helps inform the city and the public of the office's financial position.

4.2 Liabilities

Office personnel do not prepare a monthly list of liabilities for the general business bank account, and consequently, liabilities are not agreed to the reconciled bank balance. Based on records provided, we determined liabilities

City of St. Louis - Office of Sheriff
Management Advisory Report - State Auditor's Findings

for the account were \$11,203 at June 30, 2020. The June 30, 2020, reconciled bank balance was \$30,298, leaving an unidentified balance of \$19,095. Office personnel could not explain the remaining unidentified balance.

By regularly identifying liabilities, agreeing that information to the available cash balance and investigating differences, the Sheriff's office can better ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities.

A similar condition was noted in our prior audit report. In the *Follow-Up Report on Audit Findings City of St. Louis - Office of Sheriff*, Report No. 2018-129, released in December 2018, officials indicated the previous recommendation had been implemented; however, we found that corrective action taken was not always effective and problems continue to exist.

4.3 Endorsement of checks

Office personnel do not restrictively endorse checks and money orders upon receipt. The cashier indicated they are endorsed at the end of the day when preparing the deposit.

Failure to restrictively endorse checks and money orders immediately upon receipt increases the risk that loss, theft, or misuse of payments received will occur and go undetected.

Recommendations

The Sheriff:

- 4.1 Work with the Budget Division and/or Comptroller's office to prepare annual budgets for the Commission, Revolving CCW, and Process Server Funds.
- 4.2 Ensure monthly lists of liabilities for the general business account are prepared and reconciled to the bank balance. Any differences should be promptly investigated and resolved.
- 4.3 Restrictively endorse checks and money orders immediately upon receipt.

Auditee's Response

- 4.1 *The Sheriff's office will look back at the last 3 years for each of the above funds to calculate an average of receipts and disbursements. We will use the average of the 3 years to obtain a working budget and establish an annual budget for these funds going forward.*
- 4.2 *The office will prepare a monthly list of liabilities for the general business bank account and agree the list to the reconciled bank balance.*

City of St. Louis - Office of Sheriff
Management Advisory Report - State Auditor's Findings

4.3 *The office will order endorsement stamps so the checks can be stamped at the time they are received.*

5. Electronic Communication Policy

The Sheriff has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. Office personnel indicated that while there is not a policy, personal devices are never used for official business.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.²

To ensure compliance with state law, the Sheriff should develop written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

Recommendation

The Sheriff develop written records management and retention policies to address electronic communications management and retention to comply with the Missouri Secretary of State Records Services Division Electronic Communications Guidelines.

Auditee's Response

We will develop and implement a policy consistent with the Secretary of State guidelines. Personnel policies will be updated accordingly.

² Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/RecordsManagement/CommunicationsGuidelines.pdf>>, accessed March 22, 2021.

City of St. Louis - Office of Sheriff

Organization and Statistical Information

Vernon Betts currently serves as the Sheriff for the City of St. Louis. He was first elected Sheriff in November 2016 and has served in that capacity since being sworn into office on January 1, 2017. He was re-elected in November 2020 and his current term expires December 31, 2024. As of June 30, 2020, the Sheriff's office employed 158 full-time employees and 1 part-time employee.

The Office of Sheriff consists of 7 units including Criminal and Civil Courts, Civil Service, Prisoner Transportation, Juvenile, Hospital, Civil Office, and Administration.

The Criminal and Civil Courts Unit is responsible for building and courtroom security at the city's courthouses. The unit is also responsible for the custody of prisoners while in the courthouse. In addition, the unit also operates a property room and is responsible for the safekeeping and custody of criminal evidence and seized property received from the St. Louis Metropolitan Police Department.

The Civil Service Unit is responsible for serving civil processes, eviction notices, and jury duty summons as ordered by the courts.

The Prisoner Transportation Unit is responsible for the custody and transport of inmates to and from the city's correctional facilities. This unit is responsible for transporting inmates to and from medical clinics, emergency rooms, and penitentiaries and for assisting with extradition of prisoners from out of state.

The Juvenile Unit is responsible for the custody and transport of juvenile inmates to and from the city's correctional facilities for court hearings.

The Hospital Unit is responsible for the custody and transportation of prisoners while receiving medical care at local hospitals and doctor's offices.

The Sheriff's Civil Office Unit is responsible, as required by state law, for auctioning parcels of land that a judgment has been taken against by the Collector of Revenue for failure to pay property taxes. The office generally holds five sales each calendar year in May, June, July, August, and October. The unit is also responsible for collecting money and seizing property related to garnishments and executions and issuing concealed weapon permits to city residents.

The Administration Unit is responsible for preparation of the department's budget, timekeeping, and other personnel matters.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Gentry County, Missouri

The Office of the State Auditor contracted for an audit of Gentry County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name. The signature is fluid and cursive, with a large loop at the end of the last name.

INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Gentry County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Gentry County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Gentry County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Gentry County, Missouri, as of December 31, 2019 and 2020, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Gentry County, Missouri, as of December 31, 2019 and 2020, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Gentry County, Missouri’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we also have issued our report dated August 13, 2021, on our consideration of Gentry County, Missouri’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements

and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Gentry County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

GENTRY COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Gentry County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are eight elected Constitutional Officers: Assessor, Circuit Clerk/Recorder, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Gentry County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance. However, the County budgeted a negative ending fund balance for the Genevieve Dierenfeldt Trust Fund in 2019.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation were:

	2020	2019
Real Estate	\$ 67,647,070	\$ 66,537,090
Personal Property	27,694,172	28,936,176
Railroad and Utilities	4,825,210	4,416,067
Total	<u>\$ 100,166,452</u>	<u>\$ 99,889,333</u>

For calendar years 2020 and 2019, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2020	2019
General Revenue	\$ 0.5581	\$ 0.5515
Senior Citizens Services	0.0500	0.0500

Additionally, the Special Road & Bridge Fund receives a portion of property tax amounts collected on behalf of township road districts within the County.

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been

eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2020, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents	\$ 2,241,541	\$ 2,464,956	\$ 267,776
Investments	784,235	784,235	734,235
Total Governmental Funds	<u>\$ 3,025,776</u>	<u>\$ 3,249,191</u>	<u>\$ 1,002,011</u>
Cash and Cash Equivalents	\$ 5,886,359	\$ 4,302,466	\$ 950,897
Investments	1,626	1,626	1,626
Total Fiduciary Funds	<u>\$ 5,887,985</u>	<u>\$ 4,304,092</u>	<u>\$ 952,523</u>

At December 31, 2019, the County had the following cash and investment balances:

	Carrying Value	Bank Balance	FDIC Coverage
Cash and Cash Equivalents	\$ 1,922,122	\$ 2,063,884	\$ 264,039
Investments	774,476	774,476	724,476
Total Governmental Funds	<u>\$ 2,696,598</u>	<u>\$ 2,838,360</u>	<u>\$ 988,515</u>
Cash and Cash Equivalents	\$ 5,062,808	\$ 3,805,905	\$ 693,222
Investments	1,620	1,620	1,620
Total Fiduciary Funds	<u>\$ 5,064,428</u>	<u>\$ 3,807,525</u>	<u>\$ 694,842</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2020 and 2019 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name, except for \$593,154 as of December 31, 2020 and \$50,000 as of December 31, 2019. The Public Administrator held a balance for one ward in one bank that was \$543,154 in excess of \$250,000 that was not collateralized. The County maintained \$50,000 at December 31, 2019 and 2020 related to the Genevieve Dierenfeldt Trust in an annuity with a life insurance company that was not covered by FDIC deposit insurance.

3. COUNTY EMPLOYEES' RETIREMENT PLANS

A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. The County has elected not to make contributions on behalf of employees. During 2020

and 2019, the County collected and remitted to CERF employee withholdings of \$42,431 and \$41,450, respectively, for the years then ended.

B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$4,114 and \$3,366, respectively, for the years ended December 31, 2020 and 2019.

C. Other Retirement Plan

Gentry County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 were \$18,780 and \$21,990, respectively.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

The County provides full-time employees with one and one-half days of sick leave for each completed calendar month of employment, up to a maximum of 90 days. Upon termination, employees will not be compensated for any unused sick time.

Full-time employees shall earn and accrue paid vacation time at the rate of two weeks per year. After an employee has been employed for 10 years, they will receive an additional day each year up to a maximum of five days. Vacation time should be used within one year of accrual or it will be lost. Upon termination of employment, no more than two weeks of unused vacation shall be paid to an employee.

Overtime is hours worked in excess of an employee's budgeted work hours, which consists of 40 hours per week or 171 hours or more during any one 28 day pay period for law enforcement personnel. Compensatory time is overtime that is accrued and may be taken off at a later date in lieu of monetary payment. Employees should take compensatory time off during the same month in which the overtime hours occurred or no later than two pay periods after the overtime was earned. The maximum balance of compensatory time allowed to accrue is 240 hours or 480 hours for law enforcement personnel. Compensatory time is not paid out upon termination.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the County.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. LEASES IN THE STATEMENT OF LESSORS

On March 1, 2019, the County signed a three-year contract with an individual to lease 83.7 acres of tillable agricultural land receivable in annual payments of \$14,815. Future minimum payments to be received under this contract are \$14,815 due in 2021.

8. OPERATING LEASES

At December 31, 2020, the County has four non-cancellable 60-month leases for copiers. The Public Administrator's office has a 60-month lease through April 30, 2024 with a monthly payment of \$74. The Sheriff's office has a 60-month lease through February 28, 2025 with a monthly

payment of \$175. The County Clerk's office has a 60-month lease through January 31, 2024 with a monthly payment of \$246. The Recorder's office has a 60-month lease through October 31, 2022 with a monthly payment of \$148. Future minimum payments on the copiers are as follows:

<u>Fiscal Year Ending December 31,</u>	<u>Amount</u>
2021	\$ 7,706
2022	7,410
2023	5,932
2024	2,636
2025	349

9. LONG-TERM DEBT

On September 26, 2016, the County signed a contract for \$79,200 for the creation and construction of a GIS mapping program. The final payment under this contract of \$19,800 was made in 2019.

The following schedule shows changes in long-term debt during the year ended December 31, 2019:

<u>Description</u>	<u>Balance 12/31/2018</u>	<u>Additions</u>	<u>Payments</u>	<u>Balance 12/31/2019</u>	<u>Interest Paid</u>
GIS Program	\$ 19,800	\$ -	\$ (19,800)	\$ -	\$ -

10. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 13, 2021, the date the financial statements were available to be issued.

COMPLIANCE SECTION

McBRIDE, LOCK & ASSOCIATES, LLC

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the County Commission and
Officeholders of Gentry County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Gentry County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Gentry County, Missouri's basic financial statements and have issued our report thereon dated August 13, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Gentry County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Gentry County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Gentry County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Gentry County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and
Officeholders of Gentry County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Gentry County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Gentry County, Missouri's major federal programs for the years ended December 31, 2019 and 2020. Gentry County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Gentry County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Gentry County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Gentry County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Gentry County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2019 and 2020.

Report on Internal Control over Compliance

Management of Gentry County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Gentry County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Gentry County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

GENTRY COUNTY, MISSOURI
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2019 AND 2020

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Gentry County, Missouri for the years ended December 31, 2020 and 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2020 and 2019.

GENTRY COUNTY, MISSOURI

CERTIFIED PUBLIC ACCOUNTANTS

August 13, 2021

To the County Commission
Gentry County

We have audited the regulatory basis financial statements of Gentry County, Missouri for the years ended December 31, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Gentry County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020 or 2019. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 13, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Gentry County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

(Original Signed by McBride, Lock & Associates, LLC)

McBride, Lock & Associates, LLC

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Daviess County, Missouri

The Office of the State Auditor contracted for an audit of Daviess County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

Nicole R. Galloway, CPA
State Auditor

October 2021
Report No. 2021-089

Recommendations in the contracted audit of Daviess County

2020-001 Prosecuting
Attorney Internal Controls

The Prosecuting Attorney's office implement internal controls to ensure the timely collection of restitution payments and disbursement of monies received. We recommend the Prosecuting Attorney maintain a complete general ledger showing the running total of cash per books and prepare monthly bank reconciliations noting any outstanding checks or deposits that haven't cleared the bank. Additionally, we recommend the Prosecuting Attorney perform a documented review of the monthly statements and reconciliation. We further recommend the Prosecuting Attorney ensure turnovers are made monthly in compliance with Section 50.370, RSMo.

Procurement Policy

The County Commission review any future revisions to the procurement policy for compliance with statutory rules governing contracts for counties, townships, and political subdivisions as prescribed in RSMo Chapter 50.

Schedule of Expenditures of
Federal Awards

The county review Federal Emergency Management Agency reporting requirements and prepare and document a reconciliation between amounts reported on the Schedule of Expenditures of Federal Awards (SEFA) and underlying accounting records as part of the budgetary process.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Daviess County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Daviess County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Daviess County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Daviess County, Missouri, as of December 31, 2019 and 2020, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Daviess County, Missouri, as of December 31, 2019 and 2020, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Daviess County, Missouri’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated August 13, 2021, on our consideration of Daviess County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Daviess County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

DAVIESS COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Daviess County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Daviess County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law. However, the County did not adopt a budget for the CARES Act Fund in 2020.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2020	2019
Election Services	✓	N/A
Recorder Tech	N/A	✓
Law Enforcement POST Grants	N/A	✓
Senior Citizens	N/A	✓
Deputy Sheriff Supplemental Salary	N/A	✓
Emergency Management	N/A	✓
CARES Act	✓	N/A

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation were:

	2020	2019
Real Estate	\$ 98,544,222	\$ 95,825,066
Personal Property	34,020,650	33,689,391
Railroad and Utilities	11,986,152	11,304,792
Total	<u>\$ 144,551,024</u>	<u>\$ 140,819,249</u>

For calendar years 2020 and 2019, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2020	2019
General Revenue	\$ 0.2693	\$ 0.1193
Senior Citizens	0.0498	0.0498
Senate Bill 40 Board	0.0922	0.0922

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Investments" caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2020, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents	\$ 1,877,588	\$ 2,144,804	\$ 323,180
Investments	<u>1,498,720</u>	<u>1,512,663</u>	<u>434,433</u>
Total Governmental Funds	<u>\$ 3,376,308</u>	<u>\$ 3,657,467</u>	<u>\$ 757,613</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 4,378,524	\$ 4,653,940	\$ 595,353

At December 31, 2019, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents	\$ 1,762,642	\$ 2,107,433	\$ 292,366
Investments	<u>1,460,654</u>	<u>1,475,267</u>	<u>663,150</u>
Total Governmental Funds	<u>\$ 3,223,296</u>	<u>\$ 3,582,700</u>	<u>\$ 955,516</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 4,477,514	\$ 4,408,487	\$ 369,913

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2020 and 2019 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

3. COUNTY EMPLOYEES' RETIREMENT PLANS

A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2020 and 2019, the County collected and remitted to CERF employee

withholdings of \$53,263 and \$50,345, respectively, and fees collected of \$100,620 and \$77,123, respectively, for the years then ended.

B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 and \$5,049, respectively, for the years ended December 31, 2020 and 2019.

C. Other Retirement Plan

Daviess County has a mandatory 401(a) plan and a voluntary 457(b) plan administered by Empower Retirement. The 401(a) plan consists of a mandatory 0.7% deduction from employees' salaries, and employees may elect to make voluntary contributions under the 457(b) plan. These contributions qualify under the Internal Revenue Code and are tax exempt. For the years ended December 31, 2020 and 2019, the County collected and remitted 401(a) contributions of \$6,768 and \$6,415, respectively, and 457(b) contributions of \$46,248 and \$40,746, respectively.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENTS AND CONTINGENCIES

A. Compensated Absences

The County provides full-time employees with 10 hours of personal leave for each completed calendar month of employment. Part-time employees working at least 1,000 hours annually are provided with five hours for each completed calendar month. Upon termination, employees will not be compensated for any unused personal time.

Vacation time is made available in whole on the employee's anniversary date. Vacation time is five days for full-time employees with one year of service; ten days for employees with two to four years of service; 15 days for employees with five to nine years of service; and 20 days for employees with 10 or more years of service. For part-time employees working at least 1,000 hours annually, vacation time is 25 hours for employees with one year of service; 50 hours for employees with two to four years of service; 75 hours for employees with five to nine years of service; 100 hours for employees with 10 or more years of service. There are no limits to employee vacation accruals. Upon termination, employees are compensated for any unused vacation time.

Full-time employees earn overtime or compensatory time credits based on department assignment. Overtime and Compensatory Time credits are earned at 1.5 times the regular hourly rate of the employee for work hours accumulated over 40 hours in a work week and 80

hours in a two-week pay period. Employees are not allowed to accrue more than 240 hours of compensatory time, except for law enforcement employees, who may accumulate up to 480 hours. Upon termination, employees are compensated for any compensatory time credits.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2020:

- A. On June 15, 2015, the County entered into a lease purchase agreement for a 2015 Dodge Charger for \$25,715, with four annual payments of \$7,105. The lease was paid off in 2019.
- B. On June 15, 2015, the County entered into a lease purchase agreement for a second 2015 Dodge Charger for \$25,715, with four annual payments of \$7,105. The lease was paid off in 2019.
- C. On June 15, 2015, the County entered into a lease purchase agreement for a 2015 Ford Explorer for \$4,584, with four annual payments of \$1,267. The lease was paid off in 2019.

- D. On May 22, 2019, the County entered into a lease purchase agreement for a 2019 Dodge Durango for \$30,183, with four annual payments of \$8,175. The agreement matures May 22, 2023, with an interest rate of 3.75%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 7,318	\$ 857	\$ 8,175
2022	7,595	580	8,175
2023	7,880	295	8,175
Total	<u>\$ 22,793</u>	<u>\$ 1,732</u>	<u>\$ 24,525</u>

- E. On May 22, 2019, the County entered into a lease purchase agreement for a second 2019 Dodge Durango for \$28,574, with four annual payments of \$7,739. The agreement matures May 22, 2023, with an interest rate of 3.75%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 6,928	\$ 811	\$ 7,739
2022	7,190	549	7,739
2023	7,460	279	7,739
Total	<u>\$ 21,578</u>	<u>\$ 1,639</u>	<u>\$ 23,217</u>

- F. On May 22, 2019, the County entered into a lease purchase agreement for a third 2019 Dodge Durango for \$29,683, with four annual payments of \$8,040. The agreement matures May 22, 2023, with an interest rate of 3.75%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 7,197	\$ 843	\$ 8,040
2022	7,469	571	8,040
2023	7,749	291	8,040
Total	<u>\$ 22,415</u>	<u>\$ 1,705</u>	<u>\$ 24,120</u>

- G. On October 2, 2019, the County entered into a lease purchase agreement for a 2019 Dodge RAM for \$32,226, with four annual payments of \$8,612. The agreement matures October 2, 2023, with an interest rate of 3.75%.

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 7,709	\$ 903	\$ 8,612
2022	8,001	611	8,612
2023	8,301	311	8,612
Total	<u>\$ 24,011</u>	<u>\$ 1,825</u>	<u>\$ 25,836</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2019:

Description	Balance 12/31/2018	Additions	Payments	Balance 12/31/2019	Interest Paid
Dodge Charger	\$ 6,824	\$ -	\$ (6,824)	\$ -	\$ 248
Dodge Charger	6,824	-	(6,824)	-	248
Ford Explorer	1,216	-	(1,216)	-	44
Dodge Durango	-	30,183	-	30,183	-
Dodge Durango	-	28,574	-	28,574	-
Dodge Durango	-	29,683	-	29,683	-
Dodge RAM	-	32,226	-	32,226	-

The following schedule shows changes in long-term debt during the year ended December 31, 2020:

Description	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid
Dodge Durango	\$ 30,183	\$ -	\$ (7,390)	\$ 22,793	\$ 785
Dodge Durango	28,574	-	(6,996)	21,578	743
Dodge Durango	29,683	-	(7,268)	22,415	772
Dodge RAM	32,226	-	(8,215)	24,011	397

8. CHANGE IN REPORTING ENTITY

The County has changed the definition of the reporting entity at January 1, 2019 to include the Law Enforcement POST Grant Fund and Senate Bill 40 Board Fund. The Law Enforcement POST Grant Fund is under the control of the County Commission. The Senate Bill 40 Board Fund is required by the State Auditor's Office to be included in the scope of the audit. Therefore, both funds will be included in the County's financial statements. These changes had the effect of increasing the County's cash balances at January 1, 2019 by \$239,697.

9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 13, 2021, the date the financial statements were available to be issued.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the County Commission and
Officeholders of Daviess County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Daviess County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Daviess County, Missouri's basic financial statements and have issued our report thereon dated August 13, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Daviess County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Daviess County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Daviess County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify a certain deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2020-001 that we consider to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Daviess County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Daviess County, Missouri's Response to Finding

Daviess County, Missouri's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Daviess County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and
Officeholders of Daviess County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Daviess County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Daviess County, Missouri's major federal programs for the years ended December 31, 2019 and 2020. Daviess County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Daviess County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Daviess County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Daviess County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Daviess County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2019 and 2020.

Report on Internal Control over Compliance

Management of Daviess County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Daviess County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Daviess County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

DAVIESS COUNTY, MISSOURI
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2019 AND 2020

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Daviess County, Missouri for the years ended December 31, 2020 and 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2020 and 2019.

SECTION II – FINANCIAL STATEMENTS FINDINGS

MATERIAL WEAKNESSES IN INTERNAL CONTROL

None

SIGNIFICANT INTERNAL CONTROL DEFICIENCIES

2020-001: Prosecuting Attorney Internal Controls

Criteria: The Prosecuting Attorney is charged with collecting restitution for victims of check fraud and disbursing these monies pursuant to court order. This requires consistent performance of the accounting function and proper design and implementation of internal control. A proper system of internal control requires reconciliations between bank statements and accounting ledgers. A proper accounting ledger should include a cash account showing the running balance of cash after each receipt or disbursement of funds. Additionally, an effective system of internal control requires regular oversight of the accounting function and documentation of internal control procedures.

Furthermore, Section 50.370, RSMo, states, “every county officer who receives any fees or other remuneration for official services which is payable to the county shall at the end of each month...pay over to the county treasurer all fees and other moneys collected by him which belong to the county.”

Condition: The Prosecuting Attorney’s ledgers and escrow account bank statements shows the office did not issue any checks during the fourth calendar quarter of 2020. Only one payment of restitution money was deposited during this time.

The Prosecuting Attorney does not maintain a complete accounting ledger showing the running balance of cash after each transaction. Separate ledgers of receipts and disbursements are maintained using different software programs.

The Prosecuting Attorney does not perform monthly bank reconciliations or otherwise track outstanding items which have not cleared the bank. Virtually all accounting functions, including receipt of payments, bank deposits and preparation of checks, are performed by one clerical employee in the Prosecuting Attorney’s office with no documented oversight from the Prosecuting Attorney.

Additionally, collections of fees from the Missouri Office of Prosecution Services (MOPS) were turned over to the Daviess County Treasurer once during the two years ended December 31, 2020. That turnover occurred in April 2020 and included MOPS fees from the months of March 2018 through April 2020 totaling \$7,657.

Cause: The accounting function has not been timely and consistently carried out. The lack of ledger activity and bank account activity is indicative of restitution payments not being consistently collected and timely deposited.

Bank reconciliations were not performed. Although the Prosecuting Attorney manually signed all checks, there is no evidence the Prosecuting Attorney reviewed monthly bank statements or otherwise exercised regular oversight of the accounting function.

Lack of monthly turnovers was attributed to the Prosecuting Attorney being a part-time position, and a lack of adequate staffing in her office was also cited as an explanation.

Effect: There was no consistent effort made to collect restitution fees. It was not apparent that controls have been implemented to ensure timely deposit of monies received into the escrow account and timely disbursement of restitution.

The absence of a proper accounting ledger, monthly bank account reconciliations, monthly turnovers to the Treasurer and supervisory oversight of the accounting function increase the likelihood that accounting errors or a misappropriation of funds would not be detected in a timely manner.

Recommendation: We recommend the Prosecuting Attorney's office implement internal controls to ensure the timely collection of restitution payments and disbursement of monies received. We recommend the Prosecuting Attorney maintain a complete general ledger showing the running total of cash per books and prepare monthly bank reconciliations noting any outstanding checks or deposits that haven't cleared the bank. Additionally, we recommend the Prosecuting Attorney perform a documented review of the monthly statements and reconciliation. We further recommend the Prosecuting Attorney ensure turnovers are made monthly in compliance with Section 50.370, RSMo.

County's Response: I have just fallen behind with bad check and restitution. We are a 2 person office, handling a large caseload. In addition, we take care of all victim advocacy, and I have a large caseload of special prosecutor cases to attempt to make up with a disparity between full and part-time pay.

We will be converting to using only Karpel for this account, and should have this done and this account in proper order in the next thirty days.

Auditor's Evaluation: The Prosecuting Attorney should evaluate whether the Karpel system is adequate to serve as an accounting system so that receipts, disbursements and balances on hand can be adequately tracked and reconciled to bank statements.

ITEMS OF NONCOMPLIANCE

DAVIESS COUNTY, MISSOURI SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

In accordance with the Uniform Guidance, this section reports the follow-up on action taken by Daviess County, Missouri on the applicable findings in the prior audit report issued for the two years ended December 31, 2018 and 2017.

2018-001: There is no formal fraud risk assessment in place.

Status: Resolved. A Risk Assessment Policy was adopted on June 23, 2021.

2018-002: The Office of Management and Budget (OMB) requires the County to submit to the Federal Clearinghouse within the earlier of 30 days after receipt of the auditor's report, or nine months after the end of the audit period, unless a longer period is agreed to in advance by the cognizant or oversight agency for audit.

Status: To be determined. The due date for the Federal Audit Clearinghouse submission for the audit of the two years ended December 31, 2020 had not passed as of the date of the report.

CERTIFIED PUBLIC ACCOUNTANTS

August 13, 2021

To the County Commission
Daviess County, Missouri

We have audited the regulatory basis financial statements of Daviess County for the years ended December 31, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Daviess County are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020 or 2019. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit, except for difficulties in obtaining information from the Prosecuting Attorney's office.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 13, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2019 and 2020, we considered Daviess County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 13, 2021. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

Procurement Policy

Prior to August 28, 2020, Section 50.660, RSMo, required all contracts and purchases greater than \$6,000 be awarded to the lowest and best bidder after a competitive solicitation process. In October 2019, the County Commission adopted a procurement policy modeled after Section 34.040, RSMo, which governs the executive branch and establishes a \$10,000 threshold for soliciting competitive bids. Daviess County did not solicit bids for certain contracts and services costing between \$6,000 and \$10,000, which were subject to Missouri statutory rules governing contracts for counties, townships, and political subdivisions, not the executive branch. However, we noted the threshold for soliciting bids required under Section 50.660, RSMo, was revised to \$12,000, effective August 28, 2021. We recommend the County Commission review any future revisions to the procurement policy for compliance with statutory rules governing contracts for counties, townships, and political subdivisions as prescribed in RSMo Chapter 50.

Schedule of Expenditures of Federal Awards (SEFA)

The 2020 SEFA reported an advance of FEMA funds based on estimated construction costs that had not yet been incurred as an expenditure. Federal Uniform Guidance, as noted in 2 CFR Part 200 Appendix XI states, “Non-federal entities must record expenditures on the Schedule of Expenditures of Federal Awards (SEFA) when (1) FEMA has approved the non-federal entity’s PW, and (2) the non-federal entity has incurred the eligible expenditures.”

In total, federal award expenditures were overstated by \$87,985 in 2020. Differences between program amounts reported in the 2020 SEFA from the 2021 county budget and amounts supported are summarized below.

<u>CFDA</u>	<u>Program</u>	<u>Amount Reported</u>	<u>Amount Supported</u>	<u>Difference</u>
20.205	Highway Planning and Construction	797,260	802,247	(4,987)
21.019	Coronavirus Relief Fund	971,175	971,587	(412)
90.404	HAVA Election Security Grants	17,162	20,000	(2,838)
97.036	Disaster Grants - Public Assistance Grants	171,552	75,330	96,222
97.042	Emergency Management Performance Grant	13,716	13,716	-
		<u>1,970,865</u>	<u>1,882,880</u>	<u>87,985</u>

The 2019 SEFA presented in the 2020 County Budget reconciled to underlying accounting records without exception.

Expenditures of \$4,987 for Highway Planning and Construction, CFDA 20.205, were incorrectly reported as expenditures of FEMA, CFDA 97.036, due to one invoice for engineer fees being incorrectly posted to the wrong expense account in the general ledger.

Expenditures of the Coronavirus Relief Fund, CFDA 21.019, were under-reported by interest of \$412 earned on advances of federal award funds that was fully expended.

Expenditures of the HAVA Election Security Grants program, CFDA 90.404, were not fully reported.

Expenditures of FEMA, CFDA 97.036 included advances of \$91,235 based on estimated construction costs for a bridge replacement project, although no work had been performed or invoices had been received as of December 31, 2020.

We recommend the County review FEMA reporting requirements and prepare and document a reconciliation between amounts reported on the SEFA and underlying accounting records as part of the budgetary process.

Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information (RSI). With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Daviess County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

(Original Signed by McBride, Lock & Associates, LLC

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
City of Edgar Springs

We have conducted follow-up work on certain audit report findings contained in Report No. 2020-087, *City of Edgar Springs* (rated as Poor), issued in November 2020, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the city about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by the City Clerk and held discussions with the City Clerk and the Mayor to verify the status of implementation for the recommendations. Documentation provided by the city included Board meeting minutes, financial records, and other pertinent documents. This report is a summary of the results of this follow-up work, which was substantially completed during June, July, and August 2021.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

City of Edgar Springs

Follow-Up Report on Audit Findings

Status of Findings

1. Budgets and Financial Reporting	City officials did not prepare complete annual budgets in accordance with state law or monitor budgets appropriately. They also did not prepare and publish complete and accurate financial statements, maintain accurate accounting records, file adequate financial reports timely, or obtain required audits for the city's sewer system.
------------------------------------	--

1.1 Budgets	The budgets prepared for the years ended December 31, 2019, and December 31, 2020, did not contain all statutorily-required elements. The Board did not adequately monitor budget-to-actual receipts and disbursements because year-to-date budget-to-actual reports of financial activity were not presented to the Board.
-------------	---

Recommendation	The Board of Aldermen prepare annual budgets that contain all information required by state law and ensure budgets are properly monitored.
----------------	--

Status	<p>Partially Implemented</p> <p>In December 2020, the Board began reviewing monthly budget-to-actual reports.</p> <p>The City Clerk could not provide us the official 2021 budget approved by the Board in December 2020. The various supporting documents for the 2021 budget provided for our review did not include all the statutorily-required elements of a budget, and none of the documents were the official budget.</p>
--------	--

1.2 Financial statements and accounting records	The city's financial statements did not accurately reflect the financial activity of the city. The total beginning balance on the January 2019 financial statement did not agree to the total ending balance on the prior period financial statement submitted to the State Auditor's Office (SAO) or to the published semiannual financial statement. In addition, city officials did not agree reconciled bank account balances to the ending fund balances on the monthly financial statements. Also, the city did not maintain accurate accounting records, resulting in errors on monthly financial statements.
---	--

Recommendation	The Board of Aldermen prepare financial statements and accounting records that accurately reflect the financial activity of the city. In addition, the Board should establish monthly procedures to compare reconciled bank account balances to ending fund balances on the financial statements, and ensure accounting transactions are properly recorded.
----------------	---

Status	<p>Not Implemented</p> <p>The City Clerk indicated she does not reconcile the city's bank accounts. Bank reconciliations were prepared by the former City Treasurer until her resignation in August 2020, and no bank reconciliations have been prepared since that time. The Mayor indicated the Board does not review bank</p>
--------	---

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

statements because they are not provided to them at Board meetings. Also, monthly reconciliation and comparison procedures are not performed of accounting records to ensure accounting transactions are properly recorded.

In addition, the financial statements prepared by the City Clerk are not accurate. The ending balance for all funds totaled \$30,270 on the December 2020 monthly financial statement and the ending balance on the semiannual financial statement published for the 6 months ended December 31, 2020, totaled \$25,532, resulting in a difference of \$4,738. The General Operations Fund ending balance of \$32,689 on the April 2021 financial statement did not agree to the General Operations Fund beginning balance of \$22,766 on the May 2021 financial statement, resulting in a difference of \$9,923.

1.3 Published financial statements

City officials did not publish complete and accurate financial statements as required by state law. The 2 semiannual financial statements published for the year ended December 31, 2019, did not include beginning or ending fund balances or a detailed accounting of receipts and disbursements for each fund.

Recommendation

The Board of Aldermen ensure the city's published financial statements are complete, accurate, and contain all statutorily-required elements.

Status

Not Implemented

The city's semiannual financial statements published for the 6 months ended December 31, 2020, and the 6 months ended June 30, 2021, did not include beginning or ending fund balances or a detailed accounting of receipts and disbursements for each fund.

1.4 Filing of financial reports

City officials did not file an accurate and timely financial report with the SAO for the year ended December 31, 2019, as required by state law.

Recommendation

The Board of Aldermen submit annual financial reports to the State Auditor's Office as required by state law.

Status

Not Implemented

The city did not file an accurate and timely financial report with the SAO for the year ended December 31, 2020. This financial report, due by June 30, 2021, was not filed until July 8, 2021, the day after our visit to the city. The financial report submitted did not include the first 6 months of 2020 and consisted only of the published summary statement of revenues and expenditures for the last 6 months of 2020.

1.5 Annual audits

The city had not obtained annual audits of its sewer system as required by state law.

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

Recommendation	The Board of Aldermen obtain annual audits of the sewer system as required by state law.
Status	Not Implemented The City Clerk indicated the city has not obtained an audit of the sewer system because the city cannot afford to pay for an annual audit.
2.1 Sewer System Controls and Procedures - Sewer rates	Current sewer rates were not supported by a cost study or other documentation showing how the rates were determined.
Recommendation	The Board of Aldermen ensure a statement of costs is prepared to support sewer rate increases and document formal reviews of sewer rates periodically to ensure revenues are sufficient to cover all costs of providing these services.
Status	In Progress City officials performed a cost study in December 2020 to support the 2021 sewer rate increases, with plans to re-evaluate costs annually. The 2021 base rate is lower than the estimated base rate in the cost study. However, the Mayor indicated the Board plans to phase-in the base rate increase over a period of several years so that rates are increased gradually for customers rather than all at once.
2.2 Sewer System Controls and Procedures - Sewer deposits	The city did not maintain a listing of refundable customer deposits held in the Wastewater Treatment bank account.
Recommendation	The Board of Aldermen determine the amount of customer deposits held in the Wastewater Treatment bank account and develop procedures to track the balance of those funds. Ensure a list of customer deposits is prepared and reconciled to the balance of deposits held monthly and promptly investigate any differences.
Status	In Progress The city started preparing a listing of customer deposits, but it is not reconciled to the balance of deposits held because the listing is not yet complete. The City Clerk indicated she will continue working on this deposit listing as time permits. For the July 2021 listing, the city has determined the deposit amounts paid for 42 of the 101 active customers.

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

**2.3 Sewer System Controls
and Procedures -
Delinquent accounts**

The city's procedures for collecting delinquent sewer charges did not comply with city ordinance, sewer user contracts, or state law. In addition, the city ordinance did not agree with some requirements of the sewer user contract.

The city improperly assessed a special tax to be collected with city real estate property taxes for 12 delinquent sewer accounts, did not properly notify land owners of liens placed on property, and did not limit the rental property owner's liability when the sewer account was held by the occupant to the first 90 days of delinquent charges as required by state law.

The \$100 reconnect fee in city ordinance did not agree to the \$50 reconnect fee in the sewer user contract. The sewer user contract also required the customer to pay all charges incurred with blocking the sewer (\$300 to \$400), but this was not authorized by city ordinance.

Recommendation

The Board of Aldermen ensure procedures for delinquent sewer collection comply with city ordinance, sewer user contracts, and state laws. In addition, ensure the requirements of the city ordinance and the sewer user contract are in agreement.

Status

In Progress

The city developed a new sewer user agreement and contracts in August 2020 to indicate the city will place a lien on a property with delinquent sewer bills in accordance with Section 250.234, RSMo. The city has removed the portion of the agreement mandating reconnect fees.

City ordinance No. 66, established in November 2020, authorizes the city to turn over delinquent sewer accounts to the County Collector for collection with the city's real estate property taxes rather than filing a lien with the recorder of deeds as provided by Section 250.234, RSMo. However, the City Clerk indicated the city has not turned over any delinquent accounts to the County Collector since the new ordinance was established. The Mayor indicated they plan to change the ordinance to agree to the sewer user agreement.

**2.4 Sewer System Controls
and Procedures -
Adjustments**

The City Clerk made adjustments to customer accounts, including writing off charges caused by water leaks, filling swimming pools, billing errors, and waiving late fees, without obtaining independent approval or maintaining any documentation supporting the adjustments. In addition, the Board did not review and approve all adjustments.

Recommendation

The Board of Aldermen review and approve all adjustments made to customer accounts and periodically compare adjustments posted to adjustments approved.

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

Status

Partially Implemented

The City Clerk and the Mayor indicated an adjustment listing is presented to the Board monthly for review and approval. However, the Board's review and approval is not documented in the Board meeting minutes and the listing is not signed by a Board member indicating Board approval. In addition, a periodic comparison of adjustments posted to adjustments approved is not performed.

3. Accounting Controls
and Procedures

Accounting controls and procedures needed improvement.

3.1 Segregation of duties

The Board had not adequately segregated accounting duties or ensured documented supervisory or independent reviews of work performed by city officials were completed.

Recommendation

The Board of Aldermen segregate the accounting duties. If proper segregation cannot be achieved, ensure documented independent or supervisory reviews of detailed accounting and bank records are performed.

Status

Not Implemented

Duties have not been segregated. As of August 2020, the City Clerk is now responsible for the duties of both the City Clerk and the City Treasurer. The Board or other city officials are not performing reviews of detailed accounting and bank records.

3.2 Receipting and
depositing

The city's procedures for receipting and depositing monies were poor. Payments in the drop slot were not adequately safeguarded. City officials did not issue receipt slips for most monies received and there was no comprehensive record of individual sewer receipts. City officials did not account for the numerical sequence of receipt slips issued, and did not reconcile receipt records to deposit records. Checks and money orders received were not restrictively endorsed.

Recommendation

The Board of Aldermen ensure the drop slot is secured, require issuance of receipt slips for all monies received, account for the numerical sequence of receipt slips issued, reconcile receipt records to deposit records, and restrictively endorse checks and money orders at the time of receipt.

Status

Partially Implemented

The City Clerk endorses checks and money orders at the time of receipt and the city installed a locked drop box in July 2021. However, the City Clerk no longer issues prenumbered receipt slips for any money received and there is

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

no comprehensive record of individual receipts. There is no reconciliation of receipt records to deposit records.

4. Disbursements

City's procedures over disbursements needed improvement.

4.1 Review and approval process

The Board's review and approval process for disbursements was not adequate. The City Treasurer presented a list of disbursements to the Board but the Board generally did not review any invoices or any other documentation supporting the disbursements. The Board did not sign the disbursement listings to document approval and did not reconcile disbursement listings to payments issued.

Recommendation

The Board of Aldermen review and document approval of all disbursement listings and retain with Board minutes. In addition, ensure an independent review of supporting documentation is performed before payment is made and reconcile approved disbursements to payments issued.

Status

Not Implemented

The City Clerk indicated the Board now signs the listing of disbursements at each meeting. However the City Clerk could not provide us any disbursement listings signed by the Board. There is no documented review of supporting documentation and no reconciliation of disbursements to payments issued.

4.2 Procurement procedures and contracts

The city did not have a bidding policy and had not established policies for the selection of vendors providing professional services. In addition, written contracts were not always obtained for professional services.

Recommendation

The Board of Aldermen establish formal bidding policies and procedures, periodically solicit proposals for professional services, and ensure the solicitation for bids and proposals and the evaluation and selection of vendors is documented. In addition, enter into written contracts for services received.

Status

Partially Implemented

The city has not established formal bidding policies and procedures. The City Clerk indicated the city has been working on entering into written contracts with existing vendors, but could not locate documentation of new contracts or the evaluation and selection of the vendors utilized. The Mayor indicated when bids are needed, 3 written bids are required. During our review of Board meeting minutes for the months of February through May 2021, we did not see any purchases for which bidding would have been required.

4.3 Supporting documentation

City officials could not provide supporting documentation for all disbursements.

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

Recommendation	The Board of Aldermen require adequate, detailed supporting documentation be retained for all disbursements.
Status	Implemented The City Clerk indicated she is retaining adequate, detailed supporting documentation for all disbursements. We reviewed the file folder containing invoices paid during the first half of 2021 and it appeared all supporting documentation was retained.
5. Ordinances and Sunshine Law	City ordinances were not organized, complete, or up to date. In addition, the Board did not always comply with the Sunshine Law.
5.1 Ordinances	Ordinances were poorly maintained. An index of all ordinances passed and rescinded by the city was not maintained. City ordinance No. 60-A (related to sewer operations) had not been updated since 1991. The city did not have ordinances establishing the compensation for the City Clerk, City Treasurer, and Chief of Police. The city did not have ordinances establishing an employee travel policy, a conflict of interest policy, and procedures for credit and debit card usage and city hall rental.
Recommendation	The Board of Aldermen ensure ordinances are maintained in a complete and well-organized manner, and establish an index of all ordinances passed and rescinded. The Board should establish, by ordinance, the terms and compensation of all city officials and employees, and policies and procedures for employee travel, conflict of interest, credit and debit card use, and city hall rental.
Status	Not Implemented The city has not begun implementing this recommendation. The City Clerk indicated she plans to get the ordinances organized electronically when she has time, but could not give any estimate of a time frame for this plan. The city has not established ordinances for the terms and compensation of all city officials and employees, or for policies and procedures for employee travel, conflict of interest, credit and debit card use, and city hall rental.
5.2 Public access policy	The Board had not adopted a written policy regarding public access to city records as required by state law.
Recommendation	The Board of Aldermen develop a written public access policy.
Status	Implemented The Board adopted ordinance No. 115 establishing a public access policy.

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

5.3 Record requests

City officials did not maintain adequate documentation of requests for records to show compliance with state law. In addition, the city did not respond to any records requests from March 18 to June 9, 2020.

Recommendation

The Board of Aldermen ensure requests for information are responded to timely and maintain a public request log or other documentation to help ensure compliance with state law.

Status

Not Implemented

The City Clerk indicated the city opened a new email account for record requests and she plans to track the requests by conversation. However, she does not plan on maintaining a log or other documentation to help ensure compliance with state law. City ordinance No. 115 appointed the City Clerk as custodian of records and provided the city's mailing address, but did not provide the city's new email address as a method to submit requests for records. The City Clerk indicated the city has received about 100 record requests since the new email account was launched in the middle of 2020. However, the City Clerk did not provide any documentation to demonstrate record requests were responded to timely.

5.4 Closed meetings

Open meeting minutes did not document the specific reasons or section of law allowing the meeting to be closed, and the vote of each member approving to enter into a closed meeting was not documented. Some topics discussed in closed session were not allowable under the Sunshine Law and roll call votes were not always recorded.

Recommendation

The Board of Aldermen ensure the specific section of law allowing the meeting to be closed is announced publicly and recorded in the minutes, discussion is limited to business directly related to the specific reason announced, and votes taken in closed session are recorded by roll call.

Status

Partially Implemented

We reviewed the open and closed meeting minutes provided from February to May 2021. These open meeting minutes indicated a closed session was held each month. The February, April, and May 2021 open minutes stated the specific section of law allowing the meeting to be closed. However, the March 2021 open meeting minutes did not document the specific reasons or section of law allowing the meeting to be closed. Some topics (paid time off and payment of legal fees) discussed in 3 of the closed sessions were not allowable under the Sunshine Law. Roll call votes were not recorded in the closed minutes from February to April 2021, and the City Clerk could not locate the May 2021 closed meeting minutes.

City of Edgar Springs
Follow-up Report on Audit Findings
Status of Findings

5.5 Meeting minutes

Minutes were not prepared for all meetings and minutes were not signed by the preparer or the Board.

Recommendation

The Board of Aldermen ensure minutes are maintained for all meetings, and ensure meeting minutes are signed by the preparer and the Mayor or a Board member after approval.

Status

Partially Implemented

We requested the signed minutes for all meetings held from February through May 2021. We received signed minutes for open meetings held on January 11, March 15, and April 12, and the emergency conference call on February 17, 2021. The minutes provided to us for open meetings held on February 22 and May 14, 2021, were not signed. Minutes for the 3 closed meetings held from February to April 2021 were not signed, and the closed meeting minutes for May 14, 2021, could not be located.

8. Electronic
Communication Policies

The city had not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.

Recommendation

The Board of Aldermen develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Guidelines.

Status

In Progress

The Mayor indicated he plans to draft a written records management and retention policy and present it to the Board for review in September 2021.

Missouri State Auditor

**Sixth Judicial Circuit
Platte County**

Report No. 2021-087

October 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the Sixth Judicial Circuit Platte County

Accounting Controls and Procedures	The Circuit Clerk's bank account contains \$24,576 in unidentified liabilities (open items). The Treatment Court Coordinator does not issue receipt slips or maintain a mail log of money collected at the time of receipt. The Circuit Clerk's office does not have adequate procedures to ensure incarceration certifications, used to prepare criminal case cost billings, are received from the County Sheriff on all applicable cases.
Court Procedures	Court personnel do not always properly record the final disposition of each case in Judicial Information System (JIS) and do not periodically review reports of open cases. The court does not always assess the \$25 time-payment fee on cases as required by Missouri Supreme Court Operating Rules (COR) and authorized by state law. The Circuit Clerk does not perform periodic reviews of user access to data and other information in the JIS. Budgets are not prepared for the Interest Fund, Garnishment Fee Fund, Time Payment Fund, or any of the treatment court funds (Drug, Mental Health, DWI, and Veterans).

In the areas audited, the overall performance of this entity was **Fair**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Sixth Judicial Circuit, Platte County Response.....	9

NICOLE GALLOWAY, CPA

Missouri State Auditor

Presiding Judge and Court en Banc
and
Circuit Clerk of the
Sixth Judicial Circuit
Platte County, Missouri

We have audited certain operations of the Sixth Judicial Circuit, Platte County in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2019. The objectives of our audit were to:

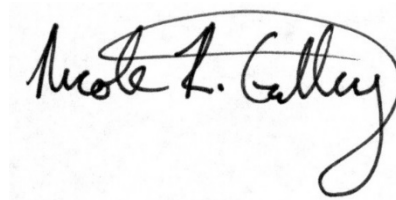

1. Evaluate the court's internal controls over significant financial functions.
2. Evaluate the court's compliance with certain legal provisions.
3. Evaluate the court's compliance with certain court rules.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the court, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the court's management, the Office of State Courts Administrator, and Platte County and was not subjected to the procedures applied in our audit of the court.

For the areas audited, we identified (1) deficiencies in internal control, (2) noncompliance with legal provisions, and (3) noncompliance with court rules. The accompanying Management Advisory Report presents our findings arising from our audit of the Sixth Judicial Circuit, Platte County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Audit Staff:	John-Henry T. Jarwood, MBA, CFE
	Syed Umar Ali, MAcc

Sixth Judicial Circuit

Platte County

Management Advisory Report - State Auditor's Findings

1. Accounting Controls and Procedures

We identified significant weaknesses with accounting controls and procedures, including unidentified liabilities in the court's bank account, inadequate receipting procedures, and weaknesses in the billing of criminal costs.

Court records indicate receipts collected during the year ended December 31, 2019, totaled approximately \$4.4 million. Fines, bonds, garnishments, court costs, and other receipts are collected; recorded in the Judicial Information System (JIS), the Missouri Courts automated case management system; and deposited into the Circuit Clerk's primary bank account by the Circuit Clerk.

1.1 Unidentified liabilities

The Circuit Clerk's bank account contains \$24,576 in unidentified liabilities (open items). These unidentified funds have been in the account since our previous audit in 2005,¹ and date back to the court's conversion to the JIS in 1999.

In November 1999, the court began using the JIS. However, during this conversion process, some information from the old system did not properly convert to the JIS. As a result, the open items listing at December 31, 2019, included \$24,576 in unconverted open items that could not be associated with specific cases. As noted in the 2005 audit report, the unconverted liability as of December 31, 2004 was \$25,216. In the past 15 years, the court has identified \$640 of the unidentified balance. The Clerk indicated she had sought assistance from the Office of State Courts Administrator (OSCA) regarding how to handle these unidentified funds, but had not received any guidance. In addition, the Clerk indicated she was not aware of the proper procedures for disposing of the unclaimed money.

Maintaining unidentified balances in the bank account increases the risk of loss, theft, or misuse of such funds. Various statutory provisions provide for the disposition of unidentified money. In addition, under Section 447.532.1, RSMo, all intangible personal property held by a court that remains unclaimed for 3 years is deemed abandoned and should be turned over to the Missouri State Treasurer's Unclaimed Property section.

1.2 Receipting procedures

The Treatment Court Coordinator does not issue receipt slips or maintain a mail log of money collected at the time of receipt. Any money received by the coordinator related to the four treatment courts is instead transmitted to the circuit clerk's office to be receipted into the JIS. As a result, this money cannot be reconciled to the court transmittal and there is less assurance all money received has been recorded.

¹ *Sixth Judicial Circuit, Platte County, Missouri*, State Auditor's Office, Report No.2005-58, August 2005, <<https://auditor.mo.gov/press/2005-58.pdf>>, accessed July 9, 2021.

Sixth Judicial Circuit
Platte County
Management Advisory Report - State Auditor's Findings

An initial record of money received combined with procedures to reconcile it to the financial records is necessary to reduce the risk of loss, theft, or misuse of funds.

1.3 Incarceration billing procedures

The Circuit Clerk's office does not have adequate procedures to ensure incarceration certifications, used to prepare criminal case cost billings, are received from the County Sheriff on all applicable cases. A court clerk responsible for preparing prisoner board billings stated the Sheriff's office returns the certifications on a consistent basis, however, without proper procedures in place to ensure all incarceration certifications are received, the court cannot ensure all eligible criminal costs have been billed and the county is reimbursed for all eligible costs as allowed by state law.

Recommendations

The Court en Banc and the Circuit Clerk:

- 1.1 Make efforts to identify the owners of this unidentified money. After sufficient efforts are made, any money remaining unidentified should be turned over to the Missouri State Treasurer in accordance with state law.
- 1.2 Ensure the treatment court coordinator maintains a log of money received in the mail and reconciles it to the money receipted by the circuit clerk's office.
- 1.3 Develop procedures to ensure incarceration certifications are received for all inmates and billings are prepared for all applicable cases.

Auditee's Response

The court provided a written response. See Appendix.

2. Court Procedures

We identified significant weaknesses with court procedures. Case disposition is not always properly recorded in JIS, time-payment fees are not assessed on all cases, user access rights are not periodically reviewed for accuracy, and budgets were not prepared for several court funds.

2.1 Case disposition

Court personnel do not always properly record the final disposition of each case in JIS and do not periodically review reports of open cases. We obtained a list of open cases from the OSCA in June 2020 and identified 365 cases suspended or pending as of December 31, 2019. Suspended cases are those for which a court clerk did not schedule a future court date, a warrant was issued, or a probate case is currently open. Pending cases are those for which final action was taken by the court, but the court clerk has not completed recording all activity in the JIS.

Our review of 12 pending and suspended cases identified 5 cases (42 percent) not handled correctly. Two cases did not have disposition codes entered into

Sixth Judicial Circuit
Platte County
Management Advisory Report - State Auditor's Findings

JIS when a judgment had occurred, and three cases were improperly suspended in the JIS because the court clerk did not schedule a future event in JIS. As a result, these cases no longer appeared on the docket and proper follow up did not occur.

Establishing procedures to review open cases after a period of inactivity helps ensure the all cases have been entered into the JIS and disposed of properly, and all associated costs have been assessed. In addition, ensuring the proper disposition of pending and suspended cases reduces the risk of money being mishandled.

2.2 Time payment fee

The court does not always assess the \$25 time-payment fee on cases as required by Missouri Supreme Court Operating Rules (COR) and authorized by state law.² Our review of 8 cases not paid in full within 30 days of disposition, identified 6 cases (75 percent) where the court did not assess the time-payment fee. The Circuit Clerk indicated the time payment fee was not assessed on these cases because the Circuit Judge had not ordered this fee assessed. As a result, the court is not in compliance with court rules, and has lost revenue.

Missouri COR 21.13 states "all divisions of the circuit court, except municipal divisions, shall assess a \$25 time-payment fee on all cases not paid in full within 30 days of disposition."

2.3 Periodic reviews of user system access

The Circuit Clerk does not perform periodic reviews of user access to data and other information in the JIS. We obtained reports from the OSCA of user accounts having access to the JIS as of June 2020. Our review identified 2 users with more access than required to perform their job responsibilities.

A periodic review of user accounts ensures the right type and level of access, corresponding to each user's job responsibilities, has been provided. In addition, allowing users to have inappropriate system access results in increased risk of fraud.

2.4 Budgets and Fund Balances

Budgets are not prepared for the Interest Fund, Garnishment Fee Fund, Time Payment Fund, or any of the treatment court funds (Drug, Mental Health, DWI, and Veterans). In addition, the Interest and Garnishment Fee Fund have both accumulated excessive fund balances and the court does not have any formal plans for their use. As of December 31, 2019, the balance in the Interest Fund was \$68,135 and the balance in the Garnishment Fee Fund was \$57,650.

² Section 488.5025, RSMo.

Sixth Judicial Circuit
Platte County
Management Advisory Report - State Auditor's Findings

Preparing a budget for public funds aids in the fiscal management of this money; provides a means to effectively monitor actual costs, revenues, and cash balances; and helps inform both the county and the public of the court's financial picture. In addition, accumulated excessive cash balances with no formal plan for its use puts an unnecessary burden on taxpayers.

Recommendations

The Court en Banc and the Circuit Clerk:

- 2.1 Ensure the disposition of cases is properly recorded in the JIS and the reports of open cases are periodically reviewed.
- 2.2 Ensure time-payment fees are assessed in accordance with court operating rules.
- 2.3 Periodically review user access to data and other information resources within the JIS to ensure access rights are commensurate with job duties and responsibilities.
- 2.4 Prepare annual budgets for the Interest Fund, the Garnishment Fee Fund, the Time Payment Fund, and the four treatment court funds, and provide copies of these budgets to the county budget officer. In addition, develop a formal plan, based on the court's future needs, to use the money available in the Interest Fund and the Garnishment Fee Fund.

Auditee's Response

The court provided a written response. See Appendix.

Sixth Judicial Circuit

Platte County

Organization and Statistical Information

The Sixth Judicial Circuit consists only of Platte County.

The Sixth Judicial Circuit has two Circuit Judges and three Associate Circuit Judges. The Circuit Judges hear circuit level cases through the Sixth Judicial Circuit (Divisions I and II). One of these judges also serves as Presiding Judge at the discretion of the court en banc and is responsible for the administration of the circuit. The Associate Circuit Judges hear associate level cases through Divisions III, IV, and V. In addition, the Sixth Judicial Circuit is responsible for hearing cases for 7 municipal divisions in Platte County.

Personnel

At December 31, 2019, the judges, Circuit Clerk, Treatment Court Coordinator, and Chief Juvenile Officer of the Sixth Judicial Circuit, Platte County, were as follows:

Title	Name
Presiding Circuit Judge, Division II	James W. Van Amburg
Circuit Judge, Division I	Thomas C. Fincham
Associate Circuit Judge, Division III	Abe Shafer
Associate Circuit Judge, Division IV	W. Ann Hansbrough
Associate Circuit Judge, Division V	Dennis C. Eckold
Circuit Clerk	Kimberly Johnson
Treatment Court Coordinator	Elysia A. Collins
Chief Juvenile Officer	Rhonda Haight

In addition, the Sixth Judicial Circuit, Platte County, employed 26 full-time employees on December 31, 2019.

Financial Information

Receipts of the Sixth Judicial Circuit, Platte County, were as follows:

	Year Ended December 31, 2019
Court deposits, fees, bonds, and other	\$4,369,261
Interest income	1,573
Total	\$4,370,834

Caseload Information

From the Office of State Courts Administrator Missouri Judicial Reports, case filings of the Sixth Judicial Circuit, Platte County, were as follows:

	Year Ended June 30, 2019
Civil	4,745
Criminal	11,884
Juvenile	83
Probate	335
Total	17,047

Re: Auditees response – Sixth Judicial Circuit
Management Advisory Report – State Auditor's findings

Dear Auditor Galloway:

You have provided us a draft of your Management Advisory Report. Your report follows your audit review process that began in June 2020 and included one on-site visit, offsite reviews, and inspection of countless documents. We appreciate the thoroughness of your efforts and the professionalism of your audit staff.

Following our careful review of your report, we are quite proud of the manner in which the financial, operational and legal business is conducted in the Sixth Judicial Circuit. While it is no surprise to us, it is certainly gratifying to confirm that based on the thousands of financial transactions and over \$4.3 million managed, there were no significant shortcomings revealed in your investigation. Similarly, upon review of innumerable case related transactions, there were very few issues to report. The dedicated and conscientious men and women in our circuit, who universally take pride in their service to the judiciary, will indeed be gratified to learn of your report.

At your request, we are providing our response to your specific findings. For clarity, our response will be in the same order and with the same numerical indentifiers which you used for your report.

1.1 Unidentified liabilities. Your report states that there are \$24,576 in unidentified liabilities (open items.) Herculean efforts have been made by our circuit clerk to identify these liabilities (including going through open items by hand) to no avail. She has also asked OSCA for assistance on more than one occasion -- also to no avail. We will take the appropriate steps to pay these funds to the Unclaimed Property Division as soon as practicable.

Appendix
Sixth Judicial Circuit, Platte County
Response

Nicole Galloway, CPA
Page two

1.2 Receipting procedures – treatment court. This area of concern has already been addressed by the circuit clerk. Now, when mail that is addressed to treatment court is received, it is opened by the circuit clerk or her assistant, any funds enclosed are accounted for and receipted, and the remainder of the contents of the envelope is sent to treatment court.

1.3 Incarceration billing procedures. This area of concern has already been addressed by the circuit clerk. We will use codes in conjunction with the Sheriff's Department and will verify all certifications have been received.

2.1 Case Disposition. We will initiate a procedure to review open cases in appropriate circumstances after a period of inactivity to make sure dispositions are entered into JIS and all associated costs have been assessed.

2.2 Time payment fee. Your report states that the court does not always assess the \$25 time-payment fee on all cases. As you are aware, there is a conflict between the statute and the Court Operating Rule. As presiding judge, I will enter an order requiring the assessment of this fee (not on municipal cases.) In the meantime, I have already contacted the Supreme Court regarding this matter (which we discussed with Ms. Stiles on the phone on August 24) and will request guidance from them as to certain aspects of that fee.

2.3 Periodic reviews of user system access. Our circuit clerk Kim Johnson contacted OSCA and that office indicated that this matter (users with more access than required) was a mistake on their part and they apologized for it. Going forward, Ms. Johnson will contact OSCA on a periodic basis to see that all users have appropriate access for their job duties and responsibilities.

2.4 Budgets and Fund Balances. You have stated that four court managed funds do not have budgets. Curiously, one of those funds is the Time Payment Fund which was the subject of item 2.2 of your report (and addressed above) and for which we will now be assessing fees. The Sixth Judicial Circuit is a non-partisan court as contemplated by Article 5 of the Missouri Constitution. We may be limited as to the types of expenditures we can approve from those funds. That said, we believe our county has grown sufficiently (and statistics would bear this out) that we would need an additional court division (which would be Division 6.) We understand that this new division could become a reality either in 2022 or 2023. We may be drafting budgets and using some of our funds to cover some of the costs of setting up this new courtroom. We will be working with the County Commission in this regard. We disagree however, with your conclusion that the fund balances are "excessive" or that this puts an "unnecessary burden" on taxpayers. To our knowledge, while nothing in the enabling statutes for these funds or Supreme Court Operating rules would mandate or even suggest that a formal budget be prepared, we nevertheless appreciate your suggestion that a budget may be of assistance in our management of these funds.

Missouri State Auditor

Schuyler County

Report No. 2021-086

October 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Schuyler County

Property Tax Levy Reductions	The County Clerk did not use the correct tax rate ceilings when performing the annual property tax reduction calculations for 2019 and 2020.
Sheriff's Controls and Procedures	Sheriff's office personnel do not issue prenumbered bond forms and have not established adequate controls and procedures over seized property.
County Debit Card	The County Commission has not established guidelines for the use of the county debit card including requiring the card to be signed out and documented approval of the proposed purchase.
Electronic Data Security	The County Collector and Prosecuting Attorney have not established computer controls to reduce the risk of unauthorized access to the computers and data.
Electronic Communication Policy	The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

---	---

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Schuyler County

We have audited certain operations of Schuyler County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

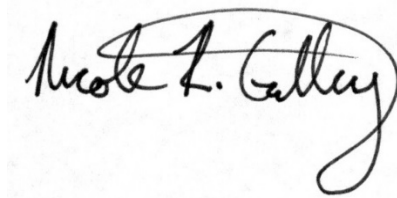

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified deficiencies in internal control, noncompliance with legal provisions, and the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Schuyler County.

Schuyler County Management Advisory Report State Auditor's Findings

1. Property Tax Levy Reductions

The County Clerk did not use the correct tax rate ceilings when performing the annual property tax reduction calculations for 2019 and 2020. The County Clerk incorrectly used the maximum authorized tax rate of \$0.5000¹ instead of the current year tax rate ceilings of \$0.4995 for 2019 and \$0.4365 for 2020. The County Clerk indicated she was unsure about whether to use maximum tax rate authorized or current year tax rate ceiling in the property tax reduction calculation. As a result, the County Clerk incorrectly calculated general revenue property tax levies for 2019 and 2020. These errors resulted in collection of approximately \$2,500 and \$47,300 in excess property tax revenues² in those years, respectively.

Section 67.505, RSMo, requires the county to reduce property taxes for a percentage of sales taxes collected. Schuyler County voters enacted a one-half of 1 percent sales tax with a provision to reduce property taxes by 50 percent of sales taxes collected. To determine the required reduction in property tax revenue, the County Clerk must annually calculate an estimated property tax levy using the county's total assessed valuation, the current year tax rate ceiling, and estimated sales tax revenue for the current year. Using the maximum authorized tax rate instead of the current year's tax rate ceiling results in an insufficient reduction of the general revenue property tax levy. By using the correct tax rate ceiling, the County Commission and the County Clerk can ensure property tax reductions are accurately calculated.

Recommendation

The County Commission and the County Clerk properly calculate property tax rate reductions.

Auditee's Response

We corrected this error this year when we calculated the general revenue property tax levy for 2021. In addition, we will ensure we use the proper tax rate ceiling in future years.

2. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected payments for paper service, concealed carry weapon permits, bonds, and other miscellaneous receipts totaling approximately \$60,255 during the year ended December 31, 2020.

2.1 Bond accountability

Sheriff's office personnel do not issue prenumbered bond forms. As a result, Sheriff's office personnel cannot account for all bond forms issued. The Sheriff and his office personnel stated they did not realize the related risks until we discussed this issue with them. Using prenumbered bond forms and properly accounting for the numerical sequence of the forms is necessary to ensure all bonds received are recorded and submitted to the court for

¹ Tax rate amounts are per \$100 of assessed valuation.

² These amounts are calculated as net of any previous year credits.

Schuyler County
Management Advisory Report - State Auditor's Findings

processing, and to reduce the risk of loss, theft, or misuse of bond funds going undetected.

2.2 Seized property

Sheriff's office personnel have not established adequate controls and procedures over seized property. We identified the following concerns:

- A complete seized property evidence listing is not maintained. The seized property evidence listing includes only evidence dating back to 2015 when the current Sheriff took office. Prior to May 2021, when the Sheriff assigned the position of Evidence Custodian to the Office Deputy, no one in the office specifically had oversight of the seized property room. The Office Deputy has been working on improving controls and ensuring all seized property records are complete.
- We haphazardly selected 5 items from the seized property evidence listing to trace to the physical inventory, and 5 items from the physical inventory to trace back to the seized property evidence listing. We could not locate one item in the seized property room. We also could not find 3 items on the seized property evidence listing. The Office Deputy indicated she relies on the deputy assigned to the case to ensure property seized is properly marked in the law enforcement system case file to be included on the seized property listing generated by the system. She said when this does not occur, items may not be included on the listing.
- Office personnel have not performed a physical inventory of seized property since 2017. As previously stated, no one in the office had the responsibility to oversee the seized property room until recently.

Considering the often sensitive nature of seized property, adequate internal controls are essential and would significantly reduce the risk of loss, theft, or misuse of the property. Complete and accurate inventory records including information such as description, current location, case number, date of seizure, and disposition of such property should be maintained, and periodic physical inventories performed with the results compared to inventory records to ensure seized property is accounted for properly.

A similar condition was noted in our prior two audit reports.

Recommendations

The Sheriff:

- 2.1 Ensure prenumbered bond forms are issued and accounted for properly.
- 2.2 Maintain a complete and accurate seized property evidence listing and ensure periodic physical inventories are conducted and

Schuyler County
Management Advisory Report - State Auditor's Findings

reconciled to the seized property evidence listing. Any differences should be investigated and resolved.

Auditee's Response

- 2.1 *We will ensure procedures are put in place to account for all bond forms issued by the Sheriff's office moving forward whether using prenumbered forms or another method.*
- 2.2 *We are in the process of ensuring all seized property is properly included on the seized property listing. In addition, we will conduct physical inventories of seized property periodically, and reconcile the inventory to the evidence listing once the seized property listing is complete.*

3. County Debit Card

The County Commission has not established guidelines for the use of the county debit card including requiring the card to be signed out and a documented approval of the proposed purchase. County personnel used the card for purchases totaling approximately \$27,900 during the year ended December 31, 2020; mostly for postage, office supplies, machinery parts, janitorial supplies, and online software updates. The County Commissioners indicated they gave the County Clerk general authorization to purchase routine, budgeted items; however, this authorization was not documented. Also, they indicated they did not realize the risks involving the use of a debit card until we discussed the issue with them.

Debit card purchases are inherently more risky than other purchases because debit card purchases are, or can be, made prior to proper approval. That risk and the potential for inappropriate purchases or other misuse increases even more when internal controls and proper procedures are lacking. Without guidelines, employees are not aware of what purchases are allowable, the limits of what could be purchased without prior County Commission approval, or the documentation required to support purchases; and there is less assurance these purchases are appropriate.

Recommendation

The County Commission establish written guidelines regarding use of the county debit card, including provisions for tracking who is using the card and the approval process for debit card purchases.

Auditee's Response

We will establish written guidelines for the use of the county debit card.

4. Electronic Data Security

The County Collector and Prosecuting Attorney have not established computer controls to reduce the risk of unauthorized access to the computers and data. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

The County Collector and Deputy Collector share the County Collector's user identification and password when using the property tax system. As a result,

Schuyler County
Management Advisory Report - State Auditor's Findings

there is no assurance that the user listed in the system for posting a transaction is the person who did it. In addition, office personnel are not required to have a minimum number of characters in the passwords. The County Collector indicated she did not realize the importance of having separate user accounts until we discussed the issue with her. Also, Prosecuting Attorney's office personnel are not required to change passwords regularly. Office personnel indicated they change the password approximately one time per year and the accounting system does not regularly require them to change their passwords.

Unique user identifications and passwords are necessary to identify activity performed by each individual. While user identifications and passwords are required to authenticate access, the security of these logon credentials is dependent upon keeping them confidential. Allowing certain users to share computers without logging off and back on with an unique user identification and password, and not requiring passwords to be periodically changed or contain a minimum number of characters increases the risk of unauthorized access and/or changes to the system and records, and reduces assurance that access is limited to only those individuals who need access to perform their job responsibilities. Passwords should be unique and confidential and changed periodically to reduce the risk of a compromised password and unauthorized access to and use of the county computers and data.

Recommendation

The County Commission work with other county officials to require the use of unique user identifications and passwords when using the property tax system, require Prosecuting Attorney's office personnel change passwords periodically, and require passwords in the County Collector's office to contain a minimum number of characters to help prevent unauthorized access to the county computers and data.

Auditee's Response

The County Commission provided the following response:

We will work with other county officials to ensure unique user identifications and passwords with a minimum number of characters are used to log into county computers and passwords are changed periodically.

The County Collector provided the following response:

I have already implemented this recommendation. I contacted our software provider and set up separate user identifications and passwords for each of us. The tax system now identifies the user entering the transaction.

The Prosecuting Attorney provided the following response:

I will ensure passwords are changed quarterly.

Schuyler County
Management Advisory Report - State Auditor's Findings

5. Electronic Communication Policy

The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. The elected officials indicated they were not aware of these requirements and did not recognize the need for an electronic communication policy because most county business is handled in person.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.³

The County Commission can help ensure compliance with state law by developing written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

Recommendation

The County Commission work with the other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Guidelines.

Auditee's Response

We will work with other county officials to develop a written records management and retention policy that complies with the Secretary of State's electronic communications guidelines.

³ Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed August 10, 2021.

Schuyler County

Organization and Statistical Information

Schuyler County is a county-organized, third-class county. The county seat is Lancaster.

Schuyler County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 17 full-time employees and 12 part-time employees on December 31, 2020.

In addition, county operations include the Senior Citizens' Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Rodney Cooper, Presiding Commissioner	\$	25,432
Jim Werner, Associate Commissioner		23,290
Jeff Lindquist, Associate Commissioner		23,290
Sara Jo Beeler, Recorder of Deeds		34,216
Bree Lawson, County Clerk		34,216
Lindsay Gravett, Prosecuting Attorney		42,786
Joe Wuebker, Sheriff		41,714
Karmen Burt, County Treasurer		34,216
Douglas B. Norman, County Coroner		10,145
Mary (Melody) Whitacre, Public Administrator		18,148
Tammy R. Steele, County Collector (1), year ended February 28 (29),	39,969	
Gary Stump, County Assessor, year ended August 31,		34,216

(1) Includes \$5,446 of commissions earned for collecting city property taxes.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Shelby County, Missouri

The Office of the State Auditor contracted for an audit of Shelby County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Shelby County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Shelby County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Shelby County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Shelby County, Missouri, as of December 31, 2019 and 2020, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Shelby County, Missouri, as of December 31, 2019 and 2020, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Shelby County, Missouri’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated August 16, 2021, on our consideration of Shelby County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Shelby County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

SHELBY COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Shelby County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Shelby County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law. A budget was not adopted for the Shelby County Improvement Corporation Fund in 2019 and 2020.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2020	2019
Prosecuting Attorney Income Tax	✓	N/A
DARE	N/A	✓
Shelby County Improvement Corporation	N/A	✓

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation were:

	2020	2019
Real Estate	\$ 60,251,865	\$ 59,481,281
Personal Property	35,469,724	35,752,444
Railroad and Utilities	37,424,206	37,041,980
Total	<u>\$ 133,145,795</u>	<u>\$ 132,275,705</u>

For calendar years 2020 and 2019, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2020	2019
General Revenue	\$ 0.3950	\$ 0.3950
Special Road & Bridge	0.3500	0.3500

F. Cash Deposits and Cash Equivalents

Deposits and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and cash equivalent balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and

long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND CASH EQUIVALENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption. Cash and cash equivalents include deposits and short-term investments with maturities that are less than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2020, the County had the following cash and cash equivalent and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 1,983,349	\$ 2,225,284	\$ 250,006
Cash and Cash Equivalents	\$ 7,199,669	\$ 3,622,760	\$ 470,291
Investments	<u>970,589</u>	<u>970,589</u>	<u>-</u>
Total Fiduciary Funds	<u>\$ 8,170,258</u>	<u>\$ 4,593,349</u>	<u>\$ 470,291</u>

At December 31, 2019, the County had the following cash and cash equivalent and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 1,693,232	\$ 1,707,750	\$ 250,000
Cash and Cash Equivalents	\$ 4,171,168	\$ 2,540,105	\$ 432,196
Investments	<u>944,751</u>	<u>944,751</u>	<u>-</u>
Total Fiduciary Funds	<u>\$ 5,115,919</u>	<u>\$ 3,484,856</u>	<u>\$ 432,196</u>

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2020 and 2019 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name, except for \$970,589 and \$944,751 as of December 31, 2020 and 2019, respectively. The Public Administrator held the balances in non-FDIC eligible investment accounts on behalf of individual wards.

3. COUNTY EMPLOYEES' RETIREMENT PLANS

A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employers defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. During 2020 and 2019, the County collected and remitted to CERF employee withholdings of \$64,247 and \$60,689, respectively, for the years then ended.

B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 and \$3,366, respectively, for the years ended December 31, 2020, and 2019.

C. Other Retirement Plan

Shelby County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 were \$33,461 and \$33,879, respectively.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

The County provides full-time employees with seven or eight hours of sick leave per month depending on their normal day. The County allows employees to carry forward sick leave from one year to the next, but sick leave may not be accrued beyond sixty days in total. Upon termination, employees will not be compensated for any unused sick leave. Paid vacation is accrued for every employee, and accrues at the rate of five days per year up to twenty-two days per year depending on length of employment. However, employees may not carry over unused vacation from one year to the next. Employees are not compensated for forfeited vacation. Upon termination, employees are compensated for unused vacation.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2020, to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 16, 2021, the date the financial statements were available to be issued.

COMPLIANCE SECTION

McBRIDE, LOCK & ASSOCIATES, LLC

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the County Commission and
Officeholders of Shelby County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Shelby County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Shelby County, Missouri's basic financial statements and have issued our report thereon dated August 16, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Shelby County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Shelby County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Shelby County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented or detected and corrected on a timely basis. *A significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. We did identify certain deficiencies in internal control described in the accompanying schedule of findings and questioned costs as items 2020-001 and 2020-002 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Shelby County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Shelby County, Missouri's Response to Findings

Shelby County, Missouri's responses to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Shelby County, Missouri's responses were not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on them.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and
Officeholders of Shelby County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Shelby County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Shelby County, Missouri's major federal programs for the years ended December 31, 2019 and 2020. Shelby County, Missouri's major programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Shelby County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Shelby County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Shelby County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Shelby County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2019 and 2020.

Report on Internal Control over Compliance

Management of Shelby County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Shelby County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Shelby County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

See accompanying Notes to the Schedule of Expenditures of Federal Awards

SHELBY COUNTY, MISSOURI
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2019 AND 2020

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Shelby County, Missouri for the years ended December 31, 2020 and 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2020 and 2019.

NOTE D – LOAN PROGRAMS

During 2019, the County received a \$40,000 loan from the USDA under CFDA 10.766. The loan was repaid in December 2019, there was no balance outstanding at either December 2019 or 2020.

SHELBY COUNTY, MISSOURI
SCHEDULE OF FINDINGS AND QUESTIONED COSTS
YEARS ENDED DECEMBER 31, 2019 AND 2020

Internal Control Over Financial Reporting:

- Material weakness(es) identified? Yes X No
- Significant deficiencies identified that are not considered to be material weaknesses? X Yes None Reported
- Noncompliance material to financial statements noted? Yes X No

Federal Awards:

Internal Control Over Major Programs:

- Material weakness(es) identified? Yes X No
- Significant deficiencies identified that are not considered to be material weaknesses? Yes X None Reported

Type of Auditor’s Report Issued on Compliance For Major Programs: Unmodified

Any audit findings disclosed that are required to be reported in accordance with Uniform Guidance section 200.516? Yes X No

Identification of Major Programs:

<u>CFDA Number(s)</u>	<u>Name of Federal Program or Cluster</u>
21.019	COVID-19 - Coronavirus Relief Fund

Dollar Threshold Used to Distinguish Between Type A and Type B Programs: \$750,000

Auditee Qualified as low-risk: Yes X No

SECTION II – FINANCIAL STATEMENTS FINDINGS

MATERIAL WEAKNESSES IN INTERNAL CONTROL

None

SIGNIFICANT INTERNAL CONTROL DEFICIENCIES

2020-001: Public Administrator Bank Reconciliations

Criteria: A proper system of internal controls requires proper completion of reconciliation between the accounting system and bank records.

Condition: A review of bank reconciliations for all County elected officials noted that the Public Administrator did not properly perform a complete reconciliation between the accounting system and bank records. We selected a sample of six wards and reviewed all of the monthly bank reconciliations beginning in December 2018 and ending December 2020. Our review noted that a number of outstanding items were not included in the reconciliations, which caused the monthly bank reconciliations to be inaccurate. These outstanding items were identified by reviewing the following months' bank statement. We concluded that a total of 47 items were not included in the monthly bank reconciliations for the selected sample of six wards.

Cause: The Public Administrator had set an automatic payment agreement with their financial institution, which would send out multiple money orders every month to the designated payee. Due to timing differences, the outstanding money orders were not included on the reconciliation performed by the Public Administrator.

Effect: Errors may go undetected and the year-end balance on hand can be miscalculated if proper bank reconciliations are not performed.

Recommendation: We recommend that the Public Administrator set up a notification system with their financial institution for any pending money orders or develop a system to keep track of any outstanding payments.

County's Response: While there have been some instances of outstanding payments not being reconciled for the current month, all payments are being reconciled on the following month bank statement. In the past, I used the date on the check as the date it was paid. Going forward, I will use the date I actually pay the bill, which is typically 7 days earlier than the check date. This 7 day lag allows the bill paying system to generate the check and have the postal service get it to the payee by the designated deliver by date. Making this change should alleviate the problem.

Auditor's Evaluation: The response is appropriate to correct the concern.

2020-002: Internal Control Over Schedule of Expenditures of Federal Awards

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount

provided to subrecipients from each federal program. The County has not implemented proper internal controls to ensure the completeness and accuracy of the SEFA.

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2019 and 2020 annual budget documents contained errors in amounts of federal expenditures reported. Expenditures by the county were overstated by \$54,925 in 2020 and understated by \$51,056 in 2019.

Discrepancies in amounts reported on the 2020 SEFA and amounts supported by underlying accounting records are summarized as follows:

Federal Agency	CFDA Number	Federal Program	Original SEFA	Supported	Difference
DOJ	16.575	Crime Victim Assistance	\$ 37,421	\$ 36,109	\$ 1,312
Treasury	21.019	Coronavirus Relief Fund	695,707	647,094	48,613
GSA	39.011	CTCL Election Grant	5,000	-	5,000
					<u>\$ 54,925</u>

Discrepancies in amounts reported on the 2019 SEFA and amounts supported by underlying accounting records are summarized as follows:

Federal Agency	CFDA Number	Federal Program	Original SEFA	Supported	Difference
USDA	10.766	Community Facilities Loans and Grants	\$ -	\$ 55,000	\$(55,000)
DOJ	16.575	Crime Victim Assistance	39,863	36,807	3,056
DOT	20.205	Highway Planning and Construction	10,961	10,961	-
EAC	90.401	Help America Vote Act Requirements Payments	2,696	1,808	888
					<u>\$(51,056)</u>

Cause: The County has not implemented a proper system of internal control over SEFA preparation to ensure that federal awards are identified and properly reported. This was caused by both the reporting of the receipt of federal funds rather than the amount expended, and the reporting of non-federal grants onto the SEFA.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for both the years ended December 31, 2020 and 2019.

Recommendation: We recommend that the County implement internal controls to ensure that the SEFA completely and accurately states the expenditures of federal awards of the County each year, such as performing a reconciliation between the SEFA and underlying accounting records.

County's Response: It was brought to my attention during our audit that I had filled out our SEFA form incorrectly. The auditors that were here explained to me how to fill it out correctly. I was under the understanding that I should put the whole amount of money there that we received from the Federal Government not just the amount that was paid out. On the USDA portion I should have just put down what came from the USDA and not the whole amount. That was my mistake.

Now since it has been explained very well to me, and I understand it, I will be able to execute this form correctly in the future.

Auditor's Evaluation: The response is appropriate to correct the concern.

CERTIFIED PUBLIC ACCOUNTANTS

August 16, 2021

To the County Commission
Shelby County, Missouri

We have audited the regulatory basis financial statements of Shelby County, Missouri for the years ended December 31, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Shelby County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019 and 2020. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 16, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2019 and 2020, we considered Shelby County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 16, 2021. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

Sheriff Untimely Deposit of Receipts

A proper system of internal controls requires that receipts should be deposited within a timely manner. A review of the 25 Sheriff's receipts noted five instances where receipts were not deposited in a timely manner, as noted below:

Receipt Amount	Date Received	Date Deposited	Timing Difference
\$ 40	7/18/2020	7/24/2020	6 days
39	8/10/2020	8/18/2020	8 days
39	9/3/2020	9/10/2020	7 days
20	9/9/2020	9/30/2020	21 days
80	10/22/2020	10/30/2020	8 days

The Sheriff separates their receipts depending on how the funds will be turned over. After separation, if the funds are very insignificant then that particular category of receipts will not be deposited until there are more similar receipts received. Receipts that are not timely deposited are at increased risk of misappropriation. We recommend that the Sheriff ensure that receipts are deposited in the bank in a timely manner.

Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information (RSI). With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Shelby County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

(Original Signed by McBride, Lock & Associates, LLC)

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Morgan County, Missouri

The Office of the State Auditor contracted for an audit of Morgan County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by Stopp & VanHoy, Certified Public Accountants, and Business Advisors, LLC, is attached.

Nicole R. Galloway, CPA
State Auditor

October 2021
Report No. 2021-084

Recommendations in the contracted audit of Morgan County

2020-001	The county periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the county should prepare a budget for all applicable funds.
2020-002	The Morgan County Senate Bill 40 Board review the accuracy of prepared budgets prior to adoption by the Board. Additionally, the Board should continue to monitor budgets on a routine basis in comparison to actual revenues and disbursements to determine if any amendments should be made.
2020-003	The county address various risks in the environment, including the risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.
2020-004	The County Clerk implement the necessary procedures to ensure that the bank balance reconciles to the book balance on a monthly basis.
2020-005	In order to ensure that transfers are properly reported and in balance, we recommend transfers out always be accompanied by an equal transfer in and that the transfers be clearly identified in the accounting system and on the annual budget.
2020-006	Management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate Schedule of Expenditures of Federal Awards (SEFA) is prepared.

Independent Auditor's Report

To the County Commission and
Officeholders of Morgan County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Morgan County, Missouri, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Morgan County, Missouri's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by Missouri law to demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by Morgan County, Missouri on the basis of accounting practices prescribed or permitted by Missouri law to

demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in *the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Morgan County, Missouri as of December 31, 2020 and 2019, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Morgan County, Missouri as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the basis of accounting practices prescribed or permitted by Missouri law as described in Note 1.

Other Matters

Other Information

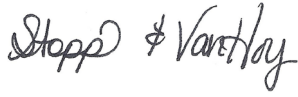

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Morgan County, Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 16, 2021 on our consideration of Morgan County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an

opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Morgan County, Missouri's internal control over financial reporting and compliance.

**The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies

Organized in 1833, the county of Morgan was named after Revolutionary War General Daniel Morgan. It is a third-class county, and the county seat is Versailles. Morgan County's government is composed of a three-member county commission and the following separately elected Constitutional Officers: County Clerk, Collector, Treasurer, Circuit Clerk, Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Morgan County, Missouri, the Morgan County Senior Citizens Services Board, and the Morgan County Senate Bill 40 Board.

Morgan County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Morgan County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Morgan County's legal entity. The Morgan County Senior Citizens Services Board and the Morgan County Senate Bill 40 Board are controlled by separate boards and are also included under the control of Morgan County.

Certain elected County officials, such as the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are included in the Statements of Assets and Liabilities Arising from Cash Transactions - Custodial Funds - Regulatory Basis.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of Morgan County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds, and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Morgan County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, Morgan County adopts a budget for each governmental fund.

On or before January 15th, each elected official and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.

Budgets are prepared and adopted on the cash basis of accounting.

During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: Prosecuting Attorney Training Fund and Sheriff Revolving Fund. The following funds had actual expenditures that exceeded budgeted expenditures in 2019: Prosecuting Attorney Training Fund, NID Debt Service Bond Fund, Sheriff Fees Fund, County Law Enforcement Restitution Fund, Inmate Security Fund, and Tax Maintenance Fund. The following funds did not have a budget prepared in 2020 and 2019: Help America Vote Act Fund and Little Proctor Road Overlay Fund.

For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Morgan County's boundaries for the calendar year 2020 and 2019, respectively, for the purposes of County taxation was as follows:

	<u>2020</u>	<u>2019</u>
Real Estate	\$ 415,192,730	\$ 410,216,200
Personal Property	95,175,261	91,377,079
Railroad and Utilities	39,212,964	33,417,089
	<u>\$ 549,580,955</u>	<u>\$ 535,010,368</u>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year 2020 and 2019, respectively, for the purpose of County taxation, was as follows:

	<u>2020</u>	<u>2019</u>
General Revenue	\$ 0.1100	\$ 0.1100
Special Road and Bridge	0.1327	0.1313
Senior Citizens Services Board	0.0423	0.0423
Senate Bill 40 Board	0.0423	0.0423

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer's funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investments shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in Morgan County's name at third-party banking institutions. Details of these cash balances are presented in Note 2.

**The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies (continued)

Interfund Transactions

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

Note 2 - Deposits and Investments

Morgan County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents". Cash held for others is displayed on the statement of assets and liabilities arising from cash transactions as "Cash and Equivalents."

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2020, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 29,550,366	\$ 27,609,669
Investments	<u>1,726,664</u>	<u>1,726,664</u>
Total Deposits and Investments as of December 31, 2020	<u><u>\$ 31,277,030</u></u>	<u><u>\$ 29,336,333</u></u>
Total Cash and Equivalents - Governmental Funds	\$ 13,254,556	
Total Cash and Equivalents - Agency Funds	<u>18,022,474</u>	
	<u><u>\$ 31,277,030</u></u>	

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2019, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 28,214,872	\$ 26,135,376
Investments	<u>1,689,900</u>	<u>1,689,900</u>
Total Deposits and Investments as of December 31, 2019	<u><u>\$ 29,904,772</u></u>	<u><u>\$ 27,825,276</u></u>
Total Cash and Equivalents - Governmental Funds	\$ 11,483,521	
Total Cash and Equivalents - Agency Funds	<u>18,421,251</u>	
	<u><u>\$ 29,904,772</u></u>	

The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 2 - Deposits and Investments (continued)

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2020, \$503,111 of Morgan County's deposits were not properly insured. At December 31, 2019, \$487,087 of Morgan County's deposits were not properly insured. The remainder of Morgan County's deposits were covered by the Federal Deposit Insurance Company (FDIC) or were collateralized.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to Morgan County or its agent but not in the government's name. Morgan County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of Morgan County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Morgan County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by Morgan County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U. S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). Morgan County has no policy in place to minimize the risk of loss resulting from over concentration of assets of a specific maturity, specific issuer or specific class of securities.

The following investments represent more than 5%, individually, of total investments:

Issuer	Investment Type	2020 Balance	% of Portfolio	2019 Balance	% of Portfolio
Citizens Bank of Eldon	Cert. of Deposit	\$ 984,381	57%	\$ 968,017	57%
Community Point Bank	Cert. of Deposit	742,283	43%	721,883	43%

Note 3 - Interfund Transfers

Transfers between funds for the years ended December 31, 2020 and 2019 are as follows:

Fund	2020		2019	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue	\$ 160,767	\$ 246,545	\$ 68,400	\$ 227,024
Special Road and Bridge	4,060	-	-	-
911	246,545	-	227,024	-
Law Enforcement Sales Tax	25,684	-	10,000	-
County Law Enforcement Restitution	-	53,400	-	53,400
Inmate Security	33,479	-	-	-
Tax Maintenance	-	25,000	-	25,000
Coronavirus Relief	-	145,590	-	-
Total	<u>\$ 470,535</u>	<u>\$ 470,535</u>	<u>\$ 305,424</u>	<u>\$ 305,424</u>

Note 4 - Long-Term Debt

Limited General Obligation Bonds

In 2006, Morgan County issued \$222,000 in Limited General Obligation Bonds for the purpose of capital improvements located within the Saddle Road Neighborhood Improvement District. The Bonds are paid through a special assessment that is assessed on the benefitted properties located within the District. Principal and interest payments are due annually on March 1 with interest payable at 4.875%.

Balance at 12/31/18	Amount Borrowed	Amount Repaid	Balance at 12/31/19	Amount Borrowed	Amount Repaid	Balance at 12/31/20
<u>\$ 115,000</u>	<u>\$ -</u>	<u>\$ (12,000)</u>	<u>\$ 103,000</u>	<u>\$ -</u>	<u>\$ (13,000)</u>	<u>\$ 90,000</u>

Interest expense for the years ended December 31, 2020 and 2019 was \$5,421 and \$6,006, respectively.

Future minimum payments due on the Series 2006 Limited General Obligation Bonds are as follows:

Year	Principal	Interest	Total
2021	\$ 13,000	\$ 4,387	\$ 17,387
2022	14,000	3,754	17,754
2023	15,000	3,071	18,071
2024	15,000	2,340	17,340
2025	16,000	1,609	17,609
2026	17,000	829	17,829
	<u>\$ 90,000</u>	<u>\$ 15,990</u>	<u>\$ 105,990</u>

Principal payments made on the Series 2006 Limited General Obligation Bonds are made from the NID Debt Service Bond Fund.

For the years ended December 31, 2020 & 2019**

Note 4 - Long-Term Debt (continued)

Lease Purchase Agreements

In 2012, the County entered into a \$229,070 lease purchase agreement with U.S. Bank for 911 Equipment, payable in monthly installments of \$5,437 with a final payment due November 7, 2019. The lease agreement carries an interest rate of 2.035%. This lease was paid in full in 2019.

In 2012, the County entered into a \$487,527 lease purchase agreement with U.S. Bank for 911 Equipment, payable in monthly installments of \$6,177 with a final payment due October 20, 2019. The lease agreement carries an interest rate of 1.781%. This lease was paid in full in 2019.

Balance at 12/31/18	Amount Borrowed	Amount Repaid	Balance at 12/31/19	Amount Borrowed	Amount Repaid	Balance at 12/31/20
\$ 115,139	\$ -	\$ (115,139)	\$ -	\$ -	\$ -	\$ -

Interest expense for the years ended December 31, 2020 and 2019 was \$0 and \$1,004, respectively.

Note 5 - County Employees' Retirement Fund (CERF)

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840 RSMo., circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997 RSMo., and certain personnel not defined as an employee per Section 50.1000(8) RSMo. The Fund was created by an act of legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at www.mocerf.org.

**The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 5 - County Employees' Retirement Fund (CERF) (continued)

Contributions

Prior to January 1, 2003, participating county employees were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002 are required to make contributions of 6%. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 6% contribution on behalf of employees. The County collected and remitted CERF employee contributions of \$227,589 and \$221,234 for the years ended December 31, 2020 and 2019, respectively.

In addition to the above contributions required of employees, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of personal property tax declarations,
- Twenty dollars on each merchants and manufacturers license issued,
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded,
- Three sevenths of the fee on delinquent property taxes, and
- Interest earned on investment of the above collections prior to remittance to CERF.

The County collected and remitted CERF fees and penalties of \$286,995 and \$247,139 for the years ended December 31, 2020 and 2019, respectively.

Further information related to required contributions, pension benefits, other plan terms, and investments and related return and financial information can be found in the notes to the financial statements of CERF's Annual Financial Report.

Note 6 - Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807 RSMo, Morgan County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. Morgan County has contributed \$11,628 and \$11,628, respectively, for the years ended December 31, 2020 and 2019.

Note 7 - Other Retirement Plan

Morgan County has 457 and 401(a) plans which are paid by a deduction from employees' salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 457 plan were \$71,740 and \$67,197, respectively. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 401(a) plan were \$29,634 and \$28,781, respectively.

The Morgan County Senate Bill 40 Board participates in a SIMPLE IRA plan and matches up to 3% of an employee's elective deferrals. These contributions qualify under the Internal Revenue Code and are tax exempt. Pension plan expense for the years ended December 31, 2020 and 2019 was \$4,035 and \$3,804, respectively.

**The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 8 - Post-Employment Benefits

Morgan County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Morgan County.

Note 9 - Claims, Commitments and Contingencies

Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Compensated Absences

Vacation time is accrued for every full-time employee, and accrues at the rate of six days per year for employees with three years of service time or less, 12 days for employees with four to nine years of service time, or 18 days for employees with ten years of service time or more. If an employee has reached the maximum amount of unused vacation (one and one-half times the annual vacation amount), vacation will stop accruing on a monthly basis until the employee is below the limit. Upon separation, employees with ninety days or more of continuous service will be compensated for unused vacation time. The County provides fulltime employees with 12 days of sick time per year, up to a maximum of 36 days. Employees are not compensated for unused sick time upon separation. These have not been subjected to auditing procedures.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

Note 10 - Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

**The County of Morgan
Versailles, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 11 - Subsequent Events

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through August 16, 2021, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

Independent Auditor's Report

To the County Commissioners and
Officeholders of Morgan County, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Morgan County, Missouri as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Morgan County, Missouri's basic financial statements, and have issued our report thereon dated August 16, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Morgan County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Morgan County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Morgan County, Missouri's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2020-004 and 2020-005 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in the accompanying schedule of findings and questioned costs as item 2020-003 to be a significant deficiency.

Compliance and Other Matters

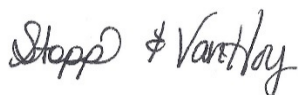

As part of obtaining reasonable assurance about whether Morgan County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the schedule of findings and questioned costs as items 2020-001 and 2020-002.

Morgan County, Missouri's Response to Findings

Morgan County, Missouri's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. Morgan County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Creve Coeur, Missouri

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT
ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE

Independent Auditor's Report

To the County Commission and
Officeholders of Morgan County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Morgan County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Morgan County, Missouri's major federal programs for the years ended December 31, 2020 and 2019. Morgan County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Morgan County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Morgan County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Morgan County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Morgan County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as 2020-006. Our opinion on each major federal program is not modified with respect to these matters.

Morgan County, Missouri's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Morgan County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

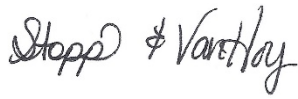

Management of Morgan County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Morgan County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Morgan County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-006, that we consider to be a significant deficiency.

Morgan County, Missouri's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Morgan County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies

Purpose of Schedule and Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). This Uniform Guidance requires a schedule that provides total federal awards expended for each federal program and the Catalog of Federal Domestic Assistance (CFDA) number or other identifying number when the CFDA number is not available.

This schedule includes all federal awards administered by Morgan County, Missouri.

Basis of Presentation

The *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* includes these definitions, which govern the contents of the schedule:

Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors.

Because the Schedule presents only a selected portion of the operations of Morgan County, Missouri, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Morgan County, Missouri.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Federal expenditures are considered to have occurred when cash is disbursed for allowable expenditures.

Morgan County, Missouri has not elected to use the 10% de minimis indirect cost rate.

Note 2 - Donated Personal Protective Equipment

Morgan County received no donated personal protective equipment which had been purchased with federal funds. This footnote is unaudited.

**The County of Morgan
Versailles, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings

2020-001 **Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget.

Condition: During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: Prosecuting Attorney Training Fund and Sheriff Revolving Fund. The following funds had actual expenditures that exceeded budgeted expenditures in 2019: Prosecuting Attorney Training Fund, NID Debt Service Bond Fund, Sheriff Fees Fund, County Law Enforcement Restitution Fund, Inmate Security Fund, and Tax Maintenance Fund. The following funds did not have a budget prepared in 2020 and 2019: Help America Vote Act Fund and Little Proctor Road Overlay Fund.

Cause: Oversight

Effect: Due to exceeding budget in certain funds and failing to prepare a budget for certain funds, the County is in violation of Missouri Revised Statutes.

Recommendation: We recommend that the County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should prepare a budget for all applicable funds.

Management's Response: The county will review all budgeted expenditures quarterly (March, June, September, and December.) Any budgets over will be amended and adjusted appropriately. HAVA and Little Proctor Overlay will be added to the budget accordingly.

2020-002 **Criteria:** Budgets should be prepared accurately, listing beginning available fund balances, expected revenues and disbursements, and expected ending fund balances.

Condition: During the audit, it was noted that the Morgan County Senate Bill 40 Board's budgets for the years ended December 31, 2020 and 2019 were prepared with formula errors.

Cause: Oversight

Effect: Due to preparing budgets with errors, the Morgan County Senate Bill 40 Board is unable to accurately compare actual revenues and disbursements to budgeted revenues and disbursements for the years ended December 31, 2020 and 2019.

Recommendation: We recommend that the Morgan County Senate Bill 40 Board review the accuracy of prepared budgets prior to adoption by the Board. Additionally, the Board should continue to monitor budgets on a routine basis in comparison to actual revenues and disbursements to determine if any amendments should be made.

Management's Response: Without more information, we must assume that the formula errors were literal errors manifested in the Excel spreadsheets used to compute the budgets. The budget for 2019 was prepared by the previous Executive Director. The current Executive Director assumed the position in August of 2019. The 2020 budget was prepared using the 2019 budget as a template. The 2021 budget was prepared via QuickBooks. All future budgets will utilize QuickBooks to organize, compute, and report budgets.

**The County of Morgan
Versailles, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings (continued)

2020-003 **Criteria:** Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During our audit, we noted there is no formal fraud risk assessment in place.

Cause: Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

Effect: Lack of an appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Recommendation: We recommend that the County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.

Management's Response: The County will implement a fraud risk assessment process by the end of the year. This assessment will be reviewed and updated on an annual basis to review any areas for concern.

2020-004 **Criteria:** The County Clerk is charged with maintaining accountability over funds in a trustee capacity as an agent of an individual, taxing units, or other government. A proper system of internal controls dictates that bank reconciliations be performed on a timely basis for all bank accounts to ensure that cash balances per the accounting records agree to the cash balances held in the bank. Additionally, the County Clerk's office should prepare a list of all outstanding liabilities for each account.

Condition: For the years ended December 31, 2020 and 2019, the County Clerk's office failed to perform timely and accurate bank reconciliations or prepare a list of outstanding liabilities for all bank accounts held by the County Clerk's office.

Cause: The reconciled bank balance, including all outstanding liabilities, is not being compared to the balances of the funds on hand per the County Clerk's records due to lack of internal controls and procedures in the County Clerk's office.

Effect: Without timely, accurate bank reconciliations, the risk of material misstatement of the County Clerk's cash balances due to error or misappropriation is heightened. Additionally, there is a risk that the County Clerk's office cannot account for all outstanding liabilities which may result in account overdrafts.

Recommendation: We recommend that the County Clerk implement the necessary procedures to ensure that the bank balance reconciles to the book balance on a monthly basis.

Management's Response: The County Clerk had been using a different method of keeping track of bank records but began implementing the recommended procedure of bank reconciliation after the issue was noted by the auditors.

The County of Morgan
Versailles, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019

Section 2 - Financial Statement Findings (continued)

2020-005 **Criteria:** Management should prepare the financial statements of the County, as presented in the annual budget, to present balanced transfers between all funds.

Condition: The recorded transfers out did not equal the recorded transfers in for either 2020 or 2019. This was the result of transfers out misclassified as expenditures and transfers in misclassified as revenues. In most instances, one side of the transfer would be booked to a “miscellaneous” revenue or expense account resulting in an imbalance between transfers in and out. This has the effect of overstating expenditures and revenues as recorded in the annual budget documents. All transfers out must be accompanied by a corresponding transfer in. The financial statements included in this report have been adjusted so that transfers in and out between funds are equal as of December 31, 2020 and 2019.

Cause: Oversight.

Effect: The financial statements of the County, as presented in the annual budget, were inaccurately prepared due to an imbalance between transfers in and out.

Recommendation: In order to ensure that transfers are properly reported and in balance, we recommend transfers out always be accompanied by an equal transfer in and that the transfers be clearly identified in the accounting system and on the annual budget.

Management's Response: The County Law Enforcement Restitution Fund has no line item for the Law Enforcement Sales Tax transfer. A line item will be added to the next budget cycle.

Section 3 - Federal Award Findings and Questioned Costs

2020-006 Federal Grantor: All Programs
Pass-Through Grantor: All Programs
Federal CFDA Number: All Programs
Program Title: All Programs

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200 requires auditees to prepare an accurate Schedule of Expenditures of Federal Awards (SEFA) containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of pass-through entity.

Condition: The Schedule of Expenditures of Federal Awards (SEFA) contained errors. The County's current internal controls over SEFA reporting are not sufficient enough to ensure correct SEFA reporting.

Cause: Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

Effect: Federal expenditures reported in the SEFA were incorrect.

Context: This finding was reported in the previous audit for the years ended December 31, 2016 and 2015, and has been reported in several previous audits of the County.

**The County of Morgan
Versailles, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 3 - Federal Award Findings and Questioned Costs

2020-006 **Recommendation:** We recommend management develop internal controls over reporting and consult with outside
(cont.) accountants, if possible, to ensure an accurate SEFA is prepared.

Management's Response: When budget sheets are sent out to each department head at the beginning of December, we will request paperwork of any federal awards that have been received throughout the year to make sure they are getting reported accurately.

**The County of Morgan
Versailles, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by Morgan County, Missouri, on the applicable findings in the prior audit report issued for the two years ended December 31, 2016 & 2015.

Prior Year Financial Statement Findings

1. Internal Controls over Credit and Fuel Card Usage

Condition: During our audit, we noted that the County's internal controls over the use of its Visa credit cards, Walmart Community cards, and fuel cards were inadequate. During the audit period, there were five Visa credit cards issued and over a dozen Walmart Community cards, and access to these cards was not centrally controlled as the employees who were issued cards carried them with them at all times. Having a large number of credit cards issued without controls over access to the cards greatly increases the risk of inappropriate use or loss of the cards. During 2017, the County Commission has taken steps to reduce the number of cards outstanding. Three Walmart Community cards that had been issued could not be located when the Commission was in the process of collecting the outstanding cards. There are now only three Walmart Community cards issued to County employees (Sheriff, Jail Administrator, and 911 supervisor) and one Visa credit card which is kept in a locked drawer in the Commissioner's office. Advance approval is now required before using one of the Walmart credit cards.

The County Commission has also taken steps to improve controls over fuel card usage by employees of the Sheriff's office. The new cards issued in 2017 require card users to enter the vehicle mileage and a unique vehicle PIN number to be entered at the pump, allowing the Sheriff and 911 supervisor to compare fuel expenditures to actual miles driven.

Recommendation: We recommend that the County continue to take steps to ensure that proper controls are in place to prevent inappropriate use of County credit cards through physical control of the cards and requiring proper approvals prior to use.

County's Response: In addition to improved controls over fuel cards, all remaining County issued credit cards have been turned into the County Commission and distributed upon request and approval of purchases.

Auditor's Response: The response is appropriate to correct the concern.

Status: This finding is no longer applicable.

2. Accounting for Transfers

Condition: The financial statements of the County as presented in the annual budget documents present transfers between funds. The recorded transfers out did not equal the recorded transfers in for either 2016 or 2015. This was the result of transfers out misclassified as expenditures and transfers in misclassified as revenues. In most instances, one side of the transfer would be booked to a "miscellaneous" revenue or expense account resulting in an imbalance between transfers in and out. This has the effect of overstating expenditures and revenues as recorded in the annual budget documents. All transfers out must be accompanied by a corresponding transfer in. The financial statements included in this report have been adjusted so that transfers in and out between funds are equal as of December 31, 2016 and 2015.

The County of Morgan
Versailles, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019

Prior Year Financial Statement Findings (continued)

2. Accounting for Transfers (continued)

Recommendation: In order to ensure that transfers are properly reported and in balance, we recommend transfers out always be accompanied by an equal transfer in and that the transfers be clearly identified in the accounting system and on the annual budget.

County's Response: Morgan County accepts the recommendation and will make the necessary changes to ensure transfers are more clearly identified.

Auditor's Response: The response is appropriate to correct the concern.

Status: Management has not corrected this issue, therefore, this finding is repeated as 2020-005 in the current year.

3. Budgetary Controls

Condition: Actual expenditures exceeded budgeted expenditures for eight funds in 2015 and five funds in 2016. The detailed list of funds can be found in Note 1.D.10 to the financial statements. RSMo 50.740 prohibits expenditures in excess of the approved budgets. Budgetary controls are significant to the proper management and custodianship of county funds. Compliance with statutory requirements related to budgets will improve controls over county funds and help maintain the integrity of the budget process.

Recommendation: We recommend the County strictly adhere to the authorized spending limits as documented in the adopted County budget or follow the appropriate procedures to amend the budget.

County's Response: Morgan County began amending the budget in 2016 and will continue to monitor spending limits and adhere to budget limits or amend as required.

Auditor's Response: The response is appropriate to correct the concern.

Status: Management has not corrected this issue, therefore, this finding is repeated as 2020-001 in the current year.

4. Competitive Purchasing Procedures

Condition: During our audit, we noted two instances where the County purchased goods or services in excess of \$4,500 but no documentation of bidding or other competitive purchasing procedures could be provided. In 2015, the County purchased a piece of equipment for the Recorder's office for \$11,217. In 2016, the County purchased services for painting at the Justice Center for a total of \$8,966. In both cases, no documentation of bidding could be provided. RSMo 50.660 states that, "All contracts and purchases shall be let to the lowest and best bidder after due opportunity for competition...except that the advertising is not required in case of contracts or purchases involving an expenditure of less than six thousand dollars. It is not necessary to obtain bids on any purchase in the amount of four thousand five hundred dollars or less made from any one person, firm or corporation during any period of ninety days...." RSMo. 50.783.1 states that, "The county commission may waive the requirement of competitive bids or proposals for supplies when the commission has determined in writing and entered into the commission minutes that there is only a single feasible source for the supplies."

**The County of Morgan
Versailles, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Financial Statement Findings (continued)

4. Competitive Purchasing Procedures (continued)

Recommendation: We recommend the County Commission solicit bids in accordance with Missouri state law and maintain bid documentation in conjunction with associated disbursement records in the County Clerk's office and include pertinent bid information in the Commission minutes.

County's Response: Morgan County recognizes that it failed to obtain bids on two separate occasions. While we feel only one single feasible source was available for the supplies, we did not attempt to solicit bids. Corrective action has been taken in the County Commission office to ensure that this will not happen in future purchases and that Morgan County follows the required bidding process as set forth in RSMo 50.783.1.

Auditor's Response: The response is appropriate to correct the concern.

Status: This finding is no longer applicable.

Prior Year Federal Award Findings

2016-001 **Schedule of Expenditures of Federal Awards**

Federal Grantor: U.S. Department of Justice, U.S. Department of Transportation, U.S. Department of Homeland Security

Pass-Through Grantor: Missouri Department of Public Safety, Missouri Department of Transportation

Federal CFDA Number: 16.738, 20.205, 97.036

Program Title: Edward Byrne Memorial Justice Assistance Grant, Highway Planning and Construction, Disaster Grants – Public Assistance (Presidentially-declared Disasters)

Pass-through Entity Identifying Number: 2013-JAG-020, 2014-JAG-019, 2015-JAG-020, BROB071(9), BRO-B071(10)

Award Year: 2016 and 2015

Questioned Costs: None

Criteria: 2 CFR 200.510(b) requires auditees to prepare a schedule of expenditures of federal awards which must report total federal awards expended during the audit period. At a minimum, the schedule must include: expenditures by individual federal program, name of the pass-through entity and identifying number for awards not received directly from the federal government, and the total amount provided to subrecipients from each federal program.

**The County of Morgan
Versailles, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Federal Award Findings (continued)

2016-001 Schedule of Expenditures of Federal Awards (continued)
(cont.)

Condition: The schedules of expenditures of federal awards (SEFA) reported by the County in the 2015 and 2016 annual budget documents did not report all federal awards expended. The 2015 SEFA reported total federal award expenditures of \$134,307, while the 2016 SEFA reported \$0. However, during the audit we discovered an additional \$1,147,692 of federal award expenditures in 2015 and \$294,737 in 2016. The County Drug Task Force fund received federal money from the Missouri Department of Public Safety in 2015 and 2016 that was not reported on the SEFA. The County carried out two BRO bridge projects that were reimbursed with federal money passed through the Missouri Department of Transportation that were not reported on the SEFA. In 2016, the County received reimbursements of federal funds from the Missouri State Emergency Management Agency for disaster assistance expenses that were not reported on the SEFA. Findings related to the preparation of the SEFA have been noted in several past audits of the County.

Cause: The County may not have known about the existence of these federal awards because the money was received from State level agencies rather than from the federal government.

Effect: The SEFA presented for audit did not accurately reflect the County's actual expenditures of federal awards for both the years ended December 31, 2016 and 2015. The likelihood of noncompliance with federal award requirements applicable to certain awards is increased when the County is not aware that a grant is a federal award. The SEFA presented in this report has been corrected.

Recommendation: We recommend that the County implement procedures to ensure that the SEFA encompasses all federal awards received by the County. The County needs to be more diligent at identifying awards of federal funds that are passed through from State agencies.

County's Response: Morgan County will work on establishing a procedure to ensure that the SEFA encompasses all federal awards received by the County.

Status: Management has not corrected this issue, therefore, this finding is repeated as 2020-006 in the current year.

2016-002 Cash Management Procedures

Federal Grantor: U.S. Department of Transportation

Pass-Through Grantor: Missouri Department of Transportation

Federal CFDA Number: 20.205

Program Title: Highway Planning and Construction

Pass-through Entity Identifying Number: BROB071(9), BRO-B071(10)

Award Year: 2015

Questioned Costs: None

**2016-002 Cash Management Procedures
(cont.)**

Criteria: Federal award requirements state that recipients receiving advances of federal funds must implement procedures to minimize the time elapsing between the receipt of federal funds and the disbursement of the funds. BRO program regulations state that Local Public Agencies (Morgan County) must “develop cash management procedures to ensure payment is made to the contractor/consultant within two (2) business days of receipt of funds from MoDOT.”

Condition: During our audit, we analyzed all receipts and disbursements on both BRO projects during 2015 and noted several instances where the County wrote checks to the consulting engineers and construction contractors on both BRO projects well after the reimbursement from MoDOT was received into the County’s bank account. The County typically submitted invoices to MoDOT for reimbursement prior to making the payment on the invoice to the engineer or construction contractor. For BRO-B071(9), there were two checks totaling \$5,942 that were written 39 and 49 days after receipt of funds from MoDOT. For BRO-B071(10), there were seven checks totaling \$342,678 that were written between 8 and 46 days after receipt of funds from MoDOT.

Cause: The County does not have access to online banking, therefore, they are not aware of electronic receipts such as those from MoDOT until they receive notice from the bank. As some of the disbursements under this grant are quite large, the County preferred to wait until funds were received from MoDOT prior to paying vendors.

Effect: The grant is intended to be a reimbursement type grant, however, the County may have inappropriately earned interest on the federal funds due to the delay in payments.

Recommendation: We recommend that the County implement procedures to ensure that federal funds are disbursed in a timely manner in accordance with federal regulations and the terms and conditions of federal awards.

County's Response: Morgan County will not be implementing online banking. At this point we have no choice until the Treasurer receives notification from our financial institution that funding has been received and then payment will be made. Morgan County records show that when notification of funds had been received, payments were made in a timely manner.

Status: This finding is no longer applicable.

Morgan County Commission

100 E. Newton
Versailles, Missouri 65084
573-378-4643

CORRECTIVE ACTION PLAN

Audit Finding Reference: 2020-001

Planned Corrective Action: The County will review all budgeted expenditures quarterly (March, June, September, and December.) Any budgets over will be amended and adjusted appropriately. HAVA and Little Proctor Overlay will be added to the budget accordingly.

Name of Contact Person: County Clerk, Aimee Worthley. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-002

Planned Corrective Action: Without more information, we must assume that the formula errors were literal errors manifested in the Excel spreadsheets used to compute the budgets. The budget for 2019 was prepared by the previous Executive Director. The current Executive Director assumed the position in August of 2019. The 2020 budget was prepared using the 2019 budget as a template. The 2021 budget was prepared via QuickBooks. All future budgets will utilize QuickBooks to organize, compute, and report budgets.

Name of Contact Person: Morgan County Senate Bill 40 Board Executive Director, Myrna Blaine. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-003

Planned Corrective Action: The County will implement a fraud risk assessment process by the end of the year. This assessment will be reviewed and updated on an annual basis to review any areas for concern.

Name of Contact Person: County Clerk, Aimee Worthley. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-004

Planned Corrective Action: The County Clerk had been using a different method of keeping track of bank records but began implementing the recommended procedure of bank reconciliation after the issue was noted by the auditors.

Name of Contact Person: County Clerk, Aimee Worthley. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-005

Planned Corrective Action: The County Law Enforcement Restitution Fund has no line item for the Law Enforcement Sales Tax transfer. A line item will be added to the next budget cycle.

Name of Contact Person: County Clerk, Aimee Worthley. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-006

Planned Corrective Action: When budget sheets are sent out to each department head at the beginning of December, we will request paperwork of any federal awards that have been received throughout the year to make sure they are getting reported accurately.

Name of Contact Person: County Clerk, Aimee Worthley. Expected completion date is December 31, 2021.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Livingston County, Missouri

The Office of the State Auditor contracted for an audit of Livingston County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

Nicole R. Galloway, CPA
State Auditor

October 2021
Report No. 2021-083

Nicole Galloway, CPA
Missouri State Auditor

RECOMMENDATION SUMMARY

Recommendations in the contracted audit of Livingston County

Investment Policy	The county adopt an investment policy in accordance with state statutes and review compliance with this policy at least annually.
Collector Bank Reconciliations	The Collector implement procedures to ensure that stale outstanding checks are followed up in a timely manner and removed from the bank reconciliation when it becomes apparent that checks will not be cashed. Checks that have remained unclaimed for more than three years are deemed abandoned and are required to be turned over immediately to the State Treasurer pursuant to state statutes.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Livingston County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Livingston County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Livingston County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Livingston County, Missouri, as of December 31, 2019 and 2020, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Livingston County, Missouri, as of December 31, 2019 and 2020, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Livingston County, Missouri’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated August 11, 2021, on our consideration of Livingston County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Livingston County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

LIVINGSTON COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Livingston County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are nine elected Constitutional Officers: Assessor, Circuit Clerk, Collector/Treasurer, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder and Sheriff.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Livingston County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the Senate Bill 40 Board Fund in 2020.

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation were:

	2020	2019
Real Estate	\$ 131,416,730	\$ 129,900,120
Personal Property	52,551,003	47,828,497
Railroad and Utilities	14,806,285	13,893,734
Total	<u>\$ 198,774,018</u>	<u>\$ 191,622,351</u>

For calendar years 2020 and 2019, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2020	2019
General Revenue	\$ 0.0269	\$ 0.0406
Senior Citizens Tax Board	0.0510	0.0510
Senate Bill 40 Board	0.1000	0.1000

In addition to the levy above, the County receives 5% of Road & Bridge taxes levied and collected by each township in the County.

F. Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at third-party banking institutions. Details of these cash and investment balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and

as “transfers out” by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND INVESTMENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the “Cash and Investments” caption. Investments consist of certificates of deposit with original maturities that are greater than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government’s deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2020, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents	\$ 3,517,525	\$ 3,667,481	\$ 615,206
Investments	605,913	605,913	605,913
Total Governmental Funds	<u>\$ 4,123,438</u>	<u>\$ 4,273,394</u>	<u>\$ 1,221,119</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 10,204,801	\$ 10,222,282	\$ 487,247

At December 31, 2019, the County had the following cash and investment balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents	\$ 2,902,187	\$ 3,062,025	\$ 678,762
Investments	597,225	597,225	597,225
Total Governmental Funds	<u>\$ 3,499,412</u>	<u>\$ 3,659,250</u>	<u>\$ 1,275,987</u>
Cash and Cash Equivalents - Fiduciary Funds	\$ 10,001,140	\$ 10,264,803	\$ 575,874

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2020 and 2019 were covered by collateral held at the Federal Reserve Bank and the County’s safekeeping bank agent in the County’s name or by a line of credit held by the County or by its agent in the County’s name.

3. COUNTY EMPLOYEES’ RETIREMENT PLANS

A. Missouri Local Government Employees Retirement System (LAGERS)

1) Plan Description

Livingston County participates in the Missouri Local Government Employees Retirement System (LAGERS), an agent multiple-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by statute, Section 70.600-70.755, RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401 (a) and is tax exempt.

The Missouri Local Government Employees Retirement System issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri 65102 or by calling 1-800-447-4334, or by the following website, www.molagers.org.

2) Pension Benefits

Benefits are available to all full-time employees working in a LAGERS covered department. Benefits vest when an employee earns five years (60 months) of service credit in the system. Normal retirement age is 60 (General) or 55 (Police), and early retirement is 55 (General) and 50 (Police). Benefits are paid out using a formula that is based on the employee's final average salary and amount of credited service time.

3) Funding Policy

Full-time employees of Livingston County contribute 4% of their gross salary to the pension plan. The January 1st statutorily required contribution rates were 10.3% and 10.4% (General), and 8.2% and 7.8% (Police) of annual covered payroll for 2020 and 2019 respectively. The contribution requirements of plan members are determined by the governing body of the political subdivision. The contribution provisions of the political subdivision are established by state statute. For the years ended December 31, 2020 and 2019, full time employees of the County contributed \$144,955 and \$132,513. For the years ended December 31, 2020 and 2019, the County contributed \$138,967 and \$127,853 to LAGERS.

B. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit

clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, all participants hired on or after February 24, 2002 are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003. An active LAGERS participant who was employed with the County prior to February 24, 2002, is not required to make contributions. The County has elected not to make contributions on behalf of employees. During 2020 and 2019, the County collected and remitted to CERF county contributions of \$17,490 and \$13,686 and employee withholdings of \$22,664 and \$20,108, respectively, for the years then ended.

C. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$11,628 for each of the years ended December 31, 2020 and 2019.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

The County provides employees with up to three weeks of paid vacation based upon the number of years of continuous service. Employees may carry over a maximum of two weeks of vacation time. Compensation for unused vacation is at the discretion of the County Commission. Upon termination from County employment, an employee is reimbursed for unused vacation and overtime, if applicable. Failure to give proper notice forfeits all unused vacation time.

Regular full-time employees accrue sick leave at six to ten hours per month depending on the length of their normal work week. Employees may accrue sick leave days with pay to a maximum of 72 regular working days in a fiscal year.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections which are intended to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri

counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2020:

- A. On April 17, 2012, the County entered into a lease agreement with UMB Bank for Series 2012 Refunding Certificates of Participation (COPS) to be used to refund Series 2006 COPS. The original principal amount of \$460,000 has an interest rate of 2.35% payable in semiannual installments. The maturity date of the COPS is June 1, 2021. The schedule of remaining payments and interest is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 15,000	\$ 176	\$ 15,176

- B. On March 15, 2018, the County entered into a lease agreement with AGCO Finance LLC for a Kubota Compact Track Loader. The lease is for \$67,225 and requires 59 monthly payments of \$1,249. The lease was paid off with a payment of \$42,818 on February 4, 2020.

- C. On September 1, 2018, the County entered into a lease agreement with KS State Bank for Motorola Radios for \$82,993. The lease requires five annual payments of \$20,003. The schedule of remaining payments and interest is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 16,532	\$ 3,471	\$ 20,003
2022	17,616	2,387	20,003
2023	18,772	1,231	20,003
Total	\$ 52,920	\$ 7,089	\$ 60,009

- D. On December 21, 2018, the County entered into a lease purchase agreement with BTC Bank for funding for the Courthouse renovations. The lease is for \$863,000 with 15 varying annual payments with an interest rate of 4.1%. The schedule of remaining payments and interest is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 36,208	\$ 35,383	\$ 71,591
2022	53,219	33,899	87,118
2023	55,657	31,716	87,373
2024	58,206	29,435	87,641
2025	60,872	27,048	87,920
2026-2030	348,821	95,438	444,259
2031-2033	250,017	20,807	270,824
Total	\$ 863,000	\$ 273,726	\$ 1,136,726

- E. On June 5, 2019, the County entered into a \$55,273 lease purchase agreement with BTC Bank for the purchase of a Chevrolet Tahoe with accessories for the Sheriff's Department. The lease calls for 48 monthly payments of \$1,271 with an interest rate of 4.95%. The schedule of remaining payments and interest is listed below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 13,847	\$ 1,405	\$ 15,252
2022	14,548	704	15,252
2023	3,776	78	3,854
Total	<u>\$ 32,171</u>	<u>\$ 2,187</u>	<u>\$ 34,358</u>

The following schedule shows changes in long-term debt during the year ended December 31, 2020:

Description	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid
Series 2012 COPS	\$ 75,000	\$ -	\$ (60,000)	\$ 15,000	\$ 1,058
Track Loader	43,631	-	(43,631)	-	436
Motorola Radios	68,434	-	(15,514)	52,920	4,489
Courthouse					
Renovations	863,000	-	-	863,000	35,296
Sheriff Vehicle	47,850	-	(15,679)	32,171	2,072

The following schedule shows changes in long-term debt during the year ended December 31, 2019:

Description	Balance 12/31/2018	Additions	Payments	Balance 12/31/2019	Interest Paid
Series 2012 COPS	\$ 135,000	\$ -	\$ (60,000)	\$ 75,000	\$ 2,468
Track Loader	56,314	-	(12,683)	43,631	2,300
Motorola Radios	82,993	-	(14,559)	68,434	5,444
Courthouse					
Renovations	863,000	-	-	863,000	2,362
Sheriff Vehicle	-	55,273	(7,423)	47,850	1,474

8. OPERATING LEASE

At December 31, 2020, the County was obligated under an operating lease for Courthouse copiers. The lease called for 24 monthly payments of \$817 through February 2021. The following schedule represents future minimum payments under operating leases:

Fiscal Year Ending December 31,	Copiers
2021	\$ 1,635

9. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 11, 2021, the date the financial statements were available to be issued.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the County Commission and
Officeholders of Livingston County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Livingston County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Livingston County, Missouri's basic financial statements and have issued our report thereon dated August 11, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Livingston County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Livingston County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Livingston County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Livingston County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and
Officeholders of Livingston County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Livingston County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Livingston County, Missouri's major federal programs for the years ended December 31, 2019 and 2020. Livingston County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Livingston County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Livingston County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Livingston County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Livingston County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2019 and 2020.

Report on Internal Control over Compliance

Management of Livingston County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Livingston County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Livingston County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

LIVINGSTON COUNTY, MISSOURI
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2019 AND 2020

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Livingston County, Missouri for the years ended December 31, 2019 and 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimus indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2019 and 2020.

CERTIFIED PUBLIC ACCOUNTANTS

August 11, 2021

To the County Commission
Livingston County, Missouri

We have audited the regulatory basis financial statements of Livingston County, Missouri for the years ended December 31, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Livingston County, Missouri are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2019 and 2020. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 11, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2019 and 2020, we considered Livingston County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal control over financial reporting dated August 11, 2021. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

Investment Policy

The County has not adopted a formal investment policy as required by state statutes. Section 30.950, RSMo requires political subdivisions with authority to invest in instruments other than depository accounts at financial institutions to adopt a written investment policy. The investment policy commits the County to the principles of safety, liquidity, and yield (in that order) when managing public funds and prohibits the purchase of derivatives, use of leveraging and use of public funds for speculation. It also addresses topics such as collateralization of deposits, strategy with respect to investment in public funds, and other areas. We recommend that the County adopt an investment policy in accordance with state statutes and review compliance with this policy at least annually. The Model Investment Policy from the State Treasurer's office will be provided to the County for review.

Collector Bank Reconciliations

The reconciliation of the Collector's main account for December 31, 2020 included several checks totaling \$3,162 that were outstanding for more than two years, including a check written as far back as 2006. The reconciliation of the Collector's main account for December 31, 2019 included several checks totaling \$2,073 that were outstanding for more than two years. We recommend that the Collector implement procedures to ensure that stale outstanding checks are followed up in a timely manner and removed from the bank reconciliation when it becomes apparent that checks will not be cashed. Checks that have remained unclaimed for more than three years are deemed abandoned and are required to be turned over immediately to the State Treasurer pursuant to state statutes.

Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not Required Supplementary Information (RSI). With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Livingston County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

(Original Signed by McBride, Lock & Associates, LLC)

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 12 political subdivisions required to file a financial report by August 31, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in August 2021, after their filing deadline. The filing status for these 191 entities is presented in summary on page 3 and by individual entity in Appendix B-C.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name and title.

Nicole R. Galloway, CPA
State Auditor

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 12 political subdivisions, other than cities, towns, and villages, with a fiscal year end of February 28, 2021. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 12 political subdivisions, 9 filed an annual financial report timely.

This report also includes the filing status for 191 political subdivisions, other than cities, towns, and villages, that filed their financial report in August 2021, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by August 31, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 4 cities and 4 villages is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in August 2021, after their filing deadline. The filing status for these 59 cities, 1 town and 19 villages is presented in summary on page 3-4 and by individual entity in Appendixes B to H.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Municipal Court and Revenue Filings

August 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 4 cities and 4 villages with a fiscal year end of February 28, 2021, whose financial report was due by August 31, 2021. Of the 8 municipalities, 4 filed the financial report timely. Of the 4 municipalities required to file an addendum, 1 filed timely. Of the 3 municipalities required to file a certification, none filed timely.

This report includes the filing status for 59 cities, 1 town and 19 villages that filed at least one of the items (financial report, addendum, or certification) in August 2021, after their filing deadline. Of these municipalities, 61 filed an annual financial report, 20 filed an addendum, and 13 filed a certification.

The seal of the Missouri State Auditor is a circular emblem. It features a central shield with a balance scale and a plow, symbolizing justice and agriculture. The shield is surrounded by a wreath. The outer ring of the seal contains the text "SEAL OF THE STATE AUDITOR" at the top, "JULY 1820 MISSOURI 1892" at the bottom, and the motto "UNDER THE GENTLE HAND OF GOD WE STAND DIVIDED" in the center.

Missouri State Auditor

McDonald County

Report No. 2021-080

September 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of McDonald County

Land Purchase	The County Commission purchased 2 parcels of land from a County Commissioner in violation of state law.
Sheriff's Controls and Procedures	The Sheriff's office does not prepare adequate bank reconciliations or maintain an accurate check register balance for the civil bank account. In addition, monthly lists of liabilities are not prepared to reconcile to the available cash balance. The Sheriff's office has not established adequate controls and procedures over seized property.
Prosecuting Attorney's Controls and Procedures	The Prosecuting Attorney's office does not prepare adequate bank reconciliations or maintain a book balance. In addition, monthly lists of liabilities are not prepared to reconcile to the available cash balance. The Prosecuting Attorney's office has not established proper procedures for receipting and recording payments received. The Prosecuting Attorney's office does not generate a monthly list of unpaid bad checks and restitution. The Prosecuting Attorney's office does not always assess the statutorily required fees from defendants who owe court-ordered restitution.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

All reports are available on our website: auditor.mo.gov

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Information	

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of McDonald County

We have audited certain operations of McDonald County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

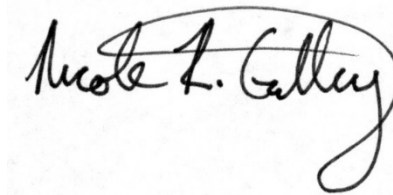

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and performed sample testing using haphazard and judgmental selection, as appropriate. The results of our sample testing cannot be projected to the entire populations from which the test items were selected. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of McDonald County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

In-Charge Auditor:	Steven J. Barton
Audit Staff:	Terese Summers, MSAS, CPA Samantha A. Brown

McDonald County Management Advisory Report State Auditor's Findings

1. Land Purchase

The County Commission purchased 2 parcels of land from a County Commissioner in violation of state law.

On November 26, 2018, the County Commission voted to approved a motion to purchase 2 parcels of land owned by County Commissioner John Bunch for \$75,000. County Commissioner Bunch abstained from voting on the motion. The County Clerk indicated the county purchased the property to provide additional parking and storage for the county courthouse. An appraisal valued the property at \$89,500 on February 21, 2019. The transaction settled on March 20, 2020.

Purchasing a property from a current County Commissioner is in violation of Section 49.140, RSMo, which states "No county commissioner shall, directly or indirectly, become a party to any contract to which the county is a party, or act as a road or bridge commissioner, either general or special, or keeper of any poor person." Section 49.150, RSMo, states county commissioners that violate Section 49.140, RSMo, shall be guilty of a class B misdemeanor.

Recommendation

The County Commission discontinue making purchases from County Commissioners to ensure compliance with state law.

Auditee's Response

This sale took place under a different administration. For example, the County Commissioner subject to this sale no longer serves McDonald County. In addition, there is a new legal department. Turnover has occurred since the events of March 20, 2019. It is also important to note, Kimberly Bell (County Clerk) serves at the direction and pleasure of the County Commission. She has no authority to approve or deny agenda items subject to commission meetings.

A former County Commissioner owned the parcels and according to the documents (being sent or sent to you), the parcels were appraised at \$89,500. The County Commissioner that owned the land allowed the County to obtain the parcels far under market value. The parcels were deemed located within the county's plans and were found necessary to further economic expansion. In addition, the County Commissioner who had a potential conflict abstained from all voting (see meeting minutes of March 20, 2019). Further, prior to voting on the sale of the parcels, public notice containing time, date, place, and tentative agenda was posted in advance, in compliance with:

Section 610.020.1, RSMo: All public governmental bodies shall give notice of the time, date, and place of each meeting, and its tentative agenda, in a manner reasonably calculated to advise the public of the matters to be considered

We thank you and agree with your assessment of the applicability of Section 105.454.1(2), RSMo. While our current administration, including our legal

McDonald County
Management Advisory Report - State Auditor's Findings

department is not privy to any legal analysis conducted by the prior administration regarding this matter, we do feel it is germane to the transaction under inquiry.

After review, we wish to let you know the county strives to maintain good governmental transparency regarding all matters subject to disclosure. Further, the county always seeks to lean towards disclosure that allows the general public to reasonably have means and methods to obtain any information they may seek, sans matters not subject to disclosure under Missouri law and other applicable laws.

While we rely on what is required of us by Section 610.020, RSMo, and find ourselves in compliance with said statute, we always acknowledge room for improvement. Moving forward, we will consider posting legal descriptions of real property under their clean title in advance of future meetings concerning sale of real property. We will further seek to refrain or limit sale of real property owned by any elected officials. Lastly, we will record meeting minutes (when possible) that disclose reasons for voting abstention, such as potential conflict.

2. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected approximately \$346,000 in civil and criminal process fees, concealed carry weapon permits, bonds, inmate monies, and other miscellaneous receipts during the year ended December 31, 2020.

2.1 Bank reconciliations and liabilities

The Sheriff's office does not prepare adequate bank reconciliations or maintain an accurate check register balance for the civil bank account. In addition, monthly lists of liabilities are not prepared to reconcile to the available cash balance.

The civil account's check register balance on December 31, 2020, was \$26,583. However, office personnel indicated this balance included 11 duplicate deposits from November 2016 totaling \$17,963 that should be removed from the register. Office personnel indicated they were uncertain how to remove the duplicate deposits from the accounting system. Adjusting the check register balance for these deposits results in a book balance of \$8,620. The bank statement balance was \$8,988 resulting in an unidentified difference of \$368 between the adjusted book balance and the bank statement balance. In addition, liabilities for the civil bank account totaled \$7,019 on December 31, 2020, resulting in an unidentified balance of \$1,601 between the adjusted book balance and liabilities.

Maintaining an accurate check register balance and performing adequate monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Without regular identification and

McDonald County Management Advisory Report - State Auditor's Findings

comparison of liabilities to the reconciled bank balance, including removal of erroneous deposits in transit, there is less likelihood errors will be identified and the ability to both identify liabilities and resolve errors is diminished.

2.2 Seized property

The Sheriff's office has not established adequate controls and procedures over seized property. A complete and accurate seized property inventory listing is not maintained and a physical inventory of seized property has not been performed. In addition, the Sheriff does not periodically review cases and dispose of related seized property items. Some seized property has been held for more than 15 years.

Two different logs are used to track seized property, and neither of the logs is accurate or complete. Items obtained since 2014 are maintained in one log and items obtained prior to 2014 are maintained in the other log. We tested 22 seized property items haphazardly selected from both logs with the population totaling approximately 3,100 items. We identified 3 items (2 knives and a sword) on the seized property logs that could not be located in the seized property room. Records indicate office personnel released the sword to the owner in 2011, but did not update the log.

Considering the often sensitive nature of seized property, adequate internal controls are essential and would significantly reduce the risk of loss, theft, or misuse of the property. Maintaining complete and accurate inventory control records and performing periodic physical inventories with the results compared to inventory records is necessary to ensure seized property is accounted for properly. The use of multiple logs to track seized property is cumbersome and reduces the assurance that all information is accurately recorded and accounted for properly. Section 542.301, RSMo, provides the requirements for the disposition of seized property that has not been forfeited or returned to the claimant.

A similar condition was noted in our prior 3 audit reports.

Recommendations

The Sheriff:

- 2.1 Ensure adequate monthly bank reconciliations are prepared and maintain an accurate check register. In addition, prepare monthly lists of liabilities and reconcile the list to the available cash balance. Any differences, including the duplicate deposits, should be promptly investigated and resolved.
- 2.2 Maintain a complete and accurate seized property evidence log, and ensure a periodic inventory is conducted and reconciled to the seized property evidence log, and investigate any differences. The Sheriff should also make timely and appropriate dispositions of seized property in accordance with state law.

McDonald County
Management Advisory Report - State Auditor's Findings

Auditee's Response

- 2.1 *The issue identified during the audit where you claim that the office does not maintain an accurate check register balance for the civil bank account has been corrected. The issue was due to a defective software program not allowing QuickBooks to work as designed. This has been fixed. Separate ledgers are maintained to document monthly activities. We are aware of the errors and are correcting them. Steps are being taken to address the recommendations regarding check registers and liabilities.*
- 2.2 *A new storage facility has been provided to the Sheriff's office for seized property. Along with the new facility, a new tracking system has been implemented. The new system and facility will allow efficient controls of seized property. We were in the process of changing to this new system/facility during the audit. We believe we located the three items noted in the audit report but believe that old labeling fell off of the items or packaging and we could not with a 100 percent certainty, prove that these items were the ones chosen for the audit. The new system and facility will ensure better controls. We are also in the process of eliminating old items from seized property inventory from old cases that are no longer needed.*

3. Prosecuting Attorney's Controls and Procedures

3.1 Bank reconciliation and liabilities

Controls and procedures in the Prosecuting Attorney's office need improvement. The office collected approximately \$122,000 in bad check and court-ordered restitution and fees during the year ended December 31, 2020.

The Prosecuting Attorney's office does not prepare adequate bank reconciliations or maintain a book balance. In addition, monthly lists of liabilities are not prepared to reconcile to the available cash balance.

The Prosecuting Attorney's office does not calculate a reconciled bank statement balance on the reconciliation worksheet and the worksheet only lists the checks reconciled and unreconciled for the month. We determined the account had a reconciled bank balance of \$1,078 at December 31, 2020 (bank balance of \$10,394 less outstanding checks totaling \$9,316). As previously indicated the office does not prepare a list of monthly list of liabilities. Office personnel could not explain why this money remained in the account as of December 31, 2020.

Maintaining a book balance and performing adequate monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Further, without regular identification and comparison of liabilities to the reconciled bank balance, there is less likelihood errors will be identified and the ability to both identify liabilities and resolve errors is diminished.

McDonald County
Management Advisory Report - State Auditor's Findings

3.2 Receipting and recording The Prosecuting Attorney's office has not established proper procedures for receipting and recording payments received.

The bookkeeper does not always enter receipts into the office's computerized accounting system timely at the time of receipt. We haphazardly selected 2 consecutive weeks of receipts (13 receipts) to test during the year ended December 31, 2020. During this test, we identified 8 money orders totaling \$1,104 recorded with manual receipt slips that were not recorded in the electronic accounting system until 1 to 13 days after receipt.

Failure to implement adequate receipting and recording procedures increase the risk that loss, theft, or misuse of monies received will occur and go undetected.

3.3 Accounts receivable The Prosecuting Attorney's office does not generate a monthly list of unpaid bad checks and restitution. As a result, the amount of unpaid receivables is unknown and the need to follow up on specific cases may not be identified timely.

A complete and accurate list of unpaid bad checks and restitution would allow office personnel to more easily review amounts due, take appropriate steps to ensure amounts due are collected, and determine if any amounts are uncollectible.

3.4 Administrative fees The Prosecuting Attorney's office does not always assess the statutorily required fees from defendants who owe court-ordered restitution. We noted the administrative handling fee was not assessed for all applicable cases handled during the year ended December 31, 2020. We haphazardly selected and reviewed 5 restitution cases from the 125 cases that received a payment during the year ended December 31, 2020. Four of these cases were not assessed the administrative handling fees that would have totaled \$250.

Section 559.100.3, RSMo, requires the Prosecuting Attorney to collect an administrative handling cost fee on cases of court-ordered restitution.

Similar conditions previously reported A condition similar to section 3.2 was noted in our prior 3 audit reports and a similar condition to section 3.3 was noted in our prior audit report.

Recommendations The Prosecuting Attorney:

- 3.1 Ensure adequate monthly bank reconciliations are prepared and maintain a book balance. In addition, prepare monthly lists of liabilities and reconcile the list to the available cash balance. Any differences should be promptly investigated and resolved.

McDonald County
Management Advisory Report - State Auditor's Findings

- 3.2 Timely record all payments received in the computerized accounting system.
- 3.3 Establish procedures to monitor and collect accounts receivable.
- 3.4 Assess and collect fees on all restitution cases as required by state law.

Auditee's Response

- 3.1 *In response to the findings of this section, you indicated an unidentified balance of \$1,078 was found in the bank account. Maleia Cheney, Prosecuting Attorney of McDonald County was sworn in effective October 15, 2020. When taking over, the office inherited the financial account that was not reconciled, and subject to your finding under this section.*

Currently, our office has opened a new bank account to produce more balanced and accurate reconciliations for the future. It is worth noting the old account must remain open until money can be sent to the state through the escheatment process. The significance of having to leave the former account open is that it will not permit our office to have an accurate reconciliation until we can close the prior administration's account. Additionally, our office will have to hold onto returned checks for up to 6 months. This means, our office could conceivably have a positive balance until such funds are escheated.

- 3.2 *In response to the findings of this section, you indicated you selected two consecutive weeks of receipts (13 receipts) to test during the year ending on December 31, 2020, and 8 money orders were not recorded until some 13 days after receipt. Maleia Cheney, Prosecuting Attorney of McDonald County was sworn in effective October 15, 2020. When taking over, the office inherited the financial receipting and recording of the prior administration, and subject to your finding under this section.*

We currently provide a copy of a written receipt slip to customers and keep a copy for our records. After this transaction, we also now utilize Karpel to enter receipting and recording (when applicable) as they come in, and we no longer take up to 13 days for this process.

- 3.3 *In response to the findings of this section, you indicated our office does not generate a monthly list of unpaid bad checks and restitution. You found this results in the amount of unpaid receivables being unknown, and the need to follow up on specific cases may not be identified timely. Maleia Cheney, Prosecuting Attorney of McDonald County was sworn in effective October 15, 2020. When taking over, the office inherited the processes of the prior administration.*

McDonald County
Management Advisory Report - State Auditor's Findings

Our current staff does utilize Karpel to run various reports. Part of these reports is a monthly scan for what has not been paid. Notice of failure to pay is sent or revocations of probation are filed on a case-by-case basis. This implemented practice has allowed the office a firmer grasp on monies owed, and produce more accurate reporting.

- 3.4 *In response to the findings of this section, you indicated our office does not always assess the statutorily required fees from defendants who owe court-ordered restitution in accordance with Section 559.100.3, RSMo. Maleia Cheney, Prosecuting Attorney of McDonald County was sworn in effective October 15, 2020. When taking over, the office inherited the prior administration's accounts, which did not collect all the required administrative fees.*

Moving forward, our office utilizes Karpel to implement all the required fees. Karpel calculates the fees and ensures the office is collecting the fees in compliance with Section 559.100.3, RSMo. We look forward to future audits now that this measure is in place.

McDonald County

Organization and Statistical Information

McDonald County is a county-organized, third-class county. The county seat is Pineville.

McDonald County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 94 full-time employees and 16 part-time employees on December 31, 2020.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Bill Lant, Presiding Commissioner	\$	31,329
John Bunch, Associate Commissioner		29,267
David Holloway, Associate Commissioner		29,267
Kenny Underwood, Recorder of Deeds		44,343
Kimberly Bell, County Clerk		44,343
Bill Dobbs, Prosecuting Attorney (1)		107,153
Maleia Cheney, Prosecuting Attorney (1)		36,334
Mike Hall, Sheriff		49,500

(2) Compensation on a fee basis.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Moniteau County, Missouri

The Office of the State Auditor contracted for an audit of Moniteau County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by Stopp & VanHoy, Certified Public Accountants, and Business Advisors, LLC, is attached.

Nicole R. Galloway, CPA
State Auditor

September 2021
Report No. 2021-079

Recommendations in the contracted audit of Moniteau County

2020-001	The County prepare a budget for all applicable funds and periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes.
2020-002	The County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.
2020-003	The County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.
2020-004	Management and governance of the County develop controls over credit card authorization and use to ensure all expenditures are approved and are necessary expenditures of the County's funds.
2020-005	The Sheriff implement the necessary procedures to ensure that the bank balance reconciles to the book balance on a monthly basis.
2020-006	The County keep appropriate minutes for closed session meetings.
2020-007	Management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate Schedule of Expenditures of Federal Awards (SEFA) is prepared.

Independent Auditor's Report

To the County Commission and
Officeholders of Moniteau County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Moniteau County, Missouri, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Moniteau County, Missouri's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by Missouri law to demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by Moniteau County, Missouri on the basis of accounting practices prescribed or permitted by Missouri law to

demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in *the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Moniteau County, Missouri as of December 31, 2020 and 2019, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Moniteau County, Missouri as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the basis of accounting practices prescribed or permitted by Missouri law as described in Note 1.

Other Matters

Other Information

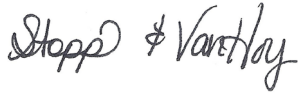

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Moniteau County, Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 11, 2021 on our consideration of Moniteau County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an

opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Moniteau County, Missouri's internal control over financial reporting and compliance.

**The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies

Organized in 1845, the county of Moniteau was named for the Moniteau Creek. It is a third-class county, and the county seat is California. Moniteau County's government is composed of a three-member county commission and the following separately elected Constitutional Officers: County Clerk, Collector, Treasurer, Circuit Clerk/*ex-officio* Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Moniteau County, Missouri and the Moniteau County Senate Bill 40 Board.

Moniteau County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Moniteau County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Moniteau County's legal entity. The Moniteau County Senate Bill 40 Board is controlled by a separate board and is also included under the control of Moniteau County.

Certain elected County officials, such as the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are included in the Statements of Assets and Liabilities Arising from Cash Transactions - Custodial Funds - Regulatory Basis.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of Moniteau County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

**The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds, and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Moniteau County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, Moniteau County adopts a budget for each governmental fund.

On or before January 15th, each elected official and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.

Budgets are prepared and adopted on the cash basis of accounting.

During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: General Revenue Fund, Sheriff Civil Fee Fund, Election Service Fund, Recorder User Fee Fund, Inmate Prisoner Detainee Security Fund, and Sheriff Revolving Fund. The following funds had actual expenditures that exceeded budgeted expenditures in 2019: General Revenue Fund, Sheriff Civil Fee Fund, Prosecuting Attorney Training Fund, Adult Abuse Fund, Knierim Cemetery Trust Fund, and Enloe Cemetery Trust Fund. The following fund did not have a budget prepared for the year ended December 31, 2020: School Resource Officer Fund.

The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Moniteau County's boundaries for the calendar year 2020 and 2019, respectively, for the purposes of County taxation was as follows:

	<u>2020</u>	<u>2019</u>
Real Estate	\$ 133,755,732	\$ 131,756,797
Personal Property	53,159,603	50,308,300
Railroad and Utilities	31,712,935	30,646,076
	<u>\$ 218,628,270</u>	<u>\$ 212,711,173</u>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year 2020 and 2019, respectively, for the purpose of County taxation, was as follows:

	<u>2020</u>	<u>2019</u>
General Revenue	\$ 0.1838	\$ 0.1814
Special Road and Bridge	0.2505	0.2505
Senate Bill 40 Board	0.1200	0.1200

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer's funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investments shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in Moniteau County's name at third-party banking institutions. Details of these cash balances are presented in Note 2.

The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Interfund Transactions

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

Note 2 - Deposits and Investments

Moniteau County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents". Cash held for others is displayed on the statement of assets and liabilities arising from cash transactions as "Cash and Equivalents".

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2020, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 13,424,500	\$ 12,329,355
Investments	<u>1,079,662</u>	<u>1,079,662</u>
Total Deposits and Investments as of December 31, 2020	<u>\$ 14,504,162</u>	<u>\$ 13,409,017</u>
Total Cash and Equivalents - Governmental Funds	\$ 4,895,516	
Total Cash and Equivalents - Agency Funds	<u>9,608,646</u>	
	<u>\$ 14,504,162</u>	

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2019, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 12,903,338	\$ 9,817,335
Investments	<u>1,058,650</u>	<u>1,058,650</u>
Total Deposits and Investments as of December 31, 2019	<u>\$ 13,961,988</u>	<u>\$ 10,875,985</u>
Total Cash and Equivalents - Governmental Funds	\$ 4,045,698	
Total Cash and Equivalents - Agency Funds	<u>9,916,290</u>	
	<u>\$ 13,961,988</u>	

The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 2 - Deposits and Investments (continued)

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2020 and 2019, 100% of Moniteau County's deposits and investments were covered by the Federal Deposit Insurance Company (FDIC) or were collateralized.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to Moniteau County or its agent but not in the government's name. Moniteau County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of Moniteau County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Moniteau County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by Moniteau County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U. S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). Moniteau County has no policy in place to minimize the risk of loss resulting from over concentration of assets of a specific maturity, specific issuer or specific class of securities.

The following investments represent more than 5%, individually, of total investments:

Issuer	Investment Type	2020 Balance	% of Portfolio	2019 Balance	% of Portfolio
The Tipton Latham Bank	Certs. of Deposit	<u>\$ 1,079,662</u>	100%	<u>\$ 1,058,650</u>	100%

The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 3 - Interfund Transfers

Transfers between funds for the years ended December 31, 2020 and 2019 are as follows:

Fund	2020		2019	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue	\$ 512,723	\$ 1,897,407	\$ 695,000	\$ -
Capital Improvement	-	490,000	-	680,000
Tax Maintenance	28	-	-	-
Sheriff Revolving	-	2,000	-	-
CARES Act Grant	1,892,606	20,751	-	-
Law Enforcement Restitution	-	-	-	15,000
School Resource Officer	4,801	-	-	-
Total	<u>\$ 2,410,158</u>	<u>\$ 2,410,158</u>	<u>\$ 695,000</u>	<u>\$ 695,000</u>

Note 4 - Long-Term Debt

Lease Purchase Agreement

On February 15, 2019, the County entered into a \$164,636 lease purchase agreement with KS State Bank for a John Deere Tractor, payable in seven annual installments of \$26,635 with a final payment due February 15, 2025. The lease agreement carries an interest rate of 4.275%.

Balance at 12/31/18	Amount Borrowed	Amount Repaid	Balance at 12/31/19	Amount Borrowed	Amount Repaid	Balance at 12/31/20
<u>\$ -</u>	<u>\$ 164,636</u>	<u>\$ (26,635)</u>	<u>\$ 138,001</u>	<u>\$ -</u>	<u>\$ (20,618)</u>	<u>\$ 117,383</u>

Interest expense for the years ended December 31, 2020 and 2019 was \$6,017 and \$0, respectively.

Future minimum payments due on the lease purchase agreement are as follows:

Year	Principal	Interest	Total
2021	\$ 21,517	\$ 5,118	\$ 26,635
2022	22,455	4,180	26,635
2023	23,434	3,201	26,635
2024	24,455	2,180	26,635
2025	25,522	1,113	26,635
	<u>\$ 117,383</u>	<u>\$ 15,792</u>	<u>\$ 133,175</u>

Principal payments made on the lease purchase agreement are made from the Road and Bridge Fund.

Note 5 - County Employees' Retirement Fund (CERF)

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840 RSMo., circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997 RSMo., and certain personnel not defined as an employee per Section 50.1000(8) RSMo. The Fund was created by an act of legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at www.mocerf.org.

Contributions

Prior to January 1, 2003, participating county employees were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002 are required to make contributions of 6%. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 6% contribution on behalf of employees. The County collected and remitted CERF employee contributions of \$104,188 and \$102,402 for the years ended December 31, 2020 and 2019, respectively.

**The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 5 - County Employees' Retirement Fund (CERF) (continued)

Contributions (continued)

In addition to the above contributions required of employees, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of personal property tax declarations;
- Twenty dollars on each merchants' and manufacturers' license issued;
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded;
- Three sevenths of the fee on delinquent property taxes; and
- Interest earned on investment of the above collections prior to remittance to CERF.

The County collected and remitted CERF fees and penalties of \$119,744 and \$107,101 for the years ended December 31, 2020 and 2019, respectively.

Further information related to required contributions, pension benefits, other plan terms, and investments and related return and financial information can be found in the notes to the financial statements of CERF's Annual Financial Report.

Note 6 - Missouri Local Government Employees Retirement System (LAGERS)

Plan Description

Moniteau County Senate Bill 40 Board participates in the Missouri Local Government Employee Retirement System (LAGERS), an agent multi-employer public employee retirement system that acts as a common investment and administrative agent for local government entities in Missouri. LAGERS is a defined benefit pension plan which provides retirement, disability, and death benefits to plan members and beneficiaries. LAGERS was created and is governed by Sections 70.600 - 70.755 RSMo. As such, it is the system's responsibility to administer the law in accordance with the expressed intent of the General Assembly. The plan is qualified under the Internal Revenue Code Section 401(a) and is tax exempt. LAGERS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by writing to LAGERS, P.O. Box 1665, Jefferson City, Missouri, 65102 or by calling 1-800-477-4334.

Pension Benefits

Upon termination of employment, any member who is vested is entitled to either an unreduced benefit annuity, payable at age sixty (police and fire fighters, age fifty-five), or a reduced benefit annuity, payable at age fifty-five (police and fire fighters, age fifty). Any member with less than five years of creditable service will be refunded accumulated plan contributions.

Funding Policy

Moniteau County Senate Bill 40 Board's full-time employees do not contribute part of their salaries to the plan; contributions are paid by the Board. The Senate Bill 40 Board is required to contribute an actuarially determined rate. The contribution rate for the year ended December 31, 2020 was 6.5% for January through June, 11.9% for July through August, and 9.7% for September through December. The Board elected to change benefit options during the year which resulted in a rate change and a lump sum contribution. The contribution rate for the year ended December 31, 2019 was 6.6%. For the years ended December 31, 2020 and 2019, the Board contributed \$173,767 and \$29,687, respectively.

**The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 7 - Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807 RSMo, Moniteau County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. Moniteau County has contributed \$11,628 and \$11,628, respectively, for the years ended December 31, 2020 and 2019.

Note 8 - Other Retirement Plan

Moniteau County has 457 and 401(a) plans which are paid by a deduction from employees' salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 457 plan were \$41,234 and \$40,139, respectively. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 401(a) plan were \$12,423 and \$12,245, respectively.

Note 9 - Post-Employment Benefits

Moniteau County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Moniteau County.

Note 10 - Claims, Commitments and Contingencies

Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Compensated Absences

Regular or permanent county full-time employees who have completed the introductory period (a minimum of three months) are eligible to receive vacation time as follows: 1 through 10 years of service, one day per month, maximum of 18 days; 11 through 15 years of service, 1.5 days per month, maximum of 27 days; and 16 years and above of service, 1.75 days per month, 31.5 days maximum. Upon termination of employment, county employees shall be compensated for unused annual leave. Senate Bill 40 Board employees are eligible to receive vacation time of 3 days up to a maximum of 27 days per year depending on the employee's employment classification and length of service. Upon termination of employment, vacation benefits that have been accrued at termination will be paid. These have not been subjected to auditing procedures.

Regular or permanent county full-time employees earn sick leave as follows: 1 through 10 years of service, 3 hours per month, maximum of 320 hours; 11 through 15 years of service, 4 hours per month, maximum of 480 hours; and 16 years and above of service, 5 hours per month, maximum of 560 hours. Upon termination of employment, an employee shall be compensated 15% of their remaining sick leave balance. Senate Bill 40 Board employees are entitled to sick leave of 6 days to 12 days per year based on their employment classification and can accrue to a maximum from 10 days to 30 days. Sick leave is not paid upon termination. These have not been subjected to auditing procedures.

**The County of Moniteau
California, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 10 - Claims, Commitments and Contingencies (continued)

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

Note 11 - Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool (MOPERM), which is a corporate and political body created pursuant to Section 537.700 RSMo. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established to provide insurance coverage to Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and reinsured up to the statutory limit through excess insurance.

Note 12 - Subsequent Events

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through August 11, 2021, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

Independent Auditor's Report

To the County Commissioners and
Officeholders of Moniteau County, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Moniteau County, Missouri as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Moniteau County, Missouri's basic financial statements, and have issued our report thereon dated August 11, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Moniteau County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Moniteau County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Moniteau County, Missouri's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying schedule of findings and questioned costs, we did identify certain deficiencies in internal control that we consider to be material weaknesses and significant deficiencies.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2020-004 and 2020-005 to be material weaknesses.

A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiencies described in the accompanying schedule of findings and questioned costs as items 2020-002 and 2020-003 to be significant deficiencies.

Compliance and Other Matters

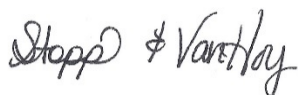

As part of obtaining reasonable assurance about whether Moniteau County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, and which are described in the schedule of findings and questioned costs as items 2020-001 and 2020-006.

Moniteau County, Missouri's Response to Findings

Moniteau County, Missouri's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Moniteau County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Creve Coeur, Missouri

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT
ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE

Independent Auditor's Report

To the County Commission and
Officeholders of Moniteau County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Moniteau County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Moniteau County, Missouri's major federal programs for the years ended December 31, 2020 and 2019. Moniteau County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Moniteau County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Moniteau County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Moniteau County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Moniteau County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as 2020-007. Our opinion on each major federal program is not modified with respect to these matters.

Moniteau County, Missouri's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Moniteau County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

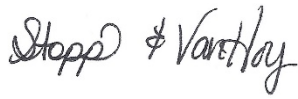

Management of Moniteau County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Moniteau County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Moniteau County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-007, that we consider to be a significant deficiency.

Moniteau County, Missouri's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Moniteau County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**The County of Moniteau
California, Missouri
Notes to Schedule of Expenditures of Federal Awards
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies

Purpose of Schedule and Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). This Uniform Guidance requires a schedule that provides total federal awards expended for each federal program and the Catalog of Federal Domestic Assistance (CFDA) number or other identifying number when the CFDA number is not available.

This schedule includes all federal awards administered by Moniteau County, Missouri.

Basis of Presentation

The *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* includes these definitions, which govern the contents of the schedule:

Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors.

Because the Schedule presents only a selected portion of the operations of Moniteau County, Missouri, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Moniteau County, Missouri.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Federal expenditures are considered to have occurred when cash is disbursed for allowable expenditures.

Moniteau County, Missouri has not elected to use the 10% de minimis indirect cost rate.

Note 2 - Donated Personal Protective Equipment

Moniteau County received no donated personal protective equipment which had been purchased with federal funds. This footnote is unaudited.

Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings

2020-001 **Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget.

Condition: During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: General Revenue Fund, Sheriff Civil Fee Fund, Election Service Fund, Recorder User Fee Fund, Inmate Prisoner Detainee Security Fund, and Sheriff Revolving Fund. The following funds had actual expenditures that exceeded budgeted expenditures in 2019: General Revenue Fund, Sheriff Civil Fee Fund, Prosecuting Attorney Training Fund, Adult Abuse Fund, Knierim Cemetery Trust Fund, and Enloe Cemetery Trust Fund. The following fund did not have a budget prepared for the year ended December 31, 2020: School Resource Officer Fund.

Cause: Oversight

Effect: Due to exceeding budget in certain funds and failure to prepare a budget for a certain fund, the County is in violation of Missouri Revised Statutes.

Recommendation: We recommend that the County prepare a budget for all applicable funds and periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes.

Management's Response: The County Commission currently reviews its actual expenditures on a periodic basis. We will work with the County Clerk to implement a more formal review procedure including preparation, review, and approval of an amended budget, on an as needed basis.

2020-002 **Criteria:** Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared.

Cause: Management has not prepared documentation of internal controls.

Effect: Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

Recommendation: We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

Management's Response: We are reviewing an example of County Clerk Internal Control Procedures provided by the auditor and will review, modify, or implement any of our current procedures that are not in compliance with standard practices.

**The County of Moniteau
California, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings (continued)

2020-003 **Criteria:** Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During our audit, we noted there is no formal fraud risk assessment in place.

Cause: Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

Effect: Lack of an appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Recommendation: We recommend that the County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.

Management's Response: We are reviewing an example of a fraud risk assessment and will also do research towards implementing a plan by the end of 2021.

2020-004 **Criteria:** Management and governance of Moniteau County are responsible for establishing and maintaining internal controls over credit card transactions in the financial reporting system.

Condition: During the audit, it was noted that the former Assessor was able to perpetrate forgery and theft through the use of the County's credit cards.

Cause: Lack of controls over credit card approval, use, and financial reporting

Effect: County funds were expended for improper uses. An investigation by the Missouri State Highway Patrol found that the Assessor expended \$4,817 in County funds for personal purchases including fuel, travel, and entertainment, all of which were misrepresented as Moniteau County related expenses.

Recommendation: We recommend that management and governance of the County develop controls over credit card authorization and use to ensure all expenditures are approved and are necessary expenditures of the County's funds.

Management's Response: Since discovery of the noted fraudulent activity, we have given closer perusal to all spending, especially credit card purchases. We agree that lowering the credit line will allow us to better monitor credit card purchases, and we will implement reduction in accordance with the recommendations.

**The County of Moniteau
California, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings (continued)

2020-005 **Criteria:** The Sheriff is charged with maintaining accountability over funds in a trustee capacity as an agent of an individual, taxing units, or other government. A proper system of internal controls dictates that bank reconciliations be performed on a timely basis for all bank accounts to ensure that cash balances per the accounting records agree to the cash balances held in the bank. Additionally, the Sheriff's office should prepare a list of all outstanding liabilities for each account.

Condition: For the years ended December 31, 2020 and 2019, the Sheriff's office failed to perform timely and accurate bank reconciliations or prepare a list of outstanding liabilities for all bank accounts held by the Sheriff's office.

Cause: The reconciled bank balance, including all outstanding liabilities, is not being compared to the balances of the funds on hand per the Sheriff's records due to lack of internal controls and procedures in the Sheriff's office.

Effect: Without timely, accurate bank reconciliations, the risk of material misstatement of the Sheriff's cash balances due to error or misappropriation is heightened. Additionally, there is a risk that the Sheriff's office cannot account for all outstanding liabilities which may result in account overdrafts.

Recommendation: We recommend that the Sheriff implement the necessary procedures to ensure that the bank balance reconciles to the book balance on a monthly basis.

Management's Response: At the end of 2020, the Moniteau County Jail contracted with a different vendor for its inmate commissary funds. The switch between two different vendors caused the office to hold open two separate accounts while the transition occurred. The old accounts has to remain open until all transactions had passed through and cleared. This caused some issues trying to get the records from the outgoing vendor to reconcile in a timely manner. Upon reconciliation of the accounts under the new vendor, all funds have been accounted for and are now under the new vendor software. In 2021, the Moniteau County Jail hired an additional staff person to aid in the reconciliation of all accounts and double check financial records.

2020-006 **Criteria:** Section 51.120 RSMo. requires the clerk of a county commission to keep an accurate record of the orders, rules, and proceedings of the county commission.

Condition: During the audit, it was noted that the County failed to keep appropriate minutes for closed session meetings.

Cause: Oversight

Effect: Due to failure to keep appropriate minutes for closed sessions meetings, the County is in violation of Missouri Revised Statutes.

Recommendation: We recommend that the County keep appropriate minutes for closed session meetings.

Management's Response: Closed sessions are not necessarily available for public review; subsequently, the Commission was unaware of the need to formalize the notes into minutes. While notes were taken during the noted closed sessions, moving forward we will also keep formal minutes for all closed sessions.

**The County of Moniteau
California, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 3 - Federal Award Findings and Questioned Costs

2020-007 Federal Grantor: All Programs
Pass-Through Grantor: All Programs
Federal CFDA Number: All Programs
Program Title: All Programs

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200 requires auditees to prepare an accurate Schedule of Expenditures of Federal Awards (SEFA) containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of pass-through entity.

Condition: The Schedule of Expenditures of Federal Awards (SEFA) contained errors. The County's current internal controls over SEFA reporting are not sufficient enough to ensure correct SEFA reporting.

Cause: Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

Effect: Federal expenditures reported in the SEFA were incorrect.

Recommendation: We recommend management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate SEFA is prepared.

Management's Response: Before any reporting, the County Clerk will look for advisement on how to properly report the SEFA.

**The County of Moniteau
California, Missouri
Summary Schedule of Prior Year Findings and Responses
For the years ended December 31, 2020 & 2019**

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by Moniteau County, Missouri, on the applicable findings in the prior audit report issued for the two years ended December 31, 2016 and 2015.

Prior Year Financial Statement Findings

2016-001 Budgetary Procedures Not in Compliance with State Law

Condition: We noted the following issues with the County's budgeting process during our audit:

- A The County Commission and the County Clerk did not exercise adequate budgetary control over certain funds during the audit period. Expenditures were approved for payment that exceeded the approved budget for the following funds as shown below:

<u>Fund</u>	<u>Year</u>	<u>Amount</u>
Assessment	2015	\$ 11,393
Prosecuting Attorney Training	2016	40
Election Service	2016	357
Recorder User Fee	2015	344
Adult Abuse	2015	37

- B The County Clerk made errors on the 2016 budget by not carrying the total expenditures requested to the approved column for four different funds causing the summary reconciliation for the various funds to change as follows:

<u>Fund</u>	<u>Amount Requested Not in Approved Column</u>	<u>Original Estimated Cash Balance</u>	<u>Revised Estimated Cash Balance</u>
General Revenue	\$ 56,543	\$ 39,439	\$ (17,104)
Law Library	6,000	12,186	6,186
Tax Maintenance	20,000	67,110	47,110
Prosecuting Attorney Admin Handling Cost	12,500	30,857	18,357

The reconciliation for the Local Emergency Planning Committee Fund was not accurately completed also in the 2016 budget. The balance at December 31, 2014 of \$393 was not reported carrying over to 2015 with estimated revenues of \$9 for 2016 made an estimated ending balance of \$410 instead of \$9 as reported. There were no approved expenditures.

The main result of not carrying the amount requested to the total approved column on the budget document caused the General Revenue Fund to actually have a negative estimated cash balance, which is not allowed by state law. The amount request not carried to the total approved column was the amount budgeted for the Emergency Fund.

It was also noted on a review of the 2017 budget in the Special Road and Bridge Fund, the portion of the capital improvement sales tax of \$158,650 was not included in the 2015 column that was included in the 2016 budget. It appeared this was mistakenly omitted from the 2017 budget.

**The County of Moniteau
California, Missouri
Summary Schedule of Prior Year Findings and Responses
For the years ended December 31, 2020 & 2019**

Prior Year Financial Statement Findings (continued)

2016-001 Budgetary Procedures Not in Compliance with State Law (continued)

- C The County did not amend the budget for 2016 for the creation of a new fund or established a budget in 2017 for the Sheriff Revolving Fund that had activity in the fund for the year of 2016.

Criteria: Section 50.540 RSMo, requires the budget be revised prior to authorizing expenditures in excess of the budget. Section 67.010 RSMo, states in no event shall the total proposed expenditures from any fund exceed the estimated revenues to be received plus an unencumbered balance or less any deficit estimated for the beginning of the budget year. Chapter 50 of the County Budget Law also requires that a budget be adopted for all county funds as required.

Cause: County officials did not review the budget documents properly upon preparation or on a periodic basis and, therefore did not properly prepare amended or corrected budgets.

Effect: Due to exceeding budget in certain funds, lack of budget in certain funds, and deficit budget in certain funds, the County is in violation of Missouri Revised Statutes.

Recommendations:

- A The County Commission should not approve expenditures in excess of budgeted amounts. The County Commission should properly amend the budgets in a public meeting when unforeseen circumstances arise that necessitate increased expenditures in funds.
- B The County Commission should revise the 2016 and 2017 budget documents for the effect of the changes to the respective funds noted above and submit the revised budgets to the State Auditor's Office.
- C The County Commission and County Clerk amend the 2017 budget for the Sheriff Revolving Fund for the activity in the year 2016 and for the estimated amount of revenues and expenditures and ending balance for 2017. The amended budget should be filed with the State Auditor's Office.

Auditee's Response: The County Commission along with the County Clerk will better monitor expenditures and budgeted amounts. Amended budgets for 2016 and 2017 are in the process of being done as recommended.

Status: Management has not corrected this issue, therefore, parts of this finding are repeated as 2020-001 in the current year.

2016-002 Accounting for Transfers in County Budgets Need Improvement

Condition: The financial statements of the County as represented in the annual budget document did not present the proper amount of transfers between the various funds. Total amounts reflected on the budget documents for actual transfers in did not agree with total actual transfers out for the years ended December 31, 2016 and 2015. The total transfers in and out for the year ended December 31, 2016, per the budget documents were \$42,221 and \$45,482, respectively. The total transfers in and out for the year ended December 31, 2015, per the budget documents were \$382,228 and \$225,600, respectively.

The differences in transfers in and out were the result of other expenditures or corrections posted on the budget document to transfers in and out instead of to the appropriate expenditure classifications. Audit adjustments have been made to several county funds in the financial statements for the incorrect classifications to properly state the actual amount of transfers made by the County.

**The County of Moniteau
California, Missouri
Summary Schedule of Prior Year Findings and Responses
For the years ended December 31, 2020 & 2019**

Prior Year Financial Statement Findings (continued)

2016-002 Accounting for Transfers in County Budgets Need Improvement (continued)

Criteria: The budget instructions issued with the budget forms by the State Auditor's Office for preparation of the financial statements required that transfers in and out be properly reported in the various funds and are in balance.

Cause: The County Commission and County Clerk did not consider the importance of balancing the budgeted and actual amounts of transfers in and out between the various funds.

Effect: The transfer in and out between various county funds are not in balance on the budget documents filed with the state and misstate the financial statements presented by the county.

Recommendation: The County Commission and County Clerk should ensure both budgeted and actual transfers to and from other funds are in agreement each year.

Auditee's Response: Going forward with a better understanding of how the state-provided budget spreadsheet functions, the transfers to and from other funds will properly be maintained.

Status: Management has performed appropriate corrected action, therefore, this finding will not repeated.

CORRECTIVE ACTION PLAN

Audit Finding Reference: 2020-001

Planned Corrective Action: The County Commission currently reviews its actual expenditures on a periodic basis. We will work with the County Clerk to implement a more formal review procedure including preparation, review, and approval of an amended budget, on an as needed basis.

Name of Contact Person: County Commissioners Mac Finley, Clint Hoellering, and Rick Messerli. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-002

Planned Corrective Action: We are reviewing an example of County Clerk Internal Control Procedures provided by the auditor and will review, modify, or implement any of our current procedures that are not in compliance with standard practices.

Name of Contact Person: County Clerk, Roberta Elliott. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-003

Planned Corrective Action: We are reviewing an example of a fraud risk assessment and will also do research towards implementing a plan by the end of 2021.

Name of Contact Person: County Clerk, Roberta Elliott. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-004

Planned Corrective Action: Since discovery of the noted fraudulent activity, we have given closer perusal to all spending, especially credit card purchases. We agree that lowering the credit line will allow us to better monitor credit card purchases, and we will implement reduction in accordance with the recommendations.

Name of Contact Person: County Clerk, Roberta Elliott. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-005

Planned Corrective Action: At the end of 2020, the Moniteau County Jail contracted with a different vendor for its inmate commissary funds. The switch between two different vendors caused the office to hold open two separate accounts while the transition occurred. The old accounts has to remain open until all transactions had passed through and cleared. This caused some issues trying to get the records from the outgoing vendor to reconcile in a timely manner. Upon reconciliation of the accounts under the new

vendor for its inmate commissary funds. The switch between two different vendors caused the office to hold open two separate accounts while the transition occurred. The old accounts has to remain open until all transactions had passed through and cleared. This caused some issues trying to get the records from the outgoing vendor to reconcile in a timely manner. Upon reconciliation of the accounts under the new vendor, all funds have been accounted for and are now under the new vendor software. In 2021, the Moniteau County Jail hired an additional staff person to aid in the reconciliation of all accounts and double check financial records.

Name of Contact Person: Sheriff, Tony Wheatley. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-006

Planned Corrective Action: Closed sessions are not necessarily available for public review; subsequently, the Commission was unaware of the need to formalize the notes into minutes. While notes were taken during the noted closed sessions, moving forward we will also keep formal minutes for all closed sessions.

Name of Contact Person: County Commissioners Mac Finley, Clint Hoellering, and Rick Messerli.
Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-007

Planned Corrective Action: Before any reporting, the County Clerk will look for advisement on how to properly report the SEFA.

Name of Contact Person: County Clerk, Roberta Elliott. Expected completion date is December 31, 2021.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Cooper County, Missouri

The Office of the State Auditor contracted for an audit of Cooper County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by Stopp & VanHoy, Certified Public Accountants, and Business Advisors, LLC, is attached.

A handwritten signature in black ink, reading "Nicole R. Galloway", is positioned above the printed name. The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

September 2021
Report No. 2021-078

Recommendations in the contracted audit of Cooper County

2021-001	The County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should prepare a budget for all applicable funds which does not exceed available fund balances including estimated revenues for the year.
2020-002	The County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.
2020-003	The County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.
2020-004	Management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate Schedule of Expenditures of Federal Awards (SEFA) is prepared.
2020-005	Management strengthen internal controls over review and approval of COVID-19 Coronavirus Relief Fund applications to ensure that duplicate payments are not made. It was noted that the County did discover the error after the end of the fiscal year, and as such, the funds have since been returned by the subrecipient.

Independent Auditor's Report

To the County Commission and
Officeholders of Cooper County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Cooper County, Missouri, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Cooper County, Missouri's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by Missouri law to demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by Cooper County, Missouri on the basis of accounting practices prescribed or permitted by Missouri law to

demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in *the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Cooper County, Missouri as of December 31, 2020 and 2019, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Cooper County, Missouri as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the basis of accounting practices prescribed or permitted by Missouri law as described in Note 1.

Other Matters

Other Information

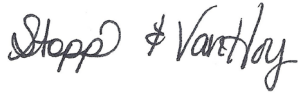

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cooper County, Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 27, 2021 on our consideration of Cooper County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an

opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Cooper County, Missouri's internal control over financial reporting and compliance.

A handwritten signature in dark ink, appearing to read "Stopp & Vantley". The signature is written in a cursive, flowing style.

The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies

Organized in 1818, the county of Cooper was named after pioneer settlers Sarshal and Benjamin Cooper. It is a third-class county, and the county seat is Boonville. Cooper County's government is composed of a three-member county commission and the following separately elected Constitutional Officers: County Clerk, Collector, Treasurer, Circuit Clerk, Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Cooper County, Missouri.

Cooper County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Cooper County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Cooper County's legal entity. The Cooper County Senate Bill 40 Board is controlled by a separate board and is also included under the control of Cooper County.

The financial statements do not include financial data for the County's legally separate component unit, which accounting principles generally accepted in the United States of America, as applicable to the regulatory basis of accounting, require to be reported with the financial data of the County. In accordance with accounting principles generally accepted in the United States of America, as applicable to the regulatory basis of accounting, the Cooper County Senate Bill 40 Board has issued separate reporting entity financial statements. For information on this component unit, please contact the Senate Bill 40 Board at (660) 882-5112 or write to P.O. Box 32, Boonville, Missouri, 65233.

Certain elected County officials, such as the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other governments. These assets, which are held by these officeholders for the sole benefit of external parties, are included in the Statements of Assets and Liabilities Arising from Cash Transactions - Custodial Funds - Regulatory Basis.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of Cooper County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

**The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies (continued)

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds, and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Cooper County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, Cooper County adopts a budget for each governmental fund.

On or before January 15th, each elected official and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.

Budgets are prepared and adopted on the cash basis of accounting.

The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Budget and Budgetary Accounting (continued)

During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: Assessment Fund and Overton Wooldridge Levee Fund. The following funds had actual expenditures that exceeded the budgeted expenditures in 2019: Local Law Enforcement Block Grant Fund. The following funds did not have a budget prepared in 2020: Adult Abuse Fund, Administrative Handling Cost Fund, CARES Act Election Grant Fund, and COVID-19 Relief Grant Fund. The following funds did not have a budget prepared in 2019: Adult Abuse Fund and Law Enforcement Restitution Fund. The following fund was budgeted at a deficit in 2019: Enhanced 911 Fund.

Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Cooper County's boundaries for the calendar year 2020 and 2019, respectively, for the purposes of County taxation was as follows:

	<u>2020</u>	<u>2019</u>
Real Estate	\$ 165,213,340	\$ 163,710,050
Personal Property	67,200,400	56,014,676
Railroad and Utilities	45,600,405	43,485,295
	<u>\$ 278,014,145</u>	<u>\$ 263,210,021</u>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year 2020 and 2019, respectively, for the purpose of County taxation, was as follows:

	<u>2020</u>	<u>2019</u>
General Revenue	\$ 0.2394	\$ 0.2021
Special Road and Bridge	0.3157	0.3157

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer's funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investments shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in Cooper County's name at third-party banking institutions. Details of these cash balances are presented in Note 2.

Interfund Transactions

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

Note 2 - Deposits and Investments

Cooper County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents". Cash held for others is displayed on the statement of assets and liabilities arising from cash transactions as "Cash and Equivalents."

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2020, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 21,819,373	\$ 22,030,806
Investments	680,968	680,968
 Total Deposits and Investments as of December 31, 2020	 <u>\$ 22,500,341</u>	 <u>\$ 22,711,774</u>

Total Cash and Equivalents - Custodial Funds	14,888,924	
	<u>\$ 22,500,341</u>	

**The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 2 - Deposits and Investments (continued)

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2019, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 22,186,213	\$ 20,522,035
Investments	<u>676,886</u>	<u>676,886</u>
 Total Deposits and Investments as of December 31, 2019	 <u><u>\$ 22,863,099</u></u>	 <u><u>\$ 21,198,921</u></u>
 Total Cash and Equivalents - Governmental Funds	 \$ 7,481,999	
Total Cash and Equivalents - Custodial Funds	<u>15,381,100</u>	
	<u><u>\$ 22,863,099</u></u>	

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2020 and 2019, 100% of Cooper County's deposits and investments were covered by the Federal Deposit Insurance Company (FDIC) or were collateralized.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to Cooper County or its agent but not in the government's name. Cooper County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of Cooper County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Cooper County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by Cooper County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U. S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). Cooper County has no policy in place to minimize the risk of loss resulting from over concentration of assets of a specific maturity, specific issuer or specific class of securities.

Note 4 - Long-Term Debt

Notes Payable

In 2016, the County entered in to a \$446,371 note payable for the purpose of refunding and redeeming the County's outstanding Leasehold Refunding Revenue Bonds (Cooper County Law Enforcement Center). The original bonds were issued for the purpose for providing funds to (1) pay the costs of acquiring, constructing, finishing, and equipping a law enforcement center, (2) to fund a bond reserve, and (3) to pay related issuance costs. Payments of \$41,728 are due quarterly with interest payable at 1.390%. This note was paid in full in 2019.

Balance at 12/31/18	Amount Borrowed	Amount Repaid	Balance at 12/31/19	Amount Borrowed	Amount Repaid	Balance at 12/31/20
<u>\$ 124,301</u>	<u>\$ -</u>	<u>\$ (124,301)</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ -</u>

Interest expense for the years ended December 31, 2020 and 2019 was \$0 and \$865.

The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 5 - County Employees' Retirement Fund (CERF)

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840 RSMo., circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997 RSMo., and certain personnel not defined as an employee per Section 50.1000(8) RSMo. The Fund was created by an act of legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at www.mocerf.org.

Contributions

Prior to January 1, 2003, participating county employees were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002 are required to make contributions of 6%. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 6% contribution on behalf of employees. The County collected and remitted CERF employee contributions of \$162,553 and \$151,892 for the years ended December 31, 2020 and 2019, respectively.

**The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 5 - County Employees' Retirement Fund (CERF) (continued)

Contributions (continued)

In addition to the above contributions required of employees, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of personal property tax declarations,
- Twenty dollars on each merchants and manufacturers license issued,
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded,
- Three sevenths of the fee on delinquent property taxes, and
- Interest earned on investment of the above collections prior to remittance to CERF.

The County collected and remitted CERF fees and penalties of \$150,712 and \$145,231 for the years ended December 31, 2020 and 2019, respectively.

Further information related to required contributions, pension benefits, other plan terms, and investments and related return and financial information can be found in the notes to the financial statements of CERF's Annual Financial Report.

Note 6 - Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807 RSMo, Cooper County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. Cooper County has contributed \$11,628 and \$10,225, respectively, for the years ended December 31, 2020 and 2019.

Note 7 - Other Retirement Plan

Cooper County have 457 and 401(a) plans which are paid by a deduction from employees' salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 457 plan were \$121,351 and \$115,744, respectively. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 401(a) plan were \$20,865 and \$19,690, respectively.

Note 8 - Post-Employment Benefits

Cooper County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Cooper County.

**The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 9 - Claims, Commitments and Contingencies

Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Compensated Absences

The County provides employees with up to fifteen days of paid vacation based upon the number of years of continuous service. This ranges from getting five days after the first year of service, ten days between two years and twelve years of service, and fifteen days after twelve years of service. Vacation time must be used in the year it is earned. Upon termination from county employment, an employee is reimbursed for unused vacation for that year. These have not been subjected to auditing procedures.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

Note 10 - Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool which is a corporate and political body created pursuant to state statute (Section 537.700 RSMo.). The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

Note 11 - Related Party Transactions

The County provided \$637,775 in CARES Act funding to a local school where a Commissioner serves as the school board president. Funding was applied for through the County's grant application process, and the disbursements were approved by the other two members of the County Commission. The Commissioner with the conflict of interest abstained from voting on the disbursements.

**The County of Cooper
Boonville, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 12 - Subsequent Events

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through August 27, 2021, the date the financial statements were available to be issued.

On March 23, 2021, the County entered in to a \$539,820 lease purchase agreement for the purchase of two 2021 John Deere 772G Motor Graders. The agreement is payable in five annual payments of \$63,870 with one final payment of \$261,741 due on February 23, 2026. Interest is payable at 2.250%.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

Independent Auditor's Report

To the County Commissioners and
Officeholders of Cooper County, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Cooper County, Missouri as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Cooper County, Missouri's basic financial statements, and have issued our report thereon dated August 27, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cooper County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cooper County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Cooper County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses. We did identify certain deficiencies in internal control, described in the accompanying schedule of findings and questioned costs as items 2020-002 and 2020-003 that we consider to be significant deficiencies.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cooper County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws,

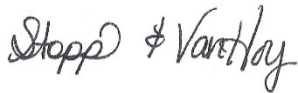

regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and which is described in the accompanying schedule of findings and questioned costs as item 2020-001.

Cooper County, Missouri's Response to Findings

Cooper County, Missouri's response to the findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Cooper County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT
ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE

Independent Auditor's Report

To the County Commission and
Officeholders of Cooper County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Cooper County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Cooper County, Missouri's major federal programs for the years ended December 31, 2020 and 2019. Cooper County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Cooper County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cooper County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Cooper County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Cooper County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Other Matters

The results of our auditing procedures disclosed instances of noncompliance which are required to be reported in accordance with the Uniform Guidance and which are described in the accompanying schedule of findings and questioned costs as 2020-004 and 2020-005. Our opinion on each major federal program is not modified with respect to these matters.

Cooper County, Missouri's response to the noncompliance findings identified in our audit is described in the accompanying schedule of findings and questioned costs. Cooper County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

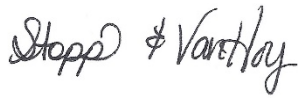

Management of Cooper County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Cooper County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Cooper County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-004, that we consider to be a significant deficiency.

Cooper County, Missouri's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Cooper County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Notes to Schedule of Expenditures of Federal Awards
For the years ended December 31, 2020 & 2019**

Note 1 - Summary of Significant Accounting Policies

Purpose of Schedule and Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). This Uniform Guidance requires a schedule that provides total federal awards expended for each federal program and the Catalog of Federal Domestic Assistance (CFDA) number or other identifying number when the CFDA number is not available.

This schedule includes all federal awards administered by Cooper County, Missouri.

Basis of Presentation

The *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* includes these definitions, which govern the contents of the schedule:

Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors.

Because the Schedule presents only a selected portion of the operations of Cooper County, Missouri, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Cooper County, Missouri.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Federal expenditures are considered to have occurred when cash is disbursed for allowable expenditures.

Cooper County, Missouri has not elected to use the 10% de minimis indirect cost rate.

Note 2 - Donated Personal Protective Equipment

Cooper County received no donated personal protective equipment which had been purchased with federal funds. This footnote is unaudited.

Boonville, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings

2020-001 **Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget and funds are not to be budgeted at a deficit.

Condition: During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: Assessment Fund and Overton Wooldridge Levee Fund. The following funds had actual expenditures that exceeded the budgeted expenditures in 2019: Local Law Enforcement Block Grant Fund. The following funds did not have a budget prepared in 2020: Adult Abuse Fund, Administrative Handling Cost Fund, CARES Act Election Grant Fund, and COVID-19 Relief Grant Fund. The following funds did not have a budget prepared in 2019: Adult Abuse Fund and Law Enforcement Restitution Fund. The following fund was budgeted at a deficit in 2019: Enhanced 911 Fund.

Cause: Oversight

Effect: Due to exceeding budget in certain funds, failing to prepare a budget for certain funds, and having a negative fund balance in a certain fund, the County is in violation of Missouri Revised Statutes.

Recommendation: We recommend that the County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should prepare a budget for all applicable funds which does not exceed available fund balances including estimated revenues for the year.

Management's Response: As budget officer, I, as County Clerk make recommendations to the County Commission. It is up to the County Commission to approve or adjust those amounts. The County Commission reviews the line items and expenditures so as to be within compliance with State Statute.

2020-002 **Criteria:** Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During our audit, we noted there is no formal fraud risk assessment in place.

Cause: Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

Effect: Lack of an appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Recommendation: We recommend that the County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.

**The County of Cooper
Boonville, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings (continued)

2020-002 **Management's Response:** Within the office of the County Clerk, while not having a formal written document, I (cont.) have met with my staff routinely over fraud prevention and risk. I've had a cyber security firm analyze my office for risk and set in place preventions in 2019. I will speak with the County Commission about doing the same for the entire courthouse. I will also speak to them about adopting a formal document for management to have standards in place for themselves as well as any staff.

2020-003 **Criteria:** Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared.

Cause: Management has not prepared documentation of internal controls.

Effect: Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

Recommendation: We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

Management's Response: In reviewing other county's written internal control documents, Cooper County is operating in a manner stated in such documents, however, not written out. I, as County Clerk, will work with the County Commission in developing such governance in a written form.

Section 3 - Federal Award Findings and Questioned Costs

2020-004 Federal Grantor: All Programs
Pass-Through Grantor: All Programs
Federal CFDA Number: All Programs
Program Title: All Programs

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200 requires auditees to prepare an accurate Schedule of Expenditures of Federal Awards (SEFA) containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of pass-through entity.

Condition: The Schedule of Expenditures of Federal Awards (SEFA) contained errors. The County's current internal controls over SEFA reporting are not sufficient enough to ensure correct SEFA reporting.

Cause: Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

Effect: Federal expenditures reported in the SEFA were incorrect.

**The County of Cooper
Boonville, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 3 - Federal Award Findings and Questioned Costs (continued)

2020-004 **Context:** This finding is a repeat finding and was reported in the previous audit as finding SA 2016-001.
(cont.)

Recommendation: We recommend management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate SEFA is prepared.

Management's Response: The County Clerk's office will work with the Treasurer's office so that these stated recommendations and findings are resolved in future audits.

2020-005 Federal Grantor: U.S. Department of Treasury
Pass-Through Grantor: Missouri State Treasurer's Office
Federal CFDA Number: 21.019
Program Title: COVID-19 Coronavirus Relief Fund
Award Year: 2020
Compliance Requirement: Allowable Costs
Known Questioned Costs: \$ 33,441

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200 requires recipients of Federal awards to comply with laws, regulations, and provisions of contract or grant agreements related to each of its Federal programs. Records must support the disbursements made in accordance with guidance provided by the Department of the Treasury.

Condition: During the audit, it was noted that the County made improper payments to a subrecipient in the amount of \$33,441. Subrecipients of the Coronavirus Relief Fund applied for grant funding from the County on a cost reimbursement basis. Two grant applications were processed by the County which contained duplicate invoices, resulting in an overpayment for expenditures.

Cause: Oversight

Effect: Applications for duplicate cost reimbursement requests were processed resulting in disallowed costs.

Recommendation: We recommend management strengthen internal controls over review and approval of COVID-19 Coronavirus Relief Fund applications to ensure that duplicate payments are not made. It was noted that the County did discover the error after the end of the fiscal year, and as such, the funds have since been returned by the subrecipient.

Management's Response: The County Commission will work to strengthen the internal controls that ultimately did identify the errors in the subrecipient's application. The Commission appreciates the acknowledgement by the auditor that the correction had been made prior to the audit.

**The County of Cooper
Boonville, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by Cooper County, Missouri, on the applicable findings in the prior audit report issued for the two years ended December 31, 2016 & 2015.

Prior Year Financial Statement Findings

FS 2016-001 **Criteria:** Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared.

Context: During discussions with management, we noted that internal control documentation has not been prepared.

Effect: Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

Cause: The County did not prepare the required documentation.

Recommendation: We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

Views of responsible officials and planned corrective actions: Cooper County will work at developing an internal control document to ensure that controls are in place, communicated and operating effectively. The County Commission can be reached at the phone number (660) 882-2228.

Status: Management has not corrected this issue, therefore, this finding is repeated as 2020-003 in the current year.

FS 2016-002 **Criteria:** Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During our audit, we noted there is no formal fraud risk assessment in place.

Context: During discussions with management, we noted there were no formal fraud risk assessments implemented.

Effect: Lack of an appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Cause: Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls.

**The County of Cooper
Boonville, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Financial Statement Findings (continued)

FS 2016- **Recommendation:** We recommend that the County address various risks in the environment, including risk of fraud
002 occurring by performing assessments to identify, analyze, and manage these risks.

Views of responsible officials and planned corrective actions: Cooper County will work to implement a formal fraud risk assessment. Then follow with assessments to identify, analyze and manage risks. The County Commission can be reached at the phone number (660) 882-2228.

Status: Management has not corrected this issue, therefore, this finding is repeated as 2020-002 in the current year.

Prior Year Federal Award Findings and Questioned Costs

SA 2016- 001	Federal Grantor:	U.S. Department of Interior, U.S. Department of Justice, U.S. Department of Health and Human Services, and U.S. Department of Homeland Security
	Pass-Through Grantor:	Missouri Department of Public Safety, Missouri Department of Social Services, Missouri State Emergency Management Agency
	Federal CFDA Number:	15.226, 16.575, 16.607, 16.738, 93.563, 97.042
	Program Title:	PILT - Payment in Lieu of Taxes, Crime Victim Assistance, Bulletproof Vest Grant Program, Edward Byrne Memorial Justice Grant Program, Child Support Enforcement, and Emergency Management Performance Grants
	Award Year:	2016 and 2015
	Type of Finding:	Other Information - Significant Deficiency

Information on the federal program: The Schedule of Expenditures of Federal Awards contained errors.

Criteria: The Uniform Guidance requires the auditee to prepare the Schedule of Expenditures of Federal Awards.

Condition: Through auditing procedures, we were able to correct and support the amounts reported on the Schedule of Expenditures of Federal Awards (SEFA). Prior to these corrections, the Schedule of Expenditures of Federal Awards (SEFA) was prepared with incorrect financial information.

Questioned Costs: Not applicable

Context: During the audit of federal programs, we discovered a number of errors related to the Schedule of Expenditures of Federal Awards (SEFA).

Effect: No control monitoring or control over federal expenditures reporting, as required by *Governmental Accounting and Financial Reporting Standards*.

Cause: Adequate emphasis was not placed on the preparation of the Schedule of Expenditures of Federal Awards (SEFA).

**The County of Cooper
Boonville, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Federal Award Findings and Questioned Costs (continued)

SA 2016-001 **Recommendation:** The County should implement procedures to ensure that the SEFA is prepared in accordance with federal requirements. The County should continue in its efforts to establish an accounting system that will capture grant transactions in a manner sufficient to readily report the necessary information required on the SEFA. The cost center listing that identifies federal expenditures should be defined and cross matched in a table that is updated monthly by a designee of the County Clerk's office.

Views of responsible officials and planned corrective actions: The County Clerk (Darryl Kempf) will work with the County accounting support management to develop a system to identify the federal expenditures that are required to be reported on the Schedule of Expenditures of Federal Awards. The County Commission can be reached at the phone number (660) 882-2228.

Status: Management has not corrected this issue, therefore, this finding is repeated as 2020-004 in the current year.

SA 2016-002

Federal Grantor:	All
Pass-Through Grantor:	All
Federal CFDA Number:	All
Program Title:	All
Pass-Through Entity	All
Identification Number	
Award Year:	2015 and 2016
Type of Finding:	Other Information - Significant Deficiency

Information on the federal program: The County must establish and maintain effective internal control over federal awards.

Criteria: Uniform Guidance requires the auditee to document internal controls over each federal program.

Condition: During the walkthroughs of the County, we noted there is not documentation over internal controls with regards to federal awards in place.

Questioned Costs: Not applicable

Context: During the audit of federal programs, we noted there was not adequate internal control documentation of each federal program.

Effect: Not documenting internal controls over federal compliance requirements could result in the noncompliance of a major component of the federal program.

Cause: Adequate emphasis was not placed on the documentation of internal controls required under the *Uniform Guidance*.

Recommendation: We recommend that the County formally document internal controls over federal programs in accordance with the *Uniform Guidance*.

**The County of Cooper
Boonville, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Federal Award Findings and Questioned Costs (continued)

SA 2016-
002 **Views of responsible officials and planned corrective actions:** The County Clerk (Darryl Kempf) is in the process of preparing the needed documentation to document their internal control structure in conformity with the Uniform Guidance. The Clerk expects to complete this by the next audit period. The Clerk's office can be reached at (660) 882-2228.

Status: This finding is no longer applicable.

Cooper County Clerk

CORRECTIVE ACTION PLAN

Audit Finding Reference: 2020-001

Planned Corrective Action: As budget officer, I, as County Clerk make recommendations to the County Commission. It is up to the County Commission to approve or adjust those amounts. The County Commission reviews the line items and expenditures so as to be within compliance with State Statute.

Name of Contact Person: County Clerk, Sarah Herman. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-002

Planned Corrective Action: Within the office of the County Clerk, while not having a formal written document, I have met with my staff routinely over fraud prevention and risk. I've had a cyber security firm analyze my office for risk and set in place preventions in 2019. I will speak with the County Commission about doing the same for the entire courthouse. I will also speak to them about adopting a formal document for management to have standards in place for themselves as well as any staff.

Name of Contact Person: County Clerk, Sarah Herman. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-003

Planned Corrective Action: In reviewing other county's written internal control documents, Cooper County is operating in a manner stated in such documents, however, not written out. I, as County Clerk, will work with the County Commission in developing such governance in a written form.

Name of Contact Person: County Clerk, Sarah Herman. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-004

Planned Corrective Action: The County Clerk's office will work with the Treasurer's office so that these stated recommendations and findings are resolved in future audits.

Name of Contact Person: County Clerk, Sarah Herman and County Treasurer, Marcia Imhoff. Expected completion date is December 31, 2021.

Audit Finding Reference: 2020-005

Planned Corrective Action: The County Commission will work to strengthen the internal controls that ultimately did identify the errors in the subrecipient's application. The Commission appreciates the acknowledgement by the auditor that the correction had been made prior to the audit.

Name of Contact Person: County Commissioners Don Baragary, Charlie Melkersman, and Danny Larm. Expected completion date is December 31, 2021.

A handwritten signature in blue ink that reads "Sarah Herman".

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the County Commission
and
Officeholders of Scotland County, Missouri

The Office of the State Auditor contracted for an audit of Scotland County's financial statements for the 2 years ended December 31, 2020, through the state Office of Administration, Division of Purchasing and Materials Management. The audit includes an audit of each county officer in fulfillment of our duties under Section 29.230.1, RSMo. A copy of this audit, performed by McBride, Lock & Associates, LLC, Certified Public Accountants, is attached.

INDEPENDENT AUDITOR'S REPORT

To the County Commission and
Officeholders of Scotland County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Scotland County, Missouri, which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles prescribed or permitted by Missouri law, as described in Note 1. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1, the financial statements are prepared by Scotland County, Missouri on the basis of the financial reporting provisions prescribed or permitted by Missouri Law, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the “Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles” paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of Scotland County, Missouri, as of December 31, 2019 and 2020, or the changes in financial position thereof for the years then ended.

Unmodified Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Scotland County, Missouri, as of December 31, 2019 and 2020, and their respective cash receipts and disbursements, and budgetary results for the years then ended, in accordance with the financial reporting provisions prescribed or permitted by Missouri Law as described in Note 1.

Other Matters

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise Scotland County, Missouri’s basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we also have issued our report dated August 12, 2021, on our consideration of Scotland County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Scotland County, Missouri's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the County's internal control over financial reporting and compliance.

The accompanying Notes to the Financial Statements are an integral part of this statement.

SCOTLAND COUNTY, MISSOURI
NOTES TO THE FINANCIAL STATEMENTS
DECEMBER 31, 2019 and 2020

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Scotland County, Missouri (“County”) is governed by a three-member board of commissioners. In addition to the three board members, there are ten elected Constitutional Officers: Assessor, Circuit Clerk, Collector, Coroner, County Clerk, Prosecuting Attorney, Public Administrator, Recorder, Sheriff, and Treasurer.

As discussed further in Note 1, these financial statements are presented using accounting practices prescribed or permitted by Missouri Law, which differ from accounting principles generally accepted in the United States of America, which would include all relevant Government Accounting Standards Board (GASB) pronouncements. The differences include use of a prescribed definition of the reporting entity and the cash basis of accounting.

A. Reporting Entity

The County’s operations include tax assessments and collections, state/county courts, county recorder, public safety, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include the primary government of Scotland County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise the County’s legal entity under the regulatory basis of accounting. Financial data of other entities that may be considered to be component units of the County under generally accepted accounting principles is not included.

In accordance with the regulatory basis of accounting, the financial statements of the County do not include the activity of the Circuit Court, which is part of the Missouri court system and is considered to be a state function, including the operations of the Circuit Clerk and all funds under their control.

B. Basis of Presentation

Governmental Funds – Governmental resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. A fund is considered a separate accounting entity with self-balancing accounts that comprise its assets, liabilities, net assets, revenues/receipts and expenditures/disbursements. The County’s funds are governmental funds. Governmental funds are those through which most governmental functions are financed. The County’s expendable financial resources are accounted for through governmental funds.

Fiduciary Funds – Fiduciary funds consist of custodial funds. Custodial funds account for assets held by the County as an agent of individuals, private organizations, taxing units, other governments and/or funds. Budgets are not adopted for the County’s custodial funds.

C. Basis of Accounting

The financial statements are prepared on the cash basis of accounting; accordingly, amounts are recognized when received or disbursed in cash. This basis of accounting differs from accounting principles generally accepted in the United States of America. Those principles require revenues to be recognized when they become available and measurable or when they are earned, and expenditures or expenses to be recognized when the related liabilities are incurred.

D. Budgets and Budgetary Accounting

The County follows these procedures in establishing the budgetary data reflected in the financial statements:

1. In accordance with Chapter 50, RSMo, the County's policy is to adopt a budget for each governmental fund.
2. On or before January 15, each elected officer and department director will transmit to the County Commission and County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.
3. The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures, on the cash basis of accounting, for all budgeted funds. Budgeting of appropriations is based upon an estimated fund balance at the beginning of the year as well as estimated revenues to be received.
4. State law requires that, at the individual fund level, budgeted expenditures not exceed budgeted revenues plus anticipated beginning fund balance.
5. A public hearing is conducted to obtain public comment on the budget. Prior to its approval by the County Commission, the budget document is available for public inspection, which usually takes place the third and fourth weeks of January.
6. Prior to February 1, the budget is legally enacted by a vote of the County Commission.
7. Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by a formal vote of the Commission. Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.
8. Budgets are prepared and adopted on the cash basis of accounting.
9. Adoption of a formal budget is required by law.
10. Section 50.740, RSMo prohibits expenditures in excess of the approved budgets. Actual expenditures exceeded budgeted amounts for the following funds:

	2020	2019
Tax Maintenance	N/A	✓
County of Scotland Improvement Corporation	✓	✓
CARES	✓	N/A

- E. Property taxes are based on the voter-approved tax levy applied to the real and personal assessed property values. Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on September 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuations of the tangible taxable property, included within the County's boundaries for the calendar year 2020 and 2019, for purposes of taxation were:

	2020	2019
Real Estate	\$ 47,537,180	\$ 46,603,360
Personal Property	25,232,864	24,872,060
Railroad and Utilities	9,952,076	9,660,633
Total	<u>\$ 82,722,120</u>	<u>\$ 81,136,053</u>

For calendar years 2020 and 2019, the County Commission approved a tax levy per \$100 of assessed valuation of tangible taxable property as follows:

	2020	2019
General Revenue	\$ 0.4953	\$ 0.4953
Road & Bridge	0.3468	0.3468
Special Road and Bridge	0.3161	0.3124

In addition to the levies above, the County has levied a tax of \$.75 per acre on all agricultural and horticulture land which is included in the Road Rock Fund.

Both the Road & Bridge and Special Road and Bridge levies go into the Special Road & Bridge Fund.

F. Cash Deposits and Cash Equivalents

Deposits and cash equivalents are stated at cost, which approximates market. Cash balances for all the County Treasurer funds are pooled and invested to the extent possible. Interest earned from these balances is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents may include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, purchased at a price at or below par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in the County's name at

third-party banking institutions. Details of these cash and cash equivalent balances are presented in Note 2.

G. Interfund Activity

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing. Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

2. CASH AND CASH EQUIVALENTS

The County maintains a cash and temporary investment pool that is available for use by all funds. Each fund's portion of this pool is displayed on the financial statements within the "Cash and Cash Equivalents" caption. Cash and cash equivalents include deposits and short-term investments with maturities that are less than ninety days.

Custodial Credit Risk - Deposits – Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits. At December 31, 2020, the County had the following cash and cash equivalent balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 1,945,003	\$ 2,301,482	\$ 250,000
Cash and Cash Equivalents - Fiduciary Funds	\$ 4,834,024	\$ 3,512,374	\$ 594,315

At December 31, 2019, the County had the following cash and cash equivalent balances:

	<u>Carrying Value</u>	<u>Bank Balance</u>	<u>FDIC Coverage</u>
Cash and Cash Equivalents - Governmental Funds	\$ 1,727,752	\$ 2,088,755	\$ 250,000
Cash and Cash Equivalents - Fiduciary Funds	\$ 4,923,930	\$ 4,307,110	\$ 591,054

The remainder of the balances not covered by FDIC deposit insurance at December 31, 2020 and 2019 were covered by collateral held at the Federal Reserve Bank and the County's safekeeping bank agent in the County's name or by a line of credit held by the County or by its agent in the County's name.

3. COUNTY EMPLOYEES' RETIREMENT PLANS

A. County Employees' Retirement Fund (CERF)

The County Employees' Retirement Fund was established by the State of Missouri to provide pension benefits for County officials and employees.

1) Plan Description

The Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elective or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840, RSMo, circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997, RSMo and certain personnel not defined as an employee per Section 50.1000(8), RSMo. The Fund was created by an act of the legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the Fund and the investment of the Fund are vested in a board of directors of eleven persons.

2) Pension Benefits

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the Fund but will be paid his or her accumulated contributions.

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, MO 65101, by calling 1-877-632-2373, or by the following website, www.mocerf.org.

3) Funding Policy

In accordance with State Statutes, the Plan is partially funded through various fees collected by counties and remitted to the CERF. Further, a contribution to CERF of 2% of annual salary is required for eligible employees hired before February 2002, while a contribution of 6% of annual salary is required of employees hired after February 2002. The County has elected not to make contributions on behalf of employees. During 2020

and 2019, the County collected and remitted to CERF employee withholdings of \$81,826 and \$77,647, respectively, for the years then ended.

B. Prosecuting Attorney Retirement Fund

In accordance with Section 56.807, RSMo, the County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys and Circuit Attorney Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. The County contributed \$3,366 and \$3,366, respectively, for the years ended December 31, 2020 and 2019.

C. Other Retirement Plans

Scotland County has a voluntary 401(a) plan which is paid by a deduction from the employee's salary. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 were \$6,497 and \$5,986, respectively.

Scotland County has a voluntary 457(b) plan which is paid by a deduction from employee's salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 were \$28,084 and \$26,698, respectively.

4. POST EMPLOYMENT BENEFITS

The County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by the County.

5. CLAIMS, COMMITMENT AND CONTINGENCIES

A. Compensated Absences

Full-time employees shall earn eight hours of sick leave with pay credit monthly in which a minimum of 120 hours have been worked. Introductory employees are not eligible for sick leave pay until six months of employment have been completed, although sick leave accrues from the first month of employment. Full-time employees are eligible to receive sick leave pay only after they have successfully completed the introductory period. Sick leave is not paid upon termination of employment.

Each full-time regular employee shall accrue vacation leave credit at annual rates as follows: 0 hours during introductory period; 40 hours during year 2; 80 hours during years 3-5; 120 hours after year 5. Employees may accrue vacation leave to a maximum of 240 hours, except personnel who are FLSA exempt may accrue vacation leave to a maximum of 360 hours. It is the general policy not to reimburse individuals for accrual of vacation time beyond their eligible amounts. Any employee with benefits leaving the County service due to resignation, death or termination shall be compensated for vacation credit unused to the date of termination.

B. Federal and State Assisted Programs

The County has received proceeds from several federal and state grants. Periodic audits of these grants, when performed, could result in the disallowance of certain costs. Accordingly, such audits could result in the refund of grant monies to the grantor agencies. Management believes that any required refunds, if determined necessary, will be immaterial and, therefore, no provision has been made in the accompanying financial statements for the potential refund of grant monies.

C. Litigation

The County was involved in pending litigation as of the audit report date. The County's management and legal counsel anticipate that potential claims, if any, against the County resulting from such litigation would not have a material effect on the financial position of the County.

6. RISK MANAGEMENT

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member of the Missouri Association of Counties Self-Insured Workers' Compensation Trust. The County purchases workers' compensation insurance through this fund, a non-profit corporation established for the purpose of providing insurance coverage for Missouri counties. The Fund is self-insured up to \$2,000,000 per occurrence and is reinsured up to the statutory limit through excess insurance.

7. LONG-TERM DEBT

The County had the following long-term debt outstanding as of December 31, 2020:

- A. In August 2019, two tax anticipation notes in the amount of \$57,291 and \$342,709 were issued by the Bank of Kirksville with a 7-year repayment period. The tax anticipation notes are repaid through annual principal and interest payments. The interest rate shall not exceed 3.75%. The schedule of remaining payment and interest is below:

Fiscal Year Ending December 31,	Principal	Interest	Total
2021	\$ 51,966	\$ 12,887	\$ 64,853
2022	53,950	10,903	64,853
2023	55,973	8,880	64,853
2024	58,073	6,780	64,853
2025	60,238	4,615	64,853
2026-2030	62,509	2,344	64,853
Totals	<u>\$ 342,709</u>	<u>\$ 46,409</u>	<u>\$ 389,118</u>

- B. In April 2018, the County entered into a \$200,000, 5-year capital lease with County of Scotland Improvement Corporation related to the purchase of a 2018 Caterpillar Motor Grader. The lease had an interest rate of 3.5% and a maturity date of April 25, 2023. A payment of \$166,881 was made in 2020 leaving no remaining balance under this lease.
- C. In February 2016, the Assessor entered into several five year agreements regarding software installation on mapping projects. The agreements run from October 18 to October 18 of the following year with the last or fifth year running from October 18, 2020, to October 18, 2021, with the final payment due October 2020. Each annual payment is for \$12,588. The final payment was made in 2020.

The following schedule shows changes in long-term debt during the year ended December 31, 2019:

Description	Balance 12/31/2018	Additions	Payments	Balance 12/31/2019	Interest Paid
Tax Anticipation Notes	\$ -	\$ 400,000	\$ -	\$ 400,000	\$ -
2018 Caterpillar Motor Grader	200,000	-	(37,296)	162,704	7,002
Assessor Software Agreements	25,176	-	(12,588)	12,588	-

The following schedule shows changes in long-term debt during the year ended December 31, 2020:

Description	Balance 12/31/2019	Additions	Payments	Balance 12/31/2020	Interest Paid
Tax Anticipation Notes	\$ 400,000	\$ -	\$ (57,291)	\$ 342,709	\$ 7,562
2018 Caterpillar Motor Grader	162,704	-	(162,704)	-	4,177
Assessor Software Agreements	12,588	-	(12,588)	-	-

8. SUBSEQUENT EVENTS

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events were evaluated through August 12, 2021, the date the financial statements were available to be issued.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

To the County Commission and
Officeholders of Scotland County, Missouri

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Scotland County, Missouri which comprise the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis and the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis as of December 31, 2019 and 2020, and the related Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis for the years then ended, and the related notes to the financial statements, which collectively comprise Scotland County, Missouri's basic financial statements and have issued our report thereon dated August 12, 2021.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Scotland County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Scotland County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Scotland County, Missouri's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Scotland County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

CERTIFIED PUBLIC ACCOUNTANTS

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the County Commission and
Officeholders of Scotland County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Scotland County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Scotland County, Missouri's major federal programs for the years ended December 31, 2019 and 2020. Scotland County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Scotland County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Scotland County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Scotland County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Scotland County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2019 and 2020.

Report on Internal Control over Compliance

Management of Scotland County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Scotland County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Scotland County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purposes.

SCOTLAND COUNTY, MISSOURI
NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
YEARS ENDED DECEMBER 31, 2019 AND 2020

NOTE A – BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal Awards (SEFA) includes the federal award activity of Scotland County, Missouri for the years ended December 31, 2020 and 2019. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

NOTE B – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Expenditures are reported on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), wherein certain types of expenditures are not allowed or are limited as to reimbursement. The County has elected not to use the 10 percent de minimis indirect cost rate as allowed under the Uniform Guidance.

NOTE C – SUBRECIPIENTS

The County did not pass any federal awards through to subrecipients during the years ended December 31, 2020 and 2019.

SCOTLAND COUNTY, MISSOURI SUMMARY SCHEDULE OF PRIOR AUDIT FINDINGS

In accordance with the Uniform Guidance, this section reports the follow-up on action taken by Scotland County, Missouri on the applicable findings in the prior audit report issued for the year ended December 31, 2016.

2016-001: Expenditures were approved by the County Collector for payment that exceeded the approved budget for the Collector's Tax Maintenance Fund by the amount of \$963.

Status: A similar condition was noted in 2019, however, we do not consider this to be an instance of material noncompliance that is reportable under *Government Auditing Standards*.

CERTIFIED PUBLIC ACCOUNTANTS

August 12, 2021

To the County Commission
Scotland County
117 S Market St
Memphis, MO 63555

We have audited the regulatory basis financial statements of Scotland County, Missouri for the years ended December 31, 2020 and 2019. Professional standards require that we provide you with information about our responsibilities under generally accepted auditing standards, *Government Auditing Standards* and the Uniform Guidance, as well as certain information related to the planned scope and timing of our audit. We have communicated such information in our letter to you dated June 10, 2021. Professional standards also require that we communicate to you the following information related to our audit.

Significant Audit Matters

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Scotland County are described in Note 1 to the financial statements. No new accounting policies were adopted and the application of existing policies was not changed during 2020 or 2019. We noted no transactions entered into by the County during the year for which there is a lack of authoritative guidance or consensus. All significant transactions have been recognized in the financial statements in the proper period.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. Since the County is reporting on the cash basis of accounting, there are no particularly sensitive estimates affecting the financial statements.

The financial statement disclosures are neutral, consistent, and clear.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are clearly trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to each opinion unit's financial statements taken as a whole.

Disagreements with Management

For purposes of this letter, a disagreement with management is a financial accounting, reporting, or auditing matter, whether or not resolved to our satisfaction, that could be significant to the financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated August 12, 2021.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the County's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the County's auditors. However, these discussions occurred in the normal course of our professional relationship and our responses were not a condition to our retention.

In planning and performing our audit of the Statement of Receipts, Disbursements and Changes in Cash – All Governmental Funds – Regulatory Basis, the Statement of Fiduciary Receipts, Disbursements and Changes in Cash – Regulatory Basis, and the Comparative Statements of Receipts, Disbursements and Changes in Cash – Budget and Actual – Regulatory Basis – All Governmental Funds as of and for the years ended December 31, 2019 and 2020, we considered Scotland County's internal control in order to determine our auditing procedures for the purpose of expressing an opinion on the financial statements and not to provide assurance on internal control. We issued our report on our consideration of internal

control over financial reporting dated August 12, 2021. However, during our audit we became aware of matters that are opportunities for strengthening internal controls.

Budgetary Controls

State statute prohibits the County from approving expenditures in excess of the budgeted amount for any County fund. This requirement ensures expenditures are subject to public scrutiny as provided by their inclusion in a budget adopted or amended at a public meeting.

Actual expenditures exceeded budgeted expenditures for two County funds in 2020 and two County funds in 2019. The detailed list of funds can be found in Note 1.D.10 to the financial statements.

We recommend the County strictly adhere to the authorized spending limits as documented in the adopted County budget or follow the appropriate procedures to amend the budget.

Other Matters

We were engaged to report on the Schedule of Expenditures of Federal Awards, which accompany the financial statements but are not RSI. With respect to this supplementary information, we made certain inquiries of management and evaluated the form, content, and methods of preparing the information to determine that the information complies with accounting principles prescribed or permitted by Missouri law, the method of preparing it has not changed from the prior period, and the information is appropriate and complete in relation to our audit of the financial statements. We compared and reconciled the supplementary information to the underlying accounting records used to prepare the financial statements or to the financial statements themselves.

Restriction on Use

This information is intended solely for the information and use of the County Commission and management of Scotland County, Missouri and is not intended to be, and should not be, used by anyone other than these specified parties.

Very truly yours,

(Original Signed by McBride, Lock & Associates, LLC)

Missouri State Auditor

RECOMMENDATION SUMMARY

Recommendations in the contracted audit of Bollinger County

2020-001	The County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should prepare a budget for applicable funds.
2020-002	Management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate Schedule of Expenditures of Federal Awards (SEFA) is prepared.

Independent Auditor's Report

To the County Commission and
Officeholders of Bollinger County, Missouri

Report on the Financial Statements

We have audited the accompanying financial statements of Bollinger County, Missouri, as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Bollinger County, Missouri's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting practices prescribed or permitted by Missouri law to demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statements, the financial statements are prepared by Bollinger County, Missouri on the basis of accounting practices prescribed or permitted by Missouri law to

demonstrate compliance with the State of Missouri's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statements of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in *the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles* paragraph, the financial statements referred to above do not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of each fund of Bollinger County, Missouri as of December 31, 2020 and 2019, or changes in financial position or cash flows thereof for the years then ended.

Opinion on Regulatory Basis of Accounting

In our opinion, the financial statements referred to above present fairly, in all material respects, the cash balances of each fund of Bollinger County, Missouri as of December 31, 2020 and 2019, and their respective cash receipts and disbursements, and budgetary results for the years then ended in accordance with the basis of accounting practices prescribed or permitted by Missouri law as described in Note 1.

Other Matters

Other Information

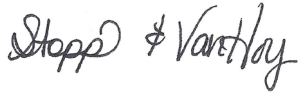

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Bollinger County, Missouri's basic financial statements. The Schedule of Expenditures of Federal Awards, as required by the audit requirements of Title 2 *U.S. Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance), is presented for purposes of additional analysis and is not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated August 20, 2021 on our consideration of Bollinger County, Missouri's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an

opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bollinger County, Missouri's internal control over financial reporting and compliance.

A handwritten signature in cursive script, reading "Stopp & Vantley".

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies

Organized in 1851, the county of Bollinger was named after pioneer settler and Missouri legislator George F. Bollinger. It is a third-class county, and the county seat is Marble Hill. Bollinger County's government is composed of a three-member county commission and the following separately elected Constitutional Officers: County Clerk, Collector, Treasurer, Circuit Clerk, Recorder of Deeds, Sheriff, Assessor, Coroner, Public Administrator and Prosecuting Attorney.

As discussed further in Note 1, these financial statements are presented on the regulatory basis of accounting. This basis of accounting differs from accounting principles generally accepted in the United States of America (GAAP).

Reporting Entity

As required by generally accepted accounting principles, as applicable to the regulatory basis of accounting, these financial statements present financial accountability of Bollinger County, Missouri, the Bollinger County Senior Citizens Service Board, and the Bollinger County Senate Bill 40 Board.

Bollinger County's operations include tax assessments and collections, state/county courts, county recorder, public safety, transportation, economic development, social and human services, and cultural and recreation services.

The financial statements referred to above include only the primary government of Bollinger County, Missouri, which consists of all funds, organizations, institutions, agencies, departments, and offices that are considered to comprise Bollinger County's legal entity. The Bollinger County Senior Citizens Service Board and the Bollinger County Senate Bill 40 Board are controlled by separate boards and are also included under the control of Bollinger County.

Certain elected County officials, such as the County Collector, Treasurer, and Sheriff, collect and hold monies in a trustee capacity as an agent of an individual, taxing units, or other government. These assets, which are held by these officeholders for the sole benefit of external parties, are included in the Statements of Assets and Liabilities Arising from Cash Transactions - Custodial Funds - Regulatory Basis.

Basis of Presentation

The accompanying financial statements present the receipts, disbursements, and changes in cash of all funds of Bollinger County, Missouri, and the comparisons of such information with the corresponding budgeted information for all funds of the County. The funds presented are established under statutory or administrative authority, and their operations are under the control of the County Commission or an elected county official. The General Revenue Fund is the County's general operation fund, accounting for all financial resources except those required to be accounted for in another fund. The other funds presented account for financial resources whose use is restricted for specified purposes.

Basis of Accounting

The financial statements were prepared using accounting practices prescribed or permitted by Missouri law, which differ from accounting principles generally accepted in the United States of America. The effects of the variances between these regulatory accounting practices and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Basis of Accounting (continued)

As a result of the use of this regulatory basis of accounting, certain assets (such as accounts receivable and capital assets), certain revenues (such as revenue for billed or provided services not yet collected), certain liabilities (such as accounts payable, certificates of participation, bonds, and obligations under capital leases), and certain expenditures (such as expenditures for goods or services received but not yet paid) are not recorded in these financial statements.

If Bollinger County utilized the basis of accounting recognized as generally accepted, the fund financial statements for governmental funds would use the modified accrual basis of accounting, while the fund financial statements for proprietary fund types, if applicable, would use the accrual basis of accounting. All government-wide financials would be presented on the accrual basis of accounting.

Budget and Budgetary Accounting

In accordance with Chapter 50 RSMo, Bollinger County adopts a budget for each governmental fund.

On or before January 15th, each elected official and department director will transmit to the County Clerk, who serves as budget officer, the budget request and revenue estimates for their office or department for the budget year.

The County Clerk submits to the County Commission a proposed budget for the fiscal year beginning January 1. The proposed budget includes estimated revenues and proposed expenditures for all budgeted funds. Budgeted expenditures cannot exceed beginning available monies plus estimated revenues for the year. Budgeting of appropriations is based upon an estimated unencumbered fund balance at the beginning of the year as well as estimated revenues to be received. The budget to actual comparisons in these financial statements, however, do not present encumbered fund balances, but only compare budgeted and actual revenues and expenditures.

A public hearing is conducted to obtain public comment. Prior to its approval by the County Commission, the budget document is available for public inspection.

Prior to February 1, the budget is legally enacted by a vote of the County Commission.

Subsequent to its formal approval of the budget, the County Commission has the authority to make necessary adjustments to the budget by formal vote of the Commission. Adjustments made during the year are reflected in the budget financial statements.

Budgeted amounts are as originally adopted, or as amended by the County Commission throughout the year.

Budgets are prepared and adopted on the cash basis of accounting.

During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: Sheriff Concealed Carry Weapon Fund and Senior Citizens Service Board Fund. The following fund did not have a budget prepared in 2019: 911 Service Fund.

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Taxes

Property taxes attach as an enforceable lien on property as of January 1. Taxes are levied on October 1 and tax bills are mailed to taxpayers in November, at which time they are payable. All unpaid property taxes become delinquent as of January 1 of the following year.

The assessed valuation of the tangible taxable property, included within Bollinger County's boundaries for the calendar year 2020 and 2019, respectively, for the purposes of County taxation was as follows:

	2020	2019
Real Estate	\$ 101,296,530	\$ 99,125,220
Personal Property	36,243,424	37,511,869
Railroad and Utilities	8,524,591	6,434,062
	<u>\$ 146,064,545</u>	<u>\$ 143,071,151</u>

The tax levy per \$100 assessed valuation of tangible taxable property for the calendar year 2020 and 2019, respectively, for the purpose of County taxation, was as follows:

	2020	2019
General Revenue	\$ 0.2200	\$ 0.2200
Special Road and Bridge	0.2592	0.2592
Senate Bill 40 Board	0.0983	0.0983

The County also receives sales tax collected by the State and remitted based on the County's sales tax rate to the total sales tax collected in the County.

Cash Deposits and Investments

Deposits and investments are stated at cost, which approximates market. Cash balances for all the County Treasurer's funds are pooled and invested to the extent possible. Interest earned from such investments is allocated to each of the funds based on the funds' average daily cash balance. Cash equivalents include repurchase agreements and any other instruments with an original maturity of ninety days or less. State law authorizes the deposit of funds in banks and trust companies or the investment of funds in bonds or treasury certificates of the United States, other interest bearing obligations guaranteed as to both principal and interest by the United States, bonds of the State of Missouri or other government bonds, or time certificates of deposit, provided, however, that no such investments shall be purchased at a price in excess of par. Funds in the form of cash on deposit or time certificates of deposit are required to be insured by the Federal Deposit Insurance Corporation (FDIC) or collateralized by authorized investments held in Bollinger County's name at third-party banking institutions. Details of these cash balances are presented in Note 2.

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies (continued)

Interfund Transactions

During the course of operations, interfund activity occurs for purposes of providing supplemental funding, reimbursements for goods provided or services rendered, or short and long-term financing.

Interfund activities are reported as "transfers in" by the recipient fund and as "transfers out" by the disbursing fund. However, interfund reimbursements have been eliminated from the financial statements in order that reimbursed expenditures are reported only in the funds incurring the costs.

Note 2 - Deposits and Investments

Bollinger County maintains a cash and temporary investment pool that is available for use by all funds. Deposits with maturities greater than three months are considered investments. Each fund type's portion of this pool is displayed on the statement of receipts, disbursements, and changes in cash arising from cash transactions as "Cash and Equivalents". Cash held for others is displayed on the statement of assets and liabilities arising from cash transactions as "Cash and Equivalents."

Deposits - Missouri statutes require that all deposits with financial institutions be collateralized in an amount at least equal to uninsured deposits.

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2020, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 6,085,282	\$ 5,601,624
Investments	<u>-</u>	<u>-</u>
Total Deposits and Investments as of December 31, 2020	<u>\$ 6,085,282</u>	<u>\$ 5,601,624</u>
Total Cash and Equivalents - Governmental Funds	\$ 1,469,739	
Total Cash and Equivalents - Custodial Funds	<u>4,615,543</u>	
	<u>\$ 6,085,282</u>	

The bank balances and carrying values of deposits and investments shown below are included in the financial statements at December 31, 2019, as follows:

	<u>Carrying Value</u>	<u>Bank Balances</u>
Deposits	\$ 5,269,129	\$ 4,795,117
Investments	<u>-</u>	<u>-</u>

Total Cash and Equivalents - Custodial Funds	<u>4,470,232</u>	
	<u>\$ 5,269,129</u>	

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 2 - Deposits and Investments (continued)

Custodial Credit Risk - Deposits

For a deposit, custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. At December 31, 2020 and 2019, 100% of Bollinger County's deposits and investments were covered by the Federal Deposit Insurance Company (FDIC) or were collateralized.

Custodial Credit Risk - Investments

Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the name of the government, and are held by the party that sold the security to Bollinger County or its agent but not in the government's name. Bollinger County does not have a policy for custodial credit risk relating to investments.

All investments, evidenced by individual securities, are registered in the name of Bollinger County or of a type that are not exposed to custodial credit risk.

Investment Interest Rate Risk

Investment interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Bollinger County does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Concentration of Investment Credit Risk

Concentration of investment credit risk is required to be disclosed by Bollinger County for any single investment that represents 5% or more of total investments (excluding investments issued by or explicitly guaranteed by the U. S. Government, investments in mutual funds, investments in external investment pools and investments in other pooled investments). Bollinger County has no policy in place to minimize the risk of loss resulting from over concentration of assets of a specific maturity, specific issuer or specific class of securities.

Note 3 - Interfund Transfers

Transfers between funds for the years ended December 31, 2020 and 2019 are as follows:

<u>Fund</u>	2020		2019	
	Transfers In	Transfers Out	Transfers In	Transfers Out
General Revenue	\$ 48,145	\$ 1,474,110	\$ 58,136	\$ 50,000

2021	\$ 58,848
2022	58,848
	<u>\$ 117,696</u>

Note 5 - County Employees' Retirement Fund (CERF)

Plan Description

The County Employees' Retirement Fund is a cost-sharing multiple employer defined benefit pension plan covering any county elected or appointed officer or employee whose performance requires the actual performance of duties during not less than one thousand (1,000) hours per calendar year in each county of the state, except for any city not within a county and any county of the first classification having a charter form of government. It does not include county prosecuting attorneys covered under Sections 56.800 to 56.840 RSMo., circuit clerks and deputy circuit clerks covered under the Missouri State Retirement System, county sheriffs covered under Sections 57.949 to 57.997 RSMo., and certain personnel not defined as an employee per Section 50.1000(8) RSMo. The Fund was created by an act of legislature and was effective August 28, 1994.

The general administration and the responsibility for the proper operation of the fund and the investment of the fund are vested in a board of directors of eleven persons.

Benefits Provided

Beginning January 1, 1997, employees attaining the age of sixty-two years may retire with full benefits with eight or more years of creditable service. The monthly benefit for County Employees is determined by selecting the highest benefit calculated using three different prescribed formulas (flat-dollar formula, targeted replacement ratio formula, and prior plan's formula). A death benefit of \$10,000 will be paid to the designated beneficiary of every active member upon his or her death.

Upon termination of employment, any member who is vested is entitled to a deferred annuity, payable at age sixty-two. Early retirement is at age fifty-five. Any member with less than eight years of creditable service forfeits all rights in the fund but will be paid his or her accumulated contributions.

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 5 - County Employees' Retirement Fund (CERF) (continued)

Benefits Provided (continued)

The County Employees' Retirement Fund issues audited financial statements. Copies of these statements may be obtained from the Board of Directors of CERF by writing to CERF, 2121 Schotthill Woods Drive, Jefferson City, Missouri, 65101, by calling (573) 632-9203, or by visiting the CERF website at www.mocerf.org.

Contributions

Prior to January 1, 2003, participating county employees were required to make contributions equal to 2% of gross compensation. Effective January 1, 2003, participating county employees hired on or after February 25, 2002 are required to make contributions of 6%. If an employee leaves covered employment before attaining 8 years of creditable service, accumulated employee contributions are refunded to the employee. The contribution rate is set by state statute and may be amended only by action of the Missouri Legislature. Counties may elect to make all or a portion of the required 6% contribution on behalf of employees. The County collected and remitted CERF employee contributions of \$85,253 and \$83,691 for the years ended December 31, 2020 and 2019, respectively.

In addition to the above contributions required of employees, the following fees and penalties prescribed under Missouri law are required to be collected and remitted to CERF by counties covered by the plan:

- Late fees on filing of personal property tax declarations,
- Twenty dollars on each merchants and manufacturers license issued,
- Six dollars on each document recorded or filed with county recorders of deeds, with an additional one dollar on each document recorded,
- Three sevenths of the fee on delinquent property taxes, and
- Interest earned on investment of the above collections prior to remittance to CERF.

The County collected and remitted CERF fees and penalties of \$118,542 and \$109,186 for the years ended December 31, 2020 and 2019, respectively.

Further information related to required contributions, pension benefits, other plan terms, and investments and related return and financial information can be found in the notes to the financial statements of CERF's Annual Financial Report.

Note 6 - Prosecuting Attorney Retirement Fund

In accordance with state statute Section 56.807 RSMo, Bollinger County contributes monthly to the Missouri Office of Prosecution Services for deposit to the credit of the Missouri Prosecuting Attorneys' and Circuit Attorneys' Retirement System Fund. Once remitted, the State of Missouri is responsible for administration of this plan. Bollinger County has contributed \$2,805 and \$3,366, respectively, for the years ended December 31, 2020 and 2019.

Note 7 - Other Retirement Plans

Bollinger County has 457 and 401(a) plans which are paid by a deduction from employees' salary. These contributions qualify under the Internal Revenue Code and are tax exempt. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 457 plan were \$36,947 and \$33,940, respectively. Employee contributions collected and remitted by the County for the years ended December 31, 2020 and 2019 for the 401(a) plan were \$10,197 and \$10,086, respectively.

The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019

Note 8 - Post-Employment Benefits

Bollinger County does not provide post-employment benefits except as mandated by the Consolidated Omnibus Budget Reconciliation Act (COBRA). The requirements established by COBRA are fully funded by employees who elect coverage under the Act, and no direct costs are incurred by Bollinger County.

Note 9 - Claims, Commitments and Contingencies

Litigation

The County is subject to various claims and legal proceedings covering a wide range of matters that arise in the ordinary course of its business activities. Management believes that any liability that may ultimately result from the resolution of these matters will not have a material adverse effect on the financial condition of the County.

Compensated Absences

Bollinger County provides employees with up to 15 days of paid vacation based upon the number of years of continuous service. Regular full-time employees who have worked beyond their probationary period with the County who either retire or leave by some other separation shall receive compensation for all unused vacation time earned in that year. The County does not pay employees for any accrued sick leave. These have not been subjected to auditing procedures.

Federal and State Assisted Programs

The County receives proceeds from several federal and state grants. Periodic audits of these grants are required and certain costs may be questioned. Such audits could result in refund of grant monies to the grantor agencies. Management believes that any required refunds will be immaterial. No provision has been made in the accompanying financial statements for the potential refund of grant monies.

Note 10 - Risk Management

The County is exposed to various risks of losses related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees and natural disasters, and has established a risk management strategy that attempts to minimize losses and the carrying costs of insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

The County is a member participant in a public entity risk pool (MOPERM), which is a corporate and political body created pursuant to Section 537.700 RSMo. The purpose of the risk pool is to provide liability protection to participating public entities, their officials, and employees. Annual contributions are collected based on actuarial projections to produce sufficient funds to pay losses and expenses. Should contributions not produce sufficient funds to meet its obligations, the risk pool is empowered with the ability to make special assessments. Members are jointly and severally liable for all claims against the risk pool.

The County is also a member of the Missouri Association of Counties Self-Insured Workers' Compensation and Insurance Fund. The County purchases workers' compensation insurance through this Fund, a non-profit corporation established to provide insurance coverage to Missouri counties. The Fund is self-insured up to \$500,000 per occurrence and reinsured up to the statutory limit through excess insurance.

**The County of Bollinger
Marble Hill, Missouri
Notes to the Financial Statements
For the years ended December 31, 2020 & 2019**

Note 11 - Subsequent Events

The County has evaluated events subsequent to December 31, 2020 to assess the need for potential recognition or disclosure in the financial statements. Such events have been evaluated through August 20, 2021, the date the financial statements were available to be issued. Based upon this evaluation, it was determined that no subsequent events occurred that require recognition or additional disclosure in the financial statements.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON
COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING
STANDARDS*

Independent Auditor's Report

To the County Commissioners and
Officeholders of Bollinger County, Missouri

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Bollinger County, Missouri as of and for the years ended December 31, 2020 and 2019, and the related notes to the financial statements, which collectively comprise Bollinger County, Missouri's basic financial statements, and have issued our report thereon dated August 20, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered Bollinger County, Missouri's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Bollinger County, Missouri's internal control. Accordingly, we do not express an opinion on the effectiveness of Bollinger County, Missouri's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Bollinger County, Missouri's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with

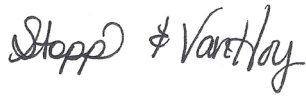

those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed an instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*, and which is described in the schedule of findings and questioned costs as item 2020-001.

Bollinger County, Missouri's Response to Findings

Bollinger County, Missouri's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Bollinger County, Missouri's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Creve Coeur, Missouri
August 20, 2021

REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND REPORT
ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH THE
UNIFORM GUIDANCE

Independent Auditor's Report

To the County Commission and
Officeholders of Bollinger County, Missouri

Report on Compliance for Each Major Federal Program

We have audited Bollinger County, Missouri's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of Bollinger County, Missouri's major federal programs for the years ended December 31, 2020 and 2019. Bollinger County, Missouri's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Bollinger County, Missouri's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Bollinger County, Missouri's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Bollinger County, Missouri's compliance.

Opinion on Each Major Federal Program

In our opinion, Bollinger County, Missouri complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the years ended December 31, 2020 and 2019.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance which is required to be reported in accordance with the Uniform Guidance and which is described in the accompanying schedule of findings and questioned costs as 2020-002. Our opinion on each major federal program is not modified with respect to these matters.

Bollinger County, Missouri's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Bollinger County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

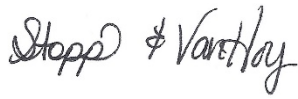

Management of Bollinger County, Missouri is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Bollinger County, Missouri's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Bollinger County, Missouri's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, we did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2020-002, that we consider to be a significant deficiency.

Bollinger County, Missouri's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. Bollinger County, Missouri's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

The County of Bollinger
Marble Hill, Missouri
Notes to the Schedule of Expenditures of Federal Awards
For the years ended December 31, 2020 & 2019

Note 1 - Summary of Significant Accounting Policies

Purpose of Schedule and Reporting Entity

The accompanying Schedule of Expenditures of Federal Awards has been prepared to comply with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). This Uniform Guidance requires a schedule that provides total federal awards expended for each federal program and the Catalog of Federal Domestic Assistance (CFDA) number or other identifying number when the CFDA number is not available.

This schedule includes all federal awards administered by Bollinger County, Missouri.

Basis of Presentation

The *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* includes these definitions, which govern the contents of the schedule:

Federal financial assistance means assistance that non-Federal entities receive or administer in the form of grants, loans, loan guarantees, property (including donated surplus property), cooperative agreements, interest subsidies, insurance, food commodities, direct appropriations, and other assistance, but does not include amounts received as reimbursement for services rendered to individuals.

Federal award means Federal financial assistance and Federal cost-reimbursement contracts that non-Federal entities receive directly from Federal awarding agencies or indirectly from pass-through entities. It does not include procurement contracts, under grants or contracts, used to buy goods or services from vendors.

Because the Schedule presents only a selected portion of the operations of Bollinger County, Missouri, it is not intended to and does not present the financial position, changes in net assets, or cash flows of Bollinger County, Missouri.

Basis of Accounting

The accompanying Schedule of Expenditures of Federal Awards is presented on the cash basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowed or are limited as to reimbursement.

Federal expenditures are considered to have occurred when cash is disbursed for allowable expenditures.

Bollinger County, Missouri has not elected to use the 10% de minimis indirect cost rate.

Note 2 - Donated Personal Protective Equipment

Bollinger County received no donated personal protective equipment which had been purchased with federal funds. This footnote is unaudited.

**The County of Bollinger
Marble Hill, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 2 - Financial Statement Findings

2020-001 **Criteria:** Missouri statutes requires Counties to prepare an annual budget as applicable to each fund. Expenditures are not to exceed the budget.

Condition: During the audit, it was noted that the County was not in compliance with Missouri budgetary state statute Chapter 50 RSMo. The following funds had actual expenditures that exceeded budgeted expenditures in 2020: Sheriff Concealed Carry Weapon Fund and Senior Citizens Service Board Fund. The following fund did not have a budget prepared in 2019: 911 Service Fund.

Cause: Oversight

Effect: Due to exceeding budget in certain funds and failing to prepare a budget in certain funds, the County is in violation of Missouri Revised Statutes.

Recommendation: We recommend that the County periodically review its actual expenditures as compared to budgeted amounts. An amended budget should be prepared and approved as necessary to comply with statutes. Additionally, the County should prepare a budget for all applicable funds.

Management's Response: The County will review each fund closely to ensure they are amended when necessary. This was an oversight and the County Clerk will make sure it doesn't happen in the future.

Section 3 - Federal Award Findings and Questioned Costs

2020-002 Federal Grantor: All Programs
Pass-Through Grantor: All Programs
Federal CFDA Number: All Programs
Program Title: All Programs

Criteria: Title 2 U.S. *Code of Federal Regulations* Part 200 requires auditees to prepare an accurate Schedule of Expenditures of Federal Awards (SEFA) containing awards expended, CFDA title and number, award number, name of the Federal agency, and name of pass-through entity.

Condition: The Schedule of Expenditures of Federal Awards (SEFA) contained errors. The County's current internal controls over SEFA reporting are not sufficient enough to ensure correct SEFA reporting.

Cause: Management did not follow reporting requirements related to the Schedule of Expenditures of Federal Awards.

Effect: Federal expenditures reported in the SEFA were incorrect.

Context: This finding is a repeat finding and was reported in the previous audit as findings 2017-004 and 2017-005.

Recommendation: We recommend management develop internal controls over reporting and consult with outside accountants, if possible, to ensure an accurate SEFA is prepared.

Marble Hill, Missouri
Schedule of Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Section 3 - Federal Award Findings and Questioned Costs (continued)

2020-002 **Management's Response:** The County will ensure that the Schedule of Expenditures of Federal Awards is correct.
(cont.) The County Clerk expects to complete this by the next audit period.

The County of Bollinger
Marble Hill, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019

In accordance with *Government Auditing Standards*, this section reports the auditor's follow-up on action taken by Bollinger County, Missouri, on the applicable findings in the prior audit report issued for the year ended December 31, 2017.

Prior Year Financial Statement Findings

2017-001 Criteria: Statement on Auditing Standards (SAS) No. 115, *Communicating Internal Control Related Matters Identified in an Audit*, which is effective for periods ending on or after December 15, 2009, as amended by SAS No. 122, *Statements on Auditing Standards: Clarification and Recodification*, considers inadequate documentation of the components of internal control to be at least a significant deficiency.

Condition: Documentation of the County's internal controls has not been prepared by the Prosecuting Attorney and Sheriff.

Context: During discussions with management, we noted that internal control documentation has not been prepared by the Prosecuting Attorney and Sheriff's offices.

Effect: SAS 122 considers inadequate documentation of the components of internal control to be at least a significant deficiency. Without documented internal controls, the County may not be able to ensure that controls are in place, communicated and operating effectively.

Cause: The Prosecuting Attorney and Sheriff's offices did not prepare the required documentation in accordance with COSO.

Recommendation: We recommend that the County develop the required internal control documentation. In addition, we recommend studying the COSO internal control guidance and tools as a means to begin the process. Once this documentation is complete, those charged with governance have a responsibility to understand the controls and ensure they are operating effectively.

View of responsible officials and planned corrective actions: The Sheriff and Prosecuting Attorney have started the process of documenting internal controls and will work on getting the documentation in accordance with COSO. The Sheriff is Darin Shell and his office number is 573-238-3275. The Prosecuting Attorney is Heath Robins and his office number 573-886-4100.

Status: This finding is no longer applicable.

2017-002 Criteria: Antifraud programs and controls are the policies and procedures put in place by an organization to help ensure that management directives are carried out. They are part of the overall system of internal control established to achieve reliability of financial reporting, effectiveness and efficiency of operations, and compliance with applicable laws and regulations.

Condition: During our audit, we noted there is no formal fraud risk assessment in place in the Prosecuting Attorney and Sheriff's offices.

Context: During discussions with management, we noted there is no formal fraud risk assessment in place in the Prosecuting Attorney and Sheriff's offices.

The County of Bollinger
Marble Hill, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019

Prior Year Financial Statement Findings (continued)

2017-002 Effect: Lack of an appropriate fraud risk assessment process may result in certain risks not being identified by County's management. Opportunities to commit and conceal a fraud or irregularity may go undetected by management without proper assessment procedures.

Cause: Management has not prepared documentation of risk assessments, including identifying risks and mitigating controls, in the Prosecuting Attorney and Sheriff's offices.

Recommendation: We recommend that the County address various risks in the environment, including risk of fraud occurring by performing assessments to identify, analyze, and manage these risks.

Views of responsible officials and planned corrective actions: The Sheriff and Prosecuting Attorney are in the process of completing the required risk assessment. The Sheriff is Darin Shell and his office number is 573-238-3275. The Prosecuting Attorney is Heath Robins and his office number 573-886-4100.

Status: This finding is no longer applicable.

2017-003 Criteria: SAS No. 55, *Consideration of Internal Control in a Financial Statement Audit*, as amended by SAS No. 78, *Consideration of Internal Control in a Financial Statement Audit: An Amendment to SAS No. 55*.

Condition: Lack of sufficient segregation of duties within the following offices of the County: Sheriff, Prosecuting Attorney and Recorder.

Context: During the engagement, we noted that an individual is allowed to receive, record, deposit, as well as write, approve, sign and reconcile expenditures and receipts to the bank statement.

Effect: The design of the internal control over financial reporting could adversely affect the ability to record, process, summarize and report financial data consistent with the assertions of management in the financial statements.

Cause: Size and budget constraints limiting the number of personnel within each of the corresponding departments.

Recommendation: These areas should be reviewed periodically and consideration should be given to improving the segregation of duties.

Views of responsible officials and planned corrective actions: Due to budget constraints with hiring additional staff, the County will have to implement new procedures to safeguard the County's assets. The Sheriff is Darin Shell and his office number is 573-238-3275. The Prosecuting Attorney is Heath Robins and his office number 573-886-4100. The Recorder is Dana Fulbright and her office number is 573-238-1900.

Status: This finding is no longer applicable.

**The County of Bollinger
Marble Hill, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Federal Award Findings and Questioned Costs

2017-004 Federal Grantor: All
Pass-Through Grantor: All
Federal CFDA Number: All
Program Title: All
Pass-Through Entity
Identification Number: All
Award Year: 2017
Type of Finding: Other Information - Significant Deficiency

Information on the federal program: The County must establish and maintain effective internal control over federal awards.

Criteria: Uniform Guidance requires the auditee to document internal controls over each federal program.

Condition: During the walkthroughs of the County, we noted there is not documentation over internal controls with regards to federal awards in place.

Questioned Costs: Not applicable

Context: During the audit of federal programs, we noted there was not adequate internal control documentation of each federal program.

Effect: Not documenting internal controls over federal compliance requirements could result in the noncompliance of a major component of the federal program.

Cause: Adequate emphasis was not placed on the documentation of internal controls required under the *Uniform Guidance*.

Recommendation: We recommend that the County formally document internal controls over federal programs in accordance with the *Uniform Guidance*.

Views of responsible officials and planned corrective actions: The County Clerk (Brittany Hovis) is in the process of preparing the needed documentation to document their internal control structure in conformity with the *Uniform Guidance*. The Clerk expects to complete this by the next audit period. The Clerk's office can be reached at (573) 238-1900.

Status: This finding is has been partially corrected. Internal controls have been documented but not effectively implemented, therefore, this finding will be repeated in the current year as finding 2020-002.

**The County of Bollinger
Marble Hill, Missouri
Summary Schedule of Prior Year Findings and Questioned Costs
For the years ended December 31, 2020 & 2019**

Prior Year Federal Award Findings and Questioned Costs (continued)

2017-005 Federal Grantor: U.S. Department of Agriculture, U.S. Department of Housing and Urban Development, U.S. Department of Interior, U.S. Department of Justice and U.S. Department of Homeland Security

Pass-Through Grantor: Office of Administration, Missouri Department of Economic Development, Department of Public Safety and Missouri State Emergency Management Agency

Federal CFDA Number: 10.665, 14.228, 15.226, 16.728, 20.607, 97.036

Program Title: Schools and Roads – Grants to States, Community Development Block Grant, PILT – Payment in Lieu of Taxes, Edward Byrne Memorial Justice Assistance Grant Program and Disaster Grants – Public Assistance Grants

Type of Finding: Other Information - Significant Deficiency

Information on the federal program: The Schedule of Expenditures of Federal Awards contained errors.

Criteria: Uniform Guidance requires the auditee to prepare the Schedule of Expenditures of Federal Awards.

Condition: Through auditing procedures, we were able to correct and support the amounts reported on the Schedule of Expenditures of Federal Awards (SEFA). Prior to these corrections, the Schedule of Expenditures of Federal Awards (SEFA) was prepared with incorrect financial information.

Questioned Costs: Not applicable

Context: During the audit of federal programs, we discovered a number of errors related to the Schedule of Expenditures of Federal Awards (SEFA).

Effect: No control monitoring or control over federal expenditures reporting, as required by *Governmental Accounting and Financial Reporting Standards*.

Cause: Adequate emphasis was not placed on the preparation of the Schedule of Expenditures of Federal Awards (SEFA).

Recommendation: The County should implement procedures to ensure that the SEFA is prepared in accordance with federal requirements. The County should continue in its efforts to establish an accounting system that will capture grant transactions in a manner sufficient to readily report the necessary information required on the SEFA. The cost center listing that identifies federal expenditures should be defined and cross matched in a table that is updated monthly by a designee of the County Clerk's office.

Views of responsible officials and planned corrective actions: The County will ensure that the Schedule of Expenditures of Federal Awards (SEFA) is correct. The Clerk expects to complete this by the next audit period. The County Clerk's office (Brittany Hovis) phone number is (573) 238-1900.

Status: This finding has not been corrected, therefore, this finding will be repeated in the current year as 2020-002.

NICOLE GALLOWAY, CPA
Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
City of Center, Missouri

We have conducted follow-up work on certain audit report findings contained in Report No. 2020-070, *City of Center* (rated as Poor), issued in September 2020, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the city about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by the City Clerk and the city's depository bank and held discussions with city officials to verify the status of implementation for the recommendations. Documentation provided by the city included Board meeting minutes, financial records, and other pertinent documents. This report is a summary of the results of this follow-up work, which was substantially completed during May and June 2021.

Nicole R. Galloway, CPA
State Auditor

City of Center

Follow-Up Report on Audit Findings

Status of Findings

1. **Misappropriated Money** Between January 1, 2015, and July 3, 2019, at least \$316,887 was misappropriated from the city. During this period, the former City Clerk used city money to pay personal credit card bills totaling \$206,343 and obtained \$1,997 in credit card rewards points related to transactions paid for from city funds. The former City Clerk made improper payments using city money for health insurance coverage totaling at least \$62,013 and personal expenses totaling at least \$35,547. The former City Clerk also made improper payroll disbursements to herself totaling \$3,580 and did not deposit at least \$7,407 in cash receipts.

The City Clerk made another 247 disbursements, totaling \$87,692, that had no supporting documentation and were considered questionable based on discussions with city officials.

In addition, the former City Clerk falsified Board financial reports and lists of bills prepared for Board meetings. The Mayor and some Board members indicated the former City Clerk provided various financial records for review at Board meetings, but the information provided was not consistent. Only 8 months of account balance reports, and 7 months of bills to be paid lists were available for our review. The account balance reports we reviewed misreported the majority of the bank account balances and helped conceal the depletion of the Sewer Fund account by the former City Clerk. Numerous disbursements were missing from the lists of bills reviewed, including most payroll transactions and the improper disbursements identified.

Recommendation

The Board of Aldermen continue to work with law enforcement officials regarding criminal prosecution of the improper disbursements and missing money. The Board should also review the questionable, unsupported disbursements and work with law enforcement officials regarding criminal prosecution of any personal purchases. The Board should take necessary action to obtain restitution for all improper disbursements and missing money. The Board should also ensure all disbursements are necessary and prudent uses of public funds.

Status

Implemented

In November 2020, a federal grand jury indicted the former City Clerk and she was charged with wire fraud and federal program theft. She plead guilty to those charges in June 2021 and sentencing is scheduled for October 2021. The city took action in early 2020 to file a lien on the sale of the former City Clerk's home and in May 2020, the city received a \$99,054 settlement after the home was sold. In October 2020, the city received \$25,000 from its insurance company for payment on the former City Clerk's performance bond. The city also filed suit against the former City Clerk in the Tenth Judicial Circuit Court, Ralls County, and in January 2021, obtained a judgment in the amount of \$316,887.

City of Center
Follow-up Report on Audit Findings
Status of Findings

Board procedures now require either the Mayor or a specific Alderman to sign each check, in addition to the City Clerk. Both the Mayor and the Alderman indicated they review supporting documentation prior to signing any checks and they ensure all disbursements are necessary and valid uses of city money. In addition, copies of the computer generated check registers for each fund are provided at monthly Board meetings for Board members to review.

2. Oversight and Annual Audits

The Board did not establish adequate oversight of the former City Clerk or obtain annual audits as required by state law.

2.1 Oversight and segregation of duties

The Board did not establish adequate segregation of duties or supervisory reviews over the various financial accounting functions performed by the former City Clerk, which included various receipting, disbursement, and payroll handling functions. The Board also did not perform an adequate review of the documentation provided by the former City Clerk. In addition, accounting system access was limited and checks only required one signature prior to August 2019.

Recommendation

The Board of Aldermen segregate accounting duties to the extent possible and implement appropriate reviews and monitoring procedures over the city's financial activity.

Status

Partially Implemented

At each monthly Board meeting, the City Clerk provides the Board a fund balance report, the check register from the accounting system, and a copy of the bank statements. The Mayor and Alderman that sign checks indicated they review supporting documentation for each disbursement before signing the checks, although they do not document these reviews. The City Clerk does not provide bank reconciliations to the Board and no specific monitoring procedures have been developed yet for review of receipting or payroll. The Mayor did indicate he reviews the City Clerk's time sheet regularly. The Board stated it will develop a process for an independent review of bank reconciliations and other receipting and payroll documentation in the near future.

2.2 Annual audits

The city did not obtain annual audits as required by state law and city officials did not know when the last audit of city finances occurred.

Recommendation

The Board of Aldermen obtain annual audits of the sewerage system as required by state law.

City of Center
Follow-up Report on Audit Findings
Status of Findings

Status

In Progress

The City Clerk contacted at least four auditing firms in May 2021 to obtain financial audit proposals and received one proposal for services in June 2021. The Board is currently in negotiations with this accounting firm and intends to enter into a contract for an audit soon.

3.1 Accounting Controls
and Procedures -
Receipting, reconciling,
and depositing

The city's procedures for receipting, recording, and depositing payments received were not adequate. As a result, there was no assurance all money collected was properly receipted, recorded, and deposited. Receipt slips were not issued for all payments received. Deposit slips did not include the individual receipts composing deposits and other deposit records did not include the composition of the receipts. No one independent of the receipting process accounted for the numerical sequence of receipt slips or reconciled the composition of receipts to the composition of deposits. Checks and money orders were not restrictively endorsed immediately upon receipt.

Recommendation

The Board of Aldermen ensure all money collected is properly receipted. Ensure the numerical sequence of receipt slips is properly accounted for and reconcile the composition of receipts to the composition of deposits. Ensure checks and money orders are restrictively endorsed upon receipt. Ensure deposit slips or other records identify the individual receipts composing deposits.

Status

Partially Implemented

Manual receipt slips are now issued for all monies received and payments received are recorded in the computerized accounting system. City personnel now restrictively endorse checks and money orders immediately upon receipt and maintain records indicating the receipts included in each deposit. The Board has not implemented procedures to account for the numerical sequence of receipt slips issued or reconcile the composition of receipts to the composition of deposits. The Board indicated it will develop procedures for one of the Aldermen or the Mayor to periodically perform these duties.

3.2 Accounting Controls
and Procedures - Bank
reconciliations

The former City Clerk did not perform monthly bank reconciliations for any city bank accounts. In addition, the Mayor indicated the former City Clerk did not provide himself or the Board bank reconciliations to review and approve.

Recommendation

The Board of Aldermen perform monthly bank reconciliations of all bank accounts timely and ensure supervisory reviews of bank reconciliations are documented.

City of Center
Follow-up Report on Audit Findings
Status of Findings

Status	Partially Implemented The city now uses one bank account for all city funds. The City Clerk began performing monthly reconciliations of this account in March 2021; however, these reconciliations are not provided to the Board and no other supervisory review is performed. We reviewed the March 31, 2021, bank reconciliation and did not identify any significant concerns.
4. Payroll	Significant weaknesses existed in the city's payroll controls and procedures.
4.1 Compensation	The city did not maintain documentation of approved pay rates or changes to pay rates in employee personnel files and the compensation for city officials and employees was not set by ordinance as required. In addition, the city did not have adequate controls and procedures in place to ensure payroll disbursements for the Mayor and Aldermen were consistent and accurate.
Recommendation	The Board of Aldermen ensure pay rates are documented, approved, and established by ordinance as required for all city employees and officials and are maintained.
Status	Partially Implemented The Board passed an ordinance in February 2020 to set the compensation for the Board of Aldermen and Mayor, but has not passed an ordinance to set the rate of pay for other city employees. The Board now documents approval of any hourly raises for city employees in meeting minutes. We noted the Board's approvals of pay raises to the Police Chief in October 2020 and the Assistant City Clerk in April 2021 were documented in minutes.
4.2 Timesheets	No one could provide documentation that the former City Clerk prepared timesheets during the audit period and no one performed a documented review and approval of the former Police Chief's timesheets.
Recommendation	The Board of Aldermen ensure timesheets are prepared, approved, and maintained for all city employees.
Status	Partially Implemented Timesheets are now prepared and maintained for all city employees, but they are not reviewed and approved by any member of the Board or the Mayor. The Mayor indicated he reviews the City Clerk's timesheets, but does not document his review.
4.3 Questionable payroll differences	Additional questionable payroll disbursements, totaling \$6,348, were made to the former City Clerk and former Police Chief. A comparison of payroll disbursements to available accounting system reports identified payroll

City of Center
Follow-up Report on Audit Findings
Status of Findings

disbursements in excess of recorded payroll. The Board did not establish adequate oversight of the former City Clerk's payroll procedures, which may have allowed the difference in actual disbursements and amounts reported to go undetected.

Recommendation

The Board of Aldermen ensure reviews of payroll records are performed to ensure the propriety of payroll payments, and review the questionable payroll disbursements and consider working with law enforcement officials regarding criminal prosecution of the questionable disbursements.

Status

Partially Implemented

The Board indicated a willingness to work with law enforcement officials regarding these questionable disbursements, but indicated additional investigation is unlikely considering the former City Clerk has already pled guilty to the federal charges. The Board has not established procedures to ensure the propriety of payroll records beyond the Mayor's undocumented review of the City Clerk's timesheets.

**5. Financial Reporting,
Published Financial
Statements, and Budgets**

The city did not comply with state law relating to submitting annual financial reports, publishing financial statements, and preparing complete annual budgets.

5.1 Financial reporting

Neither the Board nor the former City Clerk submitted a financial report to the State Auditor's Office (SAO) as required by state law for the years ended December 31, 2018, 2017, or 2016. As a result, the state imposed fines totaling \$157,000 as of July 2019, as provided in Section 105.145, RSMo. In July 2019, the Mayor sent a letter to the Missouri Department of Revenue (DOR) indicating the city's records were in the possession of the SAO as of July 10, 2019, and the city could not produce a financial statement. As a result the city stopped incurring fines as of July 11, 2019.

Recommendation

The Board of Aldermen submit annual financial reports to the State Auditor's Office as required by state law.

Status

In Progress

The City Clerk filed a financial report for the five years ended December 31, 2019, with the SAO on May 27, 2020. The city requested the DOR reduce or eliminate the fine amount owed by the city due to the fraud committed by the former City Clerk, but the DOR indicated it lacked legal authority to make an adjustment. As of May 3, 2021, according to DOR records, the city owes a remaining fine of \$139,640. The city filed its year ended December 31, 2020, financial report late, on July 21, 2021, but did not incur additional fines.

City of Center
Follow-up Report on Audit Findings
Status of Findings

5.2 Published financial statements

City officials did not publish semiannual financial statements as required by state law. The Mayor indicated he believed the former City Clerk was publishing the statements, but he contacted the local newspaper and determined they had not been published during the audit period. As a result, information regarding the city's financial activity and condition was not available to all citizens.

Recommendation

The Board of Aldermen publish semiannual financial statements as required by state law.

Status

Not Implemented

The city has not published semiannual financial statements since the release of our audit report in September 2020. The city published a statement for the periods January 1 to June 30, 2020, in August 2020, but the city has not published statements for the periods July 1, 2020, to December 31, 2020, or January 1, 2021, to June 30, 2021.

5.3 Budgets

The city's budgets did not contain all statutorily required elements and the Board did not approve the annual budgets timely.

Recommendation

The Board of Aldermen prepare annual budgets that contain all information required by state law and approve the budget prior to the beginning of the fiscal year.

Status

Not Implemented

While the Board adopted a budget for the year December 31, 2021, it did not include all information required by state law. The 2021 budget did not include a budget message or summary of funds, actual or estimated actual receipts and disbursements for the 2 preceding years, or actual beginning or estimated ending cash balances for each fund. In addition, the Board approved the 2021 budget in January 2021, after the beginning of the fiscal year.

CITIZENS SUMMARY

Findings in the audit of the Department of Revenue Sales and Use Tax

Timely Sales and Use Tax Discounts

As noted in several previous audit reports, state laws allowing retailers to retain a portion of sales and use taxes collected if they remit the taxes to the Department of Revenue timely result in the state and local governments forgoing significant revenues. Missouri's timely sales and use tax discount is the most generous such discount in the nation, and significantly benefits the state's largest retailers.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Kenneth J. Zellers, Director
Department of Revenue
Jefferson City, Missouri

We have audited certain operations of the Department of Revenue, sales and use tax collections, as required by Section 32.087, RSMo, and in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2020. The objectives of our audit were to:

1. Evaluate the department's internal controls over significant management and financial functions.
2. Evaluate the department's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

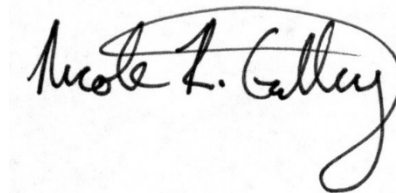

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the department, as well as certain external parties; analysis of comparative data obtained from internal sources; and testing selected transactions. We reviewed sales and use tax collections and distributions, and performed sample testing of sales and use tax transactions using haphazard and judgment selection, as appropriate. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

Except as discussed in the following paragraph, we conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

Government Auditing Standards require us to obtain and report the views of responsible officials of the audited entity concerning the findings, conclusions, and recommendations included in the audit report. Due to the nature of this report, and due to the findings being legislative in nature, we were unable to obtain views of responsible officials for the findings, conclusions, and recommendations outlined in the Management Advisory Report. We obtained the views of responsible Department of Revenue officials and included them in the report.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the department's management and was not subjected to the procedures applied in our audit of the department.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our finding arising from our audit of the Department of Revenue, sales and use tax collections.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Department of Revenue

Sales and Use Tax

Introduction

Background

The state's sales tax is imposed on the purchase price of tangible personal property or taxable services sold at retail. Use tax is imposed on the storage, use, or consumption of tangible personal property in this state. Cities and counties may impose a local sales and use tax. Special taxing districts (such as transportation development districts) may also impose additional sales taxes. State and local sales and use taxes are collected by the Department of Revenue (DOR). The DOR then distributes the local sales and use taxes to the applicable political subdivisions.

Sales and use tax receipts collected from businesses and motor vehicle sales tax receipts collected from businesses and individuals are deposited into various state and local funds. Marine and ATV sales and use tax collections are deposited into the same funds as state sales and use tax. Motor vehicle leasing sales tax collections are deposited into the same funds as motor vehicle sales tax.

For operating purposes, the DOR has been charged with the responsibility of administering transactions in the following funds and accounts.

State Funds

The State Treasurer, as fund custodian, and the Office of Administration provide administrative control over fund resources within the authority prescribed by the General Assembly for all state funds.

General Revenue Fund: This fund, authorized by Section 144.700, RSMo, receives collections from a general 3 percent state sales and use tax. State sales tax is collected pursuant to Sections 144.010 to 144.430, RSMo, and state use tax is collected pursuant to Sections 144.600 to 144.745, RSMo. Retail sales of food are not subject to the 3 percent tax as provided by Section 144.014, RSMo. This fund also receives payments from common carriers in interstate air transportation, as authorized by Section 144.807, RSMo. In addition, the General Revenue Fund pays all motor vehicle sales tax refunds and receives motor vehicle sales tax collections as reimbursement from other state funds for their applicable share of the refunds.

Aviation Trust Fund: This fund, authorized by Section 144.805, RSMo, receives collections from a sales and use tax on aviation jet fuel from common carriers. These taxes are paid as a result of exemptions to General Revenue sales tax. The exemptions are a result of direct-pay agreements between common carriers and the DOR.

Conservation Commission Fund: This fund, authorized by Section 254.020, RSMo, receives collections of the 0.125 percent state sales and use tax and motor vehicle sales tax provided for in Article IV, Section 43(a), Missouri Constitution.

Department of Revenue
Sales and Use Tax
Introduction

State Highways and Transportation Department Fund: This fund received 75 percent of the collections from the 4 percent highway use tax during fiscal years 2013 and 2012. Under Section 144.020, RSMo, all motor vehicle transactions are now assessed a sales tax, which goes into the State Road Fund and the State Road Bond Fund. This fund continues to receive some residual highway use tax collections.

Parks Sales Tax Fund: This fund, authorized by Article IV, Section 47(a) and 47(b), Missouri Constitution, receives 50 percent of the collections from a 0.1 percent state sales and use tax and motor vehicle sales tax.

School District Trust Fund: This fund, authorized by Section 144.701, RSMo, receives collections from a 1 percent state sales and use tax pursuant to Section 144.701, RSMo. Retail sales of food are subject to a 1 percent tax to be deposited into this fund as provided by Section 144.014, RSMo. In addition, this fund receives 12.5 percent of collections from the 4 percent motor vehicle sales tax pursuant to Article IV, Section 30(b)2, Missouri Constitution.

Soil and Water Sales Tax Fund: This fund, authorized by Article IV, Section 47(a) and 47(b), Missouri Constitution, receives 50 percent of the collections from a 0.1 percent state sales and use tax and motor vehicle sales tax.

State Road Bond Fund: This fund, authorized by Article IV, Section 30(b), Missouri Constitution (Amendment 3), receives 37.5 percent of the collections from the 4 percent motor vehicle sales tax.

State Road Fund and State Transportation Fund: These funds, authorized by Article IV, Section 30(b), Missouri Constitution, receive 37.5 percent of the collections from the 4 percent motor vehicle sales tax, which is deposited 36.5 percent to the State Road Fund and 1 percent to the State Transportation Fund.

Local Funds

Sales and use tax collections for local funds are deposited into interest-bearing bank accounts until distributed. Subsequently 99 percent of the collections and earned interest are distributed to the various political subdivisions with the remaining 1 percent going to the General Revenue Fund for a collection fee, except for the Local Fuel Tax and Bond Trust Fund, which has no collection fee withheld from distributions to the fund. The DOR has sole responsibility for maintaining and disbursing fund resources for all local funds.

Local Fuel Tax and Bond Trust Fund: This fund, authorized by Article IV, Section 30(b), Missouri Constitution, receives 12.5 percent of the collections from the 4 percent motor vehicle sales tax. In addition, this fund receives collections from the motor fuel tax authorized by Section 142.803, RSMo.

Department of Revenue
Sales and Use Tax
Introduction

Local Sales and Use Tax Trust Fund: This fund receives collections generated from local sales taxes imposed by local political subdivisions, as authorized by Chapters 66, 67, 70, 92, 94, 162, 190, 238, 321, and 644, RSMo. In addition, this fund receives collections generated by a use tax, authorized by Section 144.757, RSMo, based on the local sales tax in effect, upon all transactions subject to taxes imposed under Sections 144.600 to 144.745, RSMo, except as otherwise provided. Net taxes and interest are subsequently distributed to the cities and counties.

Custodial Accounts

The DOR has been charged with the responsibility of administering transactions in the custodial accounts. Except for the Sales Tax Bond Account held by the State Treasurer, actual custody of the resources in the accounts is with the DOR. Collections for the custodial accounts held by the DOR are deposited in interest-bearing bank accounts.

Compliance Clearing Account: This account receives tax payments from taxpayer audits. The DOR holds these payments in this account pending final audit review. Depending on the results of the audit review, the DOR transfers the tax payment to the appropriate state and local funds or issues a refund to the taxpayer.

Motor Vehicle Clearing Account: This account receives collections from motor vehicle agent offices and the central office for various taxes and fees. These receipts are subsequently transferred to various state and local funds.

Sales Tax Bond Account: The DOR receives cash bonds posted by taxpayers as authorized by Section 144.087, RSMo. All bond collections are deposited in the General Revenue Fund and reported by the DOR in this account. Cash bonds and related interest are to be refunded to the taxpayer after 1 year if the taxpayer is determined to have satisfactory tax compliance and if the bond was posted before January 1, 1984. If the bond was posted on or after January 1, 1984, the Attorney General has determined that no interest should be refunded. In the event of uncollectible sales tax liabilities, the bonds and related interest, if any, are forfeited to the DOR. The department subsequently distributes this money to the state and the appropriate political subdivisions. Effective August 28, 2018, a bond is no longer required to obtain a retail sales license, but may be required of licensees in default of filing a return and paying taxes when due.

Department of Revenue Sales and Use Tax Introduction

Historical sales and use tax trends and information

As shown in Figure 1, when adjusted for inflation, state and local sales and use tax collections have increased for most years between fiscal year 2011 and fiscal year 2020. Adjusted state sales and use tax collections increased from \$3.49 billion to \$3.85 billion (10 percent), while adjusted local sales and use tax collections increased from \$2.93 billion to \$3.81 billion (30 percent) during this time period.

Figure 1: State and local sales and use tax collections, 2011-2020, by fiscal year, adjusted for inflation

Source: DOR annual reports, SAO analysis of Consumer Price Index data from <<https://fred.stlouisfed.org/series/CPIAUCSL>>, and Appendix G

The state sales and use tax rate has remained at 4.225 percent during these 10 years. In comparison, local sales and use tax rates imposed by political subdivisions are continuously changing as local taxing jurisdictions impose new tax rates and others expire. In addition, the increasing number of districts has contributed to the total increase in local sales tax collections. The total number of districts increased from approximately 360 in fiscal year 2011 to approximately 680 in fiscal year 2020 (89 percent).

Local sales and use tax collections are distributed by the DOR to cities, counties, and districts. As shown in Figure 1, and as further illustrated in Figure 2, local sales and use tax collections and subsequent distributions have increased for most years between fiscal year 2011 and fiscal year 2020.¹

¹ For more detail on local sales and use tax distribution amounts, see Appendix H.

Department of Revenue Sales and Use Tax Introduction

Internet sales

As noted in several previous audit reports,² Missouri had not passed legislation to allow for the collection of sales tax on online purchases made from out-of-state sellers or to participate in the Streamlined Sales and Use Tax Agreement (SSUTA). State law requires Missouri businesses to collect use tax on online sales only if the business has a physical presence in the state. On June 21, 2018, the United States Supreme Court ruled in *South Dakota v. Wayfair, Inc.*, 138 S. Ct. 2080 (2018), that states may charge tax on purchases made from out-of-state sellers, even if the seller does not have a physical presence in the taxing state.

During the 2021 legislative session, the General Assembly passed Senate Bill 153, and effective January 1, 2023, entities that engage in business activities within the state of Missouri are required to collect and remit use tax to the DOR on sales delivered into the state. The Governor signed the bill into law on June 30, 2021.

The bill also authorizes the DOR to consult, contract, and work jointly with the SSUTA's Governing Board. The SSUTA, adopted in November 2002, is a cooperative effort among states, local governments, and businesses to simplify and make more uniform the sales and use tax collection and administration for retailers and states.

The DOR is currently working to establish procedures to ensure the applicable out-of-state sellers become registered with the department. In addition, the DOR is in the process of determining the changes necessary to fulfill the requirements of the new law and to ensure out-of-state sellers are properly collecting and remitting taxes to the state.

² Report No. 2020-041, *Sales and Use Tax*, issued in August 2020; Report No. 2019-067, *Sales and Use Tax*, issued in August 2019; Report No. 2017-113, *Cost of Tax Incentives and Exemptions*, issued in October 2017; Report No. 2015-080, *Sales and Use Tax*, issued in September 2015; and Report No. 2013-015, *Sales and Use Tax*, issued in February 2013.

Department of Revenue
Sales and Use Tax
Introduction

Sales and use tax exemptions

As noted in several previous audit reports,³ the DOR does not adequately capture and track information regarding some sales and use tax exemptions. As a result, the fiscal impact of each exemption and the cumulative fiscal impact of all exemptions on state and local revenues cannot be determined. According to DOR records, as of June 30, 2020, state law provided for 211 sales and use tax exemptions.

DOR officials have stated that reporting exemptions would substantially increase the burden on businesses and based on prior attempts to track limited exemptions, the data collected is likely to be highly inaccurate due to reporting errors by businesses. However, by not requiring businesses to track these adjustments, the DOR cannot determine the cost of the various sales tax exemptions. Without this information the legislature cannot make informed decisions regarding the effectiveness and cost of the various exemptions. Although not repeated in this report, our recommendation remains as previously stated.

³ Report No. 2019-067, *Sales and Use Tax*, issued in August 2019; Report No. 2017-113, *Cost of Tax Incentives and Exemptions*, issued in October 2017; Report No. 2015-080, *Sales and Use Tax*, issued in September 2015; and Report No. 2013-015, *Sales and Use Tax*, issued in February 2013.

Department of Revenue

Sales and Use Tax

Management Advisory Report - State Auditor's Findings

1. Timely Sales and Use Tax Discounts

Missouri's discount is the most generous in the nation

As noted in several previous audit reports,⁴ state laws allowing retailers to retain a portion of sales and use taxes collected if they remit the taxes to the Department of Revenue (DOR) timely result in the state and local governments forgoing significant revenues. Missouri's timely sales and use tax discount is the most generous such discount in the nation, and significantly benefits the state's largest retailers. In addition, the DOR does not routinely report to the General Assembly (GA) the amount of timely sales and use tax discounts retained by businesses.

Missouri's timely sales and use tax discount is the most generous discount in the nation.⁵ Sections 144.140 and 144.710,⁶ RSMo, allow businesses remitting sales and use taxes to retain 2 percent of taxes payable to the DOR if the business remits payments timely.⁷ The total discount is not capped.

As shown in Figure 3, the amount of sales and use tax revenues foregone as a result of the timely discount retained has increased for most years between fiscal year 2011 and fiscal year 2020. State and local sales tax revenues of approximately \$121 million and \$129 million were collected from purchasers, but retained as discounts by businesses remitting sales and use taxes in fiscal years 2019 and 2020, respectively.

Figure 3: Timely discount totals, 2011-2020, by fiscal year⁸

Source: DOR records

⁴ Report No. 2020-041, *Sales and Use Tax*, issued in August 2020; Report No. 2019-067, *Sales and Use Tax*, issued in August 2019; Report No. 2017-113, *Cost of Tax Incentives and Exemptions*, issued in October 2017; Report No. 2015-080, *Sales and Use Tax*, issued in September 2015; and Report No. 2013-015, *Sales and Use Tax*, issued in February 2013.

⁵ Effective January 2020, Colorado's discount is now capped at \$1,000 per filing period, making Missouri's discount the most generous.

⁶ Effective January 1, 2023, Section 144.710, RSMo, will be repealed and the discount authorized in that section will be added to Section 144.140, RSMo.

⁷ Per Section 144.080, RSMo, if filing annually applicable taxes are due by January 31 of the following year, if filing quarterly applicable taxes are due the last day of the month following the completed quarter, and if filing monthly applicable taxes are due the 20th of the following month. Per Section 144.081, RSMo, if filing quarter-monthly applicable taxes are due within 3 business days following the completed quarter-monthly period.

⁸ Timely discount totals included in Figure 3 are as of June 30 for each fiscal year; however, adjustments can be made to these amounts in subsequent years for various reasons, such as amended tax returns or audited tax returns.

Department of Revenue
Sales and Use Tax
Management Advisory Report - State Auditor's Findings

In fiscal year 2020, sales and use taxes comprised approximately 22 percent of the state's general revenue. With sales and use tax revenues being used to fund significant portions of state and local government budgets, such large discounts are significant.

According to the Federation of Tax Administrators,⁹ 26 other states offer similar vendor discounts; however, 17¹⁰ of those states have established ceilings to limit the amount of discount and/or compensation retained by businesses. In addition, the other 9 states either have a lower discount rate than Missouri or only apply the highest discount rate to a limited dollar amount of sales tax collected (e.g., the first \$3,000, then a lower rate applies).

Cap on discount would result
in increased revenue

Changing state law to include a monthly cap on the amount of timely discount eligible to be retained would significantly increase state and local revenues. For example, applying Arkansas's cap of \$1,000 per month (the largest cap of contiguous states) to Missouri would have resulted in approximately \$76 million in additional state and local sales tax revenue during fiscal year 2020, according to DOR data.

In fiscal year 2020, 2,141 sales tax filers received timely discounts in excess of \$1,000 in at least one month during the year. Limiting those filers to Arkansas's \$1,000 monthly cap would have resulted in an additional \$39 million in state sales tax revenue and \$37 million in local sales tax revenue.

Cap on discount would only
impact the state's largest
retailers

A monthly timely discount cap of \$1,000 would not affect the majority of sales tax filers. Based on the state's average sales tax rate of 8.18 percent,¹¹ only businesses with monthly taxable sales of approximately \$611,000 would have their timely discount capped. Retailers with less than \$611,000 in monthly taxable sales would continue to receive the full 2 percent timely discount. In fiscal year 2020, the 50 largest sales tax collecting businesses retained approximately 61 percent of timely discounts exceeding \$1,000, with the top 5 largest sales tax collecting businesses receiving a total of \$22 million in discounts.

The state established the timely sales tax discount so businesses could recover a portion of their costs for compliance with state sales tax laws and to encourage timely remittance of sales and use taxes. With increased use of electronic systems to calculate and remit sales tax collections, it is not clear

⁹ "State Sales Tax Rates and Vendor Discounts (January 1, 2021),"

<<https://www.taxadmin.org/assets/docs/Research/Rates/vendors.pdf>>, accessed on February 25, 2021.

¹⁰ The FTA report did not list that Colorado established a cap, effective January 2020. We updated the number of states with established ceilings for this total.

¹¹ Janelle Cammenga, "State and Local Sales Tax Rates, 2020,"

<<https://files.taxfoundation.org/20200115132659/State-and-Local-Sales-Tax-Rates-2020.pdf>>, (January 2020), accessed on July 26, 2021. Calculation regarding the estimated monthly taxable sales was based on this estimated average sales tax rate.

Department of Revenue
Sales and Use Tax
Management Advisory Report - State Auditor's Findings

if the continued use of such a discount is necessary to achieve these objectives.¹² The current law allowing uncapped timely discounts results in the state and local governments providing a significant subsidy to the largest retailers in the state, and is more generous than any other state. Implementing a cap on timely discounts would result in additional revenues to the state and local governments without increasing taxes on consumers.

Other states have taken action to change timely discount laws

Some states are reviewing their timely discount structure and making changes to reduce the amount of sales and use tax revenues retained by businesses. For example, Oklahoma had a discount of 1 percent with a cap of \$2,500 per month. However, as of July 2019, Oklahoma no longer offers a timely discount to sales tax filers. In addition, Colorado did not have a cap on the timely discount amount until January 2020, when a cap of \$1,000 per filing period was established.

Amounts of timely discounts are not routinely reported

The DOR is not required to report, and does not routinely report the amount of timely discounts retained by businesses to the GA, local governments impacted, or the general public. DOR officials have stated this data is provided upon request. This information could be useful to the GA when making various budget decisions and ensuring the state and local policymakers and the general public are informed of the ongoing cost of these discounts.

Recommendation

The General Assembly evaluate the necessity of a timely sales tax discount. If such a discount is deemed necessary, consider the implementation of a monthly cap on the amount of discount retained, and also consider changes to current state laws to require the DOR annually report the reduction of state revenue related to the timely discount to the General Assembly, applicable political subdivisions, and to the general public.

Auditee's Response

Due to this recommendation being legislative in nature, no management response can be obtained. While the recommendation is not addressed to the DOR, department officials provided a written response. That response is included at Appendix A.

¹² "Timely Filing Discount Costs Missourians Millions," <<http://www.mobudget.org/timely-filing-discount/>>, (October 2016), accessed on September 18, 2017.

Department of Revenue

Sales and Use Tax

Organization and Statistical Information

The Department of Revenue (DOR) was created by Article IV, Section 12, Missouri Constitution as the central collection agency for state revenues. The Director of Revenue is appointed by the Governor, with the advice and consent of the Senate, and is responsible for all operations and policies. DOR responsibilities include:

1. Administering and collecting state taxes and fees, including sales and use tax and motor vehicle sales tax.
2. Collecting certain taxes and fees for local governments, including local sales and use tax.
3. Titling and licensing motor vehicles, trailers, and boats.
4. Licensing motor vehicle operators.

The DOR consists of 3 divisions, the General Counsel's office, and the Director's office.

Motor Vehicle and Driver Licensing Division: This division collects motor vehicle sales and use taxes and consists of 3 bureaus. (1) The Motor Vehicle Bureau issues titles and registers motor vehicles, trailers, all-terrain vehicles, manufactured homes, and marine craft. The bureau also issues registration certificates to motor vehicle and salvage dealers and leasing companies. (2) The Driver License Bureau issues, renews, suspends, revokes, and reinstates driver and nondriver licenses and driving permits. The bureau processes and maintains records relating to license issuance, traffic violation point assessments, failure to appear in court for traffic violations, and administers the alcohol and abuse laws for alcohol/drug offenders. (3) The License Offices Bureau manages the operations of the contract license offices throughout the state. These local offices provide driver licensing and motor vehicle services and are operated by individuals or businesses approved through the state of Missouri bid process.

Taxation Division: This division consists of 5 bureaus that collect taxes and administer state tax law. (1) The Processing Bureau processes returns and payments for individual income, corporate income, property tax credit, sales, use, employer withholding, insurance, financial institution tax, and tire and lead-acid battery fees. This bureau also processes business tax registration applications, business tax account updates, MyTax portal communications, and handles tax-related cashing functions. (2) The Income Tax Bureau administers individual, corporate, property tax credit, fiduciary, and partnership taxes. This bureau's functions include manually reviewing exceptions, processing incoming correspondence, returned refunds and returned mail, answering correspondence, responding to protests, and identification of non-filers and under-reporters for income tax. The bureau is also responsible for the administration of several tax credit programs and the redemption of tax credits claimed by individual and corporate taxpayers. This bureau also identifies and works to prevent individual income tax fraud. (3)

Department of Revenue
Sales and Use Tax
Organization and Statistical Information

The Business Tax Bureau administers motor fuel, cigarette and other tobacco products, financial institutions, sales and use, and employer withholding taxes, along with multiple county, and tire and battery fees. Administrative functions include answering correspondence, processing sales and use tax exemptions, responding to protests, and distribution of funds to both state and local jurisdictions. (4) The Collections and Taxpayer Assistance Bureau provides tax assistance to individuals and businesses and follows procedures for unpaid tax liabilities. This bureau is comprised of 3 main areas of focus: call center, taxpayer assistance, and collections enforcement. The overall focus is account resolution and customer assistance. (5) The Field Compliance Bureau conducts audits to help educate Missouri businesses on their sales, consumer use, vendor use, employer withholding, and corporate income taxes, in addition to tire and battery fee obligations. The bureau also conducts audits of certain large sales and use tax refund claims. The Nexus section identifies taxpayers who have not complied with the business tax laws of Missouri and works with those taxpayers to become compliant. The Electronic Services section maintains the electronic interfaces between Missouri taxpayers, taxpayer representatives, and software developers. This section also handles the system administration functions for several internal and contracted applications.

Administration Division: This division provides administrative support to all other areas of the DOR and consists of 2 bureaus. (1) The Human Resources and Total Rewards Bureau is responsible for the DOR's personnel matters, process improvements, and training. (2) The Financial and General Services Bureau is responsible for all accounting, procurement, banking, and general service matters. This bureau also coordinates space and location needs, telecommunications, safety issues, maintenance, and improvement of the work environment within the DOR.

General Counsel's Office: This office ensures the DOR's compliance with law and internal policies, advises the director and divisions on legal matters relative to the DOR, and represents the DOR in courts and administrative tribunals. This office also consists of 2 investigation bureaus. (1) The Criminal Tax Investigation Bureau investigates and develops information leading to local prosecution of individuals and businesses suspected of violating state statutes related to sales, withholding, and income tax. (2) The Compliance and Investigation Bureau conducts investigations involving allegations of fraud relating to motor vehicle sales tax, titling and registration, odometer, and motor fuel sales tax as well as cigarette tax fraud, driver's license fraud and license plate fraud. The bureau also ensures the compliance of motor vehicle dealers, salvage businesses, and marine dealers with statutes and licensure regulations. In addition to external investigations, the bureau conducts internal audits and investigations of the DOR and contract license offices.

Department of Revenue
Sales and Use Tax
Organization and Statistical Information

Director's Office: This office includes the Director, Chief Operating Officer, and key administrative staff responsible for the overall guidance and direction of the DOR. This office includes the Public Information Office, the Legislative Office, and the Communications Office. The Public Information Office develops and maintains positive media and public relations for the DOR. The Legislative Office serves as the DOR's liaison to the General Assembly. The office provides technical assistance, develops fiscal and revenue estimates on proposed legislation, and monitors the progress of bills through the Legislature. The Communications Office develops and maintains department forms, policies, and procedures. The office also maintains the public and internal website, as well as manages the DOR's social media accounts.

Kenneth J. Zellers was appointed Acting Director of Revenue on March 22, 2019, and appointed Director of Revenue on October 2, 2019.

Nicole Galloway, CPA
Missouri State Auditor
Missouri State Auditor's Office
PO Box 869
Jefferson City, MO 65102

Dear Ms. Galloway:

The Department of Revenue acknowledges the recommendation in the Missouri State Auditor's report on Sales and Use Tax.

Recommendation — The General Assembly evaluate the necessity of a timely sales tax discount. If such a discount is deemed necessary, consider the implementation of a monthly cap on the amount of discount retained, and also consider changes to current state laws to require the DOR annually report the reduction of state revenue related to the timely discount to the General Assembly, applicable political subdivisions, and to the general public.

DOR Response — If the General Assembly passes legislation that requires action, the Department of Revenue will incorporate those provisions into our processes and comply with any state laws regarding this recommendation.

If you have any questions, please contact me at 751-1115, or Joshua.Shope@dor.mo.gov.

Sincerely,

Ken Zellers

JKS/

Nicole Galloway, CPA

Missouri State Auditor

Marshall Public Schools

Report No. 2021-073

September 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Marshall Public Schools

District Compensation	District employees received stipends that were not approved by the Board of Education and additional compensation provided to an employee was questionable. District personnel did not adequately review payroll entries and timesheet calculations for accuracy, resulting in over- and underpayments to some employees.
Accounting and Cash Handling Controls and Procedures	The Board and the Superintendent have not adequately segregated accounting duties or ensured documented independent reviews over various financial accounting functions in the Central Office and the Saline County Career Center. Weaknesses exist in receipting, transmitting, and depositing of money received. Tickets are not issued to athletic event attendees or a tally sheet kept to reconcile collections to deposits. The district does not reconcile concession or bookstore sales to deposits, nor require inventory records of items purchased, sold, and on hand to be maintained and reconciled to concession or bookstore receipts. The district does not have a list of approved change funds or a written policy regarding change funds. In addition, petty cash fund practices do not always comply with established administrative procedures.
Procurement and Disbursement Procedures	The district has not periodically solicited proposals for professional services including legal services and audit services or formally evaluated those services. Employee reimbursement and petty cash disbursements do not always comply with established administrative procedures. The district does not monitor purchasing card transaction limits and limits for some individuals are excessive.
Board Meeting Minutes	Reasons cited in open meeting minutes for going into closed session did not reflect topics actually discussed and/or topics discussed were unallowable for some closed meetings held.
Electronic Data Security	District officials have not established sufficient controls for maintaining user accounts for accessing system resources. The Superintendent, Assistant Superintendent, District Bookkeeper, Accounts Payable Clerk, and Director of Special Services have more access in the accounting system than required for their job duties.

In the areas audited, the overall performance of this entity was **Fair**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Board of Education
Marshall Public Schools

The State Auditor was petitioned under Section 29.230, RSMo, to audit the Marshall Public Schools. We have audited certain operations of the school district in fulfillment of our duties. The district engaged Gerding, Korte & Chitwood, P.C., Certified Public Accountants (CPAs), to audit the district's financial statements for the year ended June 30, 2020. To minimize duplication of effort, we reviewed the CPA firm's audit report. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2020. The objectives of our audit were to:

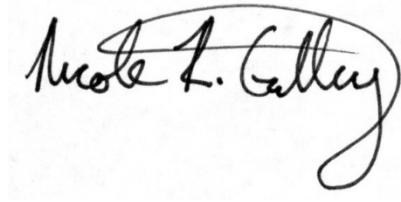

1. Evaluate the district's internal controls over significant management and financial functions.
2. Evaluate the district's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the district's management and the audited financial statements and was not subjected to the procedures applied in our audit of the district.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Marshall Public Schools.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Audit Manager:	Deborah Whitis, MBA, CPA, CIA, CFE
In-Charge Auditor:	Mackenzie J. Wooster
Audit Staff:	Kayla G. Gipson

Marshall Public Schools

Management Advisory Report

State Auditor's Findings

1. District Compensation

Board oversight over Marshall Public Schools (district) employee compensation needs improvement. District employee compensation totaled approximately \$14.9 million for the 2019-2020 school year. We judgmentally selected 62 out of 371 employees, including hourly and salaried employees, to review personnel files and related payroll disbursements for one pay period during the 2019-2020 school year.¹

1.1 Stipends and supporting documentation

District employees received stipends that were not approved by the Board and additional compensation provided to an employee was questionable.

- The district did not include several extra duty stipends on Board approved salary schedules and the Board did not otherwise approve the stipends. The district paid these extra stipends during October 2019, totaling approximately \$2,493, for 8 of the 62 employees reviewed. These stipends included additional pay for detention supervision, summer curriculum writing, substituting duties, and other additional tasks or support. While the Board meeting minutes authorized a total dollar amount for summer curriculum writing, the meeting minutes did not contain any detail of the rate of pay or personnel authorized for this stipend.

Central Office personnel indicated these duties were only temporary and not paid throughout the year like other duties so they did not include them on the approved salary schedules. They also indicated the temporary duties are assigned and approved by the school building principal and the superintendent.

- The district provides \$40 per month, mobile phone stipends to some employees that have not been established by district policy. In addition, the district does not have a formal documented process or criteria for determining which employees will receive the stipends. Mobile phone stipends totaled approximately \$15,280 for the 2019-2020 school year. District personnel indicated the Board approves the phone allowances when the school budget is approved, and employees that travel from building to building throughout the district receive them, but no one could provide documentation of this determination.
- Another payment to one employee was not supported and was questionable. In September 2019, the Board approved an additional payment of \$1,500 to an employee for working 10 extra days beyond his/her contract term for the 2018-2019 school year. Per the contract terms, the individual was to begin performance on August 1, 2018, and

¹ Due to the nature of the sample, the results of our review cannot be projected to the population.

Marshall Public Schools Management Advisory Report - State Auditor's Findings

complete performance to the satisfaction of the district on a date to be subsequently determined by mutual agreement of the parties but in no event beyond July 31, 2019. The contract does not specify the total number of days to be worked and district personnel could not provide supporting documentation of any additional work performed or the dates/times of the extra days worked. The employee was also awarded a new contract for the 2019-2020 school year and began receiving compensation per the new contract terms effective July 1, 2019. This contract should have covered any period of work after the 2018-2019 school year contract. Neither the Superintendent nor the Board required the employee to provide supporting documentation of the extra days worked before the Board approved the payment.

Board approval of all compensation, including stipends and salary schedules, is necessary to ensure all employees are treated fairly and equitably, and payments are reasonable. In addition, maintaining adequate supporting documentation is necessary to support all compensation decisions.

1.2 Review of payroll entries and manual calculations

District personnel did not adequately review payroll entries and timesheet calculations for accuracy, resulting in over- and underpayments to 4 of the 62 employees reviewed.

- The district paid two employees the incorrect amount for their extra duty positions because the District Bookkeeper/Payroll Clerk used the wrong rate from the Board approved pay schedule. In total, for the 2019-2020 school year, one employee was underpaid by \$1,252 and the other by \$714.
- The district paid one employee at the incorrect hourly rate, resulting in an overpayment of \$239 for the pay period reviewed.
- One employee erroneously calculated his/her total hours worked on his/her timesheet for an extra duty position and the error was not detected by the District Bookkeeper/Payroll Clerk or the employee's supervisor. As a result, the employee was overpaid \$40 for the pay period reviewed.

District personnel did not recognize the importance of performing independent reviews of the monthly payroll transactions prepared by the District Bookkeeper/Payroll Clerk before processing payroll and making disbursements. Also, the payroll process is not adequately segregated as discussed in MAR finding number 2.1. Adequate review of payroll disbursements is necessary to ensure all payroll transactions are accurate, accounted for properly, and salaries are calculated consistently in accordance to contracts and salary pay schedules. Without detailed reviews of payroll documentation there is less assurance payments to employees are accurate.

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

Recommendations

The Board of Education:

- 1.1 Provide additional oversight and approval regarding compensation decisions and ensure all payments to employees are reasonable and have adequate supporting documentation.
- 1.2 Perform independent reviews of timesheets and payroll entries to ensure all payments to employees are accurate and paid in accordance to contract and salary schedules.

Auditee's Response

- 1.1 *The district will implement policy recommendations to require Marshall Public Schools (MPS) Board of Education approval of all stipends, to include identification of individuals receiving the pay and the amount expended. Stipends for detention and substitution work done by teachers will be added to the extra-duty salary schedule.*

The MPS Board of Education will adopt an annual policy listing the positions eligible for cell phone stipends. The individuals assigned to those positions and who are therefore eligible for the cell-phone stipend will be included in the minutes at the beginning of each fiscal year. Individual contracts or work agreements for eligible employees include the stipend and the amount. The positions for which a cell-phone stipend is paid are the superintendent, assistant superintendent, special education director, director of teaching and learning, principals, activities director, Saline County Career Center director, director of transportation, director of distribution, school resource officers, custodial director, maintenance director, technology personnel, bus mechanic, maintenance personnel, director of buildings and grounds, and social worker.

By hiring an additional Human Resources (HR) central office position, the district will provide additional oversight and approval regarding compensation decisions to ensure all payments to certificated and classified employees are reasonable and have adequate supporting documentation.

- 1.2 *By purchasing an electronic time clock system, the district will perform independent reviews of timesheets and payroll entries to ensure all payments to employees are accurate and paid in accordance to contract and salary schedules.*

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

2. Accounting and Cash Handling Controls and Procedures

The district's handling of student and athletic fees and concession and bookstore receipts needs improvement. These receipts are at greater risk because a large portion is received in cash, and there are a variety of handling and record-keeping methods throughout the schools. As a result of control weaknesses, there is less assurance these receipts have been handled and accounted for properly. In March 2021, we reviewed cash controls and procedures at all district schools. The Central Office deposits all receipts for the school buildings with the exception of Marshall High School and the Saline County Career Center (SCCC). Personnel from those schools deposit those receipts.

2.1 Segregation of duties

The Board of Education and the Superintendent have not adequately segregated accounting duties or ensured documented supervisory or independent reviews over various financial accounting functions in the Central Office and the SCCC are performed.

The District Bookkeeper at the Central Office is responsible for most financial duties of the school district including receipting payments, preparing deposits, performing the bank reconciliations, and processing payroll. There is no independent review of receipt and deposit records, bank reconciliations, and payroll transactions and related reports to ensure the transactions are accurate and appropriate. The Administrative Assistant at the SCCC is responsible for most financial duties at the Careers Center including receipting payments and preparing deposits. No independent review of receipt and deposit records is performed to ensure all money collected was properly recorded and deposited timely.

District personnel indicated they lack the personnel necessary to adequately segregate duties. Proper segregation of duties helps ensure all transactions are accounted for properly and assets are adequately safeguarded. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of accounting and bank records should be performed.

2.2 Receipt procedures

Weaknesses exist in receipting, transmitting, and depositing of money received.

Receipt slips

School district employees do not consistently issue receipt slips. In addition, supporting documentation for receipts is not always complete and provided with the transmittals/deposits to the Central Office.

- Spainhower Primary and Benton Elementary school personnel do not issue receipt slips for money received. In addition, personnel at Eastwood Elementary, Northwest Elementary, Southeast Elementary, Bueker Middle School, Marshall High School, and the SCCC do not issue receipt slips for all money received and they do not always note the composition (cash, check, or money order) on the receipt slip. Also, Eastwood

Marshall Public Schools Management Advisory Report - State Auditor's Findings

Elementary personnel do not issue receipt slips immediately upon receipt or sequentially. Receipt slips are typically issued when the transmittal is prepared and backdated to reflect the date received. In addition, starting in the 2020-2021 school year, Northwest Elementary became the Northwest Therapeutic Learning Center and personnel stopped issuing receipt slips when the Secretary transferred to Benton Elementary.

- Receipt slips are not prenumbered at Bueker Middle School, Marshall High School, the SCCC, or the Central Office.
- Elementary school personnel do not provide adequate documentation (receipt slips or receipt logs) to support the receipts transmitted to the Central Office before deposit. In addition, Marshall High School and SCCC personnel deposit receipts, but do not provide adequate documentation to the Central Office to support these deposits.

These internal control weaknesses occurred because district officials indicated they did not recognize the need to develop standardized receipting procedures applicable for each school building within the district. As a result, the transmittals/deposits could not be reconciled to supporting documentation to ensure all payments received were transmitted or deposited.

Restrictive endorsement and depositing timely

District personnel do not always restrictively endorse checks immediately upon receipt and receipts are not always transmitted or deposited timely or intact.

- Bueker Middle School and SCCC personnel do not endorse checks received upon receipt. School personnel only endorse checks upon preparing the transmittal/deposit slip.
- Elementary and Marshall High School personnel do not always transmit receipts to the Central Office or deposit timely or intact. For example, \$595 transmitted from Eastwood Elementary to the Central Office on October 14, 2020 (deposited on October 15, 2020) included receipts for instruments collected from September 17, 2020. The school secretary indicated school personnel held these receipts until they received all funds for the related purchase and could place the order. In addition, Marshall High School personnel only deposit receipts once a month. School personnel indicated most receipts are collected online and they do not collect a significant number of receipts in person.

Conclusion

By issuing official prenumbered receipt slips in numerical order for all money received, recording the method of payment on the slips, reconciling the composition of receipts to the composition of deposits or transmittals, and restrictively endorsing checks upon receipt, district personnel can better account for all receipts and ensure they are properly deposited. In addition,

Marshall Public Schools Management Advisory Report - State Auditor's Findings

not transmitting and depositing money intact and timely and providing supporting documentation for transmittals and deposits increases the risk of loss, theft, or misuse of funds.

2.3 Event gate sales

Tickets are not issued to attendees of district athletic events or a tally sheet kept to count the number of attendees to reconcile collections to deposits. Without some method of determining attendance, there is no way for the district to reconcile collections to deposits and ensure all receipts are deposited. The district collected approximately \$27,000 in admissions fees for the 2019-2020 school year. District personnel indicated the outdoor events have multiple gates of entry, and it would be difficult to obtain an accurate number of attendees for these events.

Issuing tickets or maintaining a tally sheet to account for attendees and reconciling that information to the money collected is necessary to properly account for event gate receipts and the amount deposited.

2.4 Concessions and bookstore sales

The district does not reconcile concession or bookstore sales to deposits, nor require inventory records of items purchased, sold, and on hand to be maintained and reconciled to concession or bookstore receipts. The Bueker Middle School bookstore provides student classroom supplies for sale. The district collected approximately \$16,900 in concession sales for the 2019-2020 school year. District personnel could not determine the amount of bookstore sales because Bueker Middle School staff did not retain the 2019-2020 bookstore receipt records. They were unaware of the importance of performing these receipting and inventory reconciling procedures for the concessions or bookstore.

By maintaining an inventory of concession and bookstore merchandise purchased, sold, and on hand and reconciling concession and bookstore sales to deposits and inventory changes, district personnel can better ensure the inventory and amounts collected are properly accounted for.

2.5 Change and petty cash funds

The district does not have a list of approved change funds and the authorized balances, or a written policy regarding change funds. In addition, petty cash fund practices do not always comply with established administrative procedures. The Superintendent did not know which buildings had change and petty cash funds, and district officials were not aware of the need to monitor these funds. Cash counts performed on March 1, 2021, identified the following concerns:

- The Bueker Middle School, Marshall High School, and the SCCC do not maintain the change funds at constant amounts.
- The Marshall High School petty cash fund is not maintained separately from the change fund and district personnel were not sure of the

Marshall Public Schools Management Advisory Report - State Auditor's Findings

authorized amount for each fund. As a result, it is not possible to determine if purchase receipt slips and cash-on-hand total the authorized petty cash fund amount. The Marshall High School Activities Secretary indicated school personnel try to keep \$750 in the change/petty cash fund. The cash-on-hand (\$746) plus the total invoices/purchasing receipts (\$589) totaled \$1,335 at the time of our March 2021 cash count. The cash-on-hand exceeded the \$200 maximum allowed by policy for a petty cash fund.

- Marshall High School personnel do not maintain a petty cash ledger documenting receipts, disbursements, and fund balance, and as a result, it is not possible to perform required monthly reconciliations for the petty cash fund.

Maintaining a change fund at a constant amount and periodically counting and reconciling the fund to the authorized balance is necessary to safeguard this money from possible loss, theft, or misuse. The separation of the petty cash fund from the change fund is necessary to properly account for the money in each fund and demonstrate compliance with established petty cash procedures.

Per Administrative Procedure DJB-AP(1), all petty cash accounts must be reconciled monthly, cash-on-hand cannot exceed \$200, and the purchase receipt slips and cash-on-hand must always total the authorized fund amount. Maintaining a petty cash ledger that documents receipts, disbursements, and the balance of the petty cash fund is necessary to properly monitor the fund and to reconcile to the cash-on-hand.

Recommendations

The Board of Education:

- 2.1 Segregate the accounting duties to the extent possible and implement appropriate reviews and monitoring procedures.
- 2.2 Require the issuance of prenumbered receipt slips in sequential order for all student money received, indicate the method of payment, and ensure all receipts are transmitted/deposited intact and timely. In addition, account for the numerical sequence of receipt slips and restrictively endorse checks upon receipt. Ensure the composition of receipts is reconciled to the composition of amounts transmitted or deposited and provide the Central Office supporting documentation for transmittals and deposits.
- 2.3 Ensure gate receipts deposited for all events are reconciled to the paid attendance.

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

- 2.4 Require inventory records of items purchased, sold, and on hand be maintained and ensure amounts collected from concession and bookstore sales are reconciled to deposits and changes in concession and bookstore inventory.
- 2.5 Develop written procedures for establishing and maintaining change funds that list the established funds and authorized amounts and requires maintaining the funds at their authorized amounts and periodic counting and reconciliation procedures. Establish a separate fund for petty cash when needed, maintain a petty cash ledger, and ensure petty cash practices comply with established administrative procedures.

Auditee's Response

2.1 *By hiring an additional HR central office position, the district will segregate the accounting duties to the extent possible and implement appropriate reviews and monitoring processes. The administrative assistant at the SCCC has been advised to have a second individual verify and count cash transactions and deposits.*

2.2 *The district has already implemented a newly established administrative procedure that requires the use of prenumbered receipt slips. These receipts will be issued in sequential order for all student money received and will indicate the method of payment. This procedure will ensure that all receipts are transmitted/deposited intact and in a timely fashion.*

The district has already implemented a new method of accounting for the numerical sequence of receipt slips and restrictively endorsing checks upon receipt.

The district will ensure the composition of receipts is reconciled each month to the composition of amounts transmitted or deposited and will provide the accounting department supporting documentation for transmittals and deposits.

2.3 *The district will implement an administrative procedure to ensure that gate receipts deposited for all events are reconciled to the paid attendance. The procedure will include:*

- the use of cameras in ticket booths,*
- implementing the use of a clicker for each paid ticket for attendance, and*
- keeping a list of those who are admitted at no charge.*

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

2.4 *The district will implement by an administrative procedure the following requirements prior to the opening of any district concession stand(s):*

- *a written inventory record to be maintained of items purchased, sold, and on hand,*
- *a comparison of the amounts collected from the concession stand and bookstore sales that reconciles deposits and changes in concession and bookstore inventories, and*
- *in the future, an adult will be required in the Bueker Middle School stand at all times.*

2.5 *The district will develop and implement administrative procedures to establish and maintain change funds that lists the established funds and the authorized amounts. The administrative procedure requires the maintenance of funds at their authorized amounts. Monthly counting and reconciling procedures are recorded in the procedure.*

Administrative Procedure DJB-AP(1) has been adopted by the Board of Education requiring that the regulations for petty cash accounts must be reconciled monthly, cash-on-hand cannot exceed \$200, and the purchase receipt slips and cash-on-hand must always total the authorized fund amount.

To maintain compliance with DJB-AP(1), principals will be expected to count, record the current amount in the petty cash fund, and report on the monthly reconciliation of these funds, so there remains \$200 on hand.

3. Procurement and Disbursement Procedures

District procurement and disbursement procedures and practices need improvement.

3.1 Procurement procedures and written contracts

The district has not periodically solicited proposals for professional services including legal services and audit services or formally evaluated those services. The district paid \$9,760 for legal services and \$11,950 for audit services during the 2019-2020 school year. The Superintendent indicated the district has used the same law firm and audit firm for the last 9 years. The Superintendent indicated the district did not obtain competitive proposals for audit services because the current contracted auditor is considered highly skilled as a school auditor. She also indicated the district did not obtain competitive proposals for legal services periodically because lawsuits extend

Marshall Public Schools Management Advisory Report - State Auditor's Findings

over many years. Also, district personnel indicated they received 2 bids for a carpet and installation purchase (\$5,031) for the SCCC conference room, but they could not locate and provide this supporting documentation. As a result, it is unclear whether a competitive bid was obtained, and if the school district received fair value by contracting with the lowest and/or best bidder. Also, the district did not have a written contract or agreement with the legal services provider or carpet vendor.

Administrative Procedure DJF-1-AP(1) indicates the district must competitively bid auditing services and select an auditor who meets the qualifications set by the Department of Elementary and Secondary Education (5 CSR 30-4.030). The policy also includes legal services in the definition of services to be bid. It defines competitive bidding as a process of obtaining products or services where the district contacts providers or advertises, and interested providers submit quotes, offers, bids, or sealed bids. It also requires employees making small purchases (more than \$3,500 but less than \$50,000) to obtain bids, quotes, or offers from at least 3 providers, and to provide the purchasing officer with the proper documentation, including which provider was chosen and the reasons for selecting that provider.

Soliciting proposals for professional services is a good business practice, helps provide a range of possible choices, and allows the district to make better-informed decisions to ensure necessary services are obtained from the best qualified provider after taking expertise, experience, and cost into consideration. Supporting documentation of bids obtained and the selection process is necessary to demonstrate compliance with policies and procedures. Clear and detailed written contracts are necessary to ensure all parties are aware of their duties and responsibilities, prevent misunderstandings, and ensure district funds are used appropriately and effectively. Section 432.070, RSMo, requires contracts for school districts to be in writing.

3.2 Reimbursement and petty cash disbursements

Employee reimbursement and petty cash disbursements do not always comply with established administrative procedures. The Superintendent did not know which buildings had petty cash funds and district personnel were not aware of the need to monitor these funds. During our cash counts at the Marshall High School on March 1, 2021, we identified the following:

- An employee improperly reimbursed herself a total of \$320 from July 2020 through February 2021 from the petty cash fund for various items purchased outside the district's normal procurement process. The employee used personal credit cards instead of the district-issued purchasing card to make these purchases and the items were either shipped to the employee's residence or picked up by the employee at the store. District personnel could not provide documentation to demonstrate the building principal and Central Office authorized these purchases in advance.

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

- Two purchases (\$132 and \$85) exceeded the maximum \$50 threshold for petty cash purchases. The \$132 purchase was included in the \$320 reimbursed to the employee.

Administrative Procedure DJF-1-AP(1) indicates purchases may be made only through a purchase order, credit or purchasing card, or through petty cash, when appropriate. That policy indicates in rare circumstances when one of these methods of payment is not available, the district may reimburse an employee for a purchase made with the employee's personal funds. Employees should contact the district office prior to making a purchase outside the authorized methods to ensure reimbursement. Per Administrative Procedure DJB-AP(1), employees cannot distribute petty cash to themselves. This policy further provides examples of unacceptable uses of petty cash, including reimbursing an employee and purchases that exceed \$50. Failure to follow proper procedures regarding expenditure reimbursement can result in the loss, theft, or misuse of funds.

3.3 Purchasing card limits

The district does not monitor purchasing card transaction limits and limits for some individuals are excessive. The district determines the transaction limits when the cards are issued, but does not periodically review the limits.

The district currently has 20 purchasing cards assigned to various personnel. Monthly cycle limits range from \$5,000 to \$100,000. A review of the 20 employees' purchasing card transactions determined 2 employees had monthly cycle limits significantly greater than necessary to cover their actual credit card purchases. The District Bookkeeper and the Director of Transportation have a monthly credit limit of \$100,000; but neither made purchases over \$10,000 in any month during the 2019-2020 school year. The District Bookkeeper indicated her card was the only credit card the district had at one point, and it was checked out by various employees as needed. She further indicated the district, in prior years, used the card assigned to the Director of Transportation to purchase vehicles. While the district use of credit cards has declined, the spending limits have not been reduced accordingly.

Excessive or unneeded limits and purchasing ability create greater risk of abuse and potential large liabilities for the district. By periodically comparing the actual purchasing card activity of each employee to established individual transaction and monthly cycle limits and adjusting limits as needed, the district can strengthen control over the cards and reduce potential risks. Administrative Procedure DJF-1 indicates the Board has the responsibility to set the limits on the cards.

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

Recommendations

The Board of Education:

- 3.1 Periodically solicit proposals for professional services, enter into written contracts, and maintain documentation to support purchasing decisions and demonstrate compliance with purchasing policies.
- 3.2 Ensure employee reimbursements and petty cash disbursements comply with the established administrative procedures.
- 3.3 Evaluate the credit limit on assigned purchasing cards and set the limits at what is necessary for an employee to perform his/her job duties and responsibilities.

Auditee's Response

- 3.1 *The district will solicit proposals for competitive bidding for legal and auditing services every three years, enter into written contracts, and evaluate those services prior to advertising for those professional services. The district will select an auditor who meets the qualifications set by the Department of Elementary and Secondary Education. The district will maintain documentation, including an evaluation, to support purchasing decisions and demonstrate compliance with purchasing policies.*
- 3.2 *The district will ensure employee reimbursements and petty cash disbursements comply with administrative procedures, particularly AP DJF-1-AP. The building principal will be held closely accountable for petty cash and the amount of money incoming and outgoing.*
- 3.3 *The limits on credit cards have been reviewed and, in the best interest of financial security, been lowered. The limits will be evaluated periodically to make sure employees can perform their job duties and responsibilities. Large expenditures may be approved, but on an as-needed basis.*

4. Board Meeting Minutes

Reasons cited in open meeting minutes for going into closed session did not reflect topics actually discussed and/or topics discussed were unallowable for 8 of 34 closed meetings held during the period July 1, 2019, through April 30, 2021.

For example, the July 2, 2020, and September 22, 2020, open meeting minutes indicated a closed meeting would be held to discuss topics including "legal actions or attorney communications." However, the closed meeting minutes did not document any discussion of legal actions or attorney communications. District officials indicated topics discussed but not voted on are not always documented in the closed meeting minutes. The August 20, 2019, closed meeting minutes documented discussions with the district

Marshall Public Schools
Management Advisory Report - State Auditor's Findings

financial auditor, but the open meeting minutes did not document the specific reason or section of law allowing this discussion to occur in a closed session. In addition, unallowable topics discussed included distance/virtual learning, a return to learning plan, and classroom organization.

Section 610.021, RSMo, lists the topics that may be discussed in closed meetings. Section 610.022, RSMo, mandates the discussion topics and actions in closed meetings must be limited to only those specifically allowed by law, and requires the specific reasons for closing a meeting by citation to a specific section of the Sunshine Law be announced publicly at an open meeting. To ensure compliance with state law and the public is accurately informed, the Board should only cite reasons for going into closed session it plans to discuss. Section 610.022.3, RSMo, requires the discussion topics and actions in closed meetings must be limited to only those specifically allowed by law as announced in the justification for closing the meeting.

Recommendation

The Board of Education ensure specific reasons for closing a meeting are documented in the open minutes, ensure only topics allowed by state law are discussed in closed meetings, and discussions are limited to the specific reasons cited for closing the meeting.

Auditee's Response

The Board of Education will ensure specific reasons for closing a meeting are documented in the open minutes, ensure only topics allowed by state law are discussed in closed meetings, and discussions are limited to the specific reasons cited for closing the meeting.

5. Electronic Data Security

Controls over district computers are not sufficient. As a result, school records are not adequately protected and are susceptible to unauthorized access or loss of data.

5.1 User accounts

District officials have not established sufficient controls for maintaining user accounts for accessing system resources. After we discussed this concern with district officials, they initiated a review of system access and identified 5 former employees with access to the accounting system. District officials subsequently had this access removed. One of the 5 former employees had access to the system for more than 3 years after his/her employment ended and the other 4 former employees had access from 3 to 20 months after their employment ended. District personnel indicated they typically make the user account inactive upon termination, but do not immediately delete the user account and had overlooked deactivating and/or deleting the user accounts for these 5 former employees. The system report provided did not indicate which accounts were inactive and district personnel indicated there is no report available to indicate when a user account is made inactive and/or deleted.

Without effective procedures to remove access, terminated employees could continue to have access to critical or sensitive resources or have opportunities

Marshall Public Schools Management Advisory Report - State Auditor's Findings

to sabotage or otherwise impair district operations or assets. The failure to timely remove access for terminated employees increases the risk of unauthorized access and may compromise the confidentiality and integrity of district data.

5.2 User access

The Superintendent, Assistant Superintendent, District Bookkeeper, Accounts Payable Clerk, and Director of Special Services have more access in the accounting system than required for their job duties. They all have access to both view and change data for every area of the system; including financial and payroll data when their job duties are limited to specific financial functions. For example, the District Bookkeeper is responsible for entering and processing payroll, but she also has the ability to create a new employee and add or alter an employee's rate of pay in the system. District personnel indicated they have not performed a review evaluating system user access needs to their assigned responsibilities. Without limiting user access, the district cannot ensure proper segregation of duties is in place over the functions of entering, approving, and reporting the data.

Good internal controls require that users be allocated the minimum access rights necessary to perform their assigned job functions, and that access to security functions be explicitly assigned. Allowing users access to the accounting system in excess of what is required for their job responsibilities increases the risk of improper activity occurring.

Recommendations

The Board of Education:

- 5.1 Ensure user access is promptly deleted following termination of employment.
- 5.2 Limit users access rights in the accounting system to only what is necessary to perform their job duties and responsibilities, and ensuring proper segregation of duties.

Auditee's Response

- 5.1 *Users are disabled and made inactive from the accounting system when they leave the district. After reviewing the recommendation from the SAO, the inactive accounts are now deleted.*
- 5.2 *The district will evaluate and limit users' access rights in the accounting system to only what is necessary to perform their assigned job functions and responsibilities and ensure proper segregation of duties. Access will be allowed only when necessary for cross-training purposes.*

Marshall Public Schools

Organization and Statistical Information

The Marshall Public Schools is located in Saline County.

In the 2019-2020 school year, the Marshall Public Schools had one early childhood center (grades PK), four elementary schools (grades K-4), one middle school (grades 5-8), one high school (grades 9-12), and one careers center. In the 2020-2021 school year, the school district reorganized its elementary school buildings and it currently has one early childhood center (grades PK-1), three elementary schools (grades 2-4), and one therapeutic learning center. Enrollment was approximately 2,645 students for the 2019-2020 school year. The district employed 371 full- and part-time employees at June 30, 2020.

The Marshall Public Schools has been classified under the Missouri School Improvement Program as "Accredited" by the Missouri Department of Elementary and Secondary Education.

School Board

An elected board acts as the policy-making body for the district's operations. The board's seven members serve 3-year terms without compensation. Board members at June 30, 2020, were:

Dr. Erin Meyer, President
Harry Carrell, Vice President
Ed Harper, Member
Bryon Jacques, Member
Ellen Lance, Member
Matt Smith, Member
Christy Varner, Member

Superintendent

The district's superintendent at June 30, 2020, was Dr. M. Carol Maher and her annual compensation was \$159,885 including an annual salary, retirement account, and costs associated with health, dental, and vision insurance coverage. In addition, Dr. Maher receives a \$480 cell phone stipend (\$40 per month). The superintendent's compensation, with the exception of the phone stipend, is established by the Board.

Financial Activity

A summary of the district's financial activity obtained from the financial statement audit report for the year ended June 30, 2020, follows:

Marshall Public Schools Organization and Statistical Information

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
Monroe City, Missouri

We have conducted follow-up work on certain audit report findings contained in Report No. 2020-029, *City of Monroe City* (rated as Poor), issued in June 2020, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the city about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by the City Clerk and held discussions with the Mayor and City Clerk to verify the status of implementation for the recommendations. Documentation provided by the city included Board meeting minutes, financial records, and other pertinent documents. This report is a summary of the results of this follow-up work, which was substantially completed during June 2021.

Nicole R. Galloway, CPA
State Auditor

City of Monroe City

Follow-Up Report on Audit Findings

Status of Findings

1. Water and Sewer Systems Contract	The city did not perform a cost-benefit analysis to determine if any cost savings would result prior to contracting with a private company in June 2018 to operate and maintain the water and sewer systems.
Recommendation	The Board of Aldermen ensure a cost-benefit analysis is prepared when making significant management decisions.
Status	In Progress The city's contract with its water and sewer system contractor does not expire until 2024. The city is currently in the process of constructing a new sewer plant and contracted with an engineer to help evaluate its options in regards to providing water services. The city has not yet made a decision as to how water services will be provided once the current contract expires.
2. Restricted Assets	The city had not established adequate procedures to ensure restricted monies were expended only for intended purposes.
2.1 Utility transfers	The Board had no documentation of any discussions held or the basis for determining administrative fees and franchise taxes paid and transfers out made from the Electric, Gas, Water, and Sewer Funds to the General Fund totaling over \$1.25 million during the year ended September 30, 2018.
Recommendation	The Board of Aldermen ensure any future payments from the Electric, Gas, Water, and Sewer Funds to the General Fund represent reimbursement of actual costs of operations. In addition, determine the value of government services being offset by the utility transfers, maintain documentation to support the amounts transferred, and evaluate the effect on the General Fund.
Status	Not Implemented The city made payments from the Electric, Gas, Water, and Sewer Funds to the General Fund totaling \$741,936 during the year ended September 30, 2020. The city has not determined the value of government services being offset by the utility transfers, has not documented support for the amounts transferred, and has not evaluated the effect on the General Fund. The Mayor indicated the city cannot implement the recommendation without significantly cutting services and expenditures.
2.2 Industrial Development Fund loan	The city used restricted utility money in the Electric and Gas Funds to make 2 loans totaling \$788,000 to the Industrial Development Fund. At September 30, 2018, the Industrial Development Fund owed the Gas Fund \$644,000.

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

Recommendation	The Board of Aldermen repay the amounts due to the Gas Fund from the Industrial Development Fund and ensure restricted electric, gas, water, and sewer funds are only used for their intended purposes.
----------------	---

Status	Implemented The Industrial Development Fund repaid the Gas Fund \$644,000 in March 2021.
--------	--

3.1 Utilities - Utility rates	City officials could not provide documentation that a formal review of electric, water, and sewer rates had ever been performed. In addition, the last formal review of natural gas rates occurred in 2000. As a result, there is less assurance the utility rates were set at an appropriate level.
-------------------------------	--

Recommendation	The Board of Aldermen ensure a statement of costs is prepared to support changes in utility rates and document formal reviews of utility rates periodically to ensure revenues are sufficient to cover all costs of providing these services.
----------------	---

Status	Partially Implemented The city's water and sewer systems contractor performed a water and sewer rate study for the city in February 2020. The Board passed an ordinance adding a flat rate to both water and sewer bills in November 2020. However, the flat rate for water is more than the rate recommended by the study and the flat rate for sewer is less than the rate recommended by the study. As a result, the city will likely not generate enough sewer revenues to cover costs and will likely generate more water revenues than needed to cover costs. The City Clerk indicated the sewer rates will be adjusted again once construction of the new sewer plant is completed which is expected to be in 2022 or 2023. The city has not performed a formal review of electric and natural gas rates.
--------	--

3.2 Utilities - Non-monetary adjustments and utility billings	Controls over non-monetary adjustments posted to customer utility accounts and utility billings needed improvement. The City Administrator made 205 non-monetary adjustments totaling \$8,575,924 (120 percent of utility revenues), during the year ended September 30, 2018, to reduce customer account balances.
---	---

The City Administrator, who also had the ability to receipt utility payments to the financial accounting system, was responsible for posting non-monetary adjustments to customer utility accounts. These adjustments were not reviewed and approved by someone independent of the billing process before or after they were posted to the system.

Five of 11 non-monetary adjustments reviewed occurred because errors were not caught by the City Administrator during her review of utility billings prior

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

to mailing. In addition, city officials did not retain documentation to support the reasons for any of the adjustments reviewed.

Recommendation

The Board of Aldermen ensure all non-monetary adjustments are properly approved and compared to actual changes posted to the utility system, and documentation of reasons for all non-monetary adjustments is retained. In addition, ensure utility billings are reviewed for accuracy prior to mailing.

Status

Partially Implemented

The City Clerk maintains documentation of reasons for all non-monetary adjustments and she reviews all utility billings for accuracy prior to mailing. However, the Board does not approve non-monetary adjustments or compare them to actual changes in the utility system.

3.3 Utilities - Utility losses

The City Administrator did not review and investigate significant utility losses identified in the monthly reports on electric, gas, water, and sewer operating statistics.

Recommendation

The Board of Aldermen review and investigate significant utility losses.

Status

In Progress

The City Clerk indicated this function was performed by the City Administrator who left employment with the city in September 2020. The City Clerk added she is in the process of obtaining training to adequately review the monthly utility operating statistics reports.

3.4 Utilities - Payment extensions and payment plans

The city policies and procedures for utility customers with delinquent utility bills who had requested payment extensions and payment plans did not include procedures to determine how the payment amount was established or the approval process for these arrangements. In addition, city personnel did not track these arrangements and did not retain copies of written payment plans once the delinquent utility bill had been paid.

Recommendation

The Board of Aldermen amend the utility collection policy to include procedures and requirements for payment arrangements. In addition, signed written agreements should be retained to support all payment arrangements.

Status

Implemented

The city amended its utility collection policy in April 2020 and it now includes procedures and requirements for payment arrangements. In addition, we reviewed signed written agreements for those utility customers who are currently on payment plans and we reviewed one written agreement for a

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

utility customer that paid the delinquent amount in full. We noted no concerns with these agreements or the amended utility collection policy.

4. Written Contracts

The city's contracts with some entities, including the Mosswood Golf and Recreation Association and the Monroe City Area Fire Protection District (FPD), had not been updated in many years and did not adequately define each party's responsibilities. In addition, the city did not have written contracts with some service providers and certain outside parties, including its economic developer, attorney, and vendor providing brush and debris storage and removal.

Recommendation

The Board of Aldermen enter into clearly written contracts defining services provided and benefits received that are updated periodically.

Status

Partially Implemented

The city has entered into new contracts with the Mosswood Golf and Recreation Association and the FPD. However, the city's contract with the FPD does not address the accounting duties and other services the city provides to the FPD. In addition, the city has entered into written contracts with its current economic development vendor and its attorney. However, the city has not entered into a written contract for brush and debris storage and removal.

5. Real Estate Transactions
and Economic
Incentives

Policies and procedures for real estate transactions and economic incentives needed improvement.

5.1 Real estate transactions

The city did not have a long-range plan for the sale or development of its real estate holdings. In addition, city officials did not document reasons for the purchase of real estate and did not generally obtain appraisals prior to purchasing or selling real estate.

Recommendation

The Board of Aldermen develop plans, including a cost-benefit analysis, for the use of city-owned property, and ensure independent appraisals are obtained prior to the purchase or sale of real estate.

Status

Not Implemented

The city has not developed plans, including a cost-benefit analysis, for the use of city-owned property. In addition, the city did not obtain an independent appraisal prior to the sale of land for \$125 (the original cost to the city when purchased in 1925) to a school district in February 2021.

5.2 Economic incentives

The city did not have ordinances for approved financial incentives granted to two businesses.

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

Recommendation	The Board of Aldermen adopt an ordinance detailing economic incentives offered to businesses located in or relocating to the city.
Status	In Progress The Board adopted an ordinance for the utility incentive program. The Board has not adopted an ordinance for the incentive offered to the business in the industrial park. However, this business has not yet submitted any claims for reimbursement.
6.1 Accounting Controls and Procedures - Segregation of duties	The Board had not adequately segregated accounting duties or ensured documented supervisory or independent reviews of work completed by city administrative office personnel were performed.
Recommendation	The Board of Aldermen segregate the accounting duties. If proper segregation cannot be achieved, ensure documented independent or supervisory reviews of detailed accounting and bank records are performed.
Status	Not Implemented The City Administrator left employment with the city in September 2020. The City Clerk indicated the city does not currently have sufficient staffing to adequately segregate duties. The City Clerk is currently performing the City Administrator's duties in addition to her own duties. An independent review of detailed accounting and bank records is not being performed.
7. Procurement Procedures	City personnel did not always solicit competitive bids or proposals for goods or services as required by city code, and some professional services were obtained without benefit of a competitive selection process. City personnel indicated some of these purchases were not bid because procurement was arranged by the Mosswood Golf and Recreation Association.
Recommendation	The Board of Aldermen ensure city officials competitively procure major purchases in accordance with the city code and maintain documentation of decisions made and require the Mosswood Golf and Recreation Association to comply with the city's procurement rules for items the city will be reimbursing the association for. In addition, establish a policy to address the procurement of professional services.
Status	Partially Implemented The Mosswood Golf and Recreation Association obtained bids for seed, fertilizer, and weed control chemicals as required in its new contract with the city. In addition, we reviewed Board meeting minutes between June 2020 and June 2021 and noted the Board solicited bids and proposals several times

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

during the past year. However, the minutes did not indicate why the lowest bidder was not selected for mowing at city parks and for the pool roof repairs.

We also reviewed a detailed report of disbursements from June 2020 to June 2021 and noted 2 purchases requiring bids were not mentioned in the minutes:

- Additional pool roof repairs that were not included in the original bid specifications totaling \$6,800 were approved without obtaining bids or formal Board approval. The City Clerk indicated this was an emergency purchase.
- Bids were not solicited for water tower repairs totaling \$17,408.

In addition, the city has not established a policy to address the procurement of professional services.

8. Fire Service Billing and Collection Procedures	The city's billing and collection procedures provided for the FPD needed improvement. The city performed all accounting duties for the FPD, including billing a yearly membership fee and billing for calls for services provided.
---	--

8.1 Fire service fees and costs	The fee schedule used by the city for membership and service call billings had not been revised by the city and the FPD's Board in many years. In addition, the city and the FPD's Board did not have documentation supporting the basis for the fees charged.
---------------------------------	--

Recommendation	The Board of Aldermen work with the Monroe City Area Fire Protection District Board to establish procedures to adequately track costs for providing fire services, monitor and analyze these costs on a periodic basis, and revise the fee schedule if necessary.
----------------	---

Status	Not Implemented The city has not established procedures to tracks costs of providing fire services, has not monitored or analyzed these costs, and has not revised the fee schedule.
--------	--

8.2 Billing and collection	The city did not prepare or send bills for all billable calls. For 13 of 27 billable calls, the City Administrator could not explain why billings did not occur. In addition, the city did not maintain records of outstanding billings or pursue collection of those accounts receivables.
----------------------------	---

Recommendation	The Board of Aldermen prepare and send bills for all billable calls, and work with the Monroe City Area Fire Protection District Board to develop written policies and procedures outlining specific steps and criteria to be followed for billing and collection activities.
----------------	---

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

Status

Partially Implemented

We reviewed the spreadsheet of fire calls made from June 2020 to March 2021. For 31 calls, the spreadsheet did not adequately explain why the calls were not billed. The City Clerk explained to us why 30 of these calls were not billed and subsequently provided an updated spreadsheet with the explanations. The city only received payment for 1 of 23 calls billed (\$250) and has not received \$16,000 in revenues for the remaining 22 unpaid billed calls. The city has not developed written policies and procedures for billing and collection activities.

9. Payroll Controls and Procedures

Payroll controls and procedures needed significant improvement.

9.1 Bonuses

The Board approved year-end bonus payments to all full-time employees in violation of the Missouri Constitution.

Recommendation

The Board of Aldermen discontinue paying employee bonuses.

Status

Not Implemented

The city paid \$2,422 in year-end bonus payments in December 2020 as authorized by the Board.

9.2 Timesheets

Employees were not required to sign timesheets. In addition, the timesheets of supervisors including the City Administrator and City Clerk were not independently reviewed or approved.

Recommendation

The Board of Aldermen ensure timesheets are properly signed and approved.

Status

Partially Implemented

We reviewed timesheets for the pay period ending June 6, 2021, and noted all timesheets were signed by a supervisor with the exception of the City Clerk's timesheet that was not reviewed or signed by Mayor. In addition, several employees did not sign their timesheets.

10. Closed Meetings

The Board did not ensure compliance with the Sunshine Law for closed meetings. The Board discussed some items in closed meetings that were not allowed by law, and sometimes discussed issues other than the topics cited in the open minutes for going into a closed meeting.

Recommendation

The Board of Aldermen ensure only topics allowed by state law are discussed in closed Board meetings, the specific section of law allowing the closure is announced publicly and recorded in the minutes, and discussions in closed

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

meetings are limited to only those specific reasons cited for closing the meeting.

Status

Implemented

We reviewed the open and closed meeting minutes from June 2020 to June 2021. For all 6 of the closed meetings held during this period, the section of law the meeting was closed under and the topics discussed in the closed meetings were allowed and agreed to the reasons for closing the meetings.

11.1 Budgets and Ordinances
- Budgets

The city budgets prepared for the years ended September 30, 2017, 2018, and 2019, did not include all required elements. The budget documents did not include a budget message, budget summary, and the financial activity and balances of the city's indebtedness.

Recommendation

The Board of Aldermen prepare annual budgets that contain all information required by state law.

Status

Not Implemented

The city's budget for the year ending September 30, 2021, did not include a budget message, budget summary, and the financial activity and balances of the city's indebtedness.

12. Electronic Data Security

The Board had not established sufficient controls to reduce the risk of unauthorized access to computer systems and electronic data. As a result, city records were not adequately protected and are susceptible to unauthorized access or loss of data.

12.1 User identifications and
passwords

The Administrative Assistants, City Clerk, and City Administrator shared the same user identification and password for 2 shared computers used for issuing receipt slips from the accounting system. In addition, passwords for employees in the administrative office, police department, and fire department were not required to contain a minimum number of characters and employees in the fire department were not required to change passwords periodically.

Recommendation

The Board of Aldermen require each employee to have his/her own user identification and password with a minimum number of characters, that is periodically changed. In addition, stop allowing employees to share access credentials on certain computers.

Status

Partially Implemented

Passwords for employees in the administrative office and police department are now required to contain a minimum number of characters and be changed

City of Monroe City
Follow-up Report on Audit Findings
Status of Findings

periodically. The city is in the process of updating its utility system to a web-based system. Once this upgrade is complete, each administrative office employee will have a unique user identification and password. In addition, passwords are required to contain a minimum number of characters for the fire department's computers; however, they are not required to be changed periodically.

12.2 Security controls

Security controls were not in place to lock the City Administrator, City Clerk, Administrative Assistants, and Fire Chief's computers after a certain period of inactivity. In addition, the fire department did not have security controls in place to lock computers after a specified number of incorrect logon attempts.

Recommendation

The Board of Aldermen require city computers have security controls in place to lock each computer after a certain period of inactivity and a specified number of incorrect logon attempts.

Status

Partially Implemented

Security controls are now in place to lock administrative office and police department employees' computers after a certain period of inactivity and a specified number of incorrect logon attempts. However, security controls have not been implemented for the Fire Chief and fire department computers.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of June 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In June, the state spent \$377.8 million from federal COVID-19 assistance (Appendix A). Through the end of June, the state has received \$4.51 billion and spent \$4.2 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.043 billion) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

Federal Funding for COVID-19 Response

June 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of June 30, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
June 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of June 30, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July 2020, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
June 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
June 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in Coronavirus Relief Fund assistance from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. Any transferred funds must be repaid to the State Emergency Management Federal Stimulus Fund prior to June 30, 2021. At June 30, 2021, no transferred funds remained outstanding.

Under the CARES Act, the state has also been awarded as of June 30, 2021, approximately \$3.65 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of June 30, 2021, approximately \$2.81 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of June 30, 2021, approximately \$10.45 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child

⁵ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4194, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
June 2021
Executive Summary

care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. In June, the state received \$115.6 million through this act and spent the \$13.8 million received in May for housing assistance. This financial activity is not presented in the appendixes. American Rescue Plan Act financial activity will be presented in a separate series of monthly reports beginning later this year.

In June, the state spent \$377.8 million from federal COVID-19 assistance (Appendix A). Through the end of June, the state has received \$4.51 billion and spent \$4.2 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$1.043 billion) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendix C.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during fiscal year ended June 30, 2021 as disbursements, due to changes in the appropriation process in this fiscal year for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during fiscal year ended June 30, 2021 as disbursements, due to changes in the appropriation process in this fiscal year for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earns, must be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2021. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² For the fiscal year ended June 30, 2021, the FMAP (Federal Medical Assistance Percentage) Enhancement Fund was only authorized an appropriation to transfer receipts to the Federal Budget Stabilization Fund and/or the General Revenue Fund. Therefore, the Department of Social Services cannot directly expend any receipted money from the fund, as it could during the fiscal year ended June 30, 2020.

³ Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

⁴ This appropriation's expenditures for the fiscal year ended June 30, 2021, are a placeholder intended for the State Emergency Management Federal Stimulus Fund's Department of Mental Health Staff Offering Support Program appropriation. SAM II adjustments to reflect this were not fully processed by June 2021. Once processed, this appropriation's authority and expenditures for the fiscal year ended June 30, 2021, will return to zero. This stipend appropriation was obsoleted in September 2020, when it was replaced by an equivalent stipend appropriation also in the State Emergency Management Federal Stimulus Fund.

⁵ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of May 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In May, the state spent \$156.1 million from federal COVID-19 assistance (Appendix A). Through the end of May, the state has received \$4.19 billion and spent \$3.82 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$981 million) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

Federal Funding for COVID-19 Response

May 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of May 31, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
May 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of May 31, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
May 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
May 2021
Executive Summary

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
May 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

The General Assembly has authorized the Office of Administration to transfer up to \$750 million in Coronavirus Relief Fund assistance from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. Any transferred funds must be repaid to the State Emergency Management Federal Stimulus Fund prior to June 30, 2021. At May 31, 2021, no transferred funds remained outstanding.

Under the CARES Act, the state has also been awarded as of May 31, 2021, approximately \$3.63 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has been awarded as of May 31, 2021, approximately \$2.8 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has been awarded as of May 31, 2021, approximately \$10.3 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child

⁵ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4194, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
May 2021
Executive Summary

care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. In May, the state received \$13.8 million for housing assistance through this act and that amount remained unspent at the end of the month. This financial activity is not presented in the appendixes. American Rescue Plan Act financial activity will be presented in a separate series of monthly reports beginning later this year.

In May, the state spent \$156.1 million from federal COVID-19 assistance (Appendix A). Through the end of May, the state has received \$4.19 billion and spent \$3.82 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$981 million) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendix C.

¹ This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during fiscal year ended June 30, 2021 as disbursements, due to changes in the appropriation process in this fiscal year for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

Source: Statewide Accounting System (SAM II). The appendix is prepared on the cash basis of accounting, which presents amounts when received or disbursed.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during fiscal year ended June 30, 2021 as disbursements, due to changes in the appropriation process in this fiscal year for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earns, must be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2021. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.

Total All Funds	\$ 7,227,654,219	2,011,103,714	5,216,550,505	5,500,254,776	1,150,698,707	4,349,556,069

¹ The appropriation authority is the maximum amount that may be expended for the purpose as documented and approved through appropriations bills.

² For the fiscal year ended June 30, 2021, the FMAP (Federal Medical Assistance Percentage) Enhancement Fund was only authorized an appropriation to transfer receipts to the Federal Budget Stabilization Fund and/or the General Revenue Fund. Therefore, the Department of Social Services cannot directly expend any receipted money from the fund, as it could during the fiscal year ended June 30, 2020.

³ Initial legislation required Coronavirus Relief Fund assistance to be returned to the federal government if it was not spent to cover allowable costs incurred by December 30, 2020. Legislation changes in December 2020 extended that date to December 31, 2021. State officials did not know whether or to what extent the state may have to repay any funding received at the time the appropriation was established. To acknowledge the existence of the obligation, the state established appropriations authorizing the return of up to \$750 million.

⁴ This appropriation's expenditures for the fiscal year ended June 30, 2021, are a placeholder intended for the State Emergency Management Federal Stimulus Fund's Department of Mental Health Staff Offering Support Program appropriation. SAM II adjustments to reflect this were not fully processed by May 2021. Once processed, this appropriation's authority and expenditures for the fiscal year ended June 30, 2021, will return to zero. This stipend appropriation was obsoleted in September 2020, when it was replaced by an equivalent stipend appropriation also in the State Emergency Management Federal Stimulus Fund.

⁵ This appropriation's expenditures include \$3,416,331 that was not spent for COVID-19 purposes, but instead was returned to the federal government.

Source: Statewide Accounting System (SAM II). The appendix is presented on the state's legal budgetary basis of accounting that records expenditures when the liabilities are recorded, rather than when cash is disbursed.

Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Oregon County

Sheriff's Controls and Procedures	The Sheriff has not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting and bank records. The Sheriff's Office Manager does not always perform timely reconciliations of the bank account. Office personnel do not charge or collect sales taxes on phone cards and e-cigarettes sold to inmates not handled by the commissary vendor, and no sales taxes are remitted to the Department of Revenue.
Public Administrator's Annual Settlements	The Public Administrator does not always file annual settlements or status reports timely.
Prosecuting Attorney's Controls and Procedures	The Prosecuting Attorney has not adequately segregated accounting duties or performed supervisory reviews of accounting records and transmittals.
Electronic Data Security	The Prosecuting Attorney has not established adequate password controls to reduce the risk of unauthorized access to computers and data. Sheriff's office personnel do not back up computer data on a regular basis.
Sunshine Law	The County Clerk does not maintain a log of public records requests to ensure all Sunshine Law records requests are handled in compliance with state law. The County has not adopted a written policy regarding public access to county records as required by state law.
Electronic Communication Policy	The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	11
---	----

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Oregon County

We have audited certain operations of Oregon County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

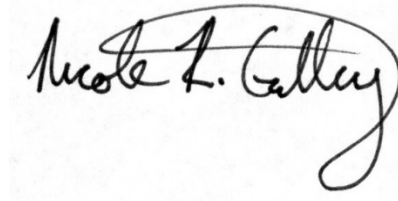

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Oregon County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

In-Charge Auditor:	Michelle Pummill, CFE
Audit Staff:	Albert Borde-Koufie, MBA
	Logan J. Vogel

Oregon County Management Advisory Report State Auditor's Findings

1. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected payments for civil fees, concealed carry weapon permits, jail phone and commissary commissions, bonds, and other miscellaneous receipts totaling approximately \$51,100 for the year ended December 31, 2020.

1.1 Segregation of duties

The Sheriff has not adequately segregated accounting duties or performed adequate supervisory reviews of detailed accounting and bank records. The Office Manager is primarily responsible for receipting, recording, and depositing payments received; preparing disbursements, bank reconciliations, and monthly fee reports; and billing for inmate transportation reimbursement claims and board bills and receiving and transmitting the associated payments collected. The Sheriff indicated there are not enough office employees to adequately segregate accounting duties. The Sheriff documents his review of the monthly fee report; however, documentation regarding reviews of any other records is not maintained.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and depositing receipts; making disbursements; and reconciling bank accounts. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting and bank records are essential.

1.2 Bank reconciliations and liabilities

The Office Manager does not always perform timely reconciliations of the bank account. Records showed she did not complete the December 2020 bank reconciliation until February 2021. In addition, monthly lists of liabilities are not prepared to reconcile to the available cash balance. As a result, the Sheriff's bank account had \$6,181 of unidentified money at December 31, 2020. Our review of the December 2020 accounting records determined part of this unidentified money included \$65 for paper services fees that should have been turned over to the County Treasurer and \$33 in overpayments that should have been refunded. The Office Manager indicated that due to her numerous job duties, she is not always able to perform timely bank reconciliations or investigate errors and differences.

Performing monthly bank reconciliations helps ensure accurate records are kept and increases the likelihood errors will be identified. Regular identification and comparison of liabilities to the available cash balance is necessary to ensure records are in balance and money is available to satisfy all liabilities.

1.3 Sales tax

The Sheriff's office does not charge or collect sales taxes on phone cards and e-cigarettes sold to inmates not handled by the commissary vendor, and no sales taxes are remitted to the Department of Revenue (DOR). Sheriff's office personnel indicated they did not know about this requirement.

Oregon County Management Advisory Report - State Auditor's Findings

Pursuant to 12 Code of State Regulations 10-110.955(3)(B), sales by the state of Missouri and its political subdivisions are subject to tax. Therefore, the Sheriff should be charging and collecting sales tax and remitting tax collections to the DOR.

Similar conditions
previously reported

A similar condition to section 1.1 was noted in our prior 3 audit reports. In addition, a similar condition to section 1.2 was noted in our 2 prior audit reports.

Recommendations

The Sheriff:

- 1.1 Segregate accounting duties or ensure documented independent or supervisory reviews of detailed accounting and bank records are performed.
- 1.2 Ensure bank reconciliations are performed timely and lists of liabilities are prepared and reconciled to the available cash balance monthly. Any differences should be promptly investigated and resolved.
- 1.3 Contact the DOR for guidance on establishing procedures for charging and collecting sales tax on phone cards and e-cigarettes and ensure future sales tax collections are remitted to DOR.

Auditee's Response

- 1.1 *We are exploring funding opportunities to obtain and retain a part-time staff member to perform an adequate independent or supervisory review of accounting and bank records, thus ensuring a detailed reconciliation of receipt and disbursement records is performed and documented.*
- 1.2 *We are exploring funding opportunities to obtain and retain a part-time staff member to perform an adequate independent or supervisory review of accounting and bank records, thus ensuring a detailed reconciliation of receipt and disbursement records is performed and documented.*
- 1.3 *We are researching vendor options, tax requirements, and DOR guidance on procedures for charging, collecting, and remitting sales tax on future transactions.*

2. Public Administrator's Annual Settlements

The Public Administrator does not always file annual settlements or status reports timely. The Public Administrator is the court-appointed personal representative for wards or decedent estates of the Circuit Court, Probate Division. The former Public Administrator's term ended December 31, 2020, and the current Public Administrator took office on January 1, 2021. Recommendations are directed to the current Public Administrator because

Oregon County Management Advisory Report - State Auditor's Findings

she is in a position to implement changes. The Public Administrator's office was responsible for 70 wards and estates during the year ended December 31, 2020.

During our review of a judgmental sample of 10 cases¹ with annual settlements or status reports due in 2019 and 2020, the annual settlement or status report was not filed timely for 4 of the cases (40 percent). Annual settlements and status reports were filed for these 4 cases from 88 to 548 days after the due date. The Public Administrator records the due dates for the annual settlements and status reports in her case management software. In addition, the Circuit Court, Probate Division Clerk sends a notice to the Public Administrator when an annual settlement or status report is due. Even with these procedures, the former Public Administrator said she did not file the annual settlements and status reports timely due to the extent of her other responsibilities.

Sections 473.540 and 475.270, RSMo, require the Public Administrator to file an annual settlement or status report with the court for each ward or estate. Timely filing of settlements and status reports is necessary for the court to properly oversee the administration of cases and to reduce the possibility that errors, loss, theft, or misuse of funds will occur and go undetected.

Recommendation

The Public Administrator file annual settlements and status reports timely.

Auditee's Response

Since taking office on January 1, 2021, I have been very diligent filing all annual settlements and status reports timely.

3. Prosecuting Attorney's Controls and Procedures

The Prosecuting Attorney has not adequately segregated accounting duties or performed supervisory reviews of accounting records and transmittals. The Prosecuting Attorney's secretary is primarily responsible for receipting and recording payments received, and making transmittals or disbursements to the appropriate party. The Prosecuting Attorney indicated he performed a supervisory review of her work when she was first hired but stopped when he concluded she was successfully completing her duties. The office collected approximately \$33,000 in bad check and court-ordered restitution and fees during the year ended December 31, 2020.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and transmitting payments received. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting records are essential.

¹ Due to the nature of the sample, the results of our test cannot be projected to the population.

Oregon County
Management Advisory Report - State Auditor's Findings

Recommendation

The Prosecuting Attorney should segregate accounting duties or ensure adequate independent or supervisory reviews of accounting records are performed and documented.

Auditee's Response

We have already fully implemented the Auditor's recommendations.

4. Electronic Data Security

Controls over computers in the county are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

4.1 Passwords

The Prosecuting Attorney has not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees share passwords to access computers and are not required to change the passwords periodically and keep the passwords confidential, which increases the risk of a compromised password. The Prosecuting Attorney indicated the number of passwords they use along with often working during non-business hours makes it difficult to continuously change passwords and retain that information.

Passwords are required to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords are not required to be periodically changed or kept confidential, there is less assurance passwords are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. Passwords should be unique, confidential, and changed periodically to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

4.2 Data backups

Sheriff's office personnel do not back up computer data on a regular basis. As a result, some accounting records created from January 2020 to March 2020 were lost when an office computer failed in April 2020. The Sheriff indicated, as of March 2021, the office is purchasing a new server to allow for data backups going forward.

Preparation of backup data increases assurance data could be recovered if necessary. To help prevent loss of information and ensure essential information and computer systems can be recovered, computer data should be backed up periodically, tested on a regular basis, and stored at a secure off-site location.

Recommendations

The County Commission work with other county officials to:

- 4.1 Require confidential passwords to be periodically changed to prevent unauthorized access to county computers and data.

Oregon County
Management Advisory Report - State Auditor's Findings

- 4.2 Ensure computer data is backed up periodically and stored at a secure off-site location.

Auditee's Response

The County Commission provided the following responses:

- 4.1 *We will discuss with the Prosecuting Attorney changing passwords periodically.*

- 4.2 *We will discuss backing up to an offsite location periodically.*

The Prosecuting Attorney provided the following response:

- 4.1 *We only have enough money to have our monthly subscription Bounceback program for restitution payouts loaded on one desktop computer; and therefore, both secretaries need to know that computer's password. We comply with all Missouri Highway Patrol security recommendations including changing passwords for access to any secure M.U.L.E.S. databases. Our password protected desktop computers are behind a locked door and most employees are armed. We have one laptop computer used in Court; and therefore, both secretaries need to know that computer's password.*

5. Sunshine Law

The county's procedures for complying with the Sunshine Law need improvement.

5.1 Records request

The County Clerk does not maintain a log of public records requests to ensure all requests are handled in compliance with state law. While the Deputy County Clerk indicated a few requests occurred for 2020, the county did not maintain a log or other record of the requests to ensure all were handled in compliance with the Sunshine Law. The Deputy County Clerk indicated she was unaware of the need to formally track compliance with sunshine law requests.

Section 610.023, RSMo, provides each request for access to public records shall be acted upon as soon as possible, but in no event later than the end of the third business day following the date the request is received. To ensure compliance with this law, a log tracking key information supporting the fulfillment process for the request is important. Such information includes, but is not limited to, the date of request, a brief description of the request, the date the request is completed or reason why the request cannot be completed, and any associated costs of filling the request.

5.2 Public access policy

The county has not adopted a written policy regarding public access to county records as required by state law. A written policy regarding public access to county records would establish guidelines for the county to make records available to the public. This policy should identify a person to contact,

Oregon County
Management Advisory Report - State Auditor's Findings

provide an address to mail such requests, and establish fees that may be assessed for providing copies of public records. The Deputy County Clerk indicated she was not aware the county needed a written policy.

Section 610.023, RSMo, lists requirements for making records available to the public. Section 610.026, RSMo, allows the county to charge fees for providing access to and/or copies of public records and provides requirements related to fees. Section 610.028, RSMo, requires a written policy regarding release of information under the Sunshine Law.

Recommendations

The County Commission:

- 5.1 Ensure a public request log is maintained to help ensure compliance with state law.
- 5.2 Develop a written public access policy.

Auditee's Response

- 5.1 *We are working on a log for public access requests.*
- 5.2 *We are developing a written public access policy.*

6. Electronic Communication Policy

The county has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. County officials indicated they were not aware of the need for such a policy.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.²

Development of written policies to address the use of electronic communications is necessary to ensure all documentation of official business of the county is retained as required by state law.

Recommendation

The County Commission work with other county officials to develop written records management and retention policies to address electronic

² Missouri Secretary of State Records Services Division, Electronic Communications Records Guidelines for Missouri Government, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, Accessed June 14, 2021.

Oregon County
Management Advisory Report - State Auditor's Findings

communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Records Guidelines.

Auditee's Response

We are working on a communication policy.

Oregon County

Organization and Statistical Information

Oregon County is a county-organized, third-class county. The county seat is Alton.

Oregon County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 35 full-time employees and 20 part-time employees on December 31, 2020.

In addition, county operations include the Senate Bill 40 Board and Senior Citizens' Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Patrick Ledgerwood, Presiding Commissioner	\$	27,080
Jason Kemper, Associate Commissioner		25,080
Jon Hollis, Associate Commissioner		25,080
Dawn Holman, Recorder of Deeds		38,000
Tracy J. Bridges, County Clerk		38,000
Justin Kelley, Prosecuting Attorney		45,000
Eric R. King, Sheriff		42,000
Linda Parrott, County Treasurer		38,000
Tom Clary, County Coroner		11,000
Mindy Lawrence, Public Administrator		38,000
Misty Hower, County Collector (1), year ended February 28,	40,416	
Charles Lon Alford, County Assessor, year ended August 31,		38,000
Scott Simer, County Surveyor (2)		

(1) Includes \$2,616 of commissions earned for collecting city property taxes.

(2) Compensation on a fee basis.

Management Advisory Report - State Auditor's Findings	Financial Status4
---	-------------------------

NICOLE GALLOWAY, CPA

Missouri State Auditor

Michael Atcheson, Chairman & Executive Director
and
Board of Directors
Strother Interchange Transportation Development District
Lee's Summit, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On December 17, 2018, the Board of Directors of the Strother Interchange Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution on September 2, 2020.

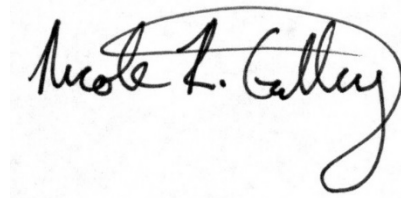

The district engaged DWSA, Certified Public Accounts (CPAs) to audit the district's financial statements for the year ended December 31, 2020. To minimize duplication of effort, we reviewed the report of the CPA firm. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing minutes of meetings, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; and testing selected transactions. We obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the Strother Interchange Transportation Development District.

Strother Interchange Transportation Development District Management Advisory Report - State Auditor's Findings

Financial Status

Our audit of the Strother Interchange Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The Strother Interchange TDD is located in Jackson County, in the City of Lee's Summit. The district was organized in January 2000 by petition of the property owners within the boundaries of the proposed district. The members of the Board of Directors and officers are property owners and a representative of the property owners. The district has a fiscal year end of December 31 and obtained independent audits annually.

In February 2000, the Board of Directors passed a resolution formally approving the submission of the proposed sales tax rate to the qualified voters and establishing the sales tax rate to be effective May 1, 2000. In April 2000, the qualified voters of the district approved a one-half (0.50%) percent sales tax on all taxable transactions within the boundaries of the district. The initial term of the sales tax was 20 years. The sales tax was extended for an additional 15 years in 2007 by an election of the qualified voters of the district in order to pay for additional project costs. From 2010 through 2020, the Strother Interchange TDD received \$2,316,237 in sales taxes from the Missouri Department of Revenue (DOR).¹

The Strother Interchange TDD was formed for the purpose of acquiring and constructing a new interchange at the intersection of Interstate 470 and Strother Road, and a realignment and reconstruction of Strother Road, Independence Avenue, and Ralph Powell Road. In 2007, the project was expanded to include construction of additional intersections and infrastructure improvements on Woods Chapel Road, NE Dick Howser Drive, and Akin Boulevard. The City of Lee's Summit is the public entity with jurisdiction over the local portion of the project and serves as the Local Transportation Authority (LTA). The Missouri Highways and Transportation Commission (MHTC) serves as the entity with jurisdiction over the state portion of the project. The project was completed, and both the City of Lee's Summit and the MHTC accepted dedication of it, in 2010.

In 2001, 2004, and 2006, the Strother Interchange TDD issued bonds for \$8,280,000, \$8,530,000, and \$7,005,000; respectively, to pay for project costs. Debt service on the bonds was funded through the TDD sales tax revenue and tax increment financing (TIF) revenue from the Chapel Ridge TIF Plan and the North TIF Plan. The bond debt was satisfied in May 2017.

In December 2018, the Board of Directors approved a resolution formalizing their intent to dissolve the district. The Board of Directors approved a

¹ Sales tax revenue prior to 2010 was not available.

Strother Interchange Transportation Development District Management Advisory Report State Auditor's Findings

resolution in May 2020² to repeal the sales tax effective July 1, 2020, and subsequently notified the DOR. The Strother Interchange TDD's legal counsel advised the State Auditor's Office (SAO) of these resolutions and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo.

The SAO has performed an audit of the Strother Interchange TDD as required by Section 238.275, RSMo. That statute requires the State Auditor to audit the TDD to determine its financial status, and determine whether it may be abolished pursuant to law. That law also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it, if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balance of the Strother Interchange TDD for the year ended December 31, 2020.

	Year Ended December 31, 2020
RECEIPTS	
Sales Tax	\$ 188,644
Interest	75
Total Receipts	<u>188,719</u>
DISBURSEMENTS	
Professional Fees	40,473
Prepaid Insurance	11,946
Street Lights	9,866
Miscellaneous Expenses	4,907
Total Disbursements	<u>67,192</u>
RECEIPTS OVER (UNDER) DISBURSEMENTS	121,527
BEGINNING CASH	<u>137,108</u>
ENDING CASH	<u><u>\$ 258,635</u></u>

Source: Compiled by the SAO using the TDD's bank statements and transaction register.

Based on our audit, the cash balance of the Strother Interchange TDD as of December 31, 2020, was \$258,635. The Strother Interchange TDD's legal counsel indicated the district had debts of \$364 as of June 21, 2021 for billed and unbilled legal services and expenses. Based on this representation, district

² The delay from December 2018 to May 2020 was due to the district completing additional street light improvements in cooperation with the LTA.

Strother Interchange Transportation Development District Management Advisory Report State Auditor's Findings

assets will be sufficient to pay any remaining costs and obligations. Pursuant to the Dissolution Agreement between the Strother Interchange TDD, the City of Lee's Summit, and the MHTC, 60 percent and 40 percent of the remaining money will be distributed to the City of Lee's Summit and the MHTC, respectively.

Based on our audit, the Board of Directors may proceed with the abolishment of the Strother Interchange TDD in accordance with Section 238.275, RSMo.

NICOLE GALLOWAY, CPA **Missouri State Auditor**

Members of the General Assembly
and
Honorable Scott Fitzpatrick, State Treasurer
Jefferson City, Missouri

We completed audit work at the Office of State Treasurer (STO) as part of our annual statewide audit of the state's financial statements for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the STO during the audit and the audit results.

Statewide Financial Statement Audit and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

Financial Statement Audit Work at the STO

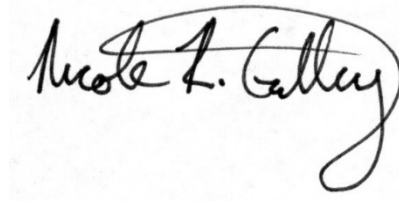

For the STO, we audited more than \$4.3 billion in cash and investment balances in various funds. In addition, we audited \$85 million in revenue activity and \$40 million in expenditure activity for the Abandoned Fund Account (Unclaimed Property) Fund.

Audit Results and Findings at the STO

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the STO.

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; and/or fraud. The reports issued reported no audit findings related to the audit procedures performed at the STO.

Nicole R. Galloway, CPA
State Auditor

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Sarah H. Steelman, Commissioner
Office of Administration
Jefferson City, Missouri

We completed audit work at the Office of Administration (OA) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the OA during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The OA prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million)

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the OA

We audited certain significant accounts specific to OA operations. For the OA, we audited revenue activity of \$1.5 billion and expenditure activity of \$138 million for the State Emergency Management Agency Federal Stimulus Fund; revenue activity of \$521 million and expenditure activity of \$521 million for the OA Federal Stimulus Fund; revenue activity of \$91 million and expenditure activity of \$76 million for the Missouri Revolving Information Technology Trust Fund; and expenditure activity of \$55 million for the State Facility Maintenance and Operating Fund.

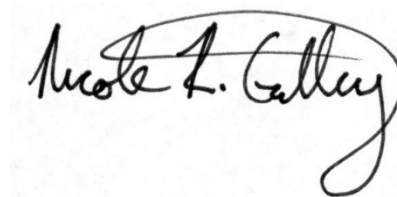

Single Audit Work at the OA

The OA reported federal award expenditures totaling \$710.6 million for fiscal year 2020. We audited, as major, the Coronavirus Relief Fund program with expenditures of \$702.2 million.

Audit Results and Findings at the OA

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the OA. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major program audited at the OA.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the OA.

We performed risk assessments on

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DSS

For the DSS, we audited financial activities and balances totaling more than \$17 billion for the following significant accounts:

Federal Reimbursement Allowance Fund:

- \$1.8 billion in revenue activity
- \$3 billion in expenditure activity

Title XIX Federal and Other Fund:

- \$4.2 billion in revenue activity,
- \$4.2 billion in expenditure activity
- an accounts receivable balance of \$92 million

Department of Social Services Federal and Other Fund:

- \$1 billion in revenue activity
- \$757 million in expenditure activity
- an accounts receivable balance of \$13 million
- an accounts payable balance of \$65 million

Nursing Facility Federal Reimbursement Allowance Fund:

- \$363 million in revenue activity
- \$529 million in expenditure activity

General Revenue Fund:

- \$1.5 billion in expenditure activity
- an accounts receivable balance of \$3 million

Life Sciences Research Trust Fund:

- \$32 million in expenditure activity

Pharmacy Rebates Fund:

- an accounts receivable balance of \$43 million

Third Party Liability Collection Fund:

- an accounts receivable balance of \$2 million

Temporary Assistance for Needy Families Fund

- an accounts receivable balance of \$2 million

Department of Social Services Educational Improvement Fund

- an accounts receivable balance (and related deferred inflows of resources) of \$3 million

In addition, we audited Medical Assistance Payments survey data totaling \$9 billion for various funds and food stamps distributions of \$1.3 billion.

Single Audit Work at the DSS

The DSS reported federal award expenditures totaling \$10.1 billion for fiscal year 2020. We audited, as major, 4 programs with expenditures totaling \$8.1 billion: the Food Distribution Cluster,² the Adoption Assistance program, the Children's Health Insurance Program (CHIP), and the Medicaid Cluster.

Audit Results and Findings at the DSS

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DSS. The Single Audit reported material noncompliance with direct and material compliance requirements for the CHIP and the Medicaid Cluster, and no material noncompliance for the other major programs audited at the DSS.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000.

We reported an audit finding related to the DSS's internal controls over financial reporting.

- Department of Social Services Financial Reporting Controls (Finding No. FS2020-002) - The DSS - Division of Finance and Administrative Services did not have adequate controls and procedures over financial reporting of accounts payable. As a result, accounts payable data submitted to the OA for inclusion in the Comprehensive Annual Financial Report for the year ended June 30, 2020, was misstated. If the misstatement had not been identified during the audit, accounts payable would have been overstated by approximately \$17.5 million in the Comprehensive Annual Financial Report.

The audit finding and the DSS's response are included in our Comprehensive Annual Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2021-017) and the DSS's Corrective Action Plan is included in the Single Audit Report (Report No. 2021-024).

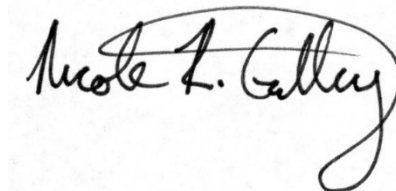

We reported 4 audit findings related to the DSS's administration of federal awards.

- Medicaid Nursing Facility Cost Report Audits (Finding No. 2020-001) - As noted in our previous audit, the DSS - MO HealthNet Division (MHD) did not ensure periodic audits of cost reports or other financial information of nursing facilities participating in the Medical Assistance Program (Medicaid) were conducted as required by the Missouri Medicaid State Plan.
- Medicaid National Correct Coding Initiative (Finding No. 2020-002) - The DSS-MHD had not fully implemented the Medicaid National Correct Coding Initiative edits in the Medicaid Management Information System (MMIS) as required by 42 USC 1396b(r). In addition, the DSS-MHD did not ensure confidentiality agreements containing required elements to protect the confidentiality of the edit files were in place with the MMIS contractor.

² The Food Distribution Cluster is administered by both the DSS and the Department of Health and Senior Services.

- Medicaid and CHIP MAGI-Based Participant Eligibility (Finding No. 2020-003) - As noted in our previous audit, the DSS did not have sufficient controls to ensure compliance with the eligibility redetermination requirements of the Medicaid and the CHIP for participants whose eligibility is based on their Modified Adjusted Gross Income (MAGI), prior to suspension of the requirements in March 2020. Questioned costs totaled \$1,928.
- Adoption Assistance Eligibility and Payments (Finding No. 2020-004) - As similarly noted in our 6 previous audits of the Adoption Assistance program, the DSS made payments on behalf of ineligible children and did not have sufficient controls to prevent and/or detect certain unallowable payments. From the Adoption Assistance program, the DSS - Children's Division made payments on behalf of 5 ineligible children with backdated subsidy agreements, and made an unallowable payment for an additional child. Questioned costs totaled \$14,465.

The DSS partially agreed with one or more of the audit findings. The audit findings and the DSS's responses and Corrective Action Plans, including explanation and specific reasons for disagreement, are included in the Single Audit Report (Report No. 2021-024).

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Sandy Karsten, Director
Department of Public Safety
and
Major General Levon E. Cumpston, Adjutant General
Office of the Adjutant General
Jefferson City, Missouri

We completed audit work at the Department of Public Safety - Office of the Adjutant General (DPS-OTAG) as part of our annual statewide audit of the state's federal awards for the fiscal year ended June 30, 2020. We issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DPS-OTAG during the audit and the audit results.

Statewide Single Audit and Methodology

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

¹ The Single Audit Report is available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

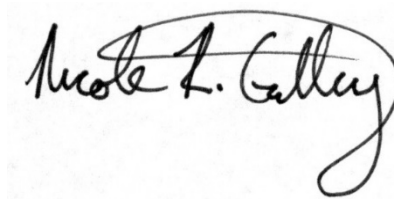

Single Audit Work at the DPS-OTAG

The DPS-OTAG reported federal award expenditures totaling \$52.4 million for fiscal year 2020. We audited, as major, the National Guard Military Operations and Maintenance (O&M) Projects program with expenditures of \$52.4 million.

Audit Results and Findings at the DPS-OTAG

Our responsibility for the statewide Single Audit is limited to the previously stated objectives. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major program audited at the DPS-OTAG.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of federal statutes, regulations, and terms and conditions of federal awards; and/or known or likely questioned costs greater than \$25,000. We reported an audit finding related to the DPS-OTAG's administration of federal awards. The finding and agency's response and Corrective Action Plan are included in the Single Audit Report (Report No. 2021-024).

and
Members of the General Assembly
and
Sandy Karsten, Director
Department of Public Safety
and
Paul Kirchhoff, Executive Director
Missouri Veterans Commission
Jefferson City, Missouri

We completed audit work at the Department of Public Safety - Missouri Veterans Commission (DPS-MVC) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DPS-MVC during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DPS-MVC

For the DPS-MVC, we audited revenue activity of \$103.6 million, expenditure activity of \$73.1 million, a capital assets balance of \$4.3 million, an accounts receivable balance of \$6.6 million, and a compensated absences balance of \$3.9 million for the Missouri Veterans Homes Fund.

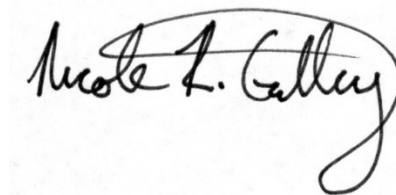

Single Audit Work at the DPS-MVC

The DPS-MVC reported federal award expenditures totaling \$76.3 million for fiscal year 2020. No programs at the DPS-MVC were assessed as high risk, therefore no programs were audited as major. We performed limited audit procedures related to risk assessments and the SEFA.

Audit Results and Findings at the DPS-MVC

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DPS-MVC. The Single Audit reported no material issues related to the limited work performed at the DPS-MVC.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the DPS-MVC.

Nicole R. Galloway, CPA
State Auditor

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Kenneth J. Zellers, Director
Department of Revenue
Jefferson City, Missouri

We completed audit work at the Department of Revenue (DOR) as part of our annual statewide audit of the state's financial statements for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DOR during the audit and the audit results.

Statewide Financial Statement Audit and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

Financial Statement Audit Work at the DOR

For the DOR, we audited financial activities and balances totaling \$18 billion for the following significant accounts:

General Revenue Fund:

- \$10.1 billion in revenue activity
- \$1.3 billion in expenditure activity
- an accounts receivable balance (and related deferred inflows of resources) of \$2.7 billion
- an accounts payable balance of \$271 million

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

Motor Fuel Tax Fund:

- \$718 million in revenue activity
- \$185 million in expenditure activity

Gaming Proceeds for Education Fund:

- \$259 million in revenue activity

School District Trust Fund:

- \$925 million in revenue activity
- an accounts receivable balance (and related deferred inflows of resources) of \$118 million

Conservation Commission Fund:

- \$123 million in revenue activity
- an accounts receivable balance of \$17 million

Parks Sales Tax Fund:

- \$49 million in revenue activity
- an accounts receivable balance of \$7 million

Soil and Water Sales Tax Fund:

- \$49 million in revenue activity
- an accounts receivable balance of \$7 million

DOR Agency Funds:

- asset (and related liability) balances of \$1.1 billion

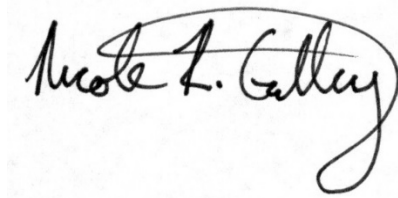

Audit Results and Findings at the DOR

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DOR. We expressed qualified opinions on the governmental activities and the General Fund because we were not allowed access to tax returns and related source documents for income taxes at the DOR.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; and/or fraud. We reported an audit finding related to the DOR's internal controls over financial reporting.

- Department of Revenue Financial Reporting Controls (Finding No. FS2020-001) - The DOR did not have adequate controls and procedures over financial reporting of motor vehicle sales tax accounts receivable. As a result, net accounts receivable and related liability balances submitted to the OA for inclusion in the Comprehensive Annual Financial Report for the year ended June 30, 2020, were misstated. If the misstatements had not been identified during the audit, net accounts receivable and related liability balances for governmental and agency funds would have been overstated by at least \$292 million in the Comprehensive Annual Financial Report.

The audit finding and the DOR's response are included in our Comprehensive Annual Financial Report - Report on Internal Control, Compliance, and Other Matters (Report No. 2021-017) and the DOR's Corrective Action Plan is included in the Single Audit Report (Report No. 2021-024). The DOR provided written comments to this letter (see following page).

Dear Ms. Galloway:

The Department of Revenue acknowledges the Missouri State Auditor's letter regarding the audit work performed by your office at the Department of Revenue for your annual statewide audit of the state's financial statements for the fiscal year ended June 30, 2020.

In response to the Missouri State Auditor's letter, the Department of Revenue requests the below response be included in the letter:

The Department of Revenue wants to reassure our customers that the finding does not have any effect on them or result in any added cost to them. The Department of Revenue took corrective action following the State Auditor's Office notification of the finding with the motor vehicle sales tax accounts receivable reports reported to the Office of Administration - Division of Accounting (DOA), and restated and resubmitted the motor vehicle sales tax accounts receivable reports for fiscal years ended June 30, 2019 and 2020. The Department of Revenue also evaluated and performed a detailed review of the data extracted from the system; and, developed a new methodology for reporting the allowance for uncollectible accounts receivables going forward.

If you have any questions, please contact me at 751-1115, or Joshua.Shope@dor.mo.gov.

Sincerely,

A handwritten signature in black ink that reads "Ken Zellers".

and
Members of the General Assembly
and
Anne L. Precythe, Director
Department of Corrections
Jefferson City, Missouri

We completed audit work at the Department of Corrections (DOC) as part of our annual statewide audit of the state's financial statements for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DOC during the audit and the audit results.

Statewide Financial Statement Audit and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

Financial Statement Audit Work at the DOC

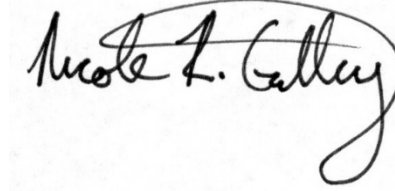

For the DOC, we audited revenue activity of \$29 million and expenditure activity of \$25.9 million for the Working Capital Revolving Fund, and expenditure activity of \$616.7 million and an accounts payable balance of \$40.8 million for the General Revenue Fund.

Audit Results and Findings at the DOC

Our responsibility for the statewide financial statement audit is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DOC.

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

We are required by the audit standards to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; and/or fraud. The reports issued reported no audit findings related to the audit procedures performed at the DOC.

and
Dru Buntin, Director
Department of Natural Resources
Jefferson City, Missouri

We completed audit work at the Department of Natural Resources (DNR) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DNR during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DNR

For the DNR, we audited revenue activity of \$111 million, expenditure activity of \$35 million, and a loans receivable balance of \$1.4 billion for the Water & Wastewater Loan Revolving Fund; revenue activity of \$64 million and expenditure activity of \$63 million for the Water & Wastewater Loan Fund; expenditure activity of \$32 million for the Parks Sales Tax Fund; expenditure activity of \$50 million for the Soil and Water Sales Tax Fund; and a capital assets balance of \$149 million for the State Parks Earnings Fund. In addition, we audited accounts receivable balances totaling \$11 million for the Water Pollution Permit Fee Subaccount Fund, the Solid Waste Management Fund, and the DNR Protection - Air Pollution Permit Fee Fund.

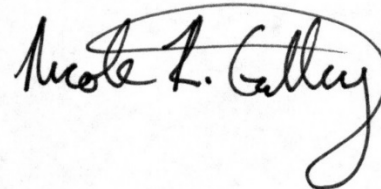

Single Audit Work at the DNR

The DNR reported federal award expenditures totaling \$104.1 million for fiscal year 2020. We audited, as major, the Clean Water State Revolving Fund Cluster with expenditures of \$55.8 million.

Audit Results and Findings at the DNR

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DNR. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major program audited at the DNR.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the DNR.

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Mental Health Commission
and
Mark Stringer, Director
Department of Mental Health
Jefferson City, Missouri

We completed audit work at the Department of Mental Health (DMH) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DMH during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DMH

For the DMH, we audited revenue activity of \$1.5 billion and expenditure activity of \$1.2 billion for the DMH - Federal Fund, and expenditure activity of \$935 million for the General Revenue Fund.

Single Audit Work at the DMH

The DMH reported federal award expenditures totaling \$80.2 million for fiscal year 2020. We performed audit procedures related to the DMH's cooperative agreements with the Department of Social Services (DSS) for the Medicaid Cluster, a major program at the DSS.

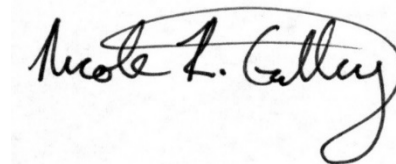

Audit Results and Findings at the DMH

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DMH. The Single Audit reported no material noncompliance with direct and material compliance requirements for the portion of the Medicaid Cluster audited at the DMH.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. We reported an audit finding related to the DMH's administration of federal awards.

- Medicaid Developmental Disabilities Comprehensive Waiver Per Diem Rates (Finding No. 2020-005) - As noted in our prior five audit reports, the DMH - Division of Developmental Disabilities (DD) continued to pay historical per diem rates to providers for residential habilitation services provided to participants of the Home and Community Based Services, Developmental Disabilities Comprehensive Waiver (Comprehensive Waiver) program, but did not retain adequate documentation to support these rates. As a result, the DD could not demonstrate some amounts paid were allowable costs of the Comprehensive Waiver program. Questioned costs totaled \$173,694.

The DMH disagreed with the audit finding. The audit finding and the DMH's response and Corrective Action Plan, including explanation and specific reasons for disagreement, are included in the Single Audit Report (Report No. 2021-024).

Members of the General Assembly
and
Robert J. Knodell, Acting Director
Department of Health and Senior Services
Jefferson City, Missouri

We completed audit work at the Department of Health and Senior Services (DHSS) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DHSS during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million)

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DHSS

For the DHSS, we audited revenue activity of \$988.3 million and expenditure activity of \$957.3 million for the DHSS - Federal and Other Funds Fund.

Single Audit Work at the DHSS

The DHSS reported federal award expenditures totaling \$400.5 million for fiscal year 2020. We audited, as major, 3 programs with expenditures totaling \$99.2 million: the Child and Adult Care Food Program, the Food Distribution Cluster,² and the Aging Cluster. We also performed audit procedures related to the DHSS's cooperative agreements with the Department of Social Services (DSS) for the Medicaid Cluster, a major program at the DSS.

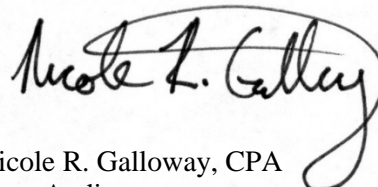

Audit Results and Findings at the DHSS

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DHSS. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major programs audited at the DHSS.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. We reported an audit finding related to the DHSS's administration of federal awards.

- CSFP Food Inventory (Finding No. 2020-006) - The DHSS - Bureau of Community Food & Nutrition Assistance (BCFNA) did not establish adequate controls to ensure compliance with federal requirements regarding accountability of United States Department of Agriculture (USDA)-donated foods distributed through the Commodity Supplemental Food Program (CSFP). The BCFNA did not perform annual inventories of food bank storage facilities.

The audit finding and the DHSS's response and Corrective Action Plan are included in the Single Audit Report (Report No. 2021-024).

² The Food Distribution Cluster is administered by both the DHSS and the DSS.

NICOLE GALLOWAY, CPA **Missouri State Auditor**

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Coordinating Board for Higher Education
and
Zora Mulligan, Commissioner
Department of Higher Education and Workforce Development
Jefferson City, Missouri

We completed audit work at the Department of Higher Education and Workforce Development (DHEWD) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DHEWD during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. The state's Schedule of Expenditures of Federal Awards (SEFA), which did not include federal

¹ Audit reports are available at: <<https://auditor.mo.gov/AuditReport/Menu>>.

award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DHEWD

For the DHEWD, we audited revenue activity of \$69.2 million for the Federal Student Loan Reserve Fund and expenditure activity of \$727.2 million for the General Revenue Fund.

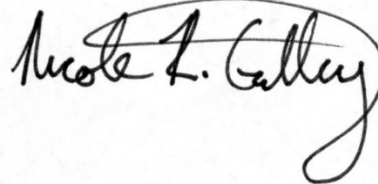

Single Audit Work at the DHEWD

The DHEWD reported federal award expenditures totaling \$119.2 million for fiscal year 2020. We audited, as major, the Federal Family Education Loans program with expenditures of \$60.6 million.

Audit Results and Findings at the DHEWD

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DHEWD. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major program audited at the DHEWD.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the DHEWD.

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
State Board of Education
and
Dr. Margie Vandeven, Commissioner
Department of Elementary and Secondary Education
Jefferson City, Missouri

We completed audit work at the Department of Elementary and Secondary Education (DESE) as part of our annual statewide audits of the state's financial statements and federal awards for the fiscal year ended June 30, 2020. We issued audit reports (Report Nos. 2021-006 and 2021-017) of the state's Comprehensive Annual Financial Report, in February and March 2021; and issued the Single Audit Report (Report No. 2021-024), in May 2021.¹ The purpose of this letter is to summarize and communicate to stakeholders, the audit work performed at the DESE during these audits and the audit results.

Statewide Audits and Methodology

We conducted the annual financial statement audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. The financial statement audit includes, among other things, expressing an opinion on whether the state's financial statements are fairly presented, in all material respects. The Office of Administration (OA) prepared the Comprehensive Annual Financial Report (financial statements) from various sources including the statewide accounting (SAM II) system and survey data received from state agencies and offices. The state's financial statements covered \$47 billion in total assets and \$31 billion in total expenses for fiscal year 2020. To satisfy our audit objectives, we evaluated and identified the accounts significant to each opinion unit within the state's financial statements and performed various audit procedures, including reviews of related internal controls for each of those accounts. For fiscal year 2020, our financial statement audit included work at the OA and 12 state agencies and offices.

We conducted the annual Single Audit in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). The Single Audit includes, among other things, expressing an opinion on whether the state complied with federal statutes, regulations, and the terms and conditions of federal awards that could have a direct and material effect on each of its major federal programs. award expenditures of the public universities and other component units, reported the state expended more than \$17 billion in federal funds for 308 programs in fiscal year 2020. We performed risk assessments on each of the state's 31 Type A programs (programs with federal award expenditures more than \$30 million) and 24 larger Type B programs (programs with federal award expenditures between \$7.5 million and \$30 million) and audited (as major) each program assessed as high risk in accordance with the Uniform Guidance. For each major program, we performed various audit procedures, including testing and reviews of internal control over compliance requirements that could have a direct and material effect on the program. For fiscal year 2020, our Single Audit included 15 major federal programs with expenditures totaling \$12.6 billion, administered by 9 state agencies.

Financial Statement Audit Work at the DESE

For the DESE, we audited expenditure activity totaling \$5.7 billion, including \$2.4 billion for the General Revenue Fund, \$826 million for the Department of Elementary and Secondary Education Fund, \$837 million for the Outstanding Schools Trust Fund, \$183 million for the Lottery Proceeds Fund, \$232 million for the State School Moneys Fund, \$919 million for the School District Trust Fund, and \$272 million for the Classroom Trust Fund. In addition, we audited an accounts payable balance of \$45 million for the Department of Elementary and Secondary Education Fund.

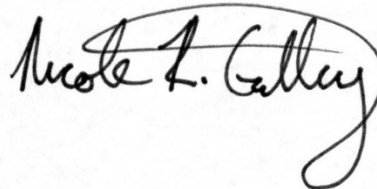

Single Audit Work at the DESE

The DESE reported federal award expenditures totaling \$1.1 billion for fiscal year 2020. We audited, as major, 3 programs with expenditures totaling \$338 million: the Title I Grants to Local Educational Agencies program, the Supporting Effective Instruction State Grants (formerly Improving teacher Quality State Grants) program, and the Elementary and Secondary School Emergency Relief (ESSER) Fund program.

Audit Results and Findings at the DESE

Our responsibility for the statewide audits is limited to the previously stated objectives. The audit reports of the state's financial statements reported no material misstatements for the DESE. The Single Audit reported no material noncompliance with direct and material compliance requirements for the major programs audited at the DESE.

We are required by the audit standards and single audit requirements to report as audit findings certain significant or material conditions such as weaknesses in internal control; noncompliance with provisions of laws, regulations, contracts, or grant agreements; fraud; and/or known or likely questioned costs greater than \$25,000. The reports issued reported no audit findings related to the audit procedures performed at the DESE.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 10 political subdivisions required to file a financial report by July 31, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in July 2021, after their filing deadline. The filing status for these 65 entities is presented in summary on page 3 and by individual entity in Appendix B-E.

A handwritten signature in black ink that reads "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Monthly Report on Political Subdivision Filings

July 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 10 political subdivisions, other than cities, towns, and villages, with a fiscal year end of January 31, 2021. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 10 political subdivisions, 9 filed an annual financial report timely.

This report also includes the filing status for 65 political subdivisions, other than cities, towns, and villages, that filed their financial report in July 2021, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by July 31, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 1 city is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in July 2021, after their filing deadline. The filing status for these 37 cities, 1 town and 5 villages is presented in summary on page 3-4 and by individual entity in Appendixes B to F.

Monthly Report on Municipal Court and Revenue Filings

July 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 1 city with a fiscal year end of January 31, 2021, whose financial report was due by July 31, 2021. The municipality filed the financial report timely. The municipality was not required to file an addendum or certification.

This report includes the filing status for 37 cities, 1 town and 5 villages that filed at least one of the items (financial report, addendum, or certification) in July 2021, after their filing deadline. Of these municipalities, 25 filed an annual financial report, 18 filed an addendum, and 5 filed a certification.

Nicole Galloway, CPA

Missouri State Auditor

Macon County

Report No. 2021-051

August 2021

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of Macon County

Personal Property Assessment Procedures	The County Assessor's procedures for adding personal property items to the property tax system and assessing penalties are not consistent for all taxpayers and/or not in compliance with state law. The County Assessor did not retain personal property assessment lists signed and submitted by taxpayers as required by state law.
Sheriff's Controls and Procedures	Sheriff's office personnel do not prepare a monthly list of liabilities for the inmate commissary account, and consequently, liabilities are not agreed to the reconciled bank balance. In addition, the Sheriff has not regularly remitted net proceeds to the County Treasurer from the inmate commissary account for deposit into the Inmate Prisoner Detainee Security Fund. Office personnel also have not performed a documented physical inventory of seized property and do not have adequate procedures to ensure an inmate's remaining account balance is refunded upon release.
County Collector's Controls and Procedures	The County Collector does not prepare a monthly list of liabilities for the main bank account, and consequently, liabilities are not agreed to the reconciled bank balance. The County Collector did not account for the numerical sequence of receipt slip numbers. Personal commissions are not reported to the Internal Revenue Service as employee compensation by the county.
Public Administrator's Annual Settlements	The Public Administrator does not always file annual settlements and/or status reports timely.
Electronic Data Security	The County Assessor and County Collector do not have security controls in place to lock computers after a specified number of incorrect logon attempts and/or after a certain period of inactivity.
Electronic Communication Policy	The county has not developed certain electronic records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Fair**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Macon County

We have audited certain operations of Macon County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

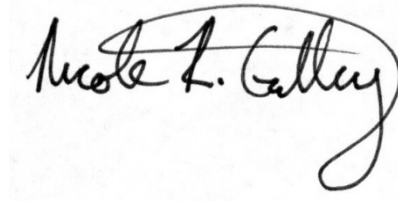

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Macon County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with the first name "Nicole" and last name "Galloway" clearly legible. The initials "R." are written between the first and last names.

Nicole R. Galloway, CPA
State Auditor

Audit Manager:	Travis Owens, MBA, CPA, CFE, CGAP
In-Charge Auditor:	Richard Stuck
Audit Staff:	Hunter O'Donnell, M.Acct. John J. Thompson

Macon County Management Advisory Report State Auditor's Findings

1. Personal Property Assessment Procedures

The County Assessor's procedures for adding personal property items to the property tax system and assessing late assessment penalties in accordance with state law need improvement. In addition, the County Assessor has not retained personal property assessment lists signed and submitted by taxpayers as required by state law.

1.1 Additions and late assessment penalties

The County Assessor's procedures for adding personal property items to the property tax system and assessing penalties are not consistent for all taxpayers and/or not in compliance with state law.

For some taxpayers, the County Assessor processes an official addition to the property tax system and charges the taxpayer a late assessment penalty (LAP) if the taxpayer does not declare specific personal property item(s) prior to the March 1 deadline. For these taxpayers, the item(s) added are deemed an addition or supplement, and are reported to the County Commission for approval. For other taxpayers, the County Assessor adds the item(s) to the current year's assessment as an adjusting entry in the property tax system and waives the LAP. For these taxpayers, the item(s) added to the personal property assessment list are not treated as an addition (or supplemental change to the current or delinquent tax books) and, therefore, are not reported to the County Commission for approval. This situation occurred because the County Assessor indicated that he believed waiving the LAP is appropriate if the amount of LAP exceeds the tax due for the item(s) being added.

We haphazardly¹ selected 60 taxpayers who made personal property tax payments to determine if additions were made appropriately and identified 8 taxpayers who each added one item (13 percent) in at least one of the 3 prior tax years. For all 8 items added, the County Assessor made an adjusting entry in the current tax year, did not assess a LAP, and did not create a tax book addition. None of these items met the statutory criteria for the County Assessor to waive the LAP. One taxpayer had not reported one item for 2 tax years, and another taxpayer had not reported their item for 3 tax years. The taxpayers for the other items did not report the items in the current tax year. The added items had a total assessed valuation of \$13,220 and the waived penalties totaled \$275. For 3 of the 8 items tested the tax due was higher than the penalty waived indicating penalties were not only waived when they exceeded the tax amount due.

Per Section 137.075, RSMo, every person owning or holding real property or tangible personal property on the first day of January, including all such property purchased on that day, shall be liable for taxes thereon during the same calendar year.

¹ Due to the nature of the sample, the results cannot be projected to the population.

Macon County Management Advisory Report - State Auditor's Findings

Section 137.280.1, RSMo, requires taxpayers to deliver signed lists of their personal property to the County Assessor by March 1st. The list must be signed and certified by the taxpayer as being a true and complete list or statement of all the taxable tangible personal property. In addition, if the County Assessor determines that the taxpayer omitted property from the assessment list, Section 137.130, RSMo, requires the County Assessor to go back and assess the property that was omitted from the assessment list for the previous 3 years, if applicable. If a taxpayer fails to return the form or include all property, they are subject to penalties; however, the County Assessor must waive the LAP in 6 situations and/or circumstances.²

To ensure all taxpayers in the county are treated equally and all applicable state laws are followed, omissions from and subsequent additions to the tax book should be handled consistently, and late assessment penalties should be assessed as required by state law.

1.2 Record retention

The County Assessor did not retain personal property assessment lists signed and submitted by taxpayers as required by state law. We requested the 2018 personal property assessment lists as part of the review described in section 1.1; however, the County Assessor indicated personal property assessment lists are destroyed after 2 years. He indicated he believes he is in compliance with state law because the data is maintained electronically; however, the data maintained electronically is entered by his staff and does not include the taxpayer's signature or date.

The retention schedule specific the County Assessor listed on the Missouri Secretary of State's website³ indicates individual personal property assessment lists are to be maintained for 5 years. Retention of records is necessary to ensure the validity of transactions and provide an audit trail. Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records.

² Per Section 137.280, RSMo, exemptions include the applicant provides or demonstrates to the County Assessor (1) the taxpayer is in military service and is outside the state; (2) the taxpayer filed timely, but in the wrong county; (3) there was a loss of records due to fire or flood; (4) the taxpayer can show the list was mailed timely as evidenced by the date of postmark; (5) the Assessor determines that no form for listing personal property was mailed to the taxpayer for that tax year; or (6) the neglect occurred as a direct result of actions or inactions of the county or its employees or contractors.

Macon County
Management Advisory Report - State Auditor's Findings

Recommendations

The County Assessor:

- 1.1 Process additions in accordance with state law and established county procedures, and ensure late assessment penalties are assessed when appropriate.
- 1.2 Retain all records in accordance with state law.

Auditee's Response

- 1.1 *We no longer offer adjustments for personal property items left off of taxpayer assessment lists. All adjustments will be supplemented (added) or deleted by court order for which ever year they were left off or needed to be removed.*
- 1.2 *I will retain the 3 previous years of personal property assessment lists, although I already retain electronic records that have been entered in the property tax system by my staff.*

2. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected payments for civil fees, concealed carry weapon permits, bonds, and other miscellaneous receipts totaling approximately \$68,600 during the year ended December 31, 2020. In addition, the Sheriff's office had commissary sales of approximately \$19,600 during the year ended December 31, 2020.

2.1 Liabilities

Sheriff's office personnel do not prepare a monthly list of liabilities for the inmate commissary account, and consequently, liabilities are not agreed to the reconciled bank balance. In addition, the Sheriff has not regularly remitted net proceeds to the County Treasurer from the inmate commissary account for deposit into the Inmate Prisoner Detainee Security Fund. The account consists of inmate money and the net proceeds from commissary sales.

Based on records provided by the Sheriff, we determined liabilities for the inmate commissary account were \$7,079 at December 31, 2020. The December 31, 2020, reconciled bank balance was \$9,344, leaving an unidentified balance of \$2,265. The Sheriff's Administrator indicated some or all of the unidentified balance is money kept in the account to meet cash flow needs and to operate the commissary, but he does not maintain a listing of liabilities for the balances or perform a regular comparison of assets to liabilities. The monthly invoice received from the vendor identifies the amounts owed to the vendor and the amount of net proceeds earned. However, this information is not used when disbursing amounts to the County Treasurer and the Sheriff's office personnel do not track these liabilities. Instead, the Sheriff's office personnel will periodically disburse money from the inmate account to the County Treasurer when, in their opinion, an excess balance has accumulated. For example, net proceeds of \$5,000 and \$3,000 were disbursed in February 2020 and October 2020, respectively.

Macon County Management Advisory Report - State Auditor's Findings

Regular identification and comparison of liabilities to the available cash balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences must be adequately investigated and explained. Section 221.102, RSMo, requires each county jail to keep revenues from its commissary in a separate account and pay for goods and other expenses from that account, allows retention of a minimum amount of money in the account for cash flow purposes and current expenses, and requires deposit of the remaining funds (net proceeds) into the county Inmate Prisoner Detainee Security Fund held by the County Treasurer.

A similar condition was reported in our prior audit report.

2.2 Seized property

Sheriff's office personnel have not performed a documented physical inventory of seized property. The Sheriff indicated a physical inventory is performed once or twice a year but he was not aware this procedure needed to be documented.

Considering the often sensitive nature of seized property, adequate internal controls are essential and would significantly reduce the risk of loss, theft, or misuse of the property. Complete and accurate inventory control records should be maintained, and periodic physical inventories performed with the results compared to inventory records to ensure seized property is accounted for properly.

2.3 Inactive inmate account balances

Sheriff's office personnel do not have adequate procedures to ensure an inmate's remaining account balance is refunded upon release. As of December 31, 2020, the Sheriff's office was holding about \$5,665 for 169 former inmates in the commissary bank account. These inmates were released from the county jail but did not claim their commissary account balance. Inmates who are released generally receive a debit card loaded with any remaining money; however, the office previously only issued checks.

The Sheriff indicated the number of outstanding account balances was due to some inmates who accepted checks but never cashed them, and some may have refused a check or debit card. Follow up on inactive accounts is necessary to ensure money is appropriately disbursed to the former inmates or as otherwise provided by state law. In addition, establishing procedures to refund an inmate's remaining balance upon release will allow the Sheriff to more adequately safeguard any money being held and reduce the risk of loss, theft, or misuse of money.

Recommendations

The Sheriff:

- 2.1 Prepare a monthly list of liabilities for the inmate commissary account and reconcile the list to the available cash balance. Any

Macon County
Management Advisory Report - State Auditor's Findings

differences between accounting records and reconciliations should be promptly investigated and resolved for both the inmate commissary and fee accounts. In addition, the Sheriff should ensure existing and future commissary net proceeds not necessary to meet cash flow needs or current operating expenses are disbursed timely to the County Treasurer for deposit in the Inmate Prisoner Detainee Security Fund.

- 2.2 Ensure a periodic inventory is conducted and reconciled to the seized property evidence log, and investigate any differences.
- 2.3 Refund inmates their remaining balance upon release. In addition, the Sheriff should attempt to return unclaimed balances to the former inmates. If the payee cannot be located, the amount should be disbursed in accordance with state law.

Auditee's Response

- 2.1 *The Sheriff's office has recently worked with the commissary company to develop a means of reporting monthly liabilities to be able to better track and disburse inmate funds as required by law. The new reporting method will allow us to be able to balance our inmate bank accounts more efficiently and determine and monitor the minimum necessary to operate. On a monthly basis the jail administrator will compare the assets to liabilities to ensure there is no unexplained surplus or shortage.*
- 2.2 *The Sheriff's office recognizes the importance of inventorying evidence in our possession and performs disposals/destructions bi-annually. This allows us to keep a very minimal amount of inventory in storage. Documentation of the disposals/destructions are kept with the evidence file. It would also be appropriate to document those disposals/destructions and perform random inventory inspections on a separate form for auditing purposes and we plan to ensure a procedure to resolve the auditor's concerns is implemented.*
- 2.3 *The Sheriff's office has started the process of following up with released inmates that still have money on their commissary account. The debit card release system has already been upgraded to allow for an easy monetary transition upon inmates being released. Staff is currently being trained with the newly upgraded release system. Each inmate with an outstanding balance has the responsibility to collect those monies. The new reporting method will allow us to be more efficient in releasing those funds to the appropriate party.*

Macon County
Management Advisory Report - State Auditor's Findings

3. County Collector's Controls and Procedures

Controls and procedures in the County Collector's office need improvement. The County Collector's office collected approximately \$15.1 million in property taxes and other receipts during the year ended February 28, 2021.

3.1 Main account liabilities

The County Collector does not prepare a monthly list of liabilities for the main bank account, and consequently, liabilities are not agreed to the reconciled bank balance. The County Collector indicated she was not aware this procedure needed to be performed periodically. We requested the County Collector prepare a list of liabilities as of October 31, 2020. The reconciled bank balance totaled \$581,841 and the identified liabilities were \$583,397, resulting in an unidentified shortage of \$1,556. Upon review, we determined the County Collector had miscalculated the amount of surtax held as a liability and the reconciled bank balance equaled the corrected liabilities amount.

Without regular comparison of liabilities to the available cash balance, the County Collector has no assurance cash is sufficient to meet liabilities, there is less likelihood errors will be identified, and the ability to resolve errors is diminished. Differences must be adequately investigated and explained.

3.2 Numerical sequence of receipt slips

The County Collector did not account for the numerical sequence of receipt slip numbers to ensure money received has been properly recorded and deposited. The County Collector indicated the property tax system did not previously have the capability to print a report of voided transactions but this issue has been corrected and the report is now reviewed periodically to ensure proper internal controls are in place and functioning as intended.

Failure to implement adequate receipting and depositing procedures increases the risk that loss, theft, or misuse of money could occur and go undetected.

3.3 City commissions

Personal commissions received for the collection of City of La Plata taxes are not reported to the Internal Revenue Service (IRS) as employee compensation by the county. The county pays the County Collector commissions for the collection of City of La Plata taxes totaling about \$1,800 annually outside of the county payroll process. The County Collector collects taxes for other cities within the county but the agreements with those cities do not provide for personal commissions.

Since the annual payments for commissions are not processed through the county payroll system, they have not been reported on the employee's W-2 forms, appropriate payroll taxes were not withheld, and the employer's share of payroll taxes is not paid. IRS regulations require individuals treated as employees to have all compensation reported on W-2 forms. The County Collector and County Clerk indicated they were not familiar with the relevant IRS regulations and consider the County Collector to be an employee of the

Macon County
Management Advisory Report - State Auditor's Findings

City of La Plata for these commission payments based on the city ordinance authorizing personal commissions for the collection of city taxes.

To ensure all compensation is properly reported and taxed, all compensation should be paid through the normal county payroll process. The failure to properly report and tax all wages could result in penalty and interest charges assessed against the county.

Recommendations

The County Collector:

- 3.1 Prepare monthly lists of liabilities and reconcile the listings to the reconciled bank balances, promptly investigate any differences, and if any money remains unidentified dispose of it in accordance with state law.
- 3.2 Account for the numerical sequence of receipt slip numbers.
- 3.3 Work with the County Commission and County Clerk to ensure all compensation is paid through the county's normal payroll process, properly taxed, and reported to the IRS as employee compensation.

Auditee's Response

3.1 *A spreadsheet has been added to the monthly reconciliation that will better identify any differences during the reconciliation that the Deputy County Collector performs and I will be in charge of reviewing it.*

3.2 *Our software has a numerical sequence of receipt slip numbers that ensures money received has been properly recorded and deposited. I was not aware of this internal function in the software. The missing receipt slip sequence numbers were because of a function of the software. I have discussed this issue with the programmer for the software and an update/correction was implemented. The problem has been resolved.*

3.3 *The County Collector provided the following response:*

Personal commissions are reported to the Internal Revenue Service (IRS) on my personal tax returns. Historically, they have never gone through the county employee payroll system. We are working on developing the best solution based on the auditor's recommendation.

The County Clerk and County Commission provided the following response:

We do not agree with the statement that the fees collected by the County Collector from the City of La Plata are related to payroll. The

Macon County
Management Advisory Report - State Auditor's Findings

authorizing city ordinance for the contract signed by the current County Collector, the county, and the city lists her as employed by the City of La Plata. As a result, the County Clerk and Collector consider this to be reportable tax on her personal income tax return and that was done. While we do not agree with the finding we will work toward clarifying the situation. The personal fees or commissions collected from the City of La Plata by the County Collector have nothing to do with the county's tax liability and should not be run through county payroll.

Auditor Comment

The County Collector is as an employee of the county. While City of La Plata ordinance may indicate the County Collector is an employee of the city, the collection of City of La Plata and other city taxes is done in conjunction with the County Collector's official duties. The city does not issue the checks to the County Collector for personal commissions, instead they are written as part of the County Collector's monthly distribution process. In addition, the City of La Plata does not provide the County Collector with a W-2 form to report the commissions as city employee income.

4. Public Administrator's Annual Settlements

The Public Administrator does not always file annual settlements and/or status reports timely. The Public Administrator is the court-appointed personal representative for wards or decedent estates of the Circuit Court, Probate Division. The Public Administrator's office was responsible for the financial activity of 64 wards and estates as of December 31, 2020.

During our review of 6 haphazardly selected cases, we found the Public Administrator did not timely file the annual settlements for any of them. Settlements filed for these cases ranged from 38 days to 275 days after the due date. The Public Administrator and Probate Clerk indicated the COVID-19 pandemic contributed to the untimely settlement filings because the Circuit Court and private attorney who prepares the settlements were closed or otherwise unavailable at various times.

Sections 473.540 and 475.270, RSMo, require the Public Administrator to file an annual settlement and/or status report with the court for each ward or estate. Timely filing of annual settlements and/or status reports is necessary for the court to properly oversee the administration of cases and reduce the possibility that errors, loss, theft, or misuse of funds will go undetected.

Recommendation

The Public Administrator file annual settlements and/or status reports timely.

Auditee's Response

The office will work diligently to file annual settlements and status reports in a more timely manner.

Macon County
Management Advisory Report - State Auditor's Findings

5. Electronic Data Security

The County Assessor and County Collector do not have security controls in place to lock computers after a specified number of incorrect logon attempts and/or after a certain period of inactivity. The officials could not explain why these controls were not in place.

Logon attempt controls lock the capability to access a computer after a specified number of consecutive unsuccessful logon attempts and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer by guessing passwords. Inactivity controls are necessary to reduce the risk of unauthorized individuals accessing an unattended computer and having potentially unrestricted access to programs and data files.

A similar condition was noted in our prior audit report.

Recommendation

The County Commission work with other county officials to require each county computer to have security controls in place to lock after a specific number of incorrect logon attempts or after a certain period of inactivity.

Auditee's Response

The County Commission provided the following response:

The Macon County Commission will speak with the County Collector and the County Assessor in an effort to find solutions to this situation, such as implementing new security controls in place to lock after a specified number of incorrect logon attempts or after a certain period of inactivity.

The County Collector provided the following response:

I agree with the accuracy of the information and recommendation. I am working with our IT contractor regarding implementation of these controls on all stations.

6. Electronic Communication Policy

The county has not developed certain electronic records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms. Some elected officials indicated they were not aware of these requirements; however, they were aware of the requirements Chapter 610, RSMo, (commonly referred to as the Missouri Sunshine Law) so they did not believe additional policies were necessary.

Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of

Macon County
Management Advisory Report - State Auditor's Findings

records. The guidelines for managing electronic communications records can be found on the Secretary of State's website.⁴

To ensure compliance with state law, the Commission should develop written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

Recommendation

The County Commission work with other county officials to develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Records Guidelines.

Auditee's Response

The Macon County Commission is currently working with all county offices to develop a policy to ensure the responsible and acceptable use of communication systems including, but not limited to internal and external electronic communications such as electronic mail, the internet, and electronic devices. The policy will be designed to continue to support the needs of citizens and County employees. This policy will describe guidelines regarding access to and disclosure of communications transmitted by e-mail, text messaging, voicemail messages, or communications stored in word processing documents. While we respect the individual privacy of employees outside the workplace, employee privacy does not extend to the employee's work-related conduct or to the use of county-provided equipment, networks, or electronic devices.

⁴ Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed May 14, 2021.

Macon County

Organization and Statistical Information

Macon County is a county-organized, third-class county. The county seat is Macon.

Macon County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 56 full-time employees and 6 part-time employees on December 31, 2020.

In addition, county operations include a Senate Bill 40 Board, Industrial Development Authority Board, and County Park Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Alan R. Wyatt, Presiding Commissioner	\$	33,957
Kevin Souther, Associate Commissioner		31,646
Clarence Walker, Associate Commissioner		31,646
Sherry Muncy, Recorder of Deeds		47,949
Shirley Sims, County Clerk		47,300
Josh Meisner, Prosecuting Attorney		58,925
Kevin Shoemaker, Sheriff		53,148
Krista Bruno, County Treasurer		47,949
Brian Hayes, County Coroner		16,176
Craig Fuller, Public Administrator		47,949
Rhonda Anno, County Collector, year ended February 28, (1)	49,990	
Alan Spencer, County Assessor, year ended August 31,		47,636
John H. Schaefer, County Surveyor (2)		

(1) Includes \$1,801 in commissions earned for collecting city property taxes.

(2) Compensation on a fee basis.

NICOLE GALLOWAY, CPA

Missouri State Auditor

August 25, 2021

Honorable Mike Parson, Governor
and
Members of the General Assembly

The State Auditor's Office reviewed state agency compliance with Section 536.175, RSMo. We determined that the Office of Administration, Department of Agriculture, Department of Conservation, Department of Economic Development, Department of Elementary and Secondary Education and the Department of Higher Education and Workforce Development have met the requirements of Section 536.175, RSMo. These requirements include each agency reviewing its existing rules, completing and filing the periodic rule review report with the Joint Committee on Administrative Rules (JCAR), and ensuring the report is available on the agency's website.

Section 536.175, RSMo, requires a 5 year rolling review by all state agencies of their existing rules. Each agency must repeat this process every 5 years, and the first group of agencies began their second review process no later than July 1, 2020.

The JCAR publishes in the Missouri Register a notification of which rules are subject to review and the process for this review, including who the public may submit comments to at each agency. Each agency must prepare a report of the results of the agency's rule review with an attached appendix summarizing comments received and the agency's response. The agency must file the report and appendix electronically with the JCAR and the small business regulatory fairness board no later than June 30th after the JCAR publishes the notice. These reports also must be made available on the state agency's website.

Any rule not included in the agency review and report may become null and void. There is a process in place before nullification of a rule, including the ability of the agency to request an extension from the JCAR and a notice and opportunity for the agency to correct the delinquency.

On July 1, 2020 the JCAR published in the Missouri Register the notification of the agency rules (Title 1 to 6) subject to review and the process, as required by Section 536.175.2, RSMo. The following agencies began their rule review on July 1, 2020, and completed the review process by June 30, 2021:

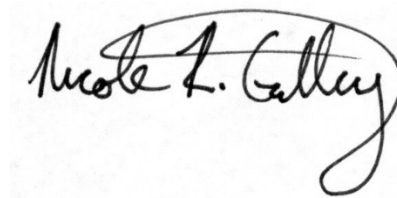

Title 1 - Office of Administration
Title 2 - Department of Agriculture
Title 3 - Department of Conservation
Title 4 - Department of Economic Development
Title 5 - Department of Elementary and Secondary Education
Title 6 - Department of Higher Education and Workforce Development

Based on a review of the JCAR's website, each agency timely completed and filed its periodic rule review report by June 30, 2021. These reports are available on that website. Each agency also posts its report on the agency's website.

On July 29, my office sent a letter to each agency to confirm the information from this review. Each agency provided a response. The table below provides a summary of the information determined from this review.

Department	Number of Rules Reviewed	Number of Comments Received	Rule Report Filed with JCAR	Rule Report Available on Agency Website
Office of Administration	95	0	Yes	Yes
Department of Agriculture	281	0	Yes	Yes
Department of Conservation	208	140	Yes	Yes
Department of Economic Development	78	0	Yes	Yes
Department of Elementary and Secondary Education	176	55	Yes	Yes
Department of Higher Education and Workforce Development	79	1	Yes	Yes

Based on this review, these agencies timely completed their rule review process and report as required under Section 536.175, RSMo; and, no further action is necessary.

**Missouri WIC Information Network System
Data Security**

Report No. 2021-049

August 2021

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of Missouri WIC Information Network System Data Security

User Account Management	The Missouri WIC Information Network System (MOWINS) is vulnerable to the risk of unauthorized transactions being processed, and records being improperly viewed, because user accounts of terminated users at local agencies, such as county health departments, are not always removed timely.
Design of User Roles	Department of Health and Senior Services (DHSS) management has not adequately designed user roles in the MOWINS to segregate incompatible job functions.
Service Level Agreement	The DHSS and the Office of Administration (OA) - Information Technology Services Division (ITSD) do not have a comprehensive or up-to-date service level agreement for information technology (IT) services provided by the ITSD to the DHSS.
Documentation of Security Controls	The DHSS has not documented policies and procedures for certain security controls of the MOWINS.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Robert J. Knodell, Acting Director
Department of Health and Senior Services
Jefferson City, Missouri

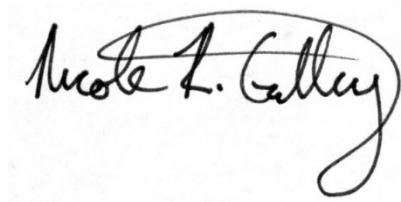

We have audited certain internal controls, including security controls, designed to protect data and information maintained by the Department of Health and Senior Services, Missouri WIC Information Network System (MOWINS). This audit was conducted in fulfillment of our duties under Chapter 29, RSMo. The objectives of our audit were to:

1. Evaluate the system's internal controls over significant management and financial functions.
2. Evaluate compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and information system control activities.
4. Evaluate the effectiveness of information security controls for protecting the confidentiality, integrity, and availability of significant systems and information.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

For the areas audited, we identified (1) deficiencies in internal controls, (2) no significant noncompliance with legal provisions, (3) the need for improvement in management practices and information system control activities, and (4) the need for improvement in information security controls.

The accompanying Management Advisory Report presents our findings arising from our audit of Missouri WIC Information Network System Data Security.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA

Audit Staff:	Zachery L. Harris

Missouri WIC Information Network System Data Security

Introduction

Background

The Special Supplemental Nutrition Program for Women, Infants, and Children - better known as the WIC Program - serves to safeguard the health of low-income pregnant, postpartum, and breastfeeding women, infants, and children up to age 5 who are at nutritional risk by providing nutritious foods to supplement diets, information on healthy eating including breastfeeding promotion and support, and referrals to health care.

To participate in the program, household income may be no more than 185% of the federal poverty income guidelines (\$49,025 for a household of four persons as of April 1, 2021). Families that qualify for the supplemental nutrition assistance program (SNAP) or temporary assistance for needy families (TANF) program automatically qualify. Individuals who meet income and category guidelines will have a nutrition and health assessment during the certification process.

The WIC program is administered at the federal level by the Food and Nutrition Service of the U.S. Department of Agriculture. In Missouri, it is administered by the Department of Health and Senior Services (DHSS), Division of Community and Public Health, Section for Healthy Families and Youth, Bureau of WIC and Nutrition Services. The bureau uses a software program called the Missouri WIC Information Network System (MOWINS) to administer the program. The system is maintained by the Office of Administration (OA) - Information Technology Services Division (ITSD) in conjunction with the vendor.

MOWINS is an implementation of SPIRIT software (Successful Partners in Reaching Innovative Technology), which was developed and is used by a consortium of 23 states, territories, and Indian tribal organizations. The SPIRIT system is currently being redeveloped into a web-based system, referred to as SPIRITweb, with planned implementation by partner states to begin in July 2022. It is unknown when Missouri will implement the new software. Missouri currently serves as the lead state for this redevelopment project and has primary responsibility for monitoring the efforts of the contracted partner. Members of the consortium belong to various boards and committees charged with overseeing certain aspects of the SPIRIT system on behalf of the consortium, including the SPIRIT User Group, the Change Control Work Group, the Executive Steering Committee, and the Technology Advisory Group. Each member of the consortium implements its own instance of the SPIRIT system and maintains its own data repositories for participants.

Missouri WIC Information Network System Data Security Introduction

As of December 2020, Missouri had 92,272 participants in the WIC program as follows:

Figure 1: Missouri WIC Participants, December 2020

Source: National Data Bank, U.S. Department of Agriculture, Food and Nutrition Service

The Government Accountability Office (GAO) has included the security of information systems in the office's High-Risk List since 1997, specifically adding the protection of Personally Identifiable Information (PII) in its 2015 update.¹ Technological advances, such as lower data storage costs and increasing interconnectivity, have allowed both government and private sector agencies to collect and process extensive amounts of PII more effectively. Risks to PII can originate from unintentional and intentional threats. These risks include insider threats from careless, disgruntled, or improperly trained employees and contractors; the ease of obtaining and using hacking tools; and the emergence of more destructive attacks and data thefts.

Technology advances, combined with the increasing sophistication of individuals or groups with malicious intent, have increased the risk of PII being compromised and exposed. Correspondingly, the number of reported security incidents involving PII in both the private and public sectors has increased dramatically in recent years. At the same time, state agencies are increasingly reliant on technology and information sharing to interact with citizens and to deliver essential services. As a result, the need to protect

¹ Report GAO-19-157SP, *Report to Congressional Committees, High Risk Series: Substantial Efforts Needed to Achieve Greater Progress on High-Risk Areas*, March 2019, is available at <<https://www.gao.gov/assets/gao-19-157sp.pdf>>, accessed June 15, 2021.

Missouri WIC Information Network System Data Security Introduction

information, including PII, against cybersecurity attacks is increasingly important.

According to accepted standards, security controls are the management, operational, and technical safeguards or countermeasures prescribed for an information system to protect the confidentiality, integrity, and availability of the system and its information. Confidentiality refers to preserving authorized restrictions on information access and disclosure, including the means for protecting personal privacy and proprietary information. Integrity relates to guarding against improper information modification or destruction, and availability ensures timely and reliable access to and use of information. Effective privacy controls depend on the safeguards employed within the information system that is processing, storing, and transmitting PII and the environment in which the system operates. Organizations cannot have effective privacy without a basic foundation of information security. Without proper safeguards and controls, information systems and confidential data are vulnerable to individuals with malicious intentions who can use access to obtain sensitive data or disrupt operations.

The National Institute of Standards and Technology (NIST) defines cybersecurity as the process of protecting information by preventing, detecting, and responding to attacks² while ISACA states cybersecurity encompasses all that protects enterprises and individuals from intentional attacks, breaches, and incidents as well as the consequences.³ Cybersecurity should be aligned with all other aspects of information security, including governance, management, and assurance. The state of being secure requires maintenance and continuous improvement to meet the needs of stakeholders and the demands of emerging cyber threats.

Scope and Methodology

The scope of our audit included evaluating (1) DHSS management's approach to and management of the MOWINS, including information security, privacy, and other relevant internal controls; (2) policies and procedures; and (3) other management functions and compliance issues in place during the year ended December 31, 2020.

Our methodology included reviewing written policies and procedures, interviewing various DHSS and ITSD personnel, and performing testing. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed audit procedures to assess internal control to the extent necessary to address the audit objectives. We also

² National Institute of Standards and Technology, *Framework for Improving Critical Infrastructure Cybersecurity*, Version 1.1, April 2018, is available at <https://nvlpubs.nist.gov/nistpubs/CSWP/NIST.CSWP.04162018.pdf>, page 45, accessed June 15, 2021.

³ ISACA, *Transforming Cybersecurity*, 2013, page 11.

Missouri WIC Information Network System Data Security Introduction

obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violation of contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

Authorized users of the MOWINS include state users (DHSS employees) and local agency users (employees from entities such as county health departments).

We reviewed authorized users to determine if any terminated employees had active user accounts. For state users, we obtained employment records of all state employees from the statewide accounting system, Statewide Advantage for Missouri (SAM II), and matched these records against all state users. We did not identify any terminated state users. For local users, we judgmentally selected a sample of 9 local agencies, and contacted officials at each agency to confirm the appropriateness of the active user accounts. We based our sample selection on several factors, including geographic distribution, count of registered users, and type of entity (hospital-based or county-based, combined city/county, single county, or multiple county). In addition, we selected counties with ongoing State Auditor's Office audits. Because we judgmentally selected our test items, our results cannot be projected to the populations of 118 entities or 765 local agency users.

We also reviewed authorized users to determine if assigned access rights were excessive or resulted in incompatible functions. For certain state users, we discussed with DHSS officials those users' job responsibilities, in comparison to their assigned rights. For all 765 local agency users (including roles assigned at multiple entities, in the cases of local users who worked for more than one entity), we reviewed system documentation provided by the DHSS identifying the roles that could and could not be assigned to users with different job functions.

We based our evaluation on accepted state, federal, and international standards and best practices related to information technology security controls from the following sources:

- Missouri Adaptive Enterprise Architecture (MAEA)
- National Institute of Standards and Technology (NIST)
- Government Accountability Office (GAO)
- ISACA

Missouri WIC Information Network System Data Security Management Advisory Report State Auditor's Findings

1. User Account Management

The Missouri WIC Information Network System (MOWINS) is vulnerable to the risk of unauthorized transactions being processed, and records being improperly viewed, because user accounts of terminated users at local agencies, such as county health departments, are not always removed timely. A terminated user is someone who has left employment with an entity and no longer needs access to the system. We found, for a selection of 96 local agency user accounts tested, 5 former employees who still had access to the system.

Currently, the Department of Health and Senior Services (DHSS) does not formally review user accounts for inappropriate access, except during on-site visits every 2 years. Instead, that responsibility is assigned to local agency security coordinators. Each agency accessing the MOWINS must appoint a security coordinator who is responsible for approving user requests to access the system. The coordinators are also responsible for periodically (at least twice a year) reviewing users at their agencies to identify any users no longer needing access. DHSS policy requires coordinators to submit a request to the DHSS to add or remove the applicable user account(s) when a change is needed.

DHSS management could reduce the risk of unauthorized access by increasing efforts to identify user accounts assigned to former employees, and by providing periodic reminders to agency security coordinators of the importance of promptly removing user access assigned to former employees. According to the Missouri Adaptive Enterprise Architecture (MAEA),⁴ entities must have a procedure in place for the timely notification of administrators when a user no longer needs access. In addition, entities are responsible for determining who is given access to the system and for ensuring all individuals who have access still need the access. When a user no longer needs access, the entity should submit a form to the security administrator requesting removal of the user's access to the system.

Without effective procedures to remove access, terminated employees could continue to have access to critical or sensitive resources or have opportunities to sabotage or otherwise impair entity operations or assets, according to the Government Accountability Office (GAO).

Recommendation

The DHSS more frequently review local agency user accounts to ensure access of terminated or transferred employees is removed, and provide more

⁴ The Enterprise Architecture includes standards, policies, and guidelines established by Office of Administration management. The Enterprise Architecture is made up of several information technology domains, including domains dedicated to security and information. The domains define the principles needed to help ensure the appropriate level of protection for the state's information and technology assets.

Missouri WIC Information Network System Data Security Management Advisory Report - State Auditor's Findings

frequent reminders to local agency security coordinators of the importance of promptly removing user access assigned to former employees.

Auditee's Response

DHSS concurs with this recommendation. The department currently has processes in place for monitoring staff access but will update policies and procedures to include specific guidance. Any user that has not accessed MOWINS in the last 30 days will have their user ID access updated to inactive. The MOWINS Help Desk staff will also send out a monthly email message requesting all local agency staff to review the employees who have access to their agency site. The email message will also include instructions on how to report a user who is no longer employed or transferred to another agency. DHSS will also update WIC policy to instruct immediate notification to DHSS for employees that have left or transferred, and to include violations that can be given should it be discovered that the DHSS was not notified within 30 days. Changes for monitoring will occur immediately, while updates to WIC policies will not be finalized until October 2022.

2. Design of User Roles

DHSS management has not adequately designed user roles in the MOWINS to segregate incompatible job functions. Certain roles are poorly defined, allowing some users with those roles access to the system that is inappropriate for their position, and one role unnecessarily allows access to all local agency functions of the system.

The MOWINS uses security roles to define access to the system. Users are assigned to an individual role or roles. These roles each allow access to a subset of system functions. Roles are generally designed according to the user's job functions. For example, a clerk may have access to schedule appointments and view clinic notes, but not to approve a participant's claim for benefits. If users have multiple roles concerning the same system information, the role with the most access prevails for all roles assigned in the event of a conflict. For example, if two separate roles respectively allow view-only and edit access to the same information, a user with both roles assigned can edit the information. In addition, users' access is limited by the specific agencies and sites the user is set up to access. Users can be assigned to multiple combinations of roles, agencies, and sites.

Local agency user roles

One role is assigned to both staff and supervisors fulfilling certain clinical functions at local agencies who assist participants in applying for Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) benefits. System documentation specifies that staff assigned to this role should not also be given concurrent access to other conflicting system roles that require a higher level of user education and certification. Any staff assigned to this role and also to a conflicting role has inappropriate access. Supervisors, however, are permitted concurrent access. We determined 15 users held a combination of this role and one or more conflicting roles.

Missouri WIC Information Network System Data Security Management Advisory Report - State Auditor's Findings

An additional situation exists in a second role that is assigned to both staff and supervisors of local agencies. In this instance, the shared role allows access to almost all local agency functions of the system. Supervisors are allowed to have this role, but staff are not. We identified 217 local users assigned to this role.

Information to determine whether users with these two roles were staff or supervisors was not readily available. We provided DHSS management a list of the users for further review and potential action. The DHSS could also better define, prevent, and detect potential conflicts and inappropriate access by creating separate roles for the staff and supervisor positions.

State user role

A similar situation involves state users assigned a third role that has excessive access to system administration functions. DHSS officials indicated the users need access to certain administrative functions to perform their job responsibilities. However, this third role also enables access to other administrative functions not necessary for these users' responsibilities. Creating a separate role for these users would prevent this unnecessary access.

Conclusion

By reviewing the levels of system access assigned to roles and creating new roles with access rights better aligned to job responsibilities as appropriate, the DHSS can better control the access given to system users and help prevent inappropriate access from being granted in the system. This change would increase system security by reducing the risk of a user, accidentally or maliciously, making inappropriate changes to the system or its data.

Recommendation

The DHSS review the design of system roles and make changes necessary to appropriately limit access to the system and segregate incompatible functions. In addition, the DHSS should review the provided list of current local users for appropriateness and potential action.

Auditee's Response

DHSS concurs with this recommendation. The department will review all current roles, the permissions assigned to that role, and make appropriate changes to limit access by removing permissions or by creating roles to limit access. After review and updates to the roles are made, the department will review all MOWINS access and update accordingly for each user ID. DHSS will review and implement any new changes by October 2022. Any minor corrections that can be made immediately will be executed prior to October 2022.

3. Service Level Agreement

The DHSS and the Office of Administration (OA) - Information Technology Services Division (ITSD) do not have a comprehensive or up-to-date service level agreement for information technology (IT) services provided by the ITSD to the DHSS. As a result, the responsibilities and expectations between both parties are not fully established or documented.

Missouri WIC Information Network System Data Security Management Advisory Report - State Auditor's Findings

A service level agreement (SLA) is a document used by organizations entering into a partnership for the provision of IT services. According to ISACA, a SLA is used to align IT enabled products and services and service levels with enterprise needs and expectations, including identification, specification, design, publishing, agreement, and monitoring of IT products and services. SLAs can be in-house between an organizational unit and its IT department, external between an entity and an outside service provider, or internal within the units of a service provider.⁵

An SLA is crucial to promote continuous and open communication between the parties to the agreement. Without such communication, there is an increased risk the customer and the service provider will not appropriately understand or respond to each other's expectations. This weakness could result in confusion or frustration, or potentially more severe outcomes such as system failure or data loss.

According to the *Information Systems Control Journal*,⁶ a "SLA is a necessity between a service provider and service beneficiary because a service can be called 'bad' or 'good' only if this service is clearly described. Moreover, it formalizes the needs and expectations of the organization and serves as a kind of guarantee for both parties. In this way, potential misunderstandings are reduced and a clear view is given on the priorities of the service and its delivery. . . A balanced SLA is a compromise between the needs, expectations and requirements of the organization (user group) and the service provision capabilities and promises of the service provider. At the same time, it must protect the service provider by limiting liability, identifying responsibilities and rationally managing user expectations."

Recommendation

The DHSS work with the ITSD to develop a new service level agreement that specifies services to be provided and addresses communications between the agencies.

Auditee's Response

DHSS concurs with this recommendation. The department will work closely with ITSD to develop and implement a new Service Level Agreement (SLA) that will be reviewed and updated on a yearly basis. DHSS will begin working with ITSD to have a new SLA in place by October 2022.

4. Documentation of Security Controls

The department has not documented policies and procedures for certain security controls of the MOWINS.

⁵ Van Grembergen, Wim, Ph.D., Steven De Haes and Isabelle Amelinckx. "Using COBIT and the Balanced Scorecard as Instruments for Service Level Management." *Information Systems Control Journal*, Volume 4 (2003): 56-62.

⁶ Ibid.

Missouri WIC Information Network System Data Security Management Advisory Report - State Auditor's Findings

According to the GAO's standards for internal control, control activities are an integral part of an organization's planning, implementing, reviewing, and accountability for stewardship of government resources and achieving effective results. Control activities are the policies, procedures, techniques, and mechanisms that enforce management's directives and help ensure that actions are taken to reasonably address risks. The following control activities have not been fully documented:

- Policies and procedures related to system backups, recovery, and backup retention.
- Documentation to support the completion of security training by state staff accessing the system.
- Procedures for handling lost or compromised user IDs and passwords.
- Specifications documenting what security-related events are logged, and how those logs are managed, retained, and destroyed when no longer useful.
- Policies identifying and stating the responsibilities of system and data owners.
- Procedures and documentation to support certain reviews of local agencies by state Technical Assistance staff, held every 2 years.

DHSS staff indicated that much of this information is communicated to users by on-the-job training and other informal processes.

According to accepted standards, documentation of all aspects of computer support and operations is important to ensure continuity and consistency. Formalizing operational practices and procedures with sufficient detail helps to eliminate security lapses and oversights, gives new personnel sufficiently detailed instructions, and provides a quality assurance function to help ensure operations will be performed correctly and efficiently.

Without documented and approved policies and procedures, management may not have assurance that control activities are appropriate and properly applied.

Recommendation

The DHSS fully document and regularly review documentation of key security controls.

Auditee's Response

DHSS concurs with these recommendations. The department will provide procedures for related control activities referenced in this audit by updating policies, creating new procedures, and educating all staff who are impacted.

Missouri WIC Information Network System Data Security Management Advisory Report - State Auditor's Findings

The department will incorporate language into the SLA when applicable. After approval of new procedures, applicable information will be shared with local and state agency staff to provide better support. DHSS will have updates in place by October 2022. Any communication or minor corrections that can be made immediately will be executed prior to October 2022.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Board of Directors of Fire Protection
Districts in St. Louis County

Certain fire protection districts are required by Section 321.690, RSMo, to be audited and to submit their audit reports to the State Auditor's Office (SAO). To address our responsibilities of Section 321.690.3, RSMo, and 15 CSR 40-4.010 to 15 CSR 40-4.020, we have reviewed the independent audit reports of the fire protection districts in St. Louis County for audit periods ending December 31, 2020. The purpose of this review was to evaluate the districts' compliance with statutory audit requirements and SAO regulations. Because our review is limited to statutory and regulatory compliance, we do not express an opinion or any other form of assurance on the audit reports.

There are 23 fire protection districts in St. Louis County. Each district has a fiscal year end of December 31. All the districts, except for the Kinloch and Maryland Heights Fire Protection Districts, submitted audit reports for the year ended December 31, 2020. Section 321.690.2, RSMo, requires certain fire protection districts to have an audit performed biennially, and Section 321.690.3, RSMo, requires the districts to forward the audit report to our office within 6 months of fiscal year end. As noted in our prior report, No. 2020-073, *St. Louis County Fire Protection District*, issued in September 2020, the Kinloch and Metro North Fire Protection Districts did not timely obtain the required independent audits for the year ended December 31, 2019. The SAO received the Kinloch audit report on September 30, 2020, and the Metro North audit report on October 8, 2020, subsequent to that review. The Kinloch and Maryland Heights Fire Protection Districts did not timely obtain the required independent audits for the year ended December 31, 2020. However, the districts have engaged independent auditors to perform an audit for that period. Upon completion of the audits, the districts are expected to submit the reports to the SAO.

The SAO posts the individual audit reports to the office's website. A searchable link is available at <https://auditor.mo.gov>. A table summarizing our review of the submitted audit reports follows.

District	Audit Report Period	Report Complied with Section 321.690.3, RSMo	Findings in Independent Audit Report
Affton	1 Year Ended 12/31/2020	Yes ¹	No
Black Jack	1 Year Ended 12/31/2020	Yes	No

Robertson	1 Year Ended 12/31/2020	Yes	Yes
Spanish Lake	1 Year Ended 12/31/2020	Yes	No
Valley Park	1 Year Ended 12/31/2020	Yes	No
West County EMS	1 Year Ended 12/31/2020	Yes	No
West Overland EMS	1 Year Ended 12/31/2020	Yes	No

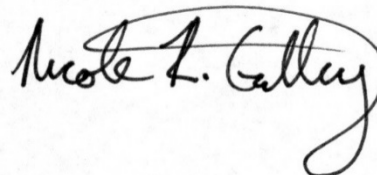

¹ The district filed the audit report after the statutory deadline of 6 months after the close of the fiscal year end.

² Due to noncompliance in a previous period, the SAO reviewed the audit report for the year ended December 31, 2019, submitted September 30, 2020. The audit report had audit findings and was in compliance with Section 321.690.3, RSMo, except for being filed after the statutory deadline.

³ Due to noncompliance in a previous period, the SAO reviewed the audit report for the year ended December 31, 2019, submitted October 8, 2020. The audit report had audit findings and was in compliance with Section 321.690.3, RSMo, except for being filed after the statutory deadline.

⁴ In 2020, the Riverview Fire Protection District changed its name to North County Fire & Rescue Fire Protection District.

Except for the Kinloch and Maryland Heights Fire Protection Districts failing to obtain and submit an audit report, we identified no other concerns from our review of the audit reports submitted by the St. Louis County fire protection districts.

Nicole R. Galloway, CPA
State Auditor

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Board of Directors of Fire Protection
Districts in Greene County

Certain fire protection districts are required by Section 321.690, RSMo, to be audited and to submit their audit reports to the State Auditor's Office (SAO). To address our responsibilities of Section 321.690.3, RSMo, and 15 CSR 40-4.010 to 15 CSR 40-4.020, we have reviewed the independent audit reports of the fire protection districts in Greene County for audit periods ending December 31, 2020. The purpose of this review was to evaluate the districts' compliance with statutory audit requirements and SAO regulations. Because our review is limited to statutory and regulatory compliance, we do not express an opinion or any other form of assurance on the audit reports.

There are 11 fire protection districts in Greene County. Each district has a fiscal year end of December 31. All the districts submitted audit reports for the year or 2 years ended December 31, 2020, when required. Section 321.690.2, RSMo, requires certain fire protection districts to have an audit performed biennially, and Section 321.690.3, RSMo, requires the districts to forward the audit report to our office within 6 months of fiscal year end. Some of the districts were not required to submit a report in 2021, because they obtain biennial audits and the most recent audit report submitted was for the 2 years ended December 31, 2019. These districts are expected to submit a biennial audit report for the 2 years ended December 31, 2021. As noted in our prior report, No. 2020-081, *Greene County Fire Protection District*, issued in September 2020, the Ash Grove Fire Protection District did not timely obtain the required independent audit for the 2 years ended December 31, 2019. The SAO received the audit report on July 13, 2021, subsequent to that review.

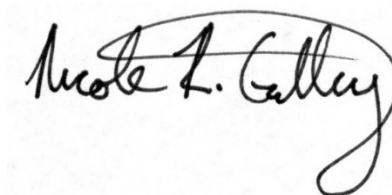

The SAO posts the individual audit reports to the office's website. A searchable link is available at <https://auditor.mo.gov>. A table summarizing our review of the submitted audit reports follows.

District	Audit Report Period	Report Complied with Section 321.690.3, RSMo	Findings in Independent Audit Report
Ash Grove ^{1, 2}			
Battlefield	1 Year Ended 12/31/20	Yes	No
Bois D'Arc ¹			
Brookline	2 Years Ended 12/31/20	Yes	No
Ebenezer ¹			
Fair Grove	2 Years Ended 12/31/20	Yes	No
Logan-Rogersville	2 Years Ended 12/31/20	Yes	No
Strafford	2 Years Ended 12/31/20	Yes	No
Walnut Grove	1 Year Ended 12/31/20	Yes	No
West Republic	2 Years Ended 12/31/20	Yes	No
Willard	1 Year Ended 12/31/20	Yes	No

¹ The fire protection district had an independent audit for the 2 years ended December 31, 2019. The district's next audit is expected to cover the 2 years ended December 31, 2021, and is required to be submitted to the SAO no later than June 30, 2022.

² Due to noncompliance in a previous period, the SAO reviewed the audit report for the 2 years ended December 31, 2019, submitted July 13, 2021. The audit report had audit findings and was in compliance with Section 321.690.3, RSMo, except for being filed after the statutory deadline.

We identified no concerns from our review of the audit reports submitted by the Greene County fire protection districts.

NICOLE GALLOWAY, CPA

Missouri State Auditor

To the Honorable Mayor
and
Members of the Board of Aldermen
City of Bel-Ridge, Missouri

We have conducted follow-up work on certain audit report findings contained in Report No. 2020-072, *City of Bel-Ridge* (rated as Poor), issued in September 2020, pursuant to the Auditor's Follow-Up Team to Effect Recommendations (AFTER) program. The objectives of the AFTER program are to:

1. Identify audit report findings for which follow up is considered necessary, and inform the city about the follow-up review on those findings.
2. Identify and provide status information for each recommendation reviewed. The status of each recommendation reviewed will be one of the following:
 - Implemented: Auditee fully implemented the recommendation, either as described in the report or in a manner that resolved the underlying issue.
 - In Progress: Auditee has specific plans to begin, or has begun, to implement and intends to fully implement the recommendation.
 - Partially Implemented: Auditee implemented the recommendation in part, but is not making efforts to fully implement it.
 - Not Implemented: Auditee has not implemented the recommendation and has no specific plans to implement the recommendation.

As part of the AFTER work conducted, we reviewed documentation provided by city officials and held discussions with city officials to verify the status of implementation for the recommendations. Documentation provided by the city included minutes of meetings, financial records, and other pertinent documents. This report is a summary of the results of this follow-up work, which was substantially completed during May and June 2021.

Nicole R. Galloway, CPA
State Auditor

City of Bel-Ridge

Follow-Up Report on Audit Findings

Status of Findings

1. Financial Condition

The Board of Aldermen had not adequately monitored the city's financial condition, had not received detailed information showing financial data for each fund, and had poor budgeting procedures. These practices allowed the fund balance of the General Fund to decline in recent years.

By commingling revenues of the Tax Increment Financing (TIF) Fund with the General Fund, the city used restricted funds to help finance the general operations of the city. In addition, the Board did not adequately monitor the city's financial condition.

The city's poor budgetary preparation and monitoring procedures contributed to the financial condition problem. Financial reports, such as budget-to-actual reports, had not been presented to the Board to allow it to properly monitor the financial position of the city.

Recommendation

The Board of Aldermen ensure detailed financial data is received monthly, perform immediate and long-term planning, and closely monitor and take necessary steps to improve the city's financial condition.

Status

In Progress

In November 2020, the city executed a contract with a consultant to assist and advise the city related to this recommendation and other recommendations, as well as assisting the city with other general operational matters. City officials indicated the Board considered options proposed by the consultant to improve the city's financial condition, and in June 2021, the Board began acting on one of those options by deciding to contract with the City of Normandy for police services. Additionally, city officials indicated the city's new accounting firm has developed a package of monthly financial reports and began providing those reports for the Board's review in June 2021. The city's 2021 budget projects a small improvement for the General Fund balance in 2021.

2. Budgets and Financial Reporting

City officials did not prepare complete and accurate annual budgets or monitor budgets. They also did not publish accurate semiannual financial statements or file annual financial reports.

2.1 Budgets

The city's budgets did not contain all statutorily required elements, were not prepared under the direction of a budget officer, and beginning fund balances were not accurate. The Board budgeted deficit ending fund balances for the General Fund and Police Training Fund for the years ending December 31, 2018, and 2019. The Board did not adequately monitor budget-to-actual revenues or expenditures, and the Park Fund had accumulated a significant fund balance with no documented plans for its use.

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

Recommendation

The Board of Aldermen prepare accurate annual budgets that contain all information required by state law, designate a budget officer, discontinue deficit budgeting, and ensure the budgets are adequately monitored and properly amended. Additionally, the Board should evaluate funding needs of the city parks and consider reducing future taxes, and if plans have been made for expending the accumulated cash balance, such plans should be set forth publicly in the budget document.

Status

In Progress

In January 2021, the Board appointed the Mayor as budget officer, and in May 2021 the Board approved the 2021 budget after temporarily extending the 2020 budget to allow the Board more time to consider changes to address the city's financial condition and incorporate decisions from that process into the 2021 budget. The 2021 budget contained a budget message, beginning fund balances based on 2020 ending fund balances, and other required elements. However, the 2021 budget projected negative end-of-year fund balances for the General Fund (negative \$1,176,555) and the Police Training Fund (negative \$30,468). Additionally, the 2021 budget projected Park Fund revenues to exceed expenditures with no documented plans for use of the large fund balance. As previously noted, city officials indicated they have begun making changes to city operations to improve the General Fund balance. Additionally, city officials indicated the city is evaluating options for the Park Fund, and the city's accounting firm began providing monthly 2021 budget and actual reports for the Board to review in June 2021.

2.2 Published financial statements

The city did not publish financial statements for the year ended December 31, 2018.

Recommendation

The Board of Aldermen ensure the city's semiannual financial statements are published as required by state law and city ordinance.

Status

In Progress

The city published a financial statement for the year ended December 31, 2020, in July 2021. City officials indicated they are working with the city's new accounting firm to begin timely publishing of financial statements.

2.3 Filing of financial reports

The city did not timely file annual financial reports with the State Auditor's Office as required by state law.

Recommendation

The Board of Aldermen timely submit annual financial reports to the State Auditor's Office as required by state law.

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

Status	Implemented
	City officials timely filed the financial report for the year ended December 31, 2020.
3.1 Tax Increment Financing - Project status	The city had taken no action on the TIF redevelopment plan since its approval in 2006 and had not assessed the status of the project or distributed any surplus TIF revenues collected.
Recommendation	The Board of Aldermen review the current status of the TIF project and assess the city's position whether to proceed with the redevelopment plan or dissolve the TIF district and return all surplus funds to the proper taxing authorities.
Status	In Progress
	In February 2021, the city contracted with a law firm to advise the city about the redevelopment area and the related redevelopment agreement. City officials indicated they expect to work with the law firm to assess the TIF situation and determine the appropriate course of action.
3.2 Tax Increment Financing - Commingling TIF revenues	The city had not repaid amounts due to the TIF Fund, Park Fund, and Storm Water Fund from TIF revenues commingled among the General, TIF, Park, and Storm Water Funds in previous years. Additionally, during 2018, the city incurred expenses for street repairs and improvements and also tree removal and pruning that were charged to the TIF Fund. City officials could not locate the redevelopment plan or explain why these costs were charged to the TIF Fund. The city also had not established separate accounts for payments in lieu of taxes (PILOTS) and economic activity taxes (EATS).
Recommendation	The Board of Aldermen ensure PILOTS and EATS are separately accounted for, determine whether 2018 expenses charged to the TIF Fund should be repaid to the TIF Fund, and develop plans to repay the amounts due to the TIF Fund, Park Fund, and Storm Water Fund.
Status	In Progress
	City officials indicated they have begun separately accounting for the PILOTS and EATS and intend to develop plans for repaying the amounts due the various funds from previous years. In May 2021, the Board approved an adjusting entry to the city's 2018 ledgers made by the city's auditing firm to reclassify as General Fund expenditures the 2018 expenses charged to the TIF Fund.

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

4. Restricted Revenues

The city was not properly tracking the balance of some restricted monies deposited into the General Fund.

Recommendation

The Board of Aldermen determine the amount of restricted monies in the General Fund and establish separate funds or a separate accounting of the restricted monies, including the balances.

Status

In Progress

City officials indicated the city's new accounting firm is ensuring restricted monies are properly classified, working to determine the amount of restricted monies in the General Fund, and developing monthly reports of balances of restricted monies for Board review.

5.1 Disbursements -
Disbursement
documentation and
review

The city did not always retain receipt slips for credit card purchases and did not reconcile the receipt slips to the credit card statements. The city did not always properly review invoices prior to payment.

Recommendation

The Board of Aldermen maintain adequate supporting documentation for all disbursements and ensure invoices are adequately reviewed and approved.

Status

In Progress

City officials indicated city staff are striving to obtain and retain all credit card receipts slips. The Mayor has begun reviewing all invoices prior to payment, and the Board continues to review and approve monthly lists of all disbursements. We reviewed 12 disbursements during February 2021 and invoices were retained for all of these disbursements and indicated the Mayor's approval. In addition, we reviewed one credit card statement paid in February 2021 with 3 charges. City officials could not provide the vendor receipt for one of the charges and indicated they will increase efforts to obtain and retain credit card vendor receipts.

5.2 Disbursements -
Questionable
expenditures

The city incurred costs for food, entertainment, supplies, gifts, and alcoholic beverages for Christmas events in December 2017 and 2018 for employees and families that were not reasonable and/or did not provide a benefit to the city.

Recommendation

The Board of Aldermen ensure all disbursements are necessary and prudent uses of public funds.

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

Status

Implemented

City officials indicated they now ensure expenditures incurred are necessary and prudent for city operations and no expenses occurred for Christmas events in 2020. The disbursements reviewed as part of the evaluation of the status for section 5.1, were related to city business.

5.3 Disbursements -
Procurement procedures
and contracts

The city had not established policies for the selection of vendors providing professional services, and did not have a formal bidding policy. The city did not solicit bids or proposals for various services, equipment, and vehicles. The city did not have written contracts with 5 attorneys providing legal services for general counsel and consultation on special matters.

Recommendation

The Board of Aldermen periodically solicit proposals for professional services, establish formal bidding policies and procedures, and ensure bids are obtained when applicable. Also, the Board should enter into written contracts defining services provided and benefits received.

Status

In Progress

In April 2021, the Board adopted ordinance 2021-5 establishing a policy for purchasing including requirements for competitive bidding. The policy does not include any requirements related to the procurement of professional services. City officials indicated the Board intends to consider establishing policies for procuring professional services. The city recently executed written contracts for consulting, accounting, and legal services. City officials solicited proposals for the accounting services, but not for the consulting or legal services.

6. Officials'
Compensation

The city did not annually fix salaries for officers and employees of the city by ordinance as required. Additionally, the city executed a multi-year contract with the Chief of Police that conflicted with city ordinances, and approved compensation to a former Alderman that was not allowable.

Recommendation

The Board of Aldermen ensure salaries and compensation for city officers and employees are in accordance with city ordinances and state law.

Status

Implemented

In November 2020, the Board adopted ordinance 2020-14 fixing 2021 salaries for city administration, court, and public works employees, and in December 2020, the Board adopted ordinance 2020-15 fixing 2021 salaries for police employees. In April 2021, the Mayor notified the Police Chief that the city considered the contract to be invalid, and the city decided to contract for police services in June 2021. Our review of the city's general ledger for January 2021 identified no unallowable payments to any Board member and

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

city officials indicated no additional payments have been made to any Board member.

7.1 Receipting Controls and Payroll Procedures - Segregation of duties

The Board had not adequately segregated accounting duties or ensured a documented supervisory or independent review over receiving and depositing monies was performed. No reviews of the detailed receipt slips and deposits were performed by other city personnel or Board members.

Recommendation

The Board of Aldermen segregate the accounting duties. If proper segregation cannot be achieved, ensure documented independent or supervisory reviews are performed.

Status

In Progress

City officials indicated the city's new accounting firm is beginning to provide oversight and review of the bank deposits prepared by city staff. However, for the 6 deposits reviewed from March 19, 2021, through March 29, 2021, we saw no indication on the receipt and deposit records of review by the accounting firm. City officials indicated they are making efforts to improve the documentation of independent oversight of receipts and deposits.

7.2 Receipting Controls and Payroll Procedures - Receipts, deposits, and reconciliations

Receipt slips were not always issued for monies received, the numerical sequence of receipt slips was not accounted for, receipts were not reconciled to deposits, and checks/money orders were not restrictively endorsed immediately upon receipt.

Recommendation

The Board of Aldermen ensure receipt slips are issued for all monies received, ensure the numerical sequence of all receipts slips is accounted for, and reconcile receipts to deposits. In addition, the Board should ensure checks are restrictively endorsed upon receipt.

Status

In Progress

City officials indicated the city's new accounting firm is beginning to provide assistance to city staff in accounting for the numerical sequence of receipt slips and reconciling receipts to deposits, and the City Clerk is restrictively endorsing checks upon receipt. However, for the 6 deposits reviewed from March 19, 2021, through March 29, 2021, we saw no documentation that receipts slips were reconciled to deposits and receipts slips issued exceeded deposits by \$165. The method of payment recorded on the receipts slips did not always agree to the composition of the deposits. City officials indicated they are working to improve the independent verification of receipts and deposits.

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

7.4 Receipting Controls and Payroll Procedures - Payroll segregation Payroll duties were not properly segregated and payroll records were not properly reviewed.

Recommendation The Board of Aldermen segregate the payroll duties. If proper segregation cannot be achieved, ensure documented independent or supervisory reviews are performed.

Status **In Progress**

City officials indicated that the Board intends to implement this recommendation after the contract for police services is implemented and reductions to city staffing occur.

9.1 Sunshine Law and Ordinances - Meeting minutes Minutes for several open and closed Board meetings could not be located. In addition, the City Clerk had not signed some minutes as the preparer, and the Board had not timely approved some minutes.

Recommendation The Board of Aldermen maintain complete and accurate minutes for all meetings and ensure meeting minutes are signed by the preparer and approved by the Board timely.

Status **Implemented**

City officials indicated efforts have been made to ensure meeting minutes are compliant with these requirements. We reviewed meeting minutes for the period January 5, 2021, through March 18, 2021, and determined open and closed minutes were maintained, signed by the preparer, and approved by the Board.

9.2 Sunshine Law and Ordinances - Closed meetings Open meeting minutes did not document the specific reasons or section of law allowing the meeting to be closed, and some topics discussed and voted on in the closed meetings were not allowable under the Sunshine Law.

Recommendation The Board of Aldermen ensure specific reasons for closing a meeting are documented in the open minutes, and ensure only topics allowed by state law are discussed in closed Board meetings.

Status **Implemented**

City officials indicated efforts have been made to ensure minutes and closed meetings are compliant with these requirements. We reviewed meeting minutes for the period January 5, 2021, through March 18, 2021. City officials

City of Bel-Ridge
Follow-up Report on Audit Findings
Status of Findings

held two closed meetings during this period. For each meeting, they documented the specific reasons for closing it in the open minutes and only discussed allowable topics.

CITIZENS SUMMARY

Findings in the audit of the Department of Commerce and Insurance - Insurance

Background	The DCI-Insurance regulates the insurance industry in the state through enforcement of Chapters 325, 354, and 374 through 385, RSMo. The department regulates and licenses the insurance industry in the state, ensures the insurance industry is financially sound, trustworthy, competent, and responsive to the insurance-buying public; and ensures the insurance industry complies with the laws of the state.
Findings	The audit identified no significant deficiencies in internal controls, no significant noncompliance with legal provisions, and no significant deficiencies in management practices and procedures. No findings resulted from this audit.

In the areas audited, the overall performance of this entity was **Excellent**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Chlora Lindley-Myers, Director
Department of Commerce and Insurance
Jefferson City, Missouri

We have audited certain operations of the Department of Commerce and Insurance - Insurance, as required by Section 374.250.2, RSMo, and in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2020. The objectives of our audit were to:

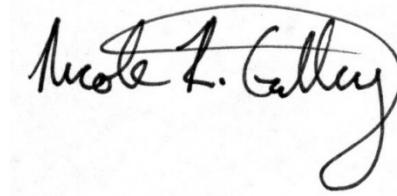

1. Evaluate the department's internal controls over significant management and financial functions of the Insurance Dedicated Fund, the Insurance Examiners' Fund, and taxes certified or collected under Sections 148.310 to 148.461, RSMo (foreign and domestic insurance premium taxes) and Sections 384.011 to 384.071, RSMo (surplus lines premium taxes).
2. Evaluate the department's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions of the Insurance Dedicated Fund and Insurance Examiners' Fund.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the department, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the department's management and was not subjected to the procedures applied in our audit of the department.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. No findings resulted from our audit of the Department of Commerce and Insurance - Insurance.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Department of Commerce and Insurance - Insurance

Organization and Statistical Information

The Missouri Division of Insurance was created by an act of the Missouri legislature in 1869. With the enactment of the state Omnibus Reorganization Act of 1974, the agency was transferred to the Department of Consumer Affairs, Regulation and Licensing. Constitutional Amendment No. 6 passed in August 1984, amended Missouri Constitution, Article IV, Section 36(a) to change the name of the Department of Consumer Affairs, Regulation and Licensing, to the Department of Economic Development, effective September 7, 1984. Constitutional Amendment No. 4, passed in August 1990, created a new Department of Insurance, effective July 1, 1991. Executive Order 06-04 consolidated the former Department of Insurance, the Division of Finance, the State Banking Board, the Division of Credit Unions, and the Division of Professional Registration into one department and changed the name of the department to the Missouri Department of Insurance, Financial Institutions, and Professional Registration (DIFP), effective August 28, 2006. Executive Order 19-02 transferred the Office of Public Counsel and the Public Service Commission to the DIFP and changed the name to the Department of Commerce and Insurance (DCI), effective August 28, 2019.

The DCI-Insurance operates under the authority of Chapter 374, RSMo. The management and control of the DCI is vested in a director who is nominated by the Governor with the advice and consent of the Senate. Chlora Lindley-Myers was appointed Director on March 6, 2017, and continues to serve in that capacity.

As of June 30, 2020, there were 563 domestic, 2,763 foreign, and 485 alien companies licensed and/or regulated by DCI-Insurance in Missouri. Insurers with primary corporate headquarters located in a particular state are called domestic insurers. Foreign and alien insurers are those that are allowed to sell insurance in a state but have a primary legal residence in another state or country.

The DCI-Insurance regulates the insurance industry in the state through enforcement of Chapters 325, 354, and 374 through 385, RSMo. The department regulates and licenses the insurance industry in the state, ensures the insurance industry is financially sound, trustworthy, competent, and responsive to the insurance-buying public; and ensures the insurance industry complies with the laws of the state.

To fulfill these responsibilities, the department maintains a central office in Jefferson City and branch offices in St. Louis and Kansas City. The DCI-Insurance is organized into the following divisions: Insurance Consumer Affairs, Insurance Market Regulation, Insurance Company Regulation, and Administration. The DCI-Insurance had 188 employees as of June 30, 2020.

Department of Commerce and Insurance - Insurance
Organization and Statistical Information

The following table provides a breakdown of the type of companies licensed and/or regulated by DCI-Insurance in the state.

Vehicle Protection Product Provider	3	52	0
Worker's Compensation	195	52	0
Total	563	2,763	485

The DCI-Insurance administers transactions in the following funds:

The Insurance Examiner's Fund is authorized by Sections 374.160 and 374.162, RSMo, to receive all payments to the state by insurance companies for the costs incurred by the department in conducting examinations, valuations, or proceedings against such companies. Expenditures, authorized by appropriations, are to be used for the purpose of paying the compensation of insurance examiners and expenses directly related to examinations. Any

Department of Commerce and Insurance - Insurance
Organization and Statistical Information

unexpended balances in this fund are perpetually maintained for the purposes of this fund.

The Insurance Dedicated Fund is authorized by Section 374.150, RSMo, to receive all fees due to the state under the provisions of the insurance laws. Appropriations from this fund are to be used solely for payment of expenditures incurred by the department in performing the duties required by law that are not paid for by another source of funds. Any unexpended balance in this fund is perpetually maintained for the purposes of this fund unless, and then only to the extent to which, the unencumbered balance at the close of the biennium year exceeds two times the total amount appropriated, paid, or transferred to the fund during such fiscal year.

The DCI-Insurance administers programs financed partially by federal funding placed in the Federal Missouri Department of Commerce and Insurance Fund, formerly known as the Federal Missouri Department of Insurance Fund. The department receives appropriations from this fund.

The DCI - Administrative Fund, formerly known as the DIFP-Administrative Fund, is used to account for department-wide expenditures for budget, legislative coordination, public information, accounting, human resources, and department management. The fund receives monies through a cost allocation to the divisions within the DCI.

The DCI-Insurance does not receive any appropriations from the General Revenue Fund and does not maintain any proprietary interest in that fund. Receipts collected by the Department of Revenue (DOR) on behalf of the department include the following:

- Premium Taxes (foreign and domestic): In accordance with various provisions of Chapter 148, RSMo, insurance companies licensed in the state are required to pay a 2 percent tax on direct premiums received during the calendar year. The department certifies to the DOR the amount of premium taxes due together with the amount of quarterly installments to be paid by the insurance companies. The DOR collects the premium taxes and deposits them into the General Revenue Fund. Some premium taxes deposited into the General Revenue Fund are not available for general revenue purposes. The provisions of Chapter 148, RSMo, restrict about 50 percent of such premium taxes for distribution to the various school districts in the state. In addition, beginning January 1, 2020, Section 192.385.2, RSMo, further restricts 2.5 percent of domestic premium taxes deposited into the General Revenue Fund for distribution to the Senior Services Growth and Development Program Fund.
- Domestic Stock Company Premium Taxes: In accordance with various provisions of Chapter 148, RSMo, every stock insurance company

Department of Commerce and Insurance - Insurance
Organization and Statistical Information

organized under the provisions of Sections 379.010 to 379.203, RSMo, are required to pay a 2 percent tax on direct premiums received during the year. The department certifies to the DOR the amount of premium taxes due together with the amount of quarterly installments to be paid by the domestic stock insurance companies. The DOR collects the domestic stock company premium taxes and deposits them into the Financial Institutions Tax Fund as county stock insurance taxes. In accordance with Section 148.330.4, RSMo, domestic stock premium taxes credited to the County Stock Insurance Fund are to be apportioned to the General Revenue Fund of the state, to the county treasurer and to the treasurer of the school district in which the principal office of the company paying the same is located. Apportionments are made based on the ratio of taxes levied by each respective entity. In addition, beginning January 1, 2020, Section 192.385.2, RSMo, further restricts 2.5 percent of domestic stock company premium taxes deposited into the Financial Institutions Tax Fund for distribution to the Senior Services Growth and Development Program Fund.

- **Captive Insurance Premium Taxes:** In accordance with Section 379.1326, RSMo, captive insurance companies licensed in the state are required to pay a premium tax at the rate of thirty-eight-hundredths of 1 percent on the first \$20 million and two hundred eighty-five-thousandths of 1 percent on the next \$20 million, and nineteen-hundredths of 1 percent on the next \$20 million dollars, and seventy-two-thousandths of 1 percent on each dollar thereafter on the direct premiums received during the calendar year. The department certifies to the DOR the amount of premium taxes due to be paid annually by the captive insurance companies. The DOR collects the captive insurance premium taxes and deposits them into the General Revenue Fund. Some captive insurance premium taxes initially deposited into the General Revenue Fund are not available for general revenue purposes. The provisions of Chapter 379, RSMo, require 10 percent of these premium tax collections be deposited to the Insurance Dedicated Fund annually.
- **Special Purpose Life Insurance Captive (SPLRC) Premium Taxes:** In accordance with Section 379.1412, RSMo, each SPLRC is required to pay a premium tax at the rate of two hundred fourteen thousandths of 1 percent on the first \$20 million of assumed reinsurance premium, and one hundred forty-three thousandths of 1 percent on the next \$20 million, and forty-eight thousandths of 1 percent on the next \$20 million, and twenty-four thousandths of 1 percent of each dollar thereafter on the direct premiums received during the calendar year. The department certifies to the DOR the amount of premium taxes due to be paid annually by the SPLRC insurance companies. The DOR collects the SPLRC premium taxes and deposits them into the General Revenue Fund. Some SPLRC premium taxes initially deposited into the General Revenue Fund are not

Department of Commerce and Insurance - Insurance
Organization and Statistical Information

available for general revenue purposes. The provisions of Chapter 379, RSMo, require ten percent of these premium tax collections be deposited to the Insurance Dedicated Fund annually.

- **Surplus Lines Premium Taxes:** In accordance with the various provisions of Chapter 384, RSMo, surplus lines insurers are required to pay a 5 percent tax on net premiums for high risk insurance that is underwritten. The DOR collects the surplus lines premium taxes, interest, and penalties. The DOR deposits surplus lines premium taxes and interest into the General Revenue Fund and surplus lines penalties into the State School Moneys Fund.

Fines and forfeitures imposed and collected by the department under the Missouri Insurance Code are deposited into the State School Moneys Fund.

The DCI-Insurance is authorized to administer Missouri chartered insurance companies requiring rehabilitation or liquidation, commonly referred to as receiverships. Eight insurance companies were in receivership during the year ended June 30, 2020. Companies placed into receivership are under circuit court supervision with the judge appointing the Director as receiver. The Director may appoint a special deputy receiver or agent. Four of the companies did not have a special deputy receiver assigned to them. The department handled the day-to-day operations for one of these companies and contracted with vendors to act as agents for the other three. Four of the companies had a court-assigned special deputy receiver that directly supervised them. The contracted vendors and the special deputy receivers submit disbursements to DCI-Insurance for approval.

According to the National Association of Insurance Commissioners (NAIC), for calendar year 2019 Missouri ranked ninth nationally in the number of insurance companies incorporated in the state. The department's budget for fiscal year 2020 ranks twenty-seventh nationally.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 1,521 political subdivisions required to file a financial report by June 30, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in June 2021, after their filing deadline. The filing status for these 5 entities is presented in summary on page 3 and by individual entity in Appendix B-C.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Political Subdivision Filings

June 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 1,521 political subdivisions, other than cities, towns, and villages, with a fiscal year end of December 31, 2020. Cities, towns, and villages have additional filing requirements, and their reporting status is included in a separate report. Of the 1,521 political subdivisions, 1,146 filed an annual financial report timely.

This report also includes the filing status for 5 political subdivisions, other than cities, towns, and villages, that filed their financial report in June 2021, after their filing deadline.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by June 30, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for 257 cities, 11 towns, and 129 villages is presented in summary on page 3 and by individual entity in Appendix A. The filing status for 5 counties is presented in summary on page 4 and by individual entity in Appendix B. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in June 2021, after their filing deadline. The filing status for these 23 cities and 2 villages is presented in summary on page 4 and by individual entity in Appendixes C to F.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 257 cities, 11 towns, and 129 villages with a fiscal year end of December 31, 2020, whose financial report was due by June 30, 2021. Of the 397 municipalities, 272 filed the financial report timely. Of the 220 municipalities required to file an addendum, 99 filed timely. Of the 105 municipalities required to file a certification, 57 filed timely.

Monthly Report on Municipal Court and Revenue Filings
June 2021
Executive Summary

This report includes the filing status for the 5 counties, with a fiscal year end of December 31, 2020, whose addendum and certification was due by June 30, 2021. Of these entities, 4 filed their addendum timely, and 4 filed their certification timely.

This report includes the filing status for 23 cities and 2 villages that filed at least one of the items (financial report, addendum, or certification) in June 2021, after their filing deadline. Of these municipalities, 4 filed an annual financial report, 20 filed an addendum, and 7 filed a certification.

Nicole Galloway, CPA

Missouri State Auditor

Dade County

Report No. 2021-042

July 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of Dade County

County Collector-Treasurer's Controls and Procedures	The County Collector-Treasurer incorrectly withheld 3 percent on all real estate and personal property taxes collected rather than withholding 1 percent, resulting in the various political subdivisions not receiving the full amounts owed to them. The County Collector-Treasurer did not change the commission rate withheld for real estate and personal property taxes when the county switched from a township-organized county to a county-organized county in April 2017. The County Collector-Treasurer does not prepare a monthly list of liabilities for the County Collector bank account, and consequently, liabilities are not compared to the reconciled bank balance.
Sheriff's Controls and Procedures	The Sheriff does not prepare bank reconciliations and lists of liabilities monthly. Receipt slips for civil and criminal process fees are not always issued in numerical sequence and receipts are not always deposited timely or transmitted timely to the County Collector-Treasurer. The Sheriff does not disburse some receipts timely as required by state law. The Sheriff does not disburse all commissary net proceeds to the county Inmate Prisoner Detainee Security Fund as required by state law. The Sheriff's office collects \$25 for the replacement of a CCW permit, which is not the amount allowed by state law.
Recorder of Deeds' Bank Reconciliations and Liabilities	The Recorder of Deeds does not prepare bank reconciliations and does not maintain a list of liabilities.
Recorder of Deeds' Electronic Data Security	The Recorder of Deeds has not established adequate password controls to reduce the risk of unauthorized access to computers and data. The Recorder of Deeds does not have security controls in place to lock her computer after a specified number of incorrect logon attempts.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Fair**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Organization and Statistical Information	12
---	----

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Dade County

We have audited certain operations of Dade County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

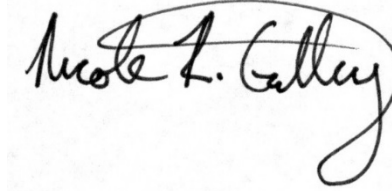

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions using haphazard and judgmental selection, as appropriate, but the results of our tests cannot be projected to the population of all transactions of the county. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Dade County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Dade County

Management Advisory Report

State Auditor's Findings

1. County Collector-Treasurer's Controls and Procedures

Controls and procedures in the County Collector-Treasurer's office need improvement. The office collected approximately \$7.5 million in property taxes and other receipts as the County Collector during the year ended February 28, 2021.

1.1 Commissions

The County Collector-Treasurer incorrectly withheld 3 percent on all real estate and personal property taxes collected rather than withholding 1 percent, resulting in the various political subdivisions not receiving the full amounts owed to them. The County Collector-Treasurer did not change the commission rate withheld for real estate and personal property taxes when the county switched from a township-organized county to a county-organized county in April 2017. These commissions were recorded in the General Revenue Fund and are owed to the various political subdivisions. For example, from November 2020 through January 2021, the County Collector-Treasurer withheld approximately \$109,000 from 2020 real estate and personal property taxes that should have been disbursed to the political subdivisions.

Section 65.610.1, RSMo, requires a county abolishing the township organization to immediately follow the laws in force in relation to counties not having township organization. Section 52.260(3), RSMo, requires the collector in counties not having township organization with taxes levied for any one year that exceeds \$3 million to collect a fee of 1 percent on all state, county, bridge, road, school, back and delinquent, and all other local taxes, to be deducted from the amounts collected.

1.2 Liabilities

The County Collector-Treasurer does not prepare a monthly list of liabilities for the County Collector bank account, and consequently, liabilities are not compared to the reconciled bank balance. The County Collector-Treasurer indicated he does not prepare a list of liabilities because he disburses all of the money collected, which is sufficient to ensure his records were accurate. The reconciled bank balance as of January 31, 2021, was \$200,857 while the list of liabilities totaled \$200,565 in undistributed January 2021 collections and interest, resulting in an unidentified balance (overage) of \$292. The County Collector-Treasurer was unable to identify the differences between liabilities and the reconciled bank balance.

Regular identification and comparison of liabilities to the reconciled bank balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences should be adequately investigated and resolved. Various statutory provisions provide for the disposition of unidentified money.

Dade County
Management Advisory Report - State Auditor's Findings

Recommendations

The County Collector-Treasurer:

- 1.1 Recalculate tax commissions withheld from real estate and personal property taxes since the change in county organization in April 2017, and correct distributions to the various political subdivisions and the General Revenue Fund. The County Collector-Treasurer should also ensure future commission calculations are accurate.
- 1.2 Ensure monthly lists of liabilities are prepared and reconciled timely to the bank account. Any differences between accounting records and reconciliations should be promptly investigated and resolved. In addition, any unidentified money should be disbursed in accordance with state law.

Auditee's Response

- 1.1 *I have corrected the amount of commissions being withheld in the computer system and corrected and disbursed the over withheld commissions to the appropriate political subdivisions.*
- 1.2 *I will consider preparing lists of liabilities to compare to my accounting records and bank account. I am going to wait to investigate and disburse the unidentified overage until the next tax season, because there was a system problem this tax year. There was a problem with online payments in December 2020 that was mostly corrected in January 2021; any missing credit to a tax bill should be identified by the taxpayer during next year's tax season.*

2. Sheriff's Controls and Procedures

Controls and procedures in the Sheriff's office need improvement. The office collected approximately \$33,000 for civil and criminal process fees, bonds, concealed carry weapon (CCW) permits, commissary sales, and other miscellaneous receipts during the year ended December 31, 2020.

2.1 Bank reconciliations and liabilities

The Sheriff does not prepare bank reconciliations and lists of liabilities monthly. All monthly bank reconciliations for the fees and inmate security accounts for the year ended December 31, 2020, were prepared in January 2021.

The reconciled bank balance for the fee account as of December 31, 2020, was \$6,083. The account included \$5,967 in civil and criminal process fees collected and not disbursed to the county from January 2020 to December 2020 (see section 2.3), and an additional \$87 of undistributed interest, resulting in an unidentified balance (overage) of \$29.

The Sheriff's office did not generate bank account reconciliations for the inmate security account, including a list of deposits in transit, outstanding checks, or adjustments, until requested by auditors on January 29, 2021. The resulting reconciled bank balance as of December 31, 2020, was \$9,877,

Dade County
Management Advisory Report - State Auditor's Findings

which included \$3,552 in liabilities accrued in the account. The unidentified balance remaining in the account (overage) totaled \$6,325.

The Sheriff indicated he does not have adequate staffing in his office to ensure bank reconciliations are performed monthly. Performing monthly bank reconciliations and preparing monthly lists of liabilities helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Regular identification and comparison of liabilities to the reconciled bank balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences should be adequately investigated and resolved. Various statutory provisions provide for the disposition of unidentified money.

2.2 Receipting, depositing, and transmitting

Procedures for receipting, depositing, and transmitting need improvement. We tested all receipt slips for 4 deposits made into the fee account and 4 deposits made into the inmate security account, totaling \$8,078, using haphazard and judgmental selection from all deposits made for these 2 accounts during the year ended December 31, 2020.

- Receipt slips for civil and criminal process fees are not always issued in numerical sequence. Five receipt slips of the 69 issued from March 6, 2020, through March 23, 2020, June 1, 2020, through July 1, 2020, September 1, 2020, through September 25, 2020, and December 1, 2020, through December 29, 2020, were not issued in numerical sequence.
- Receipts are not always deposited timely or transmitted timely to the County Collector-Treasurer. For example, the Sheriff did not deposit civil and criminal process fee receipts from March 6, 2020, through March 23, 2020, totaling \$474, until June 11, 2020, and fees received for CCW permits from March 6, 2020, through July 7, 2020, totaling \$2,025, were not transmitted to the County Collector-Treasurer until July 9, 2020. Additionally the Sheriff did not deposit inmate receipts from July 2, 2020, through July 30, 2020, totaling \$2,123, to the inmate security bank account until August 28, 2020.

The Sheriff indicated his office does not have adequate staffing to ensure procedures for receipting, depositing, and transmitting are performed monthly. To limit access to the money, he takes deposits to the bank himself.

Failure to implement adequate receipting, depositing, and transmitting procedures increases the risk that loss, theft, or misuse of receipts will occur and go undetected.

2.3 Disbursements

The Sheriff does not disburse some receipts timely as required by state law. During the year ended December 31, 2020, the Sheriff collected civil and

Dade County Management Advisory Report - State Auditor's Findings

criminal process fees totaling \$5,967. The fees were not disbursed to the County Collector-Treasurer until February 2021. The Sheriff also collected commissary sales totaling \$1,779 and board bills and medical fees totaling \$1,260 from January 2020 through May 2020. These receipts were not disbursed to the County Collector-Treasurer until June 2020. Additionally, the Sheriff collected drug testing fees totaling \$200 in December 2020. The fees were not disbursed to the County Collector-Treasurer until March 2021, after we brought this to his attention. The Sheriff indicated he does not have adequate staffing in his office to ensure timely disbursements are made.

Failure to implement adequate disbursing procedures increases the risk that loss, theft, or misuse of receipts will occur and go undetected. Section 50.370, RSMo, requires all county officials who receive fees or any other remuneration for official services to pay such fees monthly to the County Collector-Treasurer. Additionally, pursuant to Section 50.380, RSMo, the Sheriff may be subject to penalties for failure to timely disburse receipts.

2.4 Inmate Prisoner Detainee Security Fund

The Sheriff does not disburse all commissary net proceeds to the county Inmate Prisoner Detainee Security Fund as required by state law. Net proceeds from commissary sales are retained with inmate money in the inmate security bank account. Any amount in the bank account exceeding the inmate money and other liabilities is considered commissary net proceeds. As noted in section 2.1, an unidentified amount of \$6,325 remained in the inmate security bank account as of December 31, 2020. The Sheriff stated he was waiting to turn over the remaining money until he changed commissary vendors in 2021.

Section 221.102, RSMo, requires each county jail to keep revenues from its commissary in a separate account and pay for goods and other expenses from that account, allows retention of a minimum amount of money in the account for cash flow purposes and current expenses, and requires deposit of the remaining money (net proceeds) into the county Inmate Prisoner Detainee Security Fund held by the County Collector-Treasurer.

2.5 CCW Permits

The Sheriff's office collects \$25 for the replacement of a CCW permit, which is not the amount allowed by state law. The Sheriff indicated this was the cost to print a replacement permit.

Section 571.104.6, RSMo, allows the Sheriff to charge a \$10 processing fee for costs associated with replacing a lost or destroyed CCW permit.

Similar conditions previously reported

A similar condition to section 2.1 was noted in our prior 4 audit reports. A similar condition to section 2.2 was noted in our prior 5 audit reports. Similar conditions to section 2.3 and 2.4 were noted in our prior audit report. In addition, Report No. 2018-131, *Follow-up Report on Audit Findings - Dade County* (sections 1.3, 1.4, 1.5, 2.2, 2.3, and 2.4), issued in December 2018,

Dade County
Management Advisory Report - State Auditor's Findings

reported the statuses, at that time, as partially implemented for sections 1.3, 1.5, 2.2, and 2.3, and not implemented for sections 1.4 and 2.4.

Recommendations

The Sheriff:

- 2.1 Ensure monthly bank reconciliations and lists of liabilities are prepared and reconciled timely. Any differences between accounting records and reconciliations should be promptly investigated and resolved. In addition, if any money remains unidentified, the money should be disbursed in accordance with state law.
- 2.2 Issue receipt slips in numerical sequence, deposit receipts timely, and transmit receipts timely to the County Collector-Treasurer.
- 2.3 Disburse receipts timely.
- 2.4 Ensure existing and future commissary net proceeds not necessary to meet cash flow needs or current operating expenses are disbursed to the County Collector-Treasurer for deposit in the Inmate Prisoner Detainee Security Fund.
- 2.5 Ensure the fee amount charged for replacing a lost or destroyed CCW permit is allowed by state law.

Auditee's Response

- 2.1 *I will attempt to be timely on future reconciliations. If any money remains unidentified, we will disburse it in accordance with state law.*
- 2.2 *All manual receipt slips have been discontinued. A computer generated receipt slip is produced and tracked by the software provider. Receipts transmitted to the County Collector-Treasurer are dependent on the timely reconciliation. As stated earlier, I will attempt to be more diligent to complete that task.*
- 2.3 *Disbursements are dependent on the timely reconciliation. As stated earlier, I will attempt to be more diligent to complete that task.*
- 2.4 *The inmate security balance was transmitted to the County Collector-Treasurer in the Spring of 2021. Again, the accurate transmission of these funds depends on the complete closing of the current period that is being remitted.*
- 2.5 *The permit fee that was incorrectly collected will not happen again.*

Dade County
Management Advisory Report - State Auditor's Findings

3. Recorder of Deeds' Bank Reconciliations and Liabilities

Controls and procedures in the Recorder of Deeds' office need improvement. The office collected approximately \$62,000 for recording documents such as marriage licenses, deeds, and other miscellaneous receipts during the year ended December 31, 2020.

The Recorder of Deeds does not prepare bank reconciliations and does not maintain a list of liabilities due to time constraints. As a result, she did not identify a March 2020 distribution error totaling \$894 until January 2021, and the subsequent distributions to correct the error were not completed until February 2021. The distribution error occurred when the Recorder of Deeds inadvertently ran the March distribution report for less than the entire month, so not all March receipts were included.

At our request, the Recorder of Deeds prepared a list of liabilities as of December 31, 2020. The reconciled bank balance as of December 31, 2020, was \$6,791 while the list of liabilities totaled \$6,518, including \$5,431 in undistributed December 2020 collections, \$894 in undistributed March 2020 collections, \$128 in tax liens, and \$65 in interest not distributed. This resulted in an unidentified balance (overage) of \$273. The Recorder of Deeds was unable to identify the differences between liabilities and the reconciled bank balance.

Performing monthly bank reconciliations and preparing monthly lists of liabilities helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely. Regular identification and comparison of liabilities to the reconciled bank balance is necessary to ensure accounting records are in balance, all amounts received are disbursed, and money is available to satisfy all liabilities. Differences should be adequately investigated and resolved. Various statutory provisions provide for the disposition of unidentified money.

Recommendation

The Recorder of Deeds prepare monthly bank reconciliations and lists of liabilities and reconcile the list of liabilities to the bank reconciliation. Any differences between accounting records and reconciliations should be promptly investigated and resolved. In addition, any unidentified money should be disbursed in accordance with state law.

Auditee's Response

The March 2020 mistake was made when COVID-19 hit. When I ran my report at the end of the month, I put the wrong times on the report, which caused the error. I believe the \$273 overage has accumulated over several years, probably from running my month end report with specific times that did not include the entire workday. I will research this amount and turn any remaining unidentified amount over to the County Collector-Treasurer. I do not reconcile my bank account. I collect one month and disburse everything out the very next month. I will try to reconcile timely in the future.

4. Recorder of Deeds' Electronic Data Security

4.1 Passwords and user identification

Controls over the Recorder of Deeds' computers are not sufficient. As a result, the office's records are not adequately protected and are susceptible to unauthorized access or loss of data.

The Recorder of Deeds has not established adequate password controls to reduce the risk of unauthorized access to computers and data. The Recorder of Deeds is not required to change her password periodically to help ensure it remains known only to her. In addition, the Recorder of Deeds is not required to have a minimum number of characters in the password. The Recorder of Deeds believed having passwords on the computer software was a sufficient password control.

Passwords are necessary to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords do not have to be periodically changed or contain a minimum number of characters, there is less assurance the office is effectively limiting access to computers and data files. Passwords should be unique and confidential and changed periodically to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

4.2 Security controls

The Recorder of Deeds does not have security controls in place to lock her computer after a specified number of incorrect logon attempts. The Recorder of Deeds is the only staff in the office and did not believe this control was necessary.

Logon attempt controls lock the capability to access a computer after a specified number of consecutive invalid logon attempts and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer by guessing passwords. Without effective security controls, there is an increased risk of unauthorized access to computers and the unauthorized use, modification, or destruction of data.

A similar condition was noted in our prior audit report.

Recommendations

The Recorder of Deeds:

- 4.1 Require confidential passwords that contain a minimum number of characters, and are periodically changed to prevent unauthorized access to county computers and data.
- 4.2 Require computers to have security controls in place to lock the computer after a specified number of incorrect logon attempts.

Dade County
Management Advisory Report - State Auditor's Findings

Auditee's Response

I am the only one with access to my computer, so I did not believe these password and security controls were necessary. I will work with my information technology vendor to correct these issues.

Dade County

Organization and Statistical Information

Dade County is a county-organized, third-class county. Dade County was a township-organized, third class county until April 4, 2017, when voters approved the abolishment of the township form of government. The offices of the County Collector and County Treasurer were not separated when the township was abolished, so the County Collector-Treasurer is responsible for the duties of both offices. The county seat is Greenfield.

Dade County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county roads and bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 30 full-time employees and 7 part-time employees on December 31, 2020.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2021	2020
Randy Daniel, Presiding Commissioner	\$	29,080
David Rusch, Associate Commissioner		27,080
Dallas Maxwell, Associate Commissioner		27,080
Carolyn Kile, Recorder of Deeds		40,000
Melinda Wright, County Clerk		40,000
Kaitlin S. Greenwade, Prosecuting Attorney		47,000
Max Huffman, Sheriff		44,000
Gary Banta, County Coroner		13,000
Chrissy Welch, Public Administrator		27,000
Rod O'Connor, County Collector-Treasurer (1), year ended February 28,	45,580	
Annette Black, County Assessor, year ended August 31,		40,000

(1) Includes \$5,580 of commissions earned for collecting city property taxes.

Appendix	
Benefits and Employer Refunds or Credits Through April 30, 2021	8

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to summarize the unemployment benefits and relief received by Missouri citizens, government entities, and nonprofit organizations related to the Coronavirus Disease 2019 (COVID-19) emergency from declaration of the emergency through April 2021.

In March 2020, Congress passed several legislative measures signed into law to provide assistance to citizens becoming unemployed due to the COVID-19 emergency. In August 2020, following expiration of a significant program in the initial legislation, the President issued an executive memorandum for a new short-term program. In December 2020, Congress passed another legislative measure signed into law extending provisions set to expire that month and establishing new or modified unemployment assistance programs. In March 2021, Congress passed another legislative measure signed into law extending provisions set to expire that month and establishing new or modified unemployment assistance programs. The unemployment assistance funding is processed through the state's Unemployment Insurance Trust Fund at the Department of Labor and Industrial Relations.

Through April 30, 2021, more than 600,000 Missouri citizens have received assistance totaling more than \$4.9 billion from at least one of the unemployment benefit programs. Also, through that date, approximately 1,700 government entities and nonprofit organizations have received \$30.2 million in emergency unemployment relief. In May, the Governor announced that Missouri would end participation in all pandemic-related unemployment benefits effective June 12, 2021.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
Audit Manager:	Alex R. Prenger, M.S.Acct., CPA, CISA, CFE, CGAP

Federal Unemployment Funding for COVID-19 Response Through April 2021 Executive Summary

Executive Summary

Missouri citizens have received unemployment assistance under the following federal laws enacted or executive action taken in March, August, and December 2020 and March 2021:

- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Memorandum on Authorizing the Other Needs Assistance Program for Major Disaster Declarations Related to Coronavirus Disease 2019
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan (ARP) Act of 2021 (Public Law 117-2; H.R.1319)

The Families First Coronavirus Response Act includes the Emergency Unemployment Insurance Stabilization and Access Act of 2020 (EUISAA).¹ That act provides, among other things, (1) emergency administrative grants to states; (2) emergency flexibilities to states related to temporarily modifying certain aspects of their unemployment compensation laws; (3) a short-term waiver of interest payments due and interest accrual on Title XII advances to states; and (4) full federal funding, under certain circumstances, of extended benefits (EB) paid through December 31, 2020. The EUISAA also requires the U.S. Department of Labor to provide technical assistance and guidance to assist states in establishing, implementing, and improving employer awareness of the Short-Time Compensation (STC) program, also known as Shared Work or Work Share. The Consolidated Appropriations Act extends certain EUISAA provisions and STC program benefits to March 14, 2021. The ARP Act extends that date to September 6, 2021.

The CARES Act authorizes the following provisions with changes and extensions authorized by the Continued Assistance Act (part of the Consolidated Appropriations Act) and the ARP Act:²

¹ U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 13-20*, pages 2-8, issued March 22, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 9-21*, pages 4-5 and 13, issued December 30, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 14-21*, pages 4 and 11, issued March 15, 2021.

² U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 14-20*, pages 3-6, issued April 2, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 9-21*, pages 6 and 10-12, issued December 30, 2020. U. S. Department of Labor, *Advisory: Unemployment Insurance Program Letter No. 14-21*, pages 5-9, issued March 15, 2021.

Federal Unemployment Funding for COVID-19 Response
Through April 2021
Executive Summary

Pandemic Unemployment
Assistance

The CARES Act authorizes the Pandemic Unemployment Assistance (PUA) program, which provides up to 39 weeks of benefits and is available starting with weeks of unemployment beginning on or after January 27, 2020, and ending on or before December 31, 2020.

The program covers individuals who are self-employed, seeking part-time employment, or whom otherwise would not qualify for regular unemployment compensation (UC) or EB under state or federal law or Pandemic Emergency Unemployment Compensation (PEUC). Coverage also includes individuals who have exhausted all rights to regular UC or EB under state or federal law, or PEUC.

The Continued Assistance Act extends the end of the period of applicability for the program, without interruption, to weeks of unemployment ending on or before March 14, 2021. The act increases the maximum number of weeks of PUA benefits from 39 weeks to 50 weeks. The number of weeks available continues to be reduced by any weeks of regular UC and EB that the individual receives with respect to the pandemic assistance period. Individuals may only collect these additional 11 weeks of benefits with respect to weeks of unemployment beginning on or after December 27, 2020.

The ARP Act extends the end of the period of applicability for the program, without interruption, to weeks of unemployment ending on or before September 6, 2021. The maximum number of weeks of PUA benefits increases from 50 weeks to 79 weeks. The number of weeks available continues to be reduced by any weeks of regular UC and EB that the individual receives with respect to the pandemic assistance period. Generally, an individual must have exhausted all entitlement to regular UC, PEUC, and EB before being eligible for PUA. However, the ARP Act provides a "hold harmless" provision for an individual who previously exhausted PEUC and is now receiving PUA, but, because of Section 9016(b), the ARP Act, becomes eligible for additional amounts of PEUC beginning on or after March 11, 2021. States may temporarily continue paying PUA to an individual currently receiving PUA who is newly eligible to receive PEUC due to the additional weeks of PEUC.

Pandemic Emergency
Unemployment Compensation

The CARES Act authorizes the Pandemic Emergency Unemployment Compensation program, which provides up to 13 weeks of benefits and is available for weeks of unemployment beginning after the date on which the state enters into an agreement with the U.S. Department of Labor and ending with weeks of unemployment ending on or before December 31, 2020.

This program covers individuals who: have exhausted all rights to regular UC under state or federal law; have no rights to regular UC under any other state or federal law; are not receiving compensation under the UC laws of Canada; and are able to work, available for work, and actively seeking work. However,

Federal Unemployment Funding for COVID-19 Response
Through April 2021
Executive Summary

states shall offer flexibility in meeting the "actively seeking work" requirement if individuals are unable to search for work because of COVID-19, including because of illness, quarantine, or movement restriction.

Among the requirements of this program is a non-reduction rule, which prohibits states from changing the computation method governing regular UC law in a way that results in the reduction of average weekly benefit amounts or the number of weeks of benefits payable (i.e., maximum benefit entitlement).

The Continued Assistance Act extends the end of the period of applicability for the PEUC program, without interruption, to weeks of unemployment ending on or before March 14, 2021. Individuals receiving PEUC as of the end of the program could continue to collect PEUC if they have remaining entitlement and are otherwise eligible to receive these benefits. However, no PEUC is payable for any week beginning after April 5, 2021. The maximum amount of PEUC benefits increases from 13 times the individual's average weekly benefit amount (WBA) to 24 times the individual's average WBA. Individuals may only collect the additional amount, 11 times their average WBA, with respect to weeks of unemployment beginning on or after December 27, 2020.

The ARP Act extends the end of the period of applicability for the PEUC program, without interruption, to weeks of unemployment ending on or before September 6, 2021. The maximum amount of PEUC compensation that may be established in an individual's account for the benefit year increases from 24 times the individual's average WBA to 53 times the individual's average WBA. No amount of benefits is payable by virtue of the amendments made by the ARP Act with respect to any week of unemployment ending on or before March 14, 2021.

Federal Pandemic Unemployment Compensation

The CARES Act authorizes the Federal Pandemic Unemployment Compensation (FPUC) program, which provides an additional \$600 per week to individuals who were collecting regular UC (including Unemployment Compensation for Federal Employees and Unemployment Compensation for Ex-Servicemembers), PEUC, PUA, EB, STC, Trade Readjustment Allowances, Disaster Unemployment Assistance, and payments under the Self Employment Assistance program. The program is available for weeks of unemployment beginning after the date on which the state enters into an agreement with the U.S. Department of Labor and ending with weeks of unemployment ending on or before July 31, 2020.

The Continued Assistance Act reauthorizes the FPUC program and modifies it to provide \$300 per week in supplemental benefits for weeks of unemployment beginning after December 26, 2020, and ending on or before March 14, 2021. FPUC is not payable with respect to any week during the

Federal Unemployment Funding for COVID-19 Response
Through April 2021
Executive Summary

gap in applicability, that is, weeks of unemployment ending after July 31, 2020 through weeks of unemployment ending on or before December 26, 2020. The ARP Act extends the program at the same weekly benefit level through the week ending on or before September 6, 2021.

Mixed Earners Unemployment Compensation

The Continued Assistance Act authorizes the Mixed Earners Unemployment Compensation (MEUC) program for states that elect to participate. The program provides \$100 each week, in addition to FPUC, to individuals with \$5,000 or more in self-employment income in the previous tax year who are receiving unemployment benefits from a program other than PUA. MEUC is payable beginning with weeks of unemployment no earlier than week ending January 2, 2021, through the week of unemployment ending on or before March 14, 2021. The ARP Act extends that date to September 6, 2021.

Emergency Unemployment Relief for Governmental Entities and Non-profit Organizations

The CARES Act provides for transfers to a state's account in the unemployment trust fund from the Federal Unemployment Account to provide partial reimbursements (generally 50 percent of the amount of payments in lieu of contributions) to state and local governmental entities, certain nonprofit organizations, and federally recognized Indian tribes for weeks of unemployment between March 13, 2020, and December 31, 2020. These partial reimbursements apply to all payments made during this time period, even if the unemployed individual is not unemployed as a result of COVID-19.

The Continued Assistance Act extends the relief to weeks of unemployment ending on or before March 14, 2021. The ARP Act extends that date to September 6, 2021. With this extension, the amount of emergency relief for weeks of unemployment beginning after March 31, 2021, increases from 50 percent of compensation paid to 75 percent.

Waiting Week

Under the CARES Act, states that provide compensation to individuals for their first week of unemployment (i.e., states that do not require a waiting week) and that enter into an agreement with the U.S. Department of Labor will receive 100 percent federal funding for the total amount of regular UC paid to individuals for their first week of regular UC. This funding is available for weeks of unemployment beginning after the date on which the state enters into the agreement and ends with weeks of unemployment ending on or before December 31, 2020.

The Continued Assistance Act extends this benefit through weeks of unemployment ending on or before March 14, 2021. The amount of federal funding for reimbursement under this provision decreases from 100 percent to 50 percent for weeks of unemployment ending after December 31, 2020.

The ARP Act extends this benefit through weeks of unemployment ending on or before September 6, 2021. The act also retroactively re-establishes the

Federal Unemployment Funding for COVID-19 Response
Through April 2021
Executive Summary

amount of federal funding for reimbursement at 100 percent for weeks of unemployment ending after December 31, 2020.

Other Needs Assistance Program³ Through a Federal Emergency Management Agency (FEMA) administered grant for lost wages assistance from the Disaster Relief Fund, a state can provide eligible recipients a \$400 payment per week, which shall reflect a \$300 federal contribution, to eligible claimants from the week of unemployment ending August 1, 2020. The state is responsible for \$100 of the weekly benefit. The President issued the memorandum on August 8, 2020.

This program was available until the Disaster Relief Fund balance reached \$25 billion or for weeks of unemployment ending not later than December 6, 2020, whichever occurred first, at which time the lost wages assistance program would terminate. In Missouri, this program ended in early September 2020. The program allowed states 90 days following the period of assistance for a period of performance to resolve outstanding program issues. Missouri received a 6-month extension for this work in March 2021. The extension expires September 27, 2021.

Assistance Provided
Through April 2021

Through April 30, 2021, more than 600,000 Missouri citizens have received assistance totaling more than \$4.9 billion from at least one of these programs. Also, through that date approximately 1,700 government entities and nonprofit organizations have received \$30.2 million in emergency unemployment relief. In May, the Governor announced that Missouri would end participation in all pandemic-related unemployment benefits effective June 12, 2021.

³ Memorandum on Authorizing the Other Needs Assistance Program for Major Disaster Declarations Related to Coronavirus Disease 2019, August 8, 2020, <<https://trumpwhitehouse.archives.gov/presidential-actions/memorandum-authorizing-needs-assistance-program-major-disaster-declarations-related-coronavirus-disease-2019/>>, accessed June 28, 2021.

Appendix

Federal Unemployment Funding for COVID-19 Response Benefits and Employer Refunds or Credits Through April 30, 2021

Program Name	Benefits/Employer Refunds or Credits Through April 30, 2021 ¹	Number of Citizens Impacted	Start Date ²	End Date ²
Benefits:				
Federal Pandemic Unemployment Compensation	\$ 3,630,424,756	607,330	3/28/2020	9/6/2021
Pandemic Unemployment Assistance	482,085,638	141,019	1/27/2020	9/6/2021

Lost Wage Assistance ³	305,765,016	213,795	7/26/2020	9/27/2021
Total Benefits Programs	<u>4,936,739,497</u>			
Refunds or Credits:				
Emergency Relief for Government Entities and Nonprofit Organizations	30,207,154	1,680	3/13/2020	9/6/2021
Total all Programs	<u>\$ 4,966,946,651</u>			

¹ Benefits paid are reported on a cash basis, net of cancellations and recoupment of any overpayments.

² The start and end dates for benefit programs refer to the week of unemployment that is reported by the claimant after the week is over. If a claim is under review because of an issue, the payment for the week will be delayed until the issue is resolved. Issues may include reason for termination, other wages received, availability for work, etc. In May, the Governor announced that Missouri would end participation in all pandemic-related unemployment benefits effective June 12, 2021.

³ The state's portion of this program is not included in the total.

⁴ The number of citizens impacted was incorrectly list in the previous report as 565,783.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for political subdivisions other than cities, towns, and villages, required to file a financial report, under Section 105.145, RSMo, and 15 CSR 40-3.030. Section 105.145, RSMo, provides that the State Auditor's Office notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Because of different filing requirements, a separate report is issued for cities, towns, and villages.

The filing status for the 10 political subdivisions required to file a financial report by May 31, 2021, is presented in summary on page 3 and by individual entity in Appendix A. We have not audited the reports submitted and, accordingly, do not express an opinion or any other assurance on them.

This report also includes the updated filing status for political subdivisions, other than cities, towns, and villages, that filed a financial report in May 2021, after their filing deadline. The filing status for these 10 entities is presented in summary on page 3 and by individual entity in Appendix B-E.

Senior Analyst:	Jill Wilson, MBA

Monthly Report on Political Subdivision Filings

May 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision in the state, except counties and school districts, to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

This report includes the filing status for the 10 political subdivisions, other than cities, towns, and villages, with a fiscal year end of November 30, 2020. Cities, towns, and villages have additional filing requirements and their reporting status is included in a separate report. Of the 10 political subdivisions, 4 filed an annual financial report timely.

This report also includes the filing status for 10 political subdivisions, other than cities, towns, and villages, that filed their financial report in May 2021, after their filing deadline.

Appendix A
Status of Political Subdivisions Required to File Annual Financial Reports

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this compilation is to report the filing status for the municipalities required to file a financial report by May 31, 2021, under Section 105.145, RSMo, and 15 CSR 40-3.030, and, when applicable, an addendum under Section 479.359, RSMo, and 15 CSR 40-3.170 and a municipal court certification under Section 479.360, RSMo, and 15 CSR 40-3.180.

Section 105.145, RSMo, provides that the State Auditor's Office (SAO) notify the Department of Revenue if any city, town, or village fails to timely submit a copy of its annual financial report. Additionally, Section 479.362, RSMo, provides that the SAO notify the Department of Revenue whether counties, cities, towns, and villages have timely filed under Sections 479.359 and 479.360, RSMo. Because of different filing requirements, a separate report is issued for all other political subdivisions required to file a financial report.

The filing status for the 2 cities is presented in summary on page 3 and by individual entity in Appendix A. This compilation is limited to presenting information submitted to our office. We have not audited the information submitted and, accordingly, do not express an opinion or any other form of assurance on it.

This report includes the updated filing status for municipalities that filed at least one of the items (financial report, addendum, or certification) in May 2021, after their filing deadline. The filing status for these 80 cities and 9 villages is presented in summary on page 4 and by individual entity in Appendixes B to H.

Nicole R. Galloway, CPA
State Auditor

The following staff participated in the preparation of this report:

Director of Audits:	Jon Halwes, CPA, CGFM
General Counsel:	Paul Harper, JD
Senior Analyst:	Jill Wilson, MBA

Monthly Report on Municipal Court and Revenue Filings

May 2021

Executive Summary

Executive Summary

Section 105.145, RSMo, requires the governing body of each political subdivision, except counties and school districts, in the state to prepare and remit to the state auditor an annual report of financial transactions. 15 CSR 40-3.030 requires the financial report to be remitted to the state auditor within 6 months of the end of the political subdivision's fiscal year. The State Auditor's Office (SAO) posts individual annual financial reports to its website. A searchable link is available at <http://auditor.mo.gov>.

Section 105.145, RSMo, requires the state auditor to notify the Department of Revenue if any political subdivision fails to timely submit a copy of its annual financial report. Any political subdivision that fails to timely submit the annual financial report shall be subject to a fine of \$500 per day upon notice by the Department of Revenue, except transportation development districts with a gross revenues less than \$5,000 in the fiscal year of the annual financial report.

Section 479.359.1, RSMo, requires every county, city, town, and village to annually calculate the percentage of its annual general operating revenue received from fines, bond forfeitures, and court costs for minor traffic violations.

Section 479.359.3, RSMo, provides that all entities having a municipal court file an addendum to the annual financial report containing items listed in 15 CSR 40-3.170, which also provides the procedures to file an addendum.

Section 479.360, RSMo, requires every county, city, town, and village that has a municipal court to file, with its annual financial report, a certification of substantial compliance with 10 municipal court procedures. This certification must be signed by the municipal court judge. 15 CSR 40-3.180 provides the procedure to file the municipal court certification. Any county, city, town, or village that does not have a municipal court judge is not required to file a certification.

Section 479.362, RSMo, requires that the SAO notify the Department of Revenue whether counties, cities, towns, or villages have timely filed their addendums under Section 479.359 and certificates of substantial compliance under Section 479.360, RSMo. Section 479.368, RSMo, provides penalties for counties, cities, towns, and villages that fail to file, including loss of revenue and mandatory ballot measure to dissolve the political subdivision.

This report includes the filing status for the 2 cities with a fiscal year end of November 30, 2020, whose financial report was due by May 31, 2021. Of the 2 municipalities, both filed the financial report timely. Of the 2 municipalities required to file an addendum, 1 filed timely. The only municipality required to file a certification filed it timely.

Monthly Report on Municipal Court and Revenue Filings
May 2021
Executive Summary

This report includes the filing status for 80 cities and 9 villages that filed at least one of the items (financial report, addendum, or certification) in May 2021, after their filing deadline. Of these municipalities, 3 filed an annual financial report, 77 filed an addendum, and 31 filed a certification.

The seal of the Missouri State Auditor is a circular emblem. It features a central shield with a balance scale and a plow. Above the shield is an eagle with spread wings. The text "SEAL OF THE STATE AUDITOR" is written in a circle around the top, and "MISSOURI 1820 1892" is written around the bottom. The phrase "UNDER THE STAND DIVIDED" is written across the middle of the seal.

CITIZENS SUMMARY

Findings in the audit of Henry County

Prosecuting Attorney's Controls and Procedures	The Prosecuting Attorney has not adequately segregated accounting duties and does not perform a documented supervisory review of detailed accounting records and transmittals. The Prosecuting Attorney has not established adequate procedures for recording receipts.
Sheriff's Controls and Procedures	The Sheriff's office does not always record or correctly record the method of payment on receipt slips issued for the fee account. The Sheriff's office does not prepare adequate bank reconciliations for the inmate commissary account. The Sheriff's office has not established procedures to follow up on outstanding checks and other reconciling items. The Sheriff's office has not performed a physical inventory of all seized property.
Electronic Data Security	The County Clerk, Prosecuting Attorney, and County Collector-Treasurer have not established adequate password controls to reduce the risk of unauthorized access to computers and data. The County Clerk, County Collector-Treasurer, Sheriff, and County Assessor do not have security controls in place to lock computers after a certain number of incorrect logon attempts.
Additional Comments	Because counties are managed by several separately-elected individuals, an audit finding made with respect to one office does not necessarily apply to the operations in another office. The overall rating assigned to the county is intended to reflect the performance of the county as a whole. It does not indicate the performance of any one elected official or county office.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

Information	

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Commission
and
Officeholders of Henry County

We have audited certain operations of Henry County in fulfillment of our duties under Section 29.230, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2019. The objectives of our audit were to:

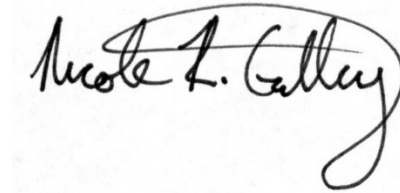

1. Evaluate the county's internal controls over significant management and financial functions.
2. Evaluate the county's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the county's management and was not subjected to the procedures applied in our audit of the county.

For the areas audited, we identified (1) deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of Henry County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Henry County Management Advisory Report State Auditor's Findings

1. Prosecuting Attorney's Controls and Procedures

Controls and procedures in the Prosecuting Attorney's office need improvement. Office personnel collected approximately \$54,000 in bad check and court-ordered restitution and fees during the year ended December 31, 2019.

1.1 Segregation of duties

The Prosecuting Attorney has not adequately segregated accounting duties and does not perform a documented supervisory review of detailed accounting records and transmittals. The assistant is primarily responsible for receiving, recording, and transmitting receipts. The Prosecuting Attorney does not perform documented reviews of accounting and transmittal records to ensure receipts are properly recorded and transmitted.

Proper segregation of duties is necessary to ensure transactions are accounted for properly and assets are adequately safeguarded. Internal controls would be improved by segregating the duties of receiving, recording, and transmitting receipts. If proper segregation of duties cannot be achieved, documented independent or supervisory reviews of detailed accounting and transmittal records are essential and should include comparing daily receipt activity to transmittals.

1.2 Receipt recording

The Prosecuting Attorney has not established adequate procedures for recording receipts. We reviewed all 45 manual receipt slips issued for September 2019 and identified the following concerns:

- The Prosecuting Attorney does not reconcile manual receipt slips issued to the two case management systems to ensure all receipt slips are recorded in both systems. Two receipt slips totaling \$200 were not recorded to either system and another receipt slip for \$633 was only recorded to one of the systems. In addition, receipts recorded in these systems during the year ended December 31, 2019, totaled \$56,394 in one system and \$54,396 in the other system, for a difference of \$1,998.
- The Prosecuting Attorney does not account for the numerical sequence of transaction numbers in the case management systems. Three transaction numbers were missing in one system and another transaction number was missing in the other system. These transactions were likely voided or deleted. In addition, 3 transaction numbers were not in numerical sequence in one case management system. The Office Manager indicated the office's procedure when voiding a transaction number with a data entry error is to issue a new transaction number with the date from the original transaction.

Failure to implement adequate recording procedures increases the risk that loss, theft, or misuse of money will occur and go undetected.

Henry County
Management Advisory Report - State Auditor's Findings

Similar conditions
previously reported

Similar conditions were noted in our 3 prior audit reports. In addition, Report No. 2016-043, *Follow-Up Report on Audit Findings - Henry County* (sections 7.1 and 7.2), issued in July 2016, reported the status, at that time, as partially implemented for section 7.1 and implemented for section 7.2.

Recommendations

The Prosecuting Attorney:

- 1.1 Segregate accounting duties or ensure independent or supervisory reviews of detailed accounting and transmittal records are performed and documented.
- 1.2 Perform reconciliations between the manual receipt slips and the case management systems on a periodic basis. Any differences should be investigated and resolved in a timely manner. In addition, the Prosecuting Attorney should account for the numerical sequence of transactions numbers in the case management systems and evaluate the need to maintain two systems.

Auditee's Response

- 1.1 *As we have noted in our responses to previous audits, we do not have adequate personnel to segregate duties as recommended. We have committed to provide maximum service to the public by being open during the lunch hour which often means there is only one person in the office to perform all of the duties.*

As to the recommendation about supervisory reviews, the auditor suggested a simple procedure to document the supervisory reviews we have been doing and either the Prosecuting Attorney or the office manager will initial all account adjustments.

- 1.2 *We believe we have improved our procedures for receipting money since the last audit. The problems noted in the report were the product of simple human error and not a result of a procedural weakness. We will try to improve the documentation of reconciliations between manual and case management system records. We intend to continue to phase out the use of the Dennis Jones case management system towards the goal of using only the Karpel case management system.*

**2. Sheriff's Controls
and Procedures**

Controls and procedures in the Sheriff's office need improvement. Office personnel collected approximately \$427,000 for civil paper service, prisoner board, commissary commissions, and other miscellaneous receipts during the year ended December 31, 2019.

2.1 Fee account receipting,
recording, and depositing

The Sheriff's office does not always record or correctly record the method of payment on receipt slips issued for the fee account. For the week ended October 26, 2019, the method of payment was not recorded on one receipt

Henry County Management Advisory Report - State Auditor's Findings

slip and the method of payment was not recorded correctly on another receipt slip. In addition, during our cash count conducted on June 12, 2020, the method of payment was not recorded on 3 of 4 receipt slips reviewed. As a result, the composition of receipts cannot be reconciled to the composition of deposits.

Failure to implement adequate receipting, recording, and depositing procedures increases the risk that loss, theft, or misuse of money received will occur and go undetected.

2.2 Inmate commissary account bank reconciliations and liabilities

The Sheriff's office does not prepare adequate bank reconciliations for the inmate commissary account. In addition, a monthly list of liabilities is not prepared to reconcile to the inmate commissary account balance.

The Sheriff does not perform procedures to identify outstanding checks, deposits in transit, and other reconciling items. As a result, the bank balance is not reconciled to the book balance. As of August 31, 2020, the bank balance was \$20,977 and the book balance was \$17,077, for a difference of \$3,900. At our request, the Sheriff generated a list of inmate balances (liabilities) that agreed to the book balance. We identified outstanding checks totaling \$4,462 and deposits in transit totaling \$220 and calculated the adjusted bank balance of \$16,735 at August 31, 2020, resulting in a shortage of \$342.

Performing adequate monthly bank reconciliations helps ensure accurate records are kept and increases the likelihood errors will be identified. Monthly lists of liabilities should be prepared and reconciled to the available cash balance to ensure sufficient cash is available for the payments of amounts due and all money in the bank can be identified. Prompt follow up on discrepancies is necessary to resolve errors.

2.3 Outstanding checks and other reconciling items

The Sheriff's office has not established procedures to follow up on outstanding checks and other reconciling items.

As of August 31, 2020, 380 checks totaling \$3,988 had been outstanding for the inmate commissary account for more than a year. For the fee account, 20 debit journal entries totaling \$6,993 and 20 credit journal entries totaling \$6,993 were made during 2017 and 2018, but remained as reconciling items on the bank reconciliation report as of December 31, 2019. The Sheriff indicated these journal entries are created when his office voids checks and he was not sure why they remained on the reconciliation report.

Procedures to routinely follow up on outstanding checks are necessary to prevent the accumulation of money in the inmate commissary account and to ensure the checks are appropriately reissued to the payee or the money is disbursed as otherwise provided by state law. Failure to resolve reconciling

Henry County Management Advisory Report - State Auditor's Findings

items timely in the fee account increases the risk that other errors or misstatements will not be detected and corrected timely.

2.4 Seized property

The Sheriff's office has not performed a physical inventory of all seized property.

Considering the often sensitive nature of seized property, adequate internal controls, including physical inventories, are essential to ensure seized property is accounted for properly and to reduce the risk of loss, theft, or misuse of the property.

Similar conditions previously reported

Similar conditions to sections 2.2, 2.3, and 2.4 were noted in our prior audit report. In addition, Report No. 2016-043, *Follow-Up Report on Audit Findings - Henry County* (sections 4.1, 4.4, and 4.6), issued in July 2016, reported the status, at that time, as partially implemented for sections 4.1 and 4.4 and not implemented for section 4.6.

Recommendations

The Sheriff:

- 2.1 Indicate the method of payment on all receipt slips and reconcile the composition of receipts to the composition of deposits.
- 2.2 Ensure adequate monthly bank reconciliations are prepared using outstanding checks, deposits in transit, and other reconciling items. In addition, prepare a monthly list of liabilities and reconcile the listing to the available cash balance. Any differences between accounting records and reconciliations should be promptly investigated and resolved.
- 2.3 Routinely investigate outstanding checks. Old outstanding checks should be voided and reissued to payees that can be readily located. If payees cannot be located, the money should be disposed of in accordance with state law. The Sheriff should also ensure other reconciling items are investigated and resolved timely.
- 2.4 Ensure a periodic inventory is conducted and reconciled to the seized property evidence log, and investigate any differences.

Auditee's Response

- 2.1 *While we are not able to make the method of payment field in QuickBooks mandatory, we will more closely monitor the method of payment when generating the deposit summary report. In addition, we will reconcile the composition of receipts to the composition of deposits.*
- 2.2 *We will continue to make the request of our vendor of the commissary system to incorporate a bank reconciliation report that includes*

Henry County Management Advisory Report - State Auditor's Findings

outstanding checks, deposits in transit, and other reconciling items. In the meantime, we will attempt to perform a manual bank reconciliation. In addition, we have started preparing a list of liabilities monthly, and agreeing it to the book balance.

2.3 *We have cleared outstanding checks through December 17, 2020, in the inmate commissary account. Moving forward, outstanding checks greater than 180 days will be investigated and cleared. In addition, we will work to resolve the other reconciling items (journal entries).*

2.4 *We will continue to complete spot audits of seized property inventory and have made significant headway in reducing our seized property inventory this past year through destruction orders. We will maintain a log of spot audits for future reference. Currently, we do not have enough manpower to complete a full audit of seized property annually.*

3. Electronic Data Security

Controls over county computers are not sufficient. As a result, county records are not adequately protected and are susceptible to unauthorized access or loss of data.

3.1 Passwords

The County Clerk, Prosecuting Attorney, and County Collector-Treasurer have not established adequate password controls to reduce the risk of unauthorized access to computers and data. Employees in the offices of Prosecuting Attorney and County Collector-Treasurer are not required to change passwords periodically and employees in the County Clerk's and Prosecuting Attorney's offices are not required to have passwords with a minimum number of characters in the passwords to help ensure passwords remain known only to the assigned user.

Passwords are necessary to authenticate access to computers. The security of computer passwords is dependent upon keeping them confidential. However, since passwords in certain offices do not have to be periodically changed or contain a minimum number of characters, there is less assurance they are effectively limiting access to computers and data files to only those individuals who need access to perform their job responsibilities. Passwords should be confidential, changed periodically, and contain a minimum number of characters to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

3.2 Security controls

The County Clerk, County Collector-Treasurer, Sheriff, and County Assessor do not have security controls in place to lock computers after a certain number of incorrect logon attempts. In addition, the County Clerk and County Collector-Treasurer do not have security controls in place to lock computers after a certain period of inactivity.

Henry County Management Advisory Report - State Auditor's Findings

Logon attempt controls lock the capability to access a computer after a specified number of consecutive invalid logon attempts and are necessary to prevent unauthorized individuals from continually attempting to logon to a computer by guessing passwords. Inactivity controls are necessary to reduce the risk of unauthorized individuals accessing an unattended computer and having potentially unrestricted access to programs and data files. Without effective security controls, there is an increased risk of unauthorized access to computers and the unauthorized use, modification, or destruction of data.

Similar conditions previously reported

Similar conditions were noted in our prior audit report. In addition, Report No. 2016-043, *Follow-Up Report on Audit Findings - Henry County* (sections 3.1 and 3.2), issued in July 2016, reported the status, at that time, as implemented for section 3.1 and partially implemented for section 3.2.

Recommendations

The County Commission work with other county officials to:

- 3.1 Require passwords for each employee that are confidential, contain a minimum number of characters, and are periodically changed.
- 3.2 Require county computers have security controls in place to lock each computer after a specified number of incorrect logon attempts and after a certain period of inactivity.

Auditee's Response

The County Commission provided the following responses:

- 3.1 *The County Clerk and County Collector-Treasurer have implemented the recommendations of the Missouri State Auditor's Office. Each employee has a confidential, 10 character password that is changed quarterly.*
- 3.2 *The County Clerk, County Collector-Treasurer, and County Assessor have implemented the recommendations of the Missouri State Auditor's Office. The computers are set up to lock out after three incorrect logon attempts and time out after five minutes of nonuse.*

The Prosecuting Attorney provided the following response:

- 3.1 *We engage the services of a competent IT contactor and regularly consult with this contractor regarding data security. We believe our data security procedures are excellent. We will work with our IT contractor to see if our system will support automatic password changes on our computers.*

Henry County

Organization and Statistical Information

Henry County is a township-organized, third-class county. The county seat is Clinton.

Henry County's government is composed of a three-member county commission and separate elected officials performing various tasks. All elected officials serve 4-year terms. The county commission has mainly administrative duties in setting tax levies, appropriating county funds, appointing board members and trustees of special services, accounting for county property, maintaining county bridges, and performing miscellaneous duties not handled by other county officials. Principal functions of these other officials relate to law enforcement, property assessment, property tax collections, conduct of elections, and maintenance of financial and other records important to the county's citizens. In addition to elected officials, the county employed 70 full-time employees and 18 part-time employees on December 31, 2019.

In addition, county operations include the Senior Citizens' Services Board.

Elected Officials

The elected officials and their compensation paid for the year ended December 31 (except as noted) are indicated below:

Officeholder	2020	2019
Jim Stone, Presiding Commissioner	\$	39,996
Rick Fosnow, Associate Commissioner		36,684
Dale Lawler, Associate Commissioner		36,384
Ronda Ake, Recorder of Deeds		54,662
Rick Watson, County Clerk		54,662
Richard Shields, Prosecuting Attorney		140,667
Kent Oberkrom, Sheriff		58,455
Dain Sisk, County Coroner		21,838
Allen Huff, Public Administrator (1)		185,152
Ann Julian, County Collector-Treasurer (2), year ended March 31,	74,568	
Scott Largent, County Assessor, year ended August 31,		59,232

(1) Includes fees from probate cases. The Public Administrator reported paying \$118,584 in personnel salaries and office expenses from these fees.

(2) Includes \$21,643 of commissions earned for collecting city property taxes.

Western Cass Fire Protection District

Report No. 2021-037

July 2021

auditor.mo.gov

Nicole Galloway, CPA
Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the Western Cass Fire Protection District

Expenditures	The district does not have a formal bidding policy and bids were not solicited during the year ended December 31, 2020, for comprehensive property, liability, and automobile insurance costing \$16,393, and the district did not publish a notice for bids for renovations to a fire station costing \$18,443 and did not maintain any documentation explaining the reason the district selected the higher of the 2 price quotes received for the renovations. The district did not have adequate policies and procedures for use of a debit card, and receipts were not retained for many of the debit card transactions. The district did not always ensure bills were paid timely.
Budgets and Financial Reports	The district's budgets for the years ended December 31, 2020, and 2021, did not include all statutorily required information. The district's financial report filed with the State Auditor's Office in June 2020 for the year ended December 31, 2019, did not include receipts, beginning cash balances, and debt service principal payments, and the district has not filed financial statements in recent years with the Cass County Clerk's office as required by state law.
Volunteer Stipends and Employment Classifications	The district could not provide a Board approved stipend pay rate schedule for volunteer firefighters, and improperly classified the Fire Chief and Secretary as non-employees rather than employees.
Board Training and Sunshine Law	Board members did not always comply with training requirements, and the district did not always comply with requirements of the Sunshine Law.
Electronic Communication Policy	The district has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission.
Capital Assets	The district does not maintain current, complete, and detailed records of capital assets, including land, building, vehicles, equipment, and furniture, and the district does not tag or otherwise identify capital assets as property of the district, or perform an annual physical inventory of district property.

In the areas audited, the overall performance of this entity was **Fair**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Board of Directors
Western Cass Fire Protection District

The State Auditor was petitioned under Section 29.230, RSMo, to audit the Western Cass Fire Protection District. We have audited certain operations of the district in fulfillment of our duties. The district engaged DSWA Certified Public Accountants P.C., to audit the district's financial statements for the years ended December 31, 2019, and 2018. To minimize duplication of effort, we reviewed the report for the year ended December 31, 2018, since the report for the year ended December 31, 2019, had not been completed. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to:

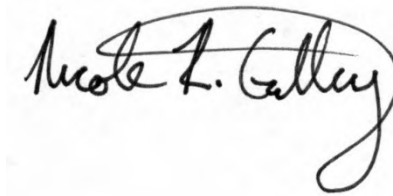

1. Evaluate the district's internal controls over significant management and financial functions.
2. Evaluate the district's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the district's management and was not subjected to the procedures applied in our audit of the district.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) the need for improvement in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Western Cass Fire Protection District.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Nicole R. Galloway, CPA
State Auditor

The following auditors participated in the preparation of this report:

Senior Director:	Randall Gordon, M.Acct., CPA, CGAP
Audit Manager:	John Lieser, CPA
In-Charge Auditor:	Joyce Thomson

Western Cass Fire Protection District

Management Advisory Report

State Auditor's Findings

1. Expenditures

Controls and procedures over district expenditures need improvement. During the year ended December 31, 2020, district expenditures from the general bank account and debit card bank account totaled \$302,785 and \$18,342, respectively.

1.1 Bidding

The district does not have a formal bidding policy and bids were not solicited during the year ended December 31, 2020, for comprehensive property, liability, and automobile insurance costing \$16,393. In addition, the district did not publish a notice for bids for renovations to one fire station costing \$18,443 and did not maintain any documentation explaining the reason the district selected the higher of the 2 price quotes received for the renovations.

Section 321.220(4), RSMo, requires the district to publish notice for bids on purchases of \$10,000 or more. In addition, competitive bidding helps ensure all parties are given an equal opportunity to participate in the district's business. Documented formal bidding procedures provide a framework for economical management of district resources and help ensure the district receives fair value by contracting with the lowest or best bidders. Complete documentation should be maintained for all bids received and reasons noted why the bid was selected.

1.2 Debit card

The district did not have adequate policies and procedures for use of the debit card, and receipts were not retained for many of the debit card transactions. The district established a bank account with a debit card for the Fire Chief to use for various expenses, and the Board authorized transfers to the debit card bank account from the general bank account.

The district's debit card policy did not outline allowable uses, require pre-approval for transactions, or require receipts be submitted to the Board for review. In addition, for 8 of 11 debit card transactions tested totaling \$6,427, the district could not locate the vendor receipts, and documentation supporting how the purchases related to district's operations was not maintained. These transactions included payments related to building improvements (\$4,042), seminars and travel (\$1,172), technology supplies (\$780), and office equipment (\$433).

Complete and detailed written debit card policies and procedures are necessary to provide guidance. Such policies and procedures typically outline appropriate uses, require submission of debit card receipts for comparison to bank statements and retention, and require supervisor or management approval of purchases made.

1.3 Late fees

The district did not always ensure bills were paid timely. For one of 11 expenditures tested from the general account, the district paid the invoice approximately one month after it was due resulting in the district paying \$242 in late fees, representing about 1.5 percent of the invoice total (\$16,393).

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

To prevent unnecessary fees, procedures should be developed to ensure bills are paid timely.

Recommendations

The Board of Directors:

- 1.1 Establish formal bidding policies and procedures, including publication for bids, the bids or quotes received, and justification for bids selected and maintain documentation of decisions made.
- 1.2 Adopt formal policies for the appropriate use of the debit card. In addition, the Board should review and approve transactions, and ensure receipts are maintained for all debit card transactions.
- 1.3 Ensure bills are paid timely.

Auditee's Response

- 1.1 *Section 9 of our "Policy and Procedures Manual" has been updated and revised to include the policy, procedures, and specific methodology for handling the bidding process for projects that will encumber expenses of \$10,000 or more in accordance with Section 321.220(4), RSMo. This will cover not only large projects but ones that will encumber this dollar figure over a period of time. We have already exercised this policy once so far since the audit has begun. We created an RFP for an IT vendor to handle all of our email and document storage. The procedure utilized these procedures and policies to solicit bids, interview potential companies, award the contract, and evaluate services to date. Due to now having a professional IT company handle our document storage, the ability to file and retrieve these types of documents is now in place.*
- 1.2 *Once again, Section 9 of our "Policy and Procedures Manual" has been revised and updated to reflect your recommendations and more for the use of our debit card. The policy reflects what the card can and cannot be used for. Policies for pre-notification of the Board before the expense is incurred are in place. We have an extensive flowchart of how transactions involving the debit card are handled from the moment the transaction is initiated up through how the balance is paid off. The process of how all related receipts and documentation are gathered, scanned, and uploaded to our cloud storage for easier access is outlined.*
- 1.3 *Our Board Treasurer has since set up ACH payment accounts with all of our vendors that are capable of doing so as well as stipend payments to our volunteers and hired staff. Discussions with our CPA and banking officials has resulted in a better understanding of our needs and practices. The only delay anticipated would be if a bill is disputed during the review process for payment. Any vendor or*

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

contractor that is engaged for a "one time" type of service will understand that we will pay the invoice net 30 days.

2. Budgets and Financial Reports

The Board did not prepare complete budgets or financial reports.

2.1 Budgets

The district's budgets for the years ended December 31, 2020, and 2021, did not include all statutorily required information. The budgets did not include a budget summary or debt service information. In addition, the 2020 budget did not include the actual beginning and estimated ending cash balances or a comparative statement of revenues for the 2 preceding years.

Section 67.010, RSMo, requires the budget present a complete financial plan for the ensuing budget year and sets specific guidelines for the format. A complete and well-planned budget, in addition to meeting statutory requirements, can serve as a useful management tool by establishing specific financial expectations for each area of district operations. It also assists in setting tax levies and informing the public about district operations and current finances.

2.2 Financial reports

The district's financial report filed with the State Auditor's Office in June 2020 for the year ended December 31, 2019, included ending cash balances, expenditures, interest payments, and outstanding bonded indebtedness, but did not include receipts, beginning cash balances, and debt service principal payments. In addition, the district has not filed financial statements in recent years with the Cass County Clerk's office as required by state law.

Section 105.145, RSMo, requires each political subdivision to file an annual report of its financial transactions with the State Auditor's Office. In addition, 15 CSR 40-3.030, requires the reports include the beginning and ending fund balances, summaries of receipts and disbursements for the period, and the total bonded indebtedness at the beginning and end of the reporting period. Section 321.180, RSMo, requires fire protection districts to submit a financial statement for the preceding fiscal year to the county clerk by April 1st of each year.

Recommendations

The Board of Directors:

- 2.1 Prepare annual budgets that include all information required by state law.
- 2.2 File complete and accurate financial reports with the State Auditor's Office and Cass County Clerk's office.

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

Auditee's Response

- 2.1 *The formatting of our budgets had been set up by our previous Fire Chief. The Board and the previous Fire Chief did not realize the budgets did not adhere to Section 67.010, RSMo. We have begun working with our current Fire Chief to ensure this statute is adhered to as we move forward.*
- 2.2 *After review with our previous Treasurer, the Board was unaware of our obligation to Section 321.180, RSMo. We have now placed this activity on our "Annual Calendar of Events" that reminds us of obligations such as this one. Our current Treasurer will ensure these reports comply with the aforementioned CSR and RSMo.*

3. Volunteer Stipends and Employment Classifications

The district could not provide a Board approved stipend pay rate schedule for volunteer firefighters, and improperly classified the Fire Chief and Secretary as non-employees rather than employees.

District services are performed by a Fire Chief, Secretary, and volunteer fire fighters. Beginning in November 2020, the district executed written employment agreements with the Fire Chief and Secretary outlining duties to be performed and setting monthly compensation at \$1,000 and \$350, respectively. Volunteer firefighters received monthly stipends of varying amounts based on position if they performed at least 24 hours of station duty and attended 3 trainings during the month. The Fire Chief determined the monthly stipend amounts earned and payable to each firefighter and provided the amounts to the Board for payment. For the year ended December 31, 2020, payments to firefighters ranged from \$60 to \$1,600 and totaled approximately \$13,000.

3.1 Volunteer stipends

The Board provided a worksheet prepared in May 2020 by the former Fire Chief indicating standard stipend amounts for various firefighter position rankings, but we received no information showing the Board approved the stipends or the basis for the amounts.

Under the Fair Labor Standards Act (FLSA), volunteers may be exempt from minimum wage and overtime requirements when the employer pays the volunteers a nominal fee. The Board should consider the requirements of the FLSA and establish an approved stipend pay rate schedule to ensure all firefighters are treated fairly and equitably and stipends are calculated consistently, accurately, and are reasonable.

3.2 Employment classifications

The Board entered into employment contracts with the Fire Chief and Secretary, but did not withhold payroll and income taxes from payments made to these individuals.

Proper classification of employees is necessary to ensure compliance with various state and federal laws and regulations. Internal Revenue Service (IRS)

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

Publication 15-A, Employer's Supplemental Tax Guide, provides that employers must generally withhold and pay income, social security, and Medicare taxes on payments to employees. The failure to withhold and properly report payroll and income taxes for district employees makes the district potentially subject to additional tax liabilities along with penalties and interest. For employees, the IRS requires employers to report compensation on W-2 forms and withhold and remit income and payroll taxes. Similarly, Chapter 143, RSMo, includes requirements for reporting wages and withholding state income taxes.

Recommendations

The Board of Directors:

- 3.1 Consider the requirements of the FLSA and establish an approved stipend pay rate schedule for firefighters.
- 3.2 Ensure all employee compensation paid is subject to proper withholdings and properly reported.

Auditee's Response

- 3.1 *One of the first things we charged our new Fire Chief with was the creation of a new Volunteer Stipend Program. We are anticipating receiving this soon and will adopt it with a resolution once it has been reviewed by our legal counsel.*
- 3.2 *The previous Fire Chief assisted the Board with these matters, and neither he nor the Board were fully aware of employment classifications and reporting/withholding requirements. The Board is now actively taking measures to come into alignment with these requirements. Utilizing IRS Publication 15-A and guidance from our CPA and legal counsel, the Board will ensure classifications are set and all laws and regulations are adhered to.*

4. Board Training and Sunshine Law

Board members did not always comply with training requirements, and the district did not always comply with requirements of the Sunshine Law.

4.1 Board training

Some Board members did not promptly complete required training for fire board members. Two Board members completed training in January 2021, approximately 21 months and 54 months after beginning their service on the Board. Also, one Board member who resigned in January 2021 had not completed the required training after serving approximately 45 months on the Board.

Section 321.162, RSMo, requires all members of the board of directors of a fire protection district "attend and complete an educational seminar or conference or other suitable training on the role and duties of a board member of a fire protection district."

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

4.2 Sunshine law

The district did not always comply with requirements of the Sunshine Law. We identified the following concerns for the 25 Board meetings held from January 8, 2020, through February 17, 2021:

- A meeting agenda was not provided for the meeting held on August 12, 2020.
- Minutes were not provided for the meeting held on October 7, 2020.
- Open meeting minutes did not contain the reasons for going into a closed meeting and the vote of each member for closing a meeting was not documented for the November 19, 2020, December 16, 2020, January 13, 2021, January 20, 2021, and February 17, 2021, meetings.

Section 610.020.1, RSMo, requires public entities to give notice of the time, date, and place of each meeting, and its tentative agenda, to advise the public of matters to be considered. Section 610.020.7, RSMo, requires meeting minutes be maintained as a record of business conducted and to provide an official record of Board actions and decisions. Section 610.022, RSMo, requires public bodies announce the specific reasons allowed by law for going into a closed meeting and to enter the vote and reason into the minutes.

Recommendations

The Board of Directors:

- 4.1 Ensure Board members promptly obtain the required training.
- 4.2 Ensure notices and agendas are provided to advise the public of public meetings and are retained, maintain complete and accurate minutes for all meetings, and ensure specific reasons and votes for closing a meeting are documented in the open minutes.

Auditee's Response

- 4.1 *The previous Fire Chief assisted the Board in understanding the training requirements, and he and the Board believed that if Board members chose not to receive a stipend they did not need the training. Since the previous Fire Chief resigned, the Board has learned this is not accurate. As of this date all of our Board members have received the training except our newest Director who just came on in April. He will soon be enrolled in the training. We are now aware of the 1-year time limit to receive the training regardless of stipend status. This Board has received the state training and is now aware of our responsibilities. In addition, the Board is signed up for the Federal National Incident Management System required training.*
- 4.2 *There were periods of time when the Board Secretary was unable to attend meetings and record minutes, prepare agendas, etc. At these times, Directors would make their best attempts to record minutes on*

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

legal pads which sometimes got lost. This Board has taken steps with our new Secretary to ensure this does not happen again. With our new IT Vendor and document storage protocols, requests will be able to be fulfilled easily. Agendas are made public in a physical format at each fire station as well as on web and social media platforms. This Board is aware of closed meeting policies and the requirements therein.

5. Electronic Communication Policy

The district has not developed records management and retention policies in compliance with the Missouri Secretary of State Records Services Division guidance, as approved by the Missouri Local Records Commission. This guidance recommends government entities have a policy on electronic messaging, including text messages, email, and other third party platforms.

Section 109.210(5), RSMo, defines a public record as "document, book, paper, photograph, map, sound recording or other material, regardless of physical form or characteristics, made or received pursuant to law or in connection with the transaction of official business." Section 109.270, RSMo, provides that all records made or received by an official in the course of his/her public duties are public property and are not to be disposed of except as provided by law. Section 109.255, RSMo, provides that the Local Records Board issue directives for the destruction of records. The guidelines for managing electronic communications records can be found on the Secretary of State's website¹.

To ensure compliance with state law, the Board should develop written policies to address the use of personal email, social media and message accounts, and management and retention of electronic communications.

Recommendation

The Board of Directors develop written records management and retention policies to address electronic communications management and retention to comply with Missouri Secretary of State Records Services Division Electronic Communications Guidelines.

Auditee's Response

This Board is drafting this policy right now with input from our IT Vendor and legal counsel. It will be adopted by resolution and included in our "Policy and Procedures Manual." In addition, policies are being written addressing the procedures for maintaining and purging of required documents.

6. Capital Assets

The district does not maintain current, complete, and detailed records of capital assets, including land, building, vehicles, equipment, and furniture.

¹ Missouri Secretary of State Records Services Division, *Electronic Communications Records Guidelines for Missouri Government*, May 14, 2019, is available at <<https://www.sos.mo.gov/CMSImages/LocalRecords/CommunicationsGuidelines.pdf>>, accessed March 31, 2021.

Western Cass Fire Protection District
Management Advisory Report - State Auditor's Findings

The district has a list of buildings and vehicles for insurance purposes, but does not have a listing of district equipment or furniture. The district also does not tag or otherwise identify capital assets as property of the district, or perform an annual physical inventory of district property.

Adequate capital asset records are necessary to secure better control over district property and provide a basis for determining proper insurance coverage. Capital asset records should be maintained on a perpetual basis, accounting for property acquisitions and dispositions as they occur, and include a detailed description of the assets such as acquisition cost, descriptions, make and model numbers, and asset identification numbers; the physical location of the assets; and the date and method of disposition of the assets. All capital assets should be identified with a tag or other similar device, and the district should conduct annual physical inventories and compare the results to detailed property records.

Recommendation

The Board of Directors ensure complete and detailed capital asset records are maintained, assets are properly tagged for identification, and annual physical inventories are performed and compared to detailed records.

Auditee's Response

The District has historically been very poor in regard to tracking inventory and assets. This Board is working with the new Fire Chief to establish such things as bar code inventory and tracking systems that will allow us to have this information readily available. This will assist in maintenance, replacement and budget forecasting as well as annual inventory audits.

Western Cass Fire Protection District

Organization and Statistical Information

The Western Cass Fire Protection District was incorporated in 1983 and is organized pursuant to Chapter 321, RSMo. The district covers 16 square miles in western Cass County including the City of Cleveland and has 2 fire stations. District personnel consisted of a Fire Chief, secretary, and 8 volunteer firefighters at December 31, 2020.

The elected Board acts as the policy-making body for district operations. Board members serve 6-year terms without compensation. Members of the Board at December 31, 2020, were:

Board of Directors

Name	Title
Tom Reintjes (1)	Chairman
Terry Magelssen	Vice-Chairman
Ed Summer	Treasurer
Sue Hosterman	Director
Kerri VanMeveren	Director

(1) Tom Reintjes resigned from the Board effective January 21, 2021. This seat remained vacant as of March 2021.

Fire Chief

The Interim Fire Chief at December 31, 2020, was Norman Larkey and his monthly compensation was \$1,000. He replaced Bill Franse, who served as Fire Chief until August 2020. Effective February 1, 2021, George Poulignot was appointed as Fire Chief. The Fire Chief's compensation is established by the Board of Directors.

Financial Activity

A summary of the district's financial activity for the year ended December 31, 2020, prepared by the State Auditor's Office using district bank statements follows:

Missouri State Auditor

CITIZENS SUMMARY

Findings in the audit of the Office of State Treasurer

Background

The Office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV Section 15 are to be the custodian of all state funds; to determine the amount of state monies not needed for current operating expenses; and to invest such monies in interest-bearing time deposits at Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, short-term U.S. government securities, or certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) general and administrative services, (3) investments and deposit programs, and (4) unclaimed property.

Findings

The audit identified no significant deficiencies in internal controls, no significant noncompliance with legal provisions, and no significant deficiencies in management practices and procedures. No findings resulted from this audit.

In the areas audited, the overall performance of this entity was **Excellent**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Scott Fitzpatrick, State Treasurer
Jefferson City, Missouri

We have audited certain operations of the Office of State Treasurer, in fulfillment of our duties under Chapter 29, RSMo. The scope of our audit included, but was not necessarily limited to, the year ended June 30, 2020. The objectives of our audit were to:

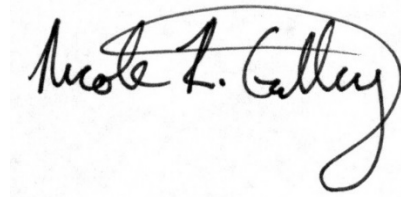

1. Evaluate the office's internal controls over significant management and financial functions.
2. Evaluate the office's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

Our methodology included reviewing minutes of meetings, written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the office, as well as certain external parties; and testing selected transactions. We reviewed receipt, disbursement, and payroll transactions, and cash and investment activity; and performed sample testing of some of these areas using haphazard and judgmental selection, as appropriate. We obtained an understanding of internal control that is significant to the audit objectives and planned and performed procedures to assess internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the office's management and was not subjected to the procedures applied in our audit of the office.

For the areas audited, we identified (1) no significant deficiencies in internal controls, (2) no significant noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. No findings resulted from our audit of the Office of State Treasurer.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Nicole R. Galloway, CPA

Office of State Treasurer

Organization and Statistical Information

The Office of State Treasurer is an elective office as provided in the Missouri Constitution. The duties of the State Treasurer as defined by Article IV Section 15 are to be the custodian of all state funds; to determine the amount of state monies not needed for current operating expenses; and to invest such monies in interest-bearing time deposits at Missouri banking institutions selected by the State Treasurer and approved by the Governor and State Auditor, short-term U.S. government securities, or certain allowable commercial paper and banker's acceptances.

The Office of State Treasurer operates in four major functional areas (1) accounting and banking services, (2) general and administrative services, (3) investments and deposit programs, and (4) unclaimed property.

The accounting and banking services area (1) maintains a fund accounting system to fulfill a statutory responsibility to keep separate accounts of the funds of the state and to allocate investment interest to funds, (2) maintains ledger controls on fund balances and appropriations to assure that no check is issued that exceeds the lawful appropriated balances, (3) controls receipt of state monies collected by state agencies and deposited in local banks throughout the state, (4) reconciles bank activity to receipt and disbursement activity reflected on the state books, (5) determines the amount of state monies not needed for current operating expenses, and (6) confirms daily disbursements with the bank as certified by the Office of Administration.

The general and administrative services area provides processing support to other areas of the office by (1) operating the central check mail service, (2) controlling and processing outlawed and replacement checks, and (3) processing invoices for office expenditures.

The investments area places state monies not needed for current operating expenses in interest-bearing time deposits, U.S. government and agency securities, commercial paper, banker's acceptances, and repurchase agreements. This area also administers the State Treasurer's statutory linked deposit program and monitors and accounts for the collateralization of state funds.

The Unclaimed Property Division administers Missouri's Unclaimed Property Act (Chapter 447, RSMo). The Unclaimed Property Division is responsible for (1) ensuring unclaimed property is reported, (2) receiving and recording reports of unclaimed property, (3) depositing unclaimed funds to the Abandoned Fund Account Fund, (4) maintaining custody and safekeeping of abandoned or unclaimed physical property, and (5) processing owner claims for abandoned funds or physical property.

Governor Michael L. Parson appointed Scott Fitzpatrick as the forty-seventh State Treasurer, and was sworn in on January 14, 2019. Treasurer Fitzpatrick

Office of State Treasurer Organization and Statistical Information

was elected to a four year term of office in November 2020. His term expires in January 2025.

As of June 30, 2020, the office had 41 full-time positions to assist in the accomplishment of its mission.

Financial Activity

A summary of the office's operating financial activity, cash and investment balances, and investment income is presented in the following Appendixes and in the Notes to the Appendixes.

The accompanying Notes to the Appendixes are an integral part of this statement.

Notes to the Appendixes

1. Basis of Presentation

Amounts presented in Appendixes A through E are reported on the budgetary or cash basis of accounting. The budgetary basis recognizes revenues as cash is received and expenditures as cash is disbursed. Missouri issues a Comprehensive Annual Financial Report for each fiscal year ended June 30, in conformity with generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board. The financial activity of the Office of State Treasurer is included in the Comprehensive Annual Financial Report.

The amounts presented in Appendix A represent receipts, disbursements, transfers, and cash and investment balances of funds that are dedicated to the activities and programs of the office.

The amounts presented in Appendixes B and C represent funds appropriated to the office by the Missouri General Assembly and expended by the office.

The amounts presented in Appendixes D and E represent all funds in the state treasury and all trust funds in the custody of the State Treasurer.

State treasury funds are subject to appropriation; trust funds are not. The appendixes do not include any funds or investments that are not in the custody of the State Treasurer.

2. Cash and Investments

Article IV, Section 15 of the Missouri Constitution establishes the State Treasurer as custodian of all state funds and funds received from the U.S. government. This section further authorizes the State Treasurer to place all such monies on time deposit, bearing interest, in Missouri banking institutions selected by the State Treasurer and approved by the Governor and the State Auditor, or in obligations of the U.S. government or any agency or instrumentality thereof maturing or becoming payable not more than 5 years from the date of purchase. In addition, the State Treasurer may enter into repurchase agreements maturing and becoming payable within 90 days secured by U.S. Treasury obligations or obligations of U.S. government agencies or instrumentalities of any maturity, as provided by law. The State Treasurer may also invest in banker's acceptances issued by domestic commercial banks possessing the highest rating issued by at least 2 nationally recognized statistical rating organizations and in commercial paper, issued by domestic corporations receiving the highest rating issued by at least 2 nationally recognized statistical rating organizations. Investments in bankers acceptances and commercial paper shall mature and become payable not more than 180 days from the date of purchase, maintain the highest rating throughout the duration of the investment and meet any other requirements provided by law. The State Treasurer shall prepare, maintain, and adhere to a written investment policy that shall include an asset allocation plan limiting

Office of State Treasurer
Organization and Statistical Information

the total amount of state money that may be invested in each investment category authorized by law.

Deposits

The State Treasurer maintains approximately 41 demand deposit bank accounts that serve as the state's primary operating accounts, and 83 additional demand deposit bank accounts throughout the state, some with multiple depositing locations, that serve as collection accounts for various state agencies. Cash balances in the state's operating accounts that are not needed for immediate use are invested.

The demand deposit accounts on Appendix D are used to manage the state's daily receipt, disbursement, and transfer activities and to segregate funds available for investing. The demand deposit accounts consist of the following:

Demand Deposit Accounts

	June 30, 2020		June 30, 2019		June 30, 2018	
	Bank Balance (\$)	Number of Accounts	Bank Balance (\$)	Number of Accounts	Bank Balance (\$)	Number of Accounts
US Bank	1,753,729	1	339,723	1	190,783	1
Central Bank	136,164,728	30	31,494,061	30	53,972,648	32
Commerce Bank	10,776,522	8	1,238,809	8	1,293,481	8
Wells Fargo	60,000,000	1	2,500,000	1	10,100,000	1
UMB Bank	2,369,409	1	166,337	1	107,057	1
Collection bank accounts	2,822,166	83	2,242,413	84	2,891,959	101

Banking service agreements on the operating demand accounts allow the State Treasurer to invest outstanding checks up until the checks clear the bank, thereby investing an amount in excess of book balances. Negative balances at June 30 (Appendix D) for any bank's appropriated funds demand deposits represent the book balance net of amounts invested.

The State Treasurer's deposits at June 30, 2020, were entirely covered by federal depositary insurance or by collateral securities held by the custodial banks in the State Treasurer's name.

To protect the safety of state deposits, Sections 30.270 and 110.020, RSMo, require depositaries to pledge collateral securities to secure deposits not insured by the Federal Deposit Insurance Corporation.

Investments

The State Treasurer's investments at June 30, 2020, are listed by type below to give an indication of the level of risk assumed by the state at year end. All investments are insured or registered, or have collateral held by the State Treasurer or a custodial bank in the state's name.

Office of State Treasurer
Organization and Statistical Information

Investments in Custody of State
Treasurer - June 30, 2020

		Reported Amount	Fair Value
Time deposits	\$	366,673,666	366,677,546
U.S. government securities		3,478,783,488	3,495,115,947
Commercial paper		399,392,194	399,933,167
Repurchase agreements		1,738,646,000	1,738,646,000
Other investments		5,130	111,918
Total investments	\$	5,983,500,478	6,000,484,578

Investments are recorded at acquisition cost except "other" investments, which are recorded at par. Investments in time deposits and repurchase agreements are acquired at face value and earn a stated interest rate. Investments in U.S. government securities are acquired at fair value and mature at face value.

4. Special Fund Dedicated
Investments

The State Treasurer is assigned the authority for recording direct investments of special funds in the accounting system. The amounts presented as special fund dedicated investments in the appropriated funds on Appendix D include funds under the control of certain state agencies that represent specific investments made or held by the State Treasurer on behalf of the Pansy Johnson-Travis Memorial State Gardens Trust Fund and the State Public School Fund. The State Treasurer is responsible for purchasing, custodial, income collection, distribution, and record-keeping duties related to the investments of these funds.

The investments of the Pansy Johnson-Travis Memorial State Gardens Trust Fund are maintained in the instruments transferred to the State Treasurer from the previous trustee of the fund. The investment purchases for the State Public School Fund are made in accordance with the instructions of the State Public School Fund investment committee.

The seal of the State Auditor of Missouri is circular. It features a central shield with a balance scale and a plow. Above the shield is an eagle with spread wings. The text "SEAL OF THE STATE AUDITOR" is written in a circle around the top, and "MISSOURI 1820 1892" is written around the bottom. The motto "WE STAND DIVIDED WE FALL" is inscribed on a banner across the shield.

CITIZENS SUMMARY

Conclusions in the review of Article X, Sections 16 through 24

Background

The Constitution of Missouri was amended in 1980 to add Article X, Sections 16 through 24, commonly referred to as the Hancock Amendment. This tax limitation amendment places restrictions on the amount of personal income used to fund state government, and the amount by which fees and taxes can be increased. Mathematical formulas are used by the Office of Administration, Division of Budget and Planning (OA-BP) to determine the relevant threshold amounts each year.

Section 18(a-d) of the Hancock Amendment requires no greater portion of Missourians' personal income (MPI) be used in any future year to fund state government than was the case in fiscal year 1981, except as authorized by a vote of the people.

Section 18(e) requires voter approval before taxes or fees can be increased by the General Assembly beyond a certain annual limit. Based upon the calculation provided by the OA-BP, the relevant annual revenue limit for fiscal year 2020 was \$110 million.

Fiscal Year 2020 Conclusions

For the year ended June 30, 2020, total state revenue was approximately \$6.3 billion under the refund threshold. As a result, no refund is due for the year ended June 30, 2020. This revenue limit has not been exceeded since the year ended June 30, 1999.

In addition, the OA-BP determined based on fiscal notes prepared for each bill by the Committee on Legislative Research - Oversight Division, as a result of general assembly legislative actions, net taxes and fees could decrease by a total of \$5.7 million. The projected net decrease does not include 5 bills for which the Section 18(e) fiscal impact could not be projected. Actual compliance with the Section 18(e) revenue limit can be determined after each tax and fee increase and decrease is fully effective. Since Section 18(e) was added to the Hancock Amendment in 1996, the 2016 legislative session was the only year the limit has been projected to be exceeded.

Because of the nature of this review, no rating is provided.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
and
Sarah H. Steelman, Commissioner
Office of Administration
Jefferson City, Missouri

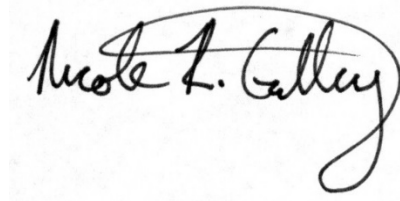

We have conducted a review of revenues of the state of Missouri for the year ended June 30, 2020, and the application to those revenues of Article X, Sections 16 through 24, Missouri Constitution, more commonly referred to as the Hancock Amendment (included as an Appendix). We previously reported on revenues of the state for the years ended June 30, 1982 through 2019. The amendment, which was adopted by the voters of Missouri on November 4, 1980, limits the growth of state revenues collected in any fiscal year. The objectives of this review were to:

1. Evaluate the formulas to calculate the state's revenue limits.
2. Determine the specific items included in total state revenue.
3. Verify the accuracy of the revenue limit computations and compare the limits to total state revenue and projected tax and fee increases from legislative actions.
4. Review the state's overall compliance with the provisions of the amendment.

Our review included only the application of the revenue limit to state revenues and, accordingly, did not include a review of the effects of the amendment on any local governmental unit.

Our methodology to accomplish these objectives included discussions with personnel of the Office of Administration, Division of Budget and Planning, inspecting relevant records and reports compiled by that office, and reviewing data and reports from the statewide accounting system.

The Executive Summary and the Background, Methodology, and Conclusions present our comments and conclusions concerning the state's overall compliance with the provisions of Article X, Sections 16 through 24, Missouri Constitution.

Review of Article X, Sections 16 Through 24, Constitution of Missouri

Executive Summary

Executive Summary

The amendment, commonly referred to as the Hancock Amendment, limits annual state revenues, and tax and fee increases.

Total State Revenue (TSR) Section 18(a-d)

Section 18(a-d) of the Hancock Amendment requires no greater portion of Missourians' personal income (MPI) be used in any future year to fund state government than was the case in fiscal year 1981, except as authorized by a vote of the people. The amendment provides for taxpayer refunds of excess revenues.

For the year ended June 30, 2020, total state revenue (TSR) was approximately \$6.3 billion under the refund threshold. As a result, no refund is due for the year ended June 30, 2020. This revenue limit has not been exceeded since the year ended June 30, 1999. Over the last 5 years, the amount of TSR under the refund threshold has ranged from \$3.9 billion to \$6.3 billion.

Tax and fee increases Section 18(e)

Section 18(e) of the Hancock Amendment states the general assembly shall not increase taxes or fees in any fiscal year, without voter approval, that in total produce new annual revenues greater than \$50 million adjusted annually by the percentage change in the personal income of Missouri for the second previous year, or 1 percent of TSR for the second fiscal year prior to the general assembly's action, whichever is less.

For the year ended June 30, 2020, the Office of Administration, Division of Budget and Planning (OA-BP) determined based on fiscal notes prepared for each bill by the Committee on Legislative Research - Oversight Division, as a result of general assembly legislative actions, net taxes and fees could decrease by a total of \$5.7 million. The projected net decrease does not include 5 bills for which the Section 18(e) fiscal impact could not be projected.

Actual compliance with the Section 18(e) revenue limit is determined by measuring the aggregate actual new annual revenues produced in the first fiscal year each tax and fee increase and decrease is fully effective. Since Section 18(e) was added to the Hancock Amendment in 1996, the 2016 legislative session was the only year the limit has been projected to be exceeded.

A bar graph of TSR compared to the refund threshold follows:

Review of Article X, Sections 16 through 24,
Constitution of Missouri
Graph of Total State Revenue Versus Refund Threshold

Review of Article X, Sections 16 Through 24, Constitution of Missouri Background, Methodology, and Conclusions

On November 4, 1980, the voters of Missouri passed Constitutional Amendment No. 5, which added Article X, Sections 16 through 24 to the Constitution of Missouri. The amendment is commonly referred to as the Hancock Amendment.

This review addresses the components of the amendment that relate to state revenues, primarily the requirements outlined in Section 18(a-d) which limit annual state revenues and Section 18(e) which limits tax and fee increases.

Total State Revenue Section 18(a-d)

Section 18(a-d) of the Hancock Amendment requires annual total state revenue limits. The amendment limits the amount of personal income that may be used to fund state government to no greater than the portion used to do so in 1981, except as authorized by a vote of the people. The amendment provides for taxpayer refunds of excess revenues.

The Office of Administration, Division of Budget and Planning (OA-BP) calculates annual total state revenue (TSR), revenue limits, refund thresholds, and refund amounts.

Calculation

The following table summarizes the calculated TSR, revenue limits, refund thresholds, and refund calculations for the 5 years ended June 30, 2020.

	Year Ended June 30,				
	2016	2017	2018	2019	2020

Refund	\$ 0.00	0.00	0.00	0.00	0.00

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Background, Methodology, and Conclusions

The calculation shows for the year ended June 30, 2020, TSR was approximately \$6.3 billion under the refund threshold. As a result, no refund is due for the year ended June 30, 2020. This revenue limit has not been exceeded since the year ended June 30, 1999.

Revenue limit formula

The OA-BP calculated the 1981 base year ratio of personal income to TSR as 5.6 percent, and uses this ratio to calculate the annual revenue limit.

Section 18(a) establishes the revenue limit formula as follows:

$$\begin{array}{lcl} \text{Revenue limit} & \text{Total state revenue (TSR)} & \text{The greater of MPI in the} \\ \text{for fiscal year} & \text{in FY 1981} & \text{calendar year (CY) prior} \\ \text{(FY) 20XX} = & \frac{\text{CY 1979 Missouri}}{\text{personal income (MPI)}} & \text{to the CY in which} \\ & & \text{appropriations are made} \\ & & \text{for FY 20XX or Average} \\ & & \text{MPI for 3 CYs preceding} \\ & & \text{FY 20XX.} \end{array} \times$$

The formula is composed of two principal parts. The first part of the formula, the base year ratio (BYR), is as follows:

$$\frac{\text{TSR in FY 1981}}{\text{CY 1979 MPI}}$$

The application of this ratio to the second part of the formula (future years' MPI) sets the revenue limit to ensure no greater portion of a future year's personal income will be used to fund state government than was the case at the time of passage of the amendment.

The MPI amounts used in the formula for the base year and subsequent years are reported by the U.S. Department of Commerce (DOC). The OA-BP uses the MPI first officially published by the DOC after the close of the calendar year to calculate the revenue limit for the applicable fiscal year. The OA-BP does not adjust the MPI used in the BYR or the second part of the formula for subsequent adjustments to the MPI by the DOC. Section 17(2) refers to "... total income . . . as defined and officially reported by" the DOC. Even though the amendment does not specifically refer to such adjustments, this wording suggests the revenue limit should be recalculated each time the MPI is adjusted by the DOC. For example, the BYR would be adjusted whenever the CY 1979 MPI is adjusted by the DOC. The use of the initial reporting of MPI provides at least two benefits. First, by having a consistent and unchanging BYR, the state can more easily plan and make appropriate adjustments to stay under the revenue limit. Second, if the initial MPI is subsequently adjusted, retroactive refunds are a possibility. That is, an adjustment to MPI for any prior year (including the base year) could reduce the revenue limit for a prior year below that year's TSR, providing a refund where one previously was not due. Therefore, we find this approach reasonable if it is followed consistently.

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Background, Methodology, and Conclusions

The BYR was calculated by the OA-BP as follows (dollar amounts are in millions):

$$\frac{\$ 2,232.204096}{\$ 39,581.0} = .05639584891$$

In its calculations of the revenue limit, the OA-BP rounded the BYR to .056395. To determine the revenue limit for the fiscal year, this amount is multiplied by the MPI in the calendar year preceding the calendar year in which appropriations were made for the fiscal year or the average MPI for the 3 calendar years preceding the fiscal year. For the fiscal year 2020 revenue limit calculation, the OA-BP used the CY 2018 MPI which was greater than the average MPI for the preceding 3 calendar years.

Adjustments

Section 18(d) provides the revenue limit may be adjusted, "[i]f responsibility for funding a program or programs is transferred from one level of government to another, as a consequence of constitutional amendment, . . . provided that the total revenue authorized for collection by both state and local governments does not exceed that amount which would have been authorized without such a change."

The OA-BP has adjusted the revenue limit for the transfer of deputy circuit clerks from the county payroll to the state payroll under Section 483.245, RSMo, effective on July 1, 1981. In *Kelly v. Hanson*, 959 S.W.2d 107 (Mo. Banc 1997), the Supreme Court held that this adjustment to the revenue limit is appropriate.

Refund threshold

Section 18(b) allows the state to exceed the revenue limit by less than 1 percent before a refund is due. Therefore, to determine the point at which the refund provision takes effect (the refund threshold) the revenue limit is adjusted upward by 1 percent. However, should TSR exceed the refund threshold, all revenues in excess of the revenue limit are subject to refund.

TSR

An integral part in applying the provisions of the amendment to state revenues is to determine what constitutes TSR. The amendment does not specify the methodology to be used to determine TSR. Consequently, procedures to calculate TSR have been established and certain decisions as to items that would be either included or excluded have been made, except for items ruled on by the Attorney General or the Missouri courts.

TSR includes all revenues recorded in the Statewide Accounting System for Missouri (SAM II) and receipted by the state treasurer, which may only be withdrawn pursuant to an appropriation or which stand appropriated by the Constitution of Missouri. Various funds not in the state treasury are not included in TSR. These funds include university local funds; Department of

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Background, Methodology, and Conclusions

Revenue local sales and use tax fund collections; various funds held in trust for inmates, patients, etc.; and funds of various quasi-governmental agencies such as the Board of Public Buildings, the Housing Development Commission, the Higher Education Loan Authority, the Health and Educational Facilities Authority, and the state's retirement and other employee benefit plans. The Hancock Amendment states the composition of TSR is, "defined in the budget message of the governor for fiscal year 1980-81." The funds described above were not addressed in the governor's budget message for that year since the funds were not in the state treasury and not appropriated. Thus, it is reasonable to conclude these funds should not be included in TSR.

From the revenue amounts obtained from SAM II, 8 funds are entirely excluded and 26 types of revenues are excluded to arrive at TSR, as defined in Section 17(1). These excluded funds and revenue types, and other exclusions and limits considered to arrive at TSR are described at Appendix C. A detailed schedule of SAM II revenue, adjustments for excluded funds and revenue types and other exclusions and limits, and resulting TSR for the 5 years ended June 30, 2020, is shown at Appendix A.

Tax and Fee Increases Section 18(e)

A 1996 amendment added Section 18(e) to the Hancock Amendment, which imposes an additional revenue limit on tax and fee increases.

Section 18(e) states the general assembly shall not increase taxes or fees in any fiscal year, without voter approval, that in total produce new annual revenues greater than \$50 million adjusted annually by the percentage change in the personal income of Missouri for the second previous year, or 1 percent of TSR for the second fiscal year prior to the general assembly's action, whichever is less. Sections 18(e) and 23 provide any taxpayer can bring suit in a court of law to enforce the provisions of the Hancock Amendment.

The OA-BP calculates the limits and monitors new legislation for tax and fee increases and decreases for each legislative session.

Calculation

The following table summarizes the OA-BP's annual projected net increases/decreases from legislative actions based on fiscal notes prepared for each bill by the Committee on Legislative Research - Oversight Division, calculated revenue limits, and projected amounts over/under revenue limits for the 5 years ended June 30, 2020.

* Legislative action amounts do not include bills for which Section 18(e) fiscal impact could not be projected.

N/A For fiscal years 2018, 2019, and 2020 the projections showed a net decrease in taxes and fees.

For the year ended June 30, 2020, the OA-BP determined based on fiscal notes prepared for each bill by the Oversight Division, as a result of general assembly legislative actions, net taxes and fees could decrease by a total of \$5.7 million. As noted in the Legislative actions section, the projected net decrease does not include 5 bills for which the Section 18(e) fiscal impact could not be projected. As noted in the Compliance section, actual compliance can be determined after each bill is fully effective. The 2016 legislative session was the only year the limit has been projected to be exceeded.

Revenue limit formula

Section 18(e) establishes the revenue limit as the lesser of (1) \$50 million adjusted annually by the percentage change in MPI for the second previous year, or (2) 1 percent of TSR for the second fiscal year prior to the legislative session.

For fiscal year 2020, the OA-BP calculated the MPI growth limit at \$135.7 million by multiplying the fiscal year 2019 MPI growth limit (\$128.1 million) by the percentage change in the MPI for fiscal year 2018 (5.92 percent). The OA-BP calculated the TSR limit at \$110 million by multiplying the fiscal year 2018 TSR (\$11.0 billion) by 1 percent. The revenue limit was established at the lessor of these amounts, or the TSR limit of \$110 million.

Legislative actions

After each legislative session, OA-BP personnel prepare a spreadsheet to quantify the potential fiscal impact of tax and fee increases and decreases from legislation enacted during the session. In accordance with Section 18(e), the OA-BP includes each House Bill and Senate Bill truly agreed and finally passed during the session, except bills vetoed by the governor and not overridden by the general assembly, and the estimated fiscal impact amount.

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Background, Methodology, and Conclusions

The OA-BP determines estimated Section 18(e) fiscal impact amounts by compiling information and amounts in fiscal notes for each bill. The fiscal notes are prepared by the Oversight Division with input from state agencies and local political subdivisions. In accordance with Section 18(e), the OA-BP compiles an amount for the first fiscal year the bill is fully effective. For most bills with Section 18(e) fiscal impact, the OA-BP determines an increase or decrease amount based on information in the fiscal note. For some bills, the fiscal note indicates the fiscal impact is "unknown." Accordingly, the OA-BP lists "unknown," rather than a dollar amount, in the legislative actions spreadsheet for these bills. OA-BP personnel indicated they did not attempt to develop a more precise estimate for this calculation because in some cases, it is not possible to quantify the potential impact of the legislation. The legislative actions spreadsheet contains a net total tax and fee increase/decrease for all bills combined. That information is compared to the calculated revenue limit to determine potential Section 18(e) compliance. The netting of the tax and fee increases and decreases is reasonable and in compliance with the amendment language.

The OA-BP legislative actions spreadsheet for the fiscal year 2020 legislative session included 28 bills, 10 of which the OA-BP determined had potential Section 18(e) fiscal impact. For 5 of these bills, the Section 18(e) fiscal impact could not be projected.

Compliance

Section 18(e)(4) provides compliance with Section 18(e) shall be measured by calculating the aggregate actual new annual revenues produced in the first fiscal year each individual tax or fee change is fully effective. For the fiscal year 2020 legislative session, actual compliance can be measured after each 2020 legislative session bill is fully effective.

Section 18(e)(5) provides any taxpayer or statewide elected official may bring action under Section 23 of the Hancock Amendment to enforce compliance with the provisions of Section 18(e). For actions brought by any statewide elected official, the Missouri Supreme Court has original jurisdiction. In such enforcement actions, the court will invalidate the taxes and fees that should have received a public vote. The court will order remedies in the amount of excess revenues collected, such as refunds or reductions in future taxes and/or fees.

Conclusions

TSR

For the year ended June 30, 2020, TSR was approximately \$6.3 billion under the refund threshold. As a result, no refund is due for the year ended June 30, 2020. This revenue limit has not been exceeded since the year ended June 30, 1999.

Tax and Fee Increases

For the year ended June 30, 2020, the OA-BP determined based on fiscal notes prepared for each bill by the Oversight Division, as a result of general

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Background, Methodology, and Conclusions

assembly legislative actions, net taxes and fees could decrease by a total of \$5.7 million. The projected net decrease does not include 5 bills for which the Section 18(e) fiscal impact could not be projected.

Actual compliance with the Section 18(e) revenue limit can be determined after each tax and fee increase and decrease is fully effective. Since Section 18(e) was added to the Hancock Amendment in 1996, the 2016 legislative session was the only year the limit has been projected to be exceeded.

Review of Article X, Sections 16 Through 24, Constitution of Missouri

Appendix C

TSR Exclusions

Various revenue amounts are excluded from Statewide Accounting System for Missouri (SAM II) revenue amounts to arrive at Total State Revenue (TSR), as shown on Appendix A. These exclusions, which include certain funds, certain revenue types, and other exclusions and limits, are discussed below.

Excluded Funds

From the revenue amounts obtained from SAM II, certain funds are entirely excluded to arrive at TSR, as defined in Article X, Section 17(1), Missouri Constitution, as follows:

(A) Lottery Funds

In November 1984, the voters approved Article III, Section 39(b), Missouri Constitution, which authorized the creation of the Missouri State Lottery. This provision states that revenues produced from the conduct of a state lottery shall not be a part of TSR. Since the voters approved the state lottery, all revenue and expenditure refunds related to the state lottery are excluded. Beginning in fiscal year 2017, lottery proceeds are deposited in the State Lottery Fund. In prior fiscal years, they were deposited in the Lottery Enterprise Fund.

(B) Alternative Care Trust Fund

The Alternative Care Trust Fund was established in 1989 under Section 210.560, RSMo. The Department of Social Services uses this fund to account for funds held in trust for the benefit of children who have been placed in the legal custody of the state. The Department of Corrections, Department of Mental Health, and the Missouri Veterans Commission hold funds in trust for inmates and patients. Funds held in trust are not state funds since the funds remain the property of the individual. Since the Alternative Care Trust Fund does not account for state funds, it is excluded.

(C) Student Loan Funds

Federal legislation passed in 1997 made changes in the accounting required for federal education loans. Starting in federal fiscal year 1998, the federal government considers all monies in these funds as property of the federal government or guaranty agency. As a result, the state excludes the two student loan funds held in trust.

(D) Pansy Johnson-Travis Memorial State Gardens Trust Fund

The state received an endowment in 1987 for the purpose of establishing a memorial state garden. The state is to invest the endowment for 100 years before using the funds to establish the memorial garden. Since the funds cannot be appropriated until 2087, the revenue is excluded from TSR.

(E) Division of Youth Services Child Benefits Fund

The Division of Youth Services (DYS) Child Benefits Fund was administratively created to account for payments from the Social Security Administration held in trust for the benefit of youth in the DHS custody. Funds held in trust are not deemed to be state funds, and are therefore excluded. This fund was added as an excluded fund in fiscal year 2016. In prior years, most of the fund revenues were excluded as federal funds.

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

(F) Veterans' Health and Care
Fund

In November 2018, the voters approved Article XIV, Section 1.4, Missouri Constitution, which authorized the creation of the Missouri Veterans' Health and Care Fund. The fund is used to account for various taxes and fees also authorized by that section for the regulation of medical marijuana licensing and distribution. Since voters directly approved these taxes and fees, the fund is excluded from TSR.

Excluded Revenues

From the revenue amounts obtained from SAM II, certain types of revenues are excluded to arrive at TSR, as defined in Article X, Section 17(1), Missouri Constitution, as follows:

(1) Federal Funds

Article X, Section 17, Missouri Constitution, specifically excludes federal funds.

(2) Proposition C Sales and Use
Tax/Interest

In November 1982, the voters approved Proposition C, which increased the state sales and use tax by 1 percent. Since Proposition C received direct voter approval as provided in Article X, Section 16, Missouri Constitution, the proceeds from the additional 1 percent sales and use tax, including any interest earned on the investment of such taxes, are excluded.

(3) Proposition A Gas Tax and
License Fee Increases

In April 1987, the voters approved Proposition A, which increased the motor fuel tax by 4 cents per gallon and increased the annual registration fee for certain motor vehicles, effective July 1, 1987. Since the increase in tax and fees received direct voter approval, these revenues are excluded. Also, see item (24).

(4) Bond Sales

Attorney General Opinion 22-1982 concluded that proceeds of the state's general obligation bonds were not to be included in TSR.

(5) Refunds

Refunds received due to the overpayment of obligations by the state, as identified by certain revenue source codes, are excluded. Refunds also include cost recoveries and prescription drug rebates received through the Medicaid and Children's Health Insurance programs.

(6) Interagency Sales and
Receipts

Since interagency transactions do not generate additional revenue for the state as a whole, interagency sales and receipts, as identified by certain revenue source codes, are excluded.

(7) Soil and Water Sales and Use
Tax/Interest
and

(8) Parks Sales and Use
Tax/Interest

In August 1984, the voters approved a one-tenth of 1 percent sales tax for soil and water conservation and state parks. Article IV, Section 47(c), Missouri Constitution, states that the additional revenue provided by the tax shall not be part of TSR. Since the voters approved the sales tax, the sales tax and any interest earned on the investment of the balance in these funds are excluded.

(9) Redeposit of Investment
Principal

The redeposit of investment principal is excluded.

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

- (10) Outlawed Checks Outlawed checks (issued checks not cashed by the payee within the time allowed) are redeposited in the state treasury and are excluded.
- (11) Redeposit of Loan Principal Redeposits of loan principal are excluded.
- (12) Bingo Tax The August 1992 amendment to Article III, Section 39(d), Missouri Constitution, related to gaming activities also applies to bingo games, in that all state revenues derived from the conduct of gaming activities shall be appropriated beginning July 1, 1993, solely for public education and shall not be included in TSR. Section 313.007, RSMo, requires the bingo tax to be deposited in the Bingo Proceeds for Education Fund. The bingo tax, certain fees, and the interest earned on the investment of the fund are excluded from TSR.
- (13) Riverboat Gambling and
Other Gaming Proceeds In August 1992, voters approved an amendment to Article III, Section 39(d), Missouri Constitution, that requires all state gaming revenues be appropriated for public education and excludes these revenues from TSR.
- In 1993, the state enacted Senate Bills 10 and 11. This comprehensive gaming legislation established riverboat gaming in the state. The legislation repealed House Bill (HB) 149 related to riverboat gaming, which had been enacted by voters as Proposition A in November 1992.
- Under Senate Bills 10 and 11, the state imposed a 20 percent tax on adjusted gross receipts from gambling games. In November 2008, the voters approved increasing the tax to 21 percent. The state treats 90 percent of this revenue as state gaming revenues under Article III, Section 39(d), Missouri Constitution, and earmarks the revenues to the Gaming Proceeds for Education Fund. The remaining 10 percent of this revenue is allocated to the home dock city or county. Under Article III, Section 39(d), Missouri Constitution, the 90 percent portion of the adjusted gross receipts tax is exempted from TSR. The remaining 10 percent portion of the adjusted gross receipts tax is also excluded from TSR because these funds are distributed by the Department of Revenue without deposit in the state treasury and without appropriation.
- Under Senate Bills 10 and 11, the legislature also established a Gaming Commission Fund in the state treasury and authorized gaming commission license fees, penalties, administrative fees, reimbursements, and admission fees to be deposited in this fund and expended pursuant to state appropriation for various purposes.
- On November 24, 1998, the Missouri Court of Appeals, Western District, entered its final decision in *Kelly v. Hanson*, 984 S.W. 2d 540 (Mo. App. W.D. 1998). The Missouri Court of Appeals, Western District, held that revenue from the \$1 portion of the state-imposed \$2 admission fee payable to the state is excluded from TSR, while the revenue from the payments to the

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

state to recoup public safety and regulatory enforcement costs is included in TSR. The remaining \$1 portion of the \$2 admission fee is also excluded from TSR because these funds are distributed by the Department of Revenue without deposit in the state treasury and without appropriation.

In 2016, the state enacted HB 1941 that requires licensed fantasy sports contest operators to pay an annual operation fee equal to 11.5 percent of the operator's net revenue from the previous calendar year. These revenues are deposited in the Gaming Proceeds for Education Fund. Section 313.822, RSMo, provides all monies deposited in the Gaming Proceeds for Education Fund are to be treated as proceeds of river boat gambling. Under Article III, Section 39(d), Missouri Constitution, these annual operation fees are excluded from TSR.

(14) Redeposit of State Funds

The redeposit of state funds for which a state expenditure was originally incurred, such as from closing a petty cash fund and returning the funds to the state treasury, is excluded.

(15) Loan Proceeds

The state periodically receives loans or advancements from the federal government, local governments, or private sources, to finance the acceleration of state projects. Since the loans must be repaid in the future, they are excluded.

(16) Conservation Sales and Use
Tax/Interest

In *Conservation Federation of Missouri v. Richard Hanson*, 994 S.W. 2d 27 (Mo. Banc. 1999), the Supreme Court held that the revenue derived from the one-eighth of 1 percent conservation sales tax, and any interest earned on the investment of these funds, are excluded.

(17) State Employee Expense
Reimbursement

The state receives reimbursement from private individuals, firms, partnerships, corporations, etc., for state employee expenses incurred in providing testimony in a court of law, for which the employee has already been reimbursed by a state expense account. These reimbursements are excluded.

(18) Recovery Costs

Monies received from others for costs incurred by the state or to be incurred by the state are excluded. Monies received from tobacco companies under the Tobacco Master Settlement Agreement are included in the recovery costs exclusion. See Tobacco Master Settlement Agreement Proceeds section. Also, see item (19).

(19) Cost Reimbursements

Monies received from other governments for reimbursements of costs incurred by the state are excluded.

Regarding items (18) and (19), the state has excluded from TSR receipts for cost reimbursements since fiscal year 1982 and receipts for recovery costs since fiscal year 1988. Although the constitution does not specifically

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

mention cost reimbursements and recovery costs and they have not been the subject of a court decision, we have agreed with such exclusions because from an accounting standpoint, they would not be considered revenue.

(20) Canceled Checks

Receipts derived from the redeposit of state checks that have been canceled are excluded.

(21) Local Match

Local governments provided funds to the state to use as a local match to qualify for federal or state funding. Since these funds are not state funds, they are excluded.

(22) Proceeds of Surplus Property
Sales

The proceeds from some sales of surplus property are excluded. Although the constitution does not specifically mention proceeds of surplus property sales and they have not been the subject of a court decision, we have agreed with such exclusions because from an accounting standpoint, they would not be considered revenue.

(23) DHSS Program Rebates

The Department of Health and Senior Services (DHSS) receives rebates through various federal programs, including the Special Supplemental Nutrition Program for Women, Infants, and Children and the HIV Care Formula Grants. These rebates are related to purchases made with federal funds and are therefore excluded.

(24) Amendment 3 Revenue
Derived From Highway
Users

In November 2004, the voters approved an amendment to Article IV, Sections 29 and 30(a) through 30(c) and added Section 30(d), Missouri Constitution, effective July 1, 2005.

Section 30(a)(4) provides for the apportionment and distribution of net proceeds of motor fuel tax. This section further provides that, "The net proceeds of fuel taxes apportioned, distributed and deposited under this section to the state road fund, counties, cities, towns and villages shall not be included within the definition of 'total state revenues'. . . ."

Section 30(b) provides for the use and distribution of revenue derived from highway users as an incident to their use or right to use the highways of the state (including all state license fees and taxes on motor vehicles, trailers and motor vehicle fuels and excepting sales tax on motor vehicles and trailers which are not distributed to the state road fund). This section further provides that, "The moneys apportioned or distributed under this section to the state road fund, the state transportation fund, the state road bond fund, counties, cities, towns or villages shall not be included within the definition of 'total state revenues'. . . ."

As a result, motor vehicle sales tax and special fuel non-gas tax, and fees from motor vehicle licenses or permits, interstate transportation licenses or permits, driver's licenses or permits, overdimension/overweight permits, other

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

licenses and permits, and non-motor fuel decals credited to the State Road Fund, State Road Bond Fund, and/or State Transportation Fund are excluded from TSR.

The increase in interstate transportation license or permits for certain motor vehicles excluded under this section were previously excluded and, as a result, have no impact on TSR. (See item (3))

Sections 29, 30(c), and 30(d) have no Hancock implications.

(25) Interest - Federal

Interest assessed and received on advances made to the state by the federal government. Since the interest is due to the federal government, it is excluded from TSR.

(26) Suspense Holding

The collection of unidentified funds for both state and non-state entities. Since these monies have not been identified, they are excluded from TSR.

Other Exclusions and
Limits

Other exclusions and limits have been considered to arrive at TSR, as follows:

Cash Management Improvement
Act (CMIA)

The state has to enter into an agreement with the federal government that governs the timing of when the state can obtain federal grant monies. If the state holds federal funds longer than needed, the state has to reimburse the federal government for interest earnings. Since the interest was earned on federal funds and has to be returned to the federal government, it is excluded from TSR.

Agency Remitted Sales Tax

Some state agencies sell goods or services to the public and collect sales tax. To avoid counting the same receipts in TSR twice, the sales tax remitted by state agencies to the Department of Revenue is excluded from TSR.

Abandoned Funds Claim
Payments

Under Section 447.543, RSMo, the state receives abandoned funds from various sources (banks, businesses, insurance companies, etc.). These funds are placed in the state Abandoned Fund Account. The rightful owner may receive these funds if properly claimed. The state includes the receipts in TSR. Starting in fiscal year 1998, the state excludes from TSR amounts paid to the rightful owner.

Circuit Courts Escrow and Debt
Offset Escrow

Under Section 488.5028, RSMo, the Department of Revenue and State Lottery Commission make setoffs of income tax refunds and lottery prize payouts, respectively, for amounts owed to circuit courts. Similarly, under Section 143.784, RSMo, the Department of Revenue makes setoffs of income tax refunds for amounts due to state agencies. Amounts setoff under both provisions are placed in escrow accounts until any review hearings are held and the matter is resolved. As a result, this revenue is not included in TSR.

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

Expenditure Refunds

Under Article X, Section 17(1), Missouri Constitution, TSR shall exclude the amount of any credits based on actual tax liabilities. Refunds disbursed due to the excess collection by the state of liabilities owed the state, largely tax refunds, as identified by certain expenditure object codes are excluded. The method used to determine expenditure refunds is not specified in the amendment. Although the OA-BP initially used the appropriation basis to determine expenditures refunds, during fiscal year 1984, the OA-BP changed to the cash basis. In *Kelly v. Hanson*, 959 S.W.2d 107 (Mo. Banc 1997), the Supreme Court held that a cash basis of accounting should be used to determine compliance with the Hancock Amendment. A schedule of expenditure refunds is included at Appendix B.

Tobacco Master Settlement
Agreement Proceeds

The OA-BP excluded \$129,544,993 received from tobacco companies during fiscal year 2020. The Master Settlement Agreement was entered into effective November 23, 1998, between the major cigarette manufacturers and the states' Attorneys General. Missouri received its first payments under the settlement agreement during fiscal year 2001 and future payments from tobacco companies extend in perpetuity. The payment received in 2001 included amounts under the settlement agreement for 1998, 2000, and 2001. The settlement agreement did not require a payment for 1999. Payments for fiscal years 2001 through 2020 were as follows:

Fiscal Year	Amount
2001	\$ 338,230,653
2002	172,679,543
2003	166,895,179
2004	142,829,966
2005	144,964,644
2006	133,078,222
2007	139,292,616
2008	153,277,453
2009	168,066,958
2010	140,318,927
2011	132,631,552
2012	135,246,224
2013	135,166,246
2014	66,085,418
2015	132,261,643
2016	123,645,603
2017	191,261,135
2018	138,311,530
2019	134,225,943
2020	129,544,993

The amounts received were coded in the state's accounting system to revenue source code 1806 - recovery costs, which is excluded from TSR. Recovery

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix C

costs are defined under revenue source code 1806 as, "*all money recovered from others for costs incurred by the state or to be incurred by the state.*" The OA-BP has concluded these receipts should be excluded from TSR because the amounts represent a recovery of health care costs previously incurred or to be incurred by the state attributable to smoking.

Public information was not readily available to determine if the amounts recovered from the tobacco companies under the master settlement agreement were more or less than the health care costs incurred. For our fiscal year 2001 report, we reviewed three extensive research projects conducted by experts. We limited our analysis to Medicaid costs incurred in fiscal years 1998 through 2001. We did not consider Medicaid costs prior to fiscal year 1998. In addition, we did not consider other costs incurred by the state, such as employee health care costs attributable to smoking. These research projects showed that Medicaid costs attributable to smoking were higher than the amount the state received from the tobacco companies under the settlement agreement. As a result, in our 2001 report we concluded it was proper for the OA-BP to exclude the amounts received from the tobacco companies as a recovery cost.

A study, "Tobacco Damages to the State of Missouri" by Glenn W. Harrison, was commissioned by the Missouri Attorney General's Office for use in a lawsuit against tobacco companies filed May 12, 1997. This lawsuit was dropped because Missouri joined a consortium of states in December 1998, in the Master Settlement Agreement with the tobacco companies. As a result, the Harrison study was not fully completed. However, the draft report provided an estimate of Medicaid costs attributable to smoking for 1970 through 2007 and an estimate of state employee health care costs attributable to smoking for 1970 through 1997. This study estimates that state costs attributable to smoking were higher than the amount the state received. OA officials could not locate any current studies, but they believe continued exclusion is reasonable.

Federal Reimbursement
Allowance and Nursing Facility
Reimbursement Allowance

The Federal Reimbursement Allowance and the Nursing Facility Reimbursement Allowance tax imposed by the state to pay the state's share of the costs of the Medicaid program when collected by an offset against Medicaid claims, is not directly deposited in the state treasury. As a result, this revenue is not included in TSR.

Review of Article X, Sections 16 Through 24, Constitution of Missouri Appendix E

Article X, Sections 16 through 24, Constitution of Missouri (Adopted November 4, 1980, Amended April 2, 1996)

TAXATION

Section 16. Taxes and state spending to be limited--state to support certain local activities--emergency spending and bond payments to be authorized. Property taxes and other local taxes and state taxation and spending may not be increased above the limitations specified herein without direct voter approval as provided by this constitution. The state is prohibited from requiring any new or expanded activities by counties and other political subdivisions without full state financing, or from shifting the tax burden to counties and other political subdivisions. A provision for emergency conditions is established and the repayment of voter approved bonded indebtedness is guaranteed. Implementation of this section is specified in sections 17 through 24, inclusive of this article.

Section 17. Definitions. As used in sections 16 through 24 of Article X:

- (1) **"Total state revenues"** includes all general and special revenues, license and fees, excluding federal funds, as defined in the budget message of the governor for fiscal year 1980-1981. Total state revenues shall exclude the amount of any credits based on actual tax liabilities or the imputed tax components of rental payments, but shall include the amount of any credits not related to actual tax liabilities.
- (2) **"Personal income of Missouri"** is the total income received by persons in Missouri from all sources, as defined and officially reported by the United States Department of Commerce or its successor agency.
- (3) **"General price level"** means the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency.

Section 18. Limitation on taxes which may be imposed by general assembly--exclusions--refund of excess revenue--adjustments authorized.

- (a) There is hereby established a limit on the total amount of taxes which may be imposed by the general assembly in any fiscal year on the taxpayers of this state. Effective with fiscal year 1981-1982, and for each fiscal year thereafter, the general assembly shall not impose taxes of any kind which, together with all other revenues of the state, federal funds excluded, exceed the revenue limit established in this section. The revenue limit shall be calculated for each fiscal year and shall be equal to the product of the ratio of total state revenues in fiscal year 1980-1981 divided by the personal income of Missouri in calendar year 1979 multiplied by the personal income of Missouri in either the calendar year prior to the calendar year in which appropriations for the

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix E

fiscal year for which the calculation is being made, or the average of personal income of Missouri in the previous three calendar years, whichever is greater.

(b) For any fiscal year in the event that total state revenues exceed the revenue limit established in this section by one percent or more, the excess revenues shall be refunded pro rata based on the liability reported on the Missouri state income tax (or its successor tax or taxes) annual returns filed following the close of such fiscal year. If the excess is less than one percent, this excess shall be transferred to the general revenue fund.

(c) The revenue limitation established in this section shall not apply to taxes imposed for the payment of principal and interest on bonds, approved by the voters and authorized under the provisions of this constitution.

(d) If responsibility for funding a program or programs is transferred from one level of government to another, as a consequence of constitutional amendment, the state revenue and spending limits may be adjusted to accommodate such change, provided that the total revenue authorized for collection by both state and local governments does not exceed that amount which would have been authorized without such change.

(e). Voter approval required for taxes or fees, when, exceptions--definitions--compliance procedure, remedies.¹

1. In addition to the revenue limit imposed by section 18 of this article, the general assembly in any fiscal year shall not increase taxes or fees without voter approval that in total produce new annual revenues greater than either fifty million dollars adjusted annually by the percentage change in the personal income of Missouri for the second previous fiscal year, or one percent of total state revenues for the second fiscal year prior to the general assembly's action, whichever is less. In the event that an individual or series of tax or fee increases exceed the ceiling established in this subsection, the taxes or fees shall be submitted by the general assembly to a public vote starting with the largest increase in the given year, and including all increases in descending order, until the aggregate of the remaining increases and decreases is less than the ceiling provided in this subsection.

2. The term "new annual revenues" means the net increase in annual revenues produced by the total of all tax or fee increases enacted by the general assembly in a fiscal year, less applicable refunds and less all contemporaneously occurring tax or fee reductions in that same fiscal year, and shall not include interest earnings on the proceeds of the tax or fee increase. For purposes of this calculation, "enacted by the general assembly"

¹ The 1996 amendment added section 18(e).

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix E

shall include any and all bills that are truly agreed to and finally passed within that fiscal year, except bills vetoed by the governor and not overridden by the general assembly. Each individual tax or fee increase shall be measured by the estimated new annual revenues collected during the first fiscal year that it is fully effective. The term "increase taxes or fees" means any law or laws passed by the general assembly after May 2, 1996, that increase the rate of an existing tax or fee, impose a new tax or fee, or broaden the scope of a tax or fee to include additional class of property, activity, or income, but shall not include the extension of an existing tax or fee which was set to expire.

3. In the event of an emergency, the general assembly may increase taxes, licenses or fees for one year beyond the limit in this subsection under the same procedure specified in section 19 of this article.

4. Compliance with the limit in this section shall be measured by calculating the aggregate actual new annual revenues produced in the first fiscal year that each individual tax or fee change is fully effective.

5. Any taxpayer or statewide elected official may bring an action under the provisions of section 23 of this article to enforce compliance with the provisions of this section. The Missouri supreme court shall have original jurisdiction to hear any challenge brought by any statewide elected official to enforce this section. In such enforcement actions, the court shall invalidate the taxes and fees which should have received a public vote as defined in subsection 1 of this section. The court shall order remedies of the amount of revenue collected in excess of the limit in this subsection as the court finds appropriate in order to allow such excess amounts to be refunded or to reduce taxes and/or fees in the future to offset the excess monies collected.

Section 19. Limits may be exceeded, when, how. The revenue limit of section 18 of this article may be exceeded only if all of the following conditions are met: (1) The governor requests the general assembly to declare an emergency; (2) the request is specific as to the nature of the emergency, the dollar amount of the emergency, and the method by which the emergency will be funded; and (3) the general assembly thereafter declares an emergency in accordance with the specifics of the governor's request by a majority vote for fiscal year 1981-1982, thereafter a two-thirds vote of the members elected to and serving in each house. The emergency must be declared in accordance with this section prior to incurring any of the expenses which constitute the emergency request. The revenue limit may be exceeded only during the fiscal year for which the emergency is declared. In no event shall any part of the amount representing a refund under section 18 of this article be the subject of an emergency request.

Section 20. Limitation on state expenses. No expenses of state government shall be incurred in any fiscal year which exceed the sum of the revenue limit

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix E

established in sections 18 and 19 of this article plus federal funds and any surplus from a previous fiscal year.

Section 21. State support to local governments not to be reduced, additional activities and services not to be imposed without full state funding. The state is hereby prohibited from reducing the state financed proportion of the costs of any existing activity or service required of counties and other political subdivisions. A new activity or service or an increase in the level of any activity or service beyond that required by existing law shall not be required by the general assembly or any state agency of counties or other political subdivision, unless a state appropriation is made and disbursed to pay the county or other political subdivision for any increased costs.

Section 22. Political subdivisions to receive voter approval for increases in taxes and fees--rollbacks may be required--limitation not applicable to taxes for bonds.

(a) Counties and other political subdivisions are hereby prohibited from levying any tax, license or fees, not authorized by law, charter or self-enforcing provisions of the constitution when this section is adopted or from increasing the current levy of an existing tax, license or fees, above that current levy authorized by law or charter when this section is adopted without the approval of the required majority of the qualified voters of that county or other political subdivision voting thereon. If the definition of the base of an existing tax, license or fees, is broadened, the maximum authorized current levy of taxation on the new base in each county or other political subdivision shall be reduced to yield the same estimated gross revenue as on the prior base. If the assessed valuation of property as finally equalized, excluding the value of new construction and improvements, increases by a larger percentage than the increase in the general price level from the previous year, the maximum authorized current levy applied thereto in each county or other political subdivision shall be reduced to yield the same gross revenue from existing property, adjusted for changes in the general price level, as could have been collected at the existing authorized levy on the prior assessed value.

(b) The limitations of this section shall not apply to taxes imposed for the payment of principal and interest on bonds or other evidence of indebtedness or for the payment of assessments on contract obligations in anticipation of which bonds are issued which were authorized prior to the effective date of this section.

Section 23. Taxpayers may bring actions for interpretations of limitations. Notwithstanding other provisions of this constitution or other law, any taxpayer of the state, county or other political subdivision shall have standing to bring suit in a circuit court of proper venue and additionally, when the state is involved, in the Missouri supreme court, to enforce the provisions of sections 16 through 22, inclusive, of this article and, if the suit is sustained,

Review of Article X, Sections 16 Through 24,
Constitution of Missouri
Appendix E

shall receive from the applicable unit of government his costs, including reasonable attorneys' fees incurred in maintaining such suit.

Section 24. Voter approval requirements not exclusive--self-enforceability.

(a) The provisions for voter approval contained in sections 16 through 23, inclusive, of this article do not abrogate and are in addition to other provisions of the constitution requiring voter approval to incur bonded indebtedness and to authorize certain taxes.

(b) The provisions contained in sections 16 through 23, inclusive, of this article are self-enforcing; provided, however, that the general assembly may enact laws implementing such provisions which are not inconsistent with the purposes of said sections.

Missouri State Auditor

Justin Cottrell, Chairman
and
Board of Directors
Douglas Square Transportation Development District
Lee's Summit, Missouri

The State Auditor is required under Section 238.275, RSMo, to audit a transportation development district prior to the question of abolishment being submitted to a vote. On December 10, 2020, the Board of Directors of the Douglas Square Transportation Development District approved a resolution of its intent to dissolve the district and request an audit as required by statute. The State Auditor was subsequently notified of this resolution.

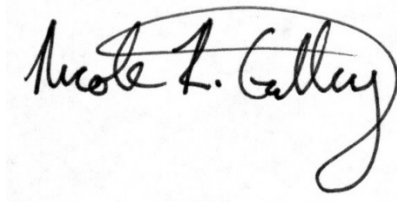

The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2020. The objectives of our audit were to evaluate the financial status of the district and determine whether it may be abolished pursuant to law.

Our methodology included reviewing minutes of meetings, financial records, and other pertinent documents; interviewing various personnel of the district, as well as certain external parties; and testing selected transactions. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The audit determined the Board of Directors may proceed with abolishment of the district in accordance with Section 238.275, RSMo.

The accompanying Management Advisory Report presents our findings arising from our audit of the Douglas Square Transportation Development District.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

Douglas Square Transportation Development District Management Advisory Report - State Auditor's Findings

Financial Status

Our audit of the Douglas Square Transportation Development District (TDD) indicates the financial condition of the district is such that it may be abolished.

The Douglas Square TDD is located in the city of Lee's Summit. The district was organized in 2000 by petition of the property owners within the boundaries of the proposed TDD. The members of the Board of Directors are representatives of the property owners. The district has a fiscal year end of December 31.

In March 2001, the qualified voters of the Douglas Square TDD approved a 1-cent (1 percent) sales tax on all taxable transactions within the boundaries of the district. The Board of Directors subsequently passed a resolution formally establishing the sales tax rate to be effective June 1, 2001, for 10 years. In November 2002, the Board of Directors approved extending the sales tax for 20 years from when the tax was first imposed and approved to help pay for the projects of the Douglas Station TDD, a separate political subdivision. In 2003, the Boards of Directors of the Douglas Square TDD and Douglas Station TDD were controlled by the same individuals. The qualified voters of the Douglas Square TDD subsequently approved the additional projects and sales tax extension in February 2003.

The Douglas Square TDD was formed for the purpose of design, engineering, and construction of Missouri Road. The City of Lee's Summit is the public entity with jurisdiction over the project and serves as the Local Transportation Authority. The Douglas Square project was completed, and the City of Lee's Summit accepted dedication of it, in 2003. Also in 2003, the Douglas Square TDD agreed to help pay for projects not included within the boundaries of the district, including the grading and construction of Sloan Street and N.E. Sycamore Street, construction of sidewalks adjacent to the streets, installation of a traffic signal at the intersection of N.E. Douglas Street and N.E. Sycamore Street, and construction of related drainage. These projects were within the boundaries of the Douglas Station TDD.

In November 2002, the Douglas Square TDD Board entered into a \$550,000 promissory note with a bank to pay for project costs. In February 2004, the Douglas Station TDD Board entered into a \$1,600,000 promissory note with a bank to pay for project costs. Annually, the Douglas Square TDD budgeted to transfer funds to the Douglas Station TDD to pay a portion of the note issued by the Douglas Station TDD. Full repayment of the Douglas Square TDD note occurred in March 2019. The Douglas Station TDD note remains outstanding.

In December 2020, the Board of Directors of the Douglas Square TDD approved a resolution to repeal the sales tax effective April 1, 2021, and subsequently notified the Missouri Department of Revenue (DOR) of the resolution. In December 2020, the Board of Directors approved a resolution

Douglas Square Transportation Development District
Management Advisory Report - State Auditor's Findings

formalizing its intent to dissolve the TDD. The Douglas Square TDD's legal counsel advised the State Auditor's Office (SAO) of this resolution and requested the SAO proceed with all necessary actions as required pursuant to Section 238.275, RSMo.

The SAO has performed an audit of the Douglas Square TDD as required by Section 238.275, RSMo. That statute requires the State Auditor to audit the district to determine its financial status, and determine whether it may be abolished pursuant to law. That law also states the board shall not propose the question to abolish the district while there are outstanding claims or causes of action pending against it, if its liabilities exceed its assets; or while the district is insolvent, in receivership, or under the jurisdiction of a bankruptcy court.

The following table presents the financial activity and cash balance of the Douglas Square TDD for the year ended December 31, 2020.

	Year Ended December 31, 2020
RECEIPTS	
Sales taxes	\$ 176,765
Interest	109
Total Receipts	176,874
DISBURSEMENTS	
Payments for Douglas Station TDD Projects	164,427
Payments for Douglas Square TDD Projects (1)	0
Administration	7,291
Total Disbursements	171,718
RECEIPTS OVER (UNDER) DISBURSEMENTS	5,156
BEGINNING CASH	47,372
ENDING CASH	\$ 52,528

(1) The debt associated with the Douglas Square TDD Projects was paid off in March 2019.

Douglas Square Transportation Development District
Management Advisory Report - State Auditor's Findings

The following table presents the financial activity of the Douglas Square TDD for the 16 years ended December 31, 2020.

	16 Years Ended December 31, 2020 (1)
RECEIPTS	
Sales taxes	\$ 2,703,649
Interest (2)	448
Total Receipts	<u>2,704,097</u>
DISBURSEMENTS	
Payments for Douglas Station TDD Projects	1,611,417
Payments for Douglas Square TDD Projects	907,462
Administration	157,853
Total Disbursements	<u>2,676,732</u>
RECEIPTS OVER (UNDER) DISBURSEMENTS	<u>\$ 27,365</u>

(1) Financial information prior to 2005 is not available.

(2) Interest revenue prior to 2019 was not available.

Based on our audit, the cash balance of the Douglas Square TDD as of December 31, 2020 was \$52,528. The TDD subsequently received sales tax collections through April 2021. The Douglas Square TDD's cash balance on February 28, 2021, was \$81,608. The TDD's Attorney estimated future obligations for the district to close out are less than \$40,000. Based on this representation, TDD assets will be sufficient to pay any remaining costs and obligations. Pursuant to Board Resolution 2019-01, the Douglas Square TDD will transfer all remaining money to the Douglas Station TDD prior to termination.

Based on our audit, the Board of Directors may proceed with the abolishment of the district in accordance with Section 238.275, RSMo.

CITIZENS SUMMARY

Findings in the audit of the Jefferson County Collector

Commissions	Personal commissions are not reported to the Internal Revenue Service as employee compensation by the county.
User Identification and Passwords	The County Collector has not established adequate user identification and password controls to reduce risk of unauthorized access to some computers and data.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

County Executive
and
County Council
and
County Auditor
and
County Collector
Jefferson County, Missouri

We have audited the County Collector and Property Tax System of Jefferson County. Section 52.150, RSMo, requires the State Auditor to audit the office of the County Collector after being notified of a vacancy in that office. On September 9, 2020, a vacancy occurred in the office of the County Collector of Jefferson County. A successor was appointed and sworn into office effective September 9, 2020. The scope of our audit included, but was not necessarily limited to, the period of March 1, 2020, to September 9, 2020, and the year ended February 29, 2020. The objectives of our audit were to:

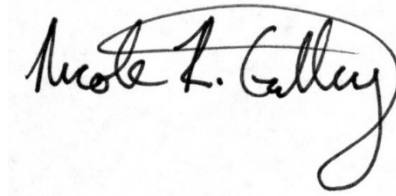

1. Evaluate the county's internal controls over significant property tax functions.
2. Evaluate the county's compliance with certain legal provisions.

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county, as well as certain external parties; and testing selected transactions. We obtained an understanding of internal control that is significant to the audit objectives and assessed the design and implementation of such internal control to the extent necessary to address our audit objectives. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable contract, grant agreement, or other legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from the County Collector and county management and was not subjected to the procedures applied in our audit of the County Collector and Property Tax System.

Section 52.150, RSMo, requires the County Council to accept the State Auditor's report and, if necessary, to take certain specific actions if the State Auditor finds any funds owed to the county or the former County Collector. For the areas audited, we identified (1) deficiencies in internal controls and (2) noncompliance with legal provisions. The accompanying Management Advisory Report presents our findings arising from our audit of the County Collector and Property Tax System of Jefferson County.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is written in a cursive style with a large, looping "G" at the end.

Jefferson County Collector and Property Tax System

Management Advisory Report

State Auditor's Findings

1. Commissions

Personal commissions are not reported to the Internal Revenue Service (IRS) as employee compensation¹ by the county. The County paid the County Collector commissions for the collection of city taxes totaling \$3,000 annually outside of the county payroll process.² Property taxes and other receipts collected by the County Collector totaled approximately \$259.3 million during the year ended February 29, 2020.

Since the annual payments for commissions were not processed through the county payroll system, they were not reported on the employee's W-2 forms, appropriate payroll taxes were not withheld, and the employer's share of payroll taxes was not paid. IRS regulations require individuals treated as employees to have all compensation reported on W-2 forms.

To ensure all compensation is properly reported and taxed, all compensation should be paid through the normal county payroll process. The failure to properly report and tax all wages could result in penalty and interest charges assessed against the county.

Recommendation

The County Collector work with the County Executive and County Auditor to ensure all compensation is paid through the county's normal payroll process, properly taxed, and reported to the IRS as employee compensation.

Auditee's Response

Jefferson County agrees with the State Auditor's findings and any future commissions paid to the County Collector pursuant to Missouri state law shall be processed through the county's payroll process.

2. User Identification and Passwords

The County Collector has not established adequate user identification and password controls to reduce risk of unauthorized access to some computers and data. Some employees in the County Collector's office share the two computer terminals at the front counter and do not log off and back on with their unique user identification and password when using the property tax system. The terminals are solely used for accessing the property tax system and a shared user identification and password is used to access the terminals. While the terminals lock after a period of inactivity, the property tax system does not lock or automatically logout users. As a result, once a property tax system batch is opened on one of these computers, it remains open until it is closed out and the deposit is prepared, and there is no assurance that the user listed in the system for posting or deleting a transaction is the person who did it.

¹ The Collector indicated the county issued a Form 1099 to the Collector for these payments; however, officials could not explain how the Collector can be treated as both an employee and a non-employee.

² Section 52.320 RSMo, limits commissions to \$3,000 annually.

Jefferson County Collector and Property Tax System Management Advisory Report - State Auditor's Findings

While a user identification and password are required to authenticate access, the security of these logon credentials is dependent on keeping them confidential and requiring users to enter their unique user identification and password when switching users. Allowing certain users to share the property tax system access without logging off and back on with their unique user identification and password increases the risk of unauthorized access and/or changes to the system and records, and reduces assurance that access is limited to only those individuals who need access to perform their job responsibilities. User identifications should be unique to each person and passwords should be confidential to reduce the risk of a compromised password and unauthorized access to and use of computers and data.

Recommendation

The County Collector require employees use their unique user identification and password when accessing the property tax system.

Auditee's Response

Currently, the county and County Collector have instituted many compensating controls such as cameras on each cash drawer to reduce the risk of unauthorized access or fraud in the County Collector's office. All other terminals in the County Collector's office are already individually password controlled. The County Collector shall work with the County Auditor and the Director of Administration to develop additional compensating controls pursuant to the recommendations of the State Auditor.

Jefferson County Collector and Property Tax System

Organization and Statistical Information

The County Collector bills and collects property taxes for the county and most local governments. Pursuant to Section 52.015, RSMo, the term for which collectors are elected expires on the first Monday in March of the year in which they are required to make their last final settlement for the tax book collected by them. Annual settlements are to be filed with the county council for the fiscal year ended February 28 (29).

Beth Mahn served as County Collector until September 9, 2020. Michelle Worth was immediately appointed and sworn in as the Jefferson County Collector on September 9, 2020.

The County Collector received compensation of \$49,494 for the period March 1, 2020 through September 22, 2020. During the year ended February 29, 2020, the County Collector received compensation of \$84,847. Compensation was in accordance with the county charter.

Sheriff

Report No. 2021-032

June 2021

auditor.mo.gov

CITIZENS SUMMARY

Findings in the audit of the Clay County Sheriff

Receipting and Depositing Procedures	Sheriff's office personnel do not always deposit civil paper service fees timely and intact. In addition, they do not refund some civil service fees timely, issue the refunds by check, or document the disposition of the refunds. The Sheriff's office does not properly account for the numerical sequence of manual receipt slips issued for fees received in the office.
Inmate Accounts	Sheriff's office personnel do not prepare adequate bank reconciliations for the commissary account. The Sheriff does not timely disburse commissary net proceeds to the county Inmate Prisoner Detainee Security Fund as required by state law. The Sheriff does not have adequate procedures to ensure an inmate's remaining account balance is refunded upon release.
Prisoner Boarding	The Sheriff has not entered into current written agreements with counties and cities for boarding prisoners that detail the housing rate to be paid, the services to be provided, or any required notification for emergency or non-routine situations.

In the areas audited, the overall performance of this entity was **Good**.*

*The rating(s) cover only audited areas and do not reflect an opinion on the overall operation of the entity. Within that context, the rating scale indicates the following:

- Excellent:** The audit results indicate this entity is very well managed. The report contains no findings. In addition, if applicable, prior recommendations have been implemented.
- Good:** The audit results indicate this entity is well managed. The report contains few findings, and the entity has indicated most or all recommendations have already been, or will be, implemented. In addition, if applicable, many of the prior recommendations have been implemented.
- Fair:** The audit results indicate this entity needs to improve operations in several areas. The report contains several findings, or one or more findings that require management's immediate attention, and/or the entity has indicated several recommendations will not be implemented. In addition, if applicable, several prior recommendations have not been implemented.
- Poor:** The audit results indicate this entity needs to significantly improve operations. The report contains numerous findings that require management's immediate attention, and/or the entity has indicated most recommendations will not be implemented. In addition, if applicable, most prior recommendations have not been implemented.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Sheriff
Clay County, Missouri

The State Auditor was petitioned under Section 29.230, RSMo, to audit Clay County. We have audited certain operations of the Clay County Sheriff in fulfillment of our duties. The county engaged Cochran Head Vick & Co., P.C., to audit the county's financial statements for the year ended December 31, 2018. To minimize duplication of effort, we reviewed the firm's audit report for the year ended December 31, 2018. The scope of our audit included, but was not necessarily limited to, the year ended December 31, 2018. The objectives of our audit were to:

1. Evaluate the Sheriff's internal controls over certain management and financial functions.
2. Evaluate the Sheriff's compliance with certain legal provisions.
3. Evaluate the economy and efficiency of certain management practices and procedures, including certain financial transactions.

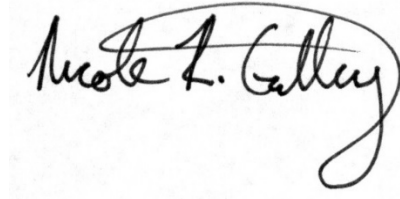

Our methodology included reviewing written policies and procedures, financial records, and other pertinent documents; interviewing various personnel of the county; and testing selected transactions. We obtained an understanding of internal controls that are significant within the context of the audit objectives and assessed whether such controls have been properly designed and placed in operation. We also obtained an understanding of legal provisions that are significant within the context of the audit objectives, and we assessed the risk that illegal acts, including fraud, and violations of applicable legal provisions could occur. Based on that risk assessment, we designed and performed procedures to provide reasonable assurance of detecting instances of noncompliance significant to those provisions.

We conducted our audit in accordance with the standards applicable to performance audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform our audit to obtain sufficient, appropriate evidence to provide a reasonable basis for our findings and conclusions based on our audit objectives. We believe that the evidence obtained provides such a basis.

The accompanying Organization and Statistical Information is presented for informational purposes. This information was obtained from Sheriff's office personnel and was not subjected to the procedures applied in our audit of the Sheriff.

For the areas audited, we identified (1) deficiencies in internal controls, (2) noncompliance with legal provisions, and (3) no significant deficiencies in management practices and procedures. The accompanying Management Advisory Report presents our findings arising from our audit of the Clay County Sheriff.

An additional overall audit report of Clay County is still in process, and any additional findings and recommendations will be included in that report.

A handwritten signature in black ink, reading "Nicole R. Galloway". The signature is fluid and cursive, with a large loop at the end of the last name.

	Zach Andrews, CFE

Clay County
Sheriff

Management Advisory Report - State Auditor's Findings

**1. Receipting and
Depositing
Procedures**

Sheriff's office procedures for receipting and depositing need improvement. During the year ended December 31, 2020, the Sheriff's office collected fees for civil paper service process totaling approximately \$153,000, and fees for concealed weapons permits, records requests, and other items totaling approximately \$207,000.

Civil paper service fees

Sheriff's office personnel do not always deposit civil paper service fees timely and intact. In addition, they do not refund some civil service fees timely, issue the refunds by check, or document the disposition of the refund. Office personnel indicated civil paper service fees are held until service documents are received. If the court does not request document service for a case, the Sheriff's office will refund/return the payment in the manner received. However, records documenting refunds made are not maintained and untimely follow-up on whether document service was requested has resulted in refunds not being issued timely.

During a cash count of civil paper service fees on January 14, 2020, we noted 4 receipts (3 cash and one check payment), each for \$50, received on September 19, 2019, October 15, 2019, December 19, 2019, and January 6, 2020. Records showed office personnel deposited the January 6, 2020, cash payment on January 14, 2020. Office personnel indicated, as of December 2020, the check payment was returned to the payer by mail, and one cash payment was returned in-person after notification of the refund, and the other cash payment had not been returned despite the Sheriff's office notifying the payer. The Sheriff's office did not maintain records documenting these refunds.

Manual receipt slips

The Sheriff's office does not properly account for the numerical sequence of manual receipt slips issued for fees received in the office. One copy of the receipt slip is provided to the payer and the other copy is transmitted with the payment to office personnel who further process the receipt and later attach it to deposit reports. No one accounts for the numerical sequence of the manual receipt slips and some receipt slips are excluded from the deposit reports.

Conclusion

Failure to implement adequate receipting and depositing procedures increases the risk that loss, theft, or misuse of money received will go undetected. Procedures should be established to ensure receipts are deposited timely and intact, all refunds are issued by check, and receipt slips issued are properly accounted for. In addition, procedures to routinely follow up on civil service paper fees are necessary to ensure they are appropriately refunded to the payer, disbursed to the county, or disposed of as otherwise provided by state law.

Recommendation

The Sheriff deposit receipts timely and intact, issue checks for all refunds in a timely manner, and account for the numerical sequence of manual receipt

Clay County
Sheriff
Management Advisory Report - State Auditor's Findings

slips issued. In addition, any unclaimed refunds should be disposed of in accordance with state law.

Auditee's Response

Sheriff Akin provided the following response:

The Sheriff's office will update current practices to ensure deposits and checks for refunds are made in a timelier manner, and manual receipts issued are accounted for in their proper numerical sequence. The Sheriff's office has begun the process to identify unclaimed funds and will be disposing of them in accordance with state law.

2. Inmate Accounts

The Sheriff's office handling of inmate account bank reconciliations, net proceeds, and inactive inmate accounts need improvement.

The office provides a commissary to inmates and maintains an inmate commissary bank account for bonds, inmate accounts, telephone and commissary commissions, and payments to the commissary vendor. Deposits to this account for the year ended December 31, 2020, totaled approximately \$1.3 million including approximately \$200,000 in telephone and commissary commissions.

2.1 Bank reconciliations

Sheriff's office personnel do not prepare adequate bank reconciliations for the commissary account.

The reconciliation process includes documenting the transactions that have cleared the bank; however, the commissary account cash balance is not reconciled to the bank balance, and reports of outstanding checks are not complete. Sheriff's office personnel generate a monthly balance sheet from the commissary system balancing the checking account cash balance and other assets with liabilities, but a reconciled bank balance is not prepared and compared to the cash balance. For example at December 31, 2020, the bank balance, \$467,950, exceeded the cash balance, \$418,087, by \$49,863 and the outstanding check list provided by Sheriff's office personnel totaled \$19,672, resulting in an unreconciled difference of \$30,191 between the bank and cash balances. Upon reviewing bank statements, records of checks issued, and outstanding check lists from previous months, we identified 34 additional checks totaling \$24,458 outstanding at December 31, 2020. After taking these checks into account, there is a remaining unreconciled difference of \$5,733 between the bank and cash balances.

Performing adequate monthly bank reconciliations helps ensure receipts and disbursements have been properly handled and recorded, and increases the likelihood errors will be identified and corrected timely.

2.2 Inmate Prisoner Detainee Security Fund

The Sheriff does not timely disburse commissary net proceeds to the county Inmate Prisoner Detainee Security Fund as required by state law. All net

Clay County
Sheriff
Management Advisory Report - State Auditor's Findings

proceeds from commissary sales, and commissions received from commissary vendors for purchases made by inmates are retained with the inmate monies in the commissary bank account, until current cash flow needs and operating expenses have been adequately met and/or there is a budgetary need identified by Sheriff's office personnel. During the 3 years ended December 31, 2020, only 2 transfers occurred - one in April 2018 for \$300,000 and another in July 2020 for \$200,000. The inmate commissary account cash balance at December 31, 2020, included approximately \$370,000 in undisbursed net proceeds from commissary sales.

Section 221.102, RSMo, requires each county jail to keep revenues from its commissary in a separate account and pay for goods and other expenses from that account, allows retention of a minimum amount of money in the account for cash flow purposes and current expenses, and requires deposit of the remaining funds (net proceeds) of the commissary account into the county Inmate Prisoner Detainee Security Fund held by the County Treasurer.

2.3 Inactive account balances The Sheriff does not have adequate procedures to ensure an inmate's remaining account balance is refunded upon release. As of December 31, 2020, the Sheriff's office was holding \$44,821 for 2,613 former inmates in the commissary bank account. These inmates were released from the county jail, but did not claim their commissary account balance upon release.

Follow up on inactive accounts is necessary to ensure remaining commissary account balances are appropriately disbursed to the former inmates or as otherwise provided by state law. In addition, establishing procedures to refund all inmates their remaining commissary account balance upon release will allow the Sheriff to more adequately safeguard any money being held and reduce the risk of its loss, theft, or misuse.

Recommendations

The Sheriff:

- 2.1 Ensure adequate monthly bank reconciliations are prepared, and complete lists of outstanding checks and other reconciling items are maintained. Any differences should be promptly investigated and resolved.
- 2.2 Ensure existing and future commissary net proceeds not necessary to meet cash flow needs or current operating expenses are disbursed to the County Treasurer for deposit in the Inmate Prisoner Detainee Security Fund.
- 2.3 Refund inmates their remaining balance upon release. In addition, the Sheriff should attempt to return unclaimed balances to the former inmates. If the payee cannot be located, the amount should be disbursed in accordance with state law.

Clay County
Sheriff
Management Advisory Report - State Auditor's Findings

Auditee's Response

Sheriff Akin provided the following responses:

- 2.1 *The Sheriff's office will update current reconciliation practices and training for personnel in this area. The Sheriff's office will work closely with the Clay County Auditor's office to ensure practices are updated, consistent, and aligned with proper reconciliation practices. Differences will be quickly investigated and resolved.*
- 2.2 *The Sheriff's office will identify proper thresholds to ensure commissary net proceeds in excess of current operating expenses or cash flow needs are deposited in the Inmate Prisoner Detainee Security Fund.*
- 2.3 *The Sheriff's office is currently exploring options to streamline the process of refunding remaining balances to an inmate upon their release. The Sheriff's office will attempt to contact former inmates to return current unclaimed balances. If the payee cannot be located, the unclaimed balance will be disbursed in accordance with state law.*

3. Prisoner Boarding

The Sheriff has not entered into current written agreements with counties and cities for boarding prisoners that detail the housing rate to be paid, the services to be provided, or any required notification for emergency or non-routine situations. Sheriff's office personnel indicated verbal agreements allow Clay County to house prisoners at other county jails without paying if Clay County will also house prisoners for that county at no cost. The Sheriff has not performed an analysis to determine if such an arrangement is cost effective. In addition, Sheriff's office personnel could not provide a cost analysis to support the rates charged to cities and written agreements with cities executed in 2009 and 2010 have not been updated for billing rates modified by the County Commission in 2018.

The county jail houses 350 inmates and the Sheriff provides inmate housing for cities and surrounding counties. The Sheriff receipted \$77,715 for the year ended December 31, 2020, from cities.

Section 432.070, RSMo, requires contracts for political subdivisions to be in writing. Written agreements, signed by the parties involved, should specify the services to be rendered and the manner and amount of compensation to be paid. Written contracts are necessary to ensure all parties are aware of their duties and responsibilities and to prevent misunderstandings. In addition, the county should periodically analyze incarceration costs to ensure the county is billing at a rate that adequately recovers all costs and ensure agreements with surrounding counties to not bill for housing prisoners is cost effective.

Clay County
Sheriff
Management Advisory Report - State Auditor's Findings

Recommendation

The Sheriff work with the County Commission to obtain or update written agreements with counties and cities for boarding prisoners. In addition, the Sheriff should work with the County Commission to periodically review the costs of boarding prisoners to ensure boarding rates are sufficient to recover costs, and boarding some prisoners at no charge is cost effective.

Auditee's Response

Sheriff Akin provided the following response:

The Sheriff's office will work with county and municipal partners to ensure written agreements for boarding prisoners are updated and periodically determine boarding rates are sufficient as well as determine the cost effectiveness for boarding some inmates at no charge.

Former Sheriff Vescovo provided the following response:

During the audit period and through the end of my final term, the Sheriff's office had legal disputes with the former County Commission on other matters that made it impossible to address issues that required cooperative efforts with the former County Commission.

Clay County

Sheriff

Organization and Statistical Information

The Sheriff is the chief law enforcement officer of the county. The Sheriff's duties are defined in state law, and include patrol of county highways, housing prisoners, transporting prisoners to state penitentiaries, and serving various legal papers and processes. The Sheriff's office collects money for various fees, bonds, and other miscellaneous receipts.

Paul Vescovo served four 4-year terms as Clay County Sheriff from 2001 through 2008 and again from 2013 through 2020. Upon his retirement, William K. Akin was elected Clay County Sheriff in November 2020 for a 4-year term beginning in 2021.

Former Sheriff Vescovo received a salary of \$85,475 in 2018. In 2018 the Sheriff's office employed 1 Lieutenant Colonel, 4 Division and Unit Commanders, 3 Captains, 3 Lieutenants, 6 Sergeants, 10 Corporals, 21 Unit Supervisors, 11 Investigators, 68 Deputies, 15 Detention Officers, and 54 administrative staff.

NICOLE GALLOWAY, CPA

Missouri State Auditor

Honorable Michael L. Parson, Governor
and
Members of the General Assembly
Jefferson City, Missouri

The primary objective of this report is to show Missouri's spending of federal assistance in the month of April 2021 for the Coronavirus Disease 2019 (COVID-19) emergency and the cumulative financial activity since the state began receiving funding in April 2020.

In March, April, and December 2020 and March 2021, Congress passed several legislative measures signed into law to provide assistance to citizens, businesses, healthcare facilities, and government entities during the COVID-19 emergency. The funding received by or made available to Missouri state government agencies will help pay for the state's emergency response to COVID-19 and provides (1) additional federal matching funds for the state's Medicaid program (MO HealthNet) and other applicable programs, and (2) funding for various other assistance and benefit programs. The state is passing through some of the funding to local governments. Some funding authorized in the legislation also went directly to local government entities, healthcare facilities, and colleges and universities. The majority of the funding has specific restrictions on its use or state actions and must be spent in defined limited time periods.

In April, the state spent \$142.6 million from federal COVID-19 assistance (Appendix A). Through the end of April, the state has received \$4.1 billion and spent \$3.66 billion from this assistance. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation in Appendix C. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$945 million) and funding passed through to counties and the City of St. Louis (\$521 million). Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes.

Staff Auditor:	Kristin A. Clink, MBA, CISA, CFE

Federal Funding for COVID-19 Response

April 2021

Executive Summary

Executive Summary

Missouri has been awarded federal funding under the following federal laws enacted in March, April, and December 2020 and March 2021:

- Coronavirus Preparedness and Response Supplemental Appropriations Act, 2020 (Public Law 116-123; H.R. 6074)
- Families First Coronavirus Response Act (Public Law 116-127; H.R. 6201)
- Coronavirus Aid, Relief, and Economic Security (CARES) Act (Public Law 116-136; H.R. 748, as amended)
- Paycheck Protection Program and Health Care Enhancement Act (Public Law 116-139; H.R. 266)
- Consolidated Appropriations Act, 2021 (Public Law 116-260; H.R. 133)
- American Rescue Plan Act of 2021 (Public Law 117-2, H.R.1319)

The Coronavirus Preparedness and Response Supplemental Appropriations Act provides for grants to or cooperative agreements with states to carry out surveillance, epidemiology, laboratory capacity, infection control, mitigation, communications, and other preparedness and response activities. The state has been awarded as of April 30, 2021, approximately \$18.8 million under this act for additional or new funding under various federal grant programs. Part of this funding went directly to community health centers from the federal government. Each grant program has a separate time limit on use of the funding.

The Families First Coronavirus Response Act provides Missouri a 6.2 percent Federal Medical Assistance Percentage (FMAP) increase beginning January 1, 2020, for the state's Medicaid program (MO HealthNet) and other applicable programs. The state's FMAP percentage was approximately 66 percent prior to this act.¹ The increased FMAP is available for qualifying expenditures incurred on or after that date and through the end of the quarter in which the COVID-19 public health emergency, including any extensions, ends. To qualify for the temporary FMAP increase, Missouri must:

¹ The FMAP is used as a base for the Enhanced FMAP (EFMAP) for the state's Children's Health Insurance Program (CHIP). Therefore, the increase in FMAP will also result in an increase in EFMAP, but not necessarily by 6.2 percent. The state's EFMAP rate was approximately 87 percent prior to this act.

Federal Funding for COVID-19 Response
April 2021
Executive Summary

- Maintain eligibility standards, methodologies, or procedures that are no more restrictive than what the state had in place as of January 1, 2020, (maintenance of effort requirement).
- Not charge premiums that exceed those that were in place as of January 1, 2020.
- Cover, without impositions of any cost sharing, testing, services, and treatments including vaccines, specialized equipment, and therapies related to COVID-19.
- Not terminate individuals from Medicaid if such individuals were enrolled in the program as of the date of the beginning of the emergency period, or become enrolled during the emergency period, unless the individual voluntarily terminates eligibility or is no longer a resident of the state (continuous coverage requirement).

Under the Families First Coronavirus Response Act, the state has also been awarded as of April 30, 2021, approximately \$36.7 million of additional or new funding under various federal grant programs for meal assistance, food subsidies, and administrative costs. Each grant program has a separate time limit on use of the funding.

The CARES Act specifies that payments provided to the state from the Coronavirus Relief Fund² may only be used to cover costs that (1) are necessary expenditures incurred due to the public health emergency with respect to COVID-19; (2) were not accounted for in the budget most recently approved as of March 27, 2020, (the date of enactment of the CARES Act) for the state; and (3) were incurred during the period that begins on March 1, 2020, and ends on December 30, 2020. The Consolidated Appropriations Act, 2021 extended the time for use of the funding to December 31, 2021.

The state has received approximately \$2.38 billion in Coronavirus Relief Fund assistance including nearly \$173.5 million for St. Louis County and \$122.7 million for Jackson County.³ Twenty-five percent of the remaining state share (approximately \$521 million) was distributed to other counties in the state and the City of St. Louis based on population. In July, the Department of the Treasury Office of Inspector General (OIG) issued interim and quarterly reporting requirements for Coronavirus Relief Fund payments. The OIG is responsible for monitoring and oversight of the receipt, disbursement, and use of these payments.

² From the U.S. Department of the Treasury, CFDA number 21.019.

³ The funding for Jackson County and St. Louis County went directly to those local governments from the federal government.

Federal Funding for COVID-19 Response
April 2021
Executive Summary

Eligible expenditures for Coronavirus Relief Fund assistance include, but are not limited to, payment for:⁴

1. Medical expenses such as:
 - COVID-19-related expenses of public hospitals, clinics, and similar facilities.
 - Expenses of establishing temporary public medical facilities and other measures to increase COVID-19 treatment capacity, including related construction costs.
 - Costs of providing COVID-19 testing, including serological testing.
 - Emergency medical response expenses, including emergency medical transportation, related to COVID-19.
 - Expenses for establishing and operating public telemedicine capabilities for COVID-19-related treatment.
2. Public health expenses such as:
 - Expenses for communication and enforcement by state, territorial, local, and tribal governments of public health orders related to COVID-19.
 - Expenses for acquisition and distribution of medical and protective supplies, including sanitizing products and personal protective equipment, for medical personnel, police officers, social workers, child protection services, and child welfare officers, direct service providers for older adults and individuals with disabilities in community settings, and other public health or safety workers in connection with the COVID-19 public health emergency.
 - Expenses for disinfection of public areas and other facilities, e.g., nursing homes, in response to the COVID-19 public health emergency.
 - Expenses for technical assistance to local authorities or other entities on mitigation of COVID-19-related threats to public health and safety.
 - Expenses for public safety measures undertaken in response to COVID-19.
 - Expenses for quarantining individuals.
3. Payroll expenses for public safety, public health, health care, human services, and similar employees whose services are substantially

⁴ U.S. Department of the Treasury, *Coronavirus Relief Fund for States, Tribal Governments, and Certain Eligible Local Governments*, Federal Register, Vol. 86, No. 10, p. 4184, January 15, 2021, <https://home.treasury.gov/system/files/136/CRF-Guidance-Federal-Register_2021-00827.pdf>, accessed April 1, 2021.

Federal Funding for COVID-19 Response
April 2021
Executive Summary

dedicated to mitigating or responding to the COVID-19 public health emergency.

4. Expenses of actions to facilitate compliance with COVID-19-related public health measures, such as:
 - Expenses for food delivery to residents, including, for example, senior citizens and other vulnerable populations, to enable compliance with COVID-19 public health precautions.
 - Expenses to facilitate distance learning, including technological improvements, in connection with school closings to enable compliance with COVID-19 precautions.
 - Expenses to improve telework capabilities for public employees to enable compliance with COVID-19 public health precautions.
 - Expenses of providing paid sick and paid family and medical leave to public employees to enable compliance with COVID-19 public health precautions.
 - COVID-19-related expenses of maintaining state prisons and county jails, including as relates to sanitation and improvement of social distancing measures, to enable compliance with COVID-19 public health precautions.
 - Expenses for care for homeless populations provided to mitigate COVID-19 effects and enable compliance with COVID-19 public health precautions.
5. Expenses associated with the provision of economic support in connection with the COVID-19 public health emergency, such as:
 - Expenditures related to the provision of grants to small businesses to reimburse the costs of business interruption caused by required closures.
 - Expenditures related to a state, territorial, local, or tribal government payroll support program.
 - Unemployment insurance costs related to the COVID-19 public health emergency if such costs will not be reimbursed by the federal government pursuant to the CARES Act or otherwise.
6. Any other COVID-19-related expenses reasonably necessary to the function of government that satisfy CARES Act eligibility criteria.

The state may also use Coronavirus Relief Fund assistance to meet immediate cash management needs provided that the full amount of the payment is used

Federal Funding for COVID-19 Response
April 2021
Executive Summary

to cover necessary expenditures.⁵ If the state has not used the Coronavirus Relief Fund assistance it has received to cover costs that were incurred by December 31, 2021, as required by federal law, those funds must be returned to the federal government.

The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in Coronavirus Relief Fund assistance from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. Any transferred funds must be repaid to the State Emergency Management Federal Stimulus Fund prior to June 30, 2021. At April 30, 2021, no transferred funds remained outstanding.

Under the CARES Act, the state has also been awarded as of April 30, 2021, approximately \$3.52 billion of additional or new funding under other various federal grant programs for assistance for public schools, institutions of higher education, and healthcare facilities; child care and family services; health care worker training programs; public health education; expanded telehealth services; and numerous other assistance services or benefits. A significant part of this funding went directly to local governments or the awarded entity. Each grant program has a separate time limit on use of the funding.

The Paycheck Protection Program and Health Care Enhancement Act provides funding to states for expanded COVID-19 testing. Under the act, the state has been awarded approximately \$166 million with some of this funding going directly to rural health departments from the federal government.

Under the Consolidated Appropriations Act, 2021, the state has also been awarded as of April 30, 2021, approximately \$2.76 billion of additional or new funding under various federal grant programs for emergency rental assistance, elementary school and higher education funding, virus testing, vaccine preparedness, transportation funding, meal assistance, child care, behavioral health services, and administrative costs. Each grant program has a separate time limit on use of the funding.

Under the American Rescue Plan Act of 2021, the state has also been awarded as of April 30, 2021, approximately \$10.4 billion of additional or new funding under various federal grant programs for local and state fiscal recovery funding, emergency rental assistance, elementary school and higher education funding, laboratory expansion capacity for school testing, child

Federal Funding for COVID-19 Response
April 2021
Executive Summary

care development block grants, child care stabilization grants, vaccine preparedness and access, transportation funding, and administrative costs. Each grant program has a separate time limit on use of the funding. At the end of April the state had not received any of this funding.

In April, the state spent \$142.6 million from federal COVID-19 assistance (Appendix A). Through the end of April, the state has received \$4.1 billion and spent \$3.66 billion from this assistance. A significant portion of the state's disbursements have been for MO HealthNet and other services receiving federal matching funds (\$945 million) and funding passed through to counties and the City of St. Louis (\$521 million).

Other funding has been (1) provided to schools, institutions of higher education, child care providers, long-term care facilities, and Developmental Disabilities Waiver providers; and (2) used for food and nutrition programs, mental health services, purchase of personal protective equipment, virus testing, contact tracing, vaccine preparedness and access, workforce development, economic development programs for small businesses, COVID-19 dedicated personnel costs, emergency rental assistance, and other disaster relief purposes. The state will be responsible for monitoring use of the funding it passes through to local governments. Details of the cumulative financial activity by fund are presented in Appendix B and the expenditures by appropriation are presented in Appendix C.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during fiscal year ended June 30, 2021 as disbursements, due to changes in the appropriation process in this fiscal year for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earns, must be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

¹ During the fiscal year ending June 30, 2020, the Secretary of State (SOS) used this fund to account for COVID-19 receipts and disbursements and other pre-existing but unrelated activity. The receipts, disbursements, and beginning and ending fund balances listed represent only the COVID-19 activity within this fund. This fund is excluded from Appendix C because its appropriation authority was established prior to the public health emergency, and thus does not reflect COVID-19 efforts. The SOS receives many federal grants and uses the state accounting system, as it was intended, to account for all grant activity. Beginning with the fiscal year ending June 30, 2021, the Secretary of State Federal Stimulus Fund is used to account for all COVID-19 receipts and related disbursements. However, between January 2021 and March 2021 the SOS reused this fund to receive \$189,462 in refunds from subrecipients of unspent awards during the fiscal year ended June 30, 2020 (a decrease in previous disbursements). In April 2021, the SOS returned this money to the federal government.

² This fund relates to Department of Social Services (DSS) program activity, primarily for the Medical Assistance Program (Medicaid), Children's Health Insurance Program, and some other public assistance programs. The DSS initially uses state funds to cover these program expenditures, and then obtains federal reimbursement. A portion of each reimbursement reflects a temporary COVID-19-related increase in the state's matching rate, and is receipted into this fund. We are now reporting all receipts into the fund during fiscal year ended June 30, 2021 as disbursements, due to changes in the appropriation process in this fiscal year for the fund, and to reflect that these receipts are reimbursements of disbursements incurred from other sources. Appendix C is unaffected by this adjustment.

³ The General Assembly has authorized the Office of Administration (OA) to transfer up to \$750 million in federal funds from the State Emergency Management Federal Stimulus Fund to the General Revenue Fund for cash management needs. These transferred funds, plus any interest the state earns, must be repaid to the State Emergency Management Federal Stimulus Fund. The OA transferred \$250 million in May 2020, and repaid the full \$250 million in December 2020, plus \$200,111 in earned interest. The interest is considered COVID-19 revenue because the U.S. Treasury requires the state to use it to cover expenditures incurred in accordance with COVID-19 relief purposes.

⁴ In February 2021, the General Assembly authorized a transfer of up to \$324,694,749 from the State Emergency Management Federal Stimulus Fund to the Housing Assistance Stimulus Fund. This transfer supports the federal Emergency Rental Assistance Program (also called the State Assistance for Housing Relief Program in Missouri) to provide financial assistance to eligible households unable to pay rent and utilities due to the COVID-19 pandemic. While the Department of Economic Development (DED) administers this fund and indirectly administers (monitors) the program, DED officials entered an agreement with the Missouri Housing Development Commission (MHDC) to directly administer the program. The \$323,715,323 disbursed in February 2021 effectively reflects an upfront transfer to the MHDC. That agency will expend the funds through at least September 2021. Any unused portion will be refunded to the DED, and in turn the U.S. Treasury.
